July 27, 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of July, 1950

WEATHER: Maximum temperatures during the first part of the report period climbed to 105 degrees but dropped as low as 80 degrees during a four day period of welcome rain.

TRAVEL: A 52 % increase over the same period last year is shown in this travel month; however we are now obtaining our figures from the traffic counter and in comparing this method of counting with that of the register we find a terrific difference. From the register we had a total of 1132 visitors as compared with 3576 figured from the traffic counter. Forty states and one foreign country were represented by the 1219 cars entering the area.

INTERPRETIVE SERVICE: Total contact time amounted to 108 hours and 40 minutes in which 1537 visitors were given information about the area and 138 were taken on 14 guided tours. Seven letters of inquiry were answered.

PERSONNEL: Derald M. Allred entered on duty as Park Ranger (temporary) on July 10. Mr Allred is by ^{no} means a stranger to the area, as he has spent the last two seasons assisting Dr Lynn Hayward, BYU University, in the Natural History Study of Arches. He has already added a great deal to our interpretive program by working out an excellent nature trail.

CONCESSIONS: A Form B permit, issued to Harry Reed for the operation of his Scenic Tours transportation within the monument, was approved July 24. Mr. Keith Bateman has requested that his permit to operate a Food & Drink concession be cancelled. He apparently found that this operation was not a paying proposition.

ROADS: In spite of the fact that the recent rains caused two washouts of our monument roads this long needed moisture has enabled Maintenance-man Winbourn to put them in excellent shape. The poor condition of our approach road, # 93, is the top subject for remarks of und on our register and will continue to be until enough pressure is brought to bear on the State for proper maintenance.

July 27, 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of July, 1950

WEATHER: Maximum temperatures during the first part of the report period climbed to 108 degrees but dropped as low as 80 degrees during a four day period of welcome rain.

TRAVEL: A 55% increase over the same period last year is shown in this travel month; however we are now obtaining our figures from the traffic counter and in comparing this method of counting with that of the register we find a terrific difference. From the register we had a total of 1152 visitors as compared with 2878 figured from the traffic counter. Forty states and one foreign country were represented by the 1212 cars entering the area.

INTERPRETIVE SERVICE: Total contact time amounted to 108 hours and 40 minutes in which 1587 visitors were given information about the area and 138 were taken on 14 guided tours. Seven letters of inquiry were answered.

PERSONNEL: David M. Alfred entered on duty as Park Ranger (Temporary) on July 10. Mr. Alfred is by means a stranger to the area, as he has spent the last two seasons assisting Dr. Lynn Hayward, BYU University, in the Natural History Study of Arches. He has already added a great deal to our interpretive program by working out an excellent nature trail.

CONCESSIONS: A Form 3 permit, issued to Harry Reed for the operation of his scenic tour transportation within the monument, was renewed July 24. Mr. Keith Bateman has requested that his permit to operate a food & drink concession be cancelled. He apparently found operation was not a paying proposition.

ROADS: Inspite of the fact that the recent rains washed off our monument roads this long needed moisture has resulted in a new man Winbourn to put them in excellent shape. The good condition of approach road # 93 is the top subject for remarks and on the end will continue to be until enough pressure is brought to bear on the State for proper maintenance.

ANNUAL REPORT OF THE NATIONAL MONUMENTS SERVICE

June 1934

Interpretive Administrative Salary Travel

INTERPRETIVE DEVICES: The foundation for the Wayside Exhibit was poured last week and has now cured long enough to carry the rest of the structure. Ranger Allred has almost completed the rough draft of the nature trail leaflet.

PUBLICITY: A motion picture in color and sound showing the scenic attractions of Southeastern Utah was taken during the last week in June by the Denver & Rio Grande Western Railroad Company. The film will be shown throughout the country to publicize this part of the D & R G W territory. The party making the picture under the direction of Mr. Carleton S. Sills, advertising and publicity manager of the D & R G W, filmed at Capitol Reef National Monument, Wayne Wonderland, Hite, Natural Bridges National Monument, Monument Valley and spent two days at Moab, one of which was in Arches. Two representatives of Sonograph Pictures did the actual filming and the whole tour was conducted by Mr. Stewart Campbell, manager of the Wonderland Stages.

NPS Visitors: John Davis and James Hloyd arrived June 26 and spent June 27 in the area giving us a great deal of help on current problems.

NAME Betty E. Wilson
TITLE Supv.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 July 1950

Memorandum

To: General
Superintendent

From: Superintendent Aztec Ruins

Subject: Superintendent's Monthly Narrative Report Incl

WEATHER: Quite fine with the usual few July showers.

INSPECTIONS: Architect Ken Saunders was in the 18th to inspect the work being done on the museum roof. Charlie Steen inspected the stabilization work being done by the mobile unit, on the 24th.

MAINTENANCE: The ruins deep drainage line was flushed July 6. This line functions perfectly and the ruins structures are no longer damp and wet. Repair to the museum-administration building was commenced July 17 and will be completed July 28.

INTERPRETIVE SERVICE: There were 2983 visitors in 350 trips shown thru the museum and 2392 of these were conducted thru the ruins in 237 trips.

RUINS STABILIZATION: Work in the repair of the ruins continues in full force under the direction of Raymond Rixey who's special report accompanies this.

INCREASE IN TRAVEL: This July is approximately 15% ahead of July last year with 2983 visitors from 40 states, Wash D.C., Alaska, British East Africa, Canada, England, France, Colombia, Hawaii and Venezuela.

PERSONNEL: Laborer, Cal Bassett EOD July 18 to help in the maintenance of grounds and buildings during the summer season.

WILD LIFE: The quail we were feeding last month finally took off on their own. Only two survived. The scaled quail are becoming quite plentiful after several years of being a rarity.

VISITORS: Paul Coze was in July 13 and made some paintings and took a number of pictures. Mrs. P.P. Patraw was in the 23rd with members of her family.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

July 30, 1950

Memorandum

To: General Superintendent
From: Superintendent, Bandelier
Subject: Monthly Narrative Report for July, 1950

Weather

The drouth that was giving us some concern during the spring was finally releived this month and the flow of the Rio de los Frijoles is up to normal. A total of 4.12 inches of rain were received on 15 days and traces fell on several additional days.

Temperatures were generally cool and ranged from 48 degrees on the 4th and 17th to 94 on the 2nd and 10th.

Special Activities

Mr. Fee, one of the graduate students who is making a study of the Interior Department field organization, and his wife, visited the area on the 4th. Mr. Patraw brought them out from Santa Fe.

The task force comprised of representatives of the Bureau of the Budget, and Departments of Agriculture and Interior visited the ruins on the 22nd. They had originally planned to stay all night but changes in their itinery made it necessary for them to return to Santa Fe.

Two staff meetings were held with all employees on the 10th and 24th. The first was for a discussion of general problems and safety and the second was to outline the new procedure for keeping costs and records on automotive equipment.

Inspections

Architect Carter accompanied William Carnes, of the Washington Office, on a short inspection trip on the 11th.

Regional Archeologist Reed made two trips to the area this month. The first was a general inspection of stabilization and the excavating that is being done by the field school. On the trip on the 24th he was accompanied by Mr. Worman who made a contour survey of Rainbow House.

Architect Carter and Ben Breese from the Washington Office looked over the proposed location of the new approach road on the 22nd.

General Superintendent Davis made a routine inspection of the area on the 25th.

Maintenance

Three new propane gas water heaters were installed in residences 1 and 2, and the dormitory, this month. They replaced some old side arm heaters that were in very poor condition.

The rainy season brought the usual number of leaks in the roofs and the maintenanceman repaired them before any damage was done.

The speedometers on the automotive equipment were repaired and checked in order to keep accurate records on the use so that proper charges can be made to the accounts benefitted.

New Construction

The cement deck of the trail bridge near Ceremonial Cave was poured on July 2 with good results. There has been some delay in completing these bridges due to the illness of General Operator Wendland for most of the month.

Roads and Trails

The rains kept the approach road from being dusty and it was possible to grade it effectively twice during the month.

THE UNIVERSITY OF CHICAGO
DEPARTMENT OF THE HISTORY OF ARTS
OFFICE OF THE CURATOR
OF THE MUSEUM OF ARTS
CHICAGO, ILLINOIS

January 1911

Dear Sir: I have the honor to acknowledge the receipt of your letter of the 10th inst.

and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. I am, however, unable to say whether or not the same will be accepted.

I am, Sir, very respectfully,
Yours truly,
The Curator

Very truly,
The Curator

January 1911

I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully,
Yours truly,
The Curator

I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

January 1911

I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

January 1911

I have the honor to acknowledge the receipt of your letter of the 10th inst. and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

The drainage on the ruins trails was repaired and improved following two heavy rains and the hand rail along the trail to Ceremonial Cave was repaired where it had broken loose from the rock.

Concessioners

The concessioner reported that business was generally under that of last year at the cabins but continued to be better in the dining room. There were more people accommodated at the cabins 276 as compared with 234 for last year but they stayed for a shorter length of time, 386 lodgings to 429 in 1949.

Archeological Field School

The Field School from Adams State College continued work on the excavation of Rainbow House. A total of nine rooms have been excavated this season. Some wood beams that may furnish some dates by tree rings have been found in two of the rooms.

A test trench was dug in a small site in Water Canyon and a cavate room was investigated in the Otowi Section. A quantity of turkey feathers, some yucca fiber strings, a number of corn cobs with material tied to them, and a boneawl were found in the cavate room.

Interpretive Service

A total of 3,744 visitors were conducted through the ruins on 178 trips this month. Many of the groups had 90 to 100 people which is too large for one ranger but the parties cannot be split with the present personnel.

Twenty nine evening lectures were attended by 742 persons and many favorable comments were received on them. The evening programs is generally closed with songs by some of the Indians employees.

Museum Activities

Mr. Paul Jose, noted artist, spent two days in the area taking photographs and making sketches for some reconstruction paintings that he is working on for Arizona Highways Magazine and

The purpose of this study is to determine the effect of the treatment on the response of the subjects to the treatment. The results of the study are presented in the following table.

the Southwestern Monuments Association. Some of the pictures and paintings will be used as the basis for later museum exhibits.

Travel

Travel continued to show a considerable increase over previous years. There were 7,557 visitors as compared with 5,718 for July, 1949. The total for the travel year is now 31,479 compared to 22,800 for this time last year.

Visitors

Mr. Dennis Cooper, who had a letter of introduction from the Director, spent the 18th taking color slides and movies at various places in the ruins.

Wildlife

Mr. Henry Collins, Jr., Lanham, Maryland spent three days in the Monument gathering data on bird life for the preparation of a pamphlet on birds that will be available for visitors when completed.

Forest Fire Control

The high fire danger was relieved by rains early in the month and continued low and moderate for most of the time. No fires occurred in the Monument but one was suppressed on Forest Service lands about two miles west of the boundary.

Insect and Tree Diseases

Tent caterpillars made their appearance about the middle of the month and the campground was sprayed with DDT emulsion. An additional spraying will be needed early in August.

Miscellaneous

Mr. James Butler, Los Alamos, was lost in the southern part of the Monument from the 23rd to the 25th. He finally found his way back about noon on the 25th and suffered no ill effects other than being hungry. He had no food but was able to find water along the way.

The following summary is submitted. Some of the figures are
estimates and are based on the best information available.

Summary

Total number of cases is estimated to be about 100,000. The
number of deaths is estimated to be about 2,000. The
number of cases is estimated to be about 100,000. The
number of deaths is estimated to be about 2,000.

Stabilization of Ruins

A total of 40 rooms in Tyuonyi and four sub-floor pits in the big kiva were stabilized this month. In addition all of the rooms in Tyuonyi were planted with blue grama grass to assist with preventing weed growth. The frequent rains made the grass sprout rapidly and if it does not get too dry in August it should be successful.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME Fred W. Binnowies
TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Canyon de Chelly National Monument
Chinle, Arizona

July 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Narrative Report for the month of July, 1950

General:

Thanks to the very capable administration of Meredith Buillet, former Superintendent, the under-signed was able to assume the duties of Sup't. of this monument, on June 24, without undue interruption of visitor contact and general supervision.

Weather:

Several showers fell during the month. Total precipitation 1.26 inches. This is about normal for July. In general, however, weather conditions have been excellent for traveling.

Monument Roads:

Roads have been maintained and graded to White house and Spider rock overlooks and they are now in good condition. The approach road, Window Rock - Canado, was recently bladed by County equipment, and it is in very good condition.

Signs:

All monument directional road signs between Chinle-Canado-Window-Rock were removed, painted, relettered, and replaced during the month. One large informational "You are now entering Canyon de Chelly Nat'l. Mon" sign was made and placed on the saw mill road, 14 miles from monument headquarters.

Travel:

Travel was slightly under the corresponding period of 1949. Perhaps, the current war scare may have had some effect. However, the 1950 travel year to date is considerably over that of last year.

Contact Service:

Guide and contact time totaled 104 hours. 21 conducted trips averaging 2 hours, and the rest in headquarters contacts. We had a total of 417 visitors for the month.

Section de l'Office National de
Sécurité, Ottawa

1950, 27, 28

To: Honorable Secretary

From: Superintendent, Section de l'Office

Subject: Narrative report for the month of July, 1950

Summary:

During the month of July, 1950, the Office National de Sécurité, Ottawa, has been engaged in the investigation of various cases of espionage, sabotage, and other activities. The results of these investigations are summarized in the following report.

Details:

During the month of July, 1950, the Office National de Sécurité, Ottawa, has been engaged in the investigation of various cases of espionage, sabotage, and other activities. The results of these investigations are summarized in the following report.

Conclusion:

During the month of July, 1950, the Office National de Sécurité, Ottawa, has been engaged in the investigation of various cases of espionage, sabotage, and other activities. The results of these investigations are summarized in the following report.

Remarks:

During the month of July, 1950, the Office National de Sécurité, Ottawa, has been engaged in the investigation of various cases of espionage, sabotage, and other activities. The results of these investigations are summarized in the following report.

Notes:

During the month of July, 1950, the Office National de Sécurité, Ottawa, has been engaged in the investigation of various cases of espionage, sabotage, and other activities. The results of these investigations are summarized in the following report.

Signature:

Canyon de Chelly National Monument
Chino, Arizona.

Con't. from page 1.

July 25, 1950

Noteworthy Visitors:

Dr. Matthew W. Stirling, Director, Bureau of American Ethnology, Smithsonian Institution, on July 20-21. Dr. Stirling and family received a personally conducted tour of both canyons.

Special Group:

One group of 20 Senior Girl Scouts under the supervision of Bertha Dutton arrived on July 10. All were given personal conducted tours of both canyons on the 10 and 11.

Archeology:

David L. De Harport arrived on July 3, to continue the ruins and site survey initiated in 1948 under the Peabody Museum permit. Work to date has been in rechecking some of the sites in de Chelly, and adding a few new ones.

Equipment:

A newdodge 1/2 ton pickup truck was delivered in Gallup, and a trip was made on July 1, to receive this much needed vehicle.

Maintenance:

New trash cans were placed at the Spider rock area, and a general cleanup was made at all camping sites. Also, cleanup work around headquarters was made.

Add Notes:

Jimmy Brewer will probably have quite a task out-out for him in trying to "live-down" my reputation in the Verde Valley Area - Good luck Jimmy at Tuzi.

Everett W. Bright,
Superintendent.

Director of Central Intelligence
Washington, D.C.

CAPULIN MOUNTAIN NATIONAL MONUMENT

July 25, 1950

MEMORANDUM for the General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

There follows the narrative report for Capulin Mountain National Monument for the month of July, 1950:

Visitors: There were about 4,200 visitors to Capulin Mountain National Monument during the month of July, making a total of ~~thirteen~~ ^{fifteen} thousand visitors for the travel year and four thousand two hundred for the fiscal year to date.

Weather: The long dry spell was broken this month and several good rains have fallen. Approximately $5\frac{1}{2}$ inches of rainfall precipitation has been recorded. It might be that we would have had these rains any day, but it could be that the rain making project, which has been used in this area recently, is responsible.

Flora and Fauna: Trees, shrubs and grass are beginning to show the effects of the rains. They seem to have suffered no permanent ill effects because of the previous dry weather. Deer have been very scarce in the area, until recently a few have been observed around the base of the mountain.

Roads and Trails: Heavy rains recently, especially on July 20, caused considerable damage to the roads. Washed out places necessitated several days work with the grader and a helper, filling in the washed places and smoothing the road. The roads are now ~~in a passable condition.~~

Special Visitors: Our General Superintendent, John R. Davis and Park Naturalist Nott Dodge visited here July 21, the day after the "gully-washer". Am afraid they were not favorably impressed by the road conditions at that time. Their comments and suggestions were greatly appreciated, and their visit, though short was thoroughly enjoyed. Hope they can spend more time here on their next trip.

Pamphlets: About eight hundred pamphlets have been distributed this month. Have about seven thousand and sixty on hand now.

Very respectfully,

Homer J. Farr
Ranger

NAME Homer J. Farr

TITLE Ranger

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

July 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Casa Grande
Subject: Monthly Narrative Report for July 1950

General: According to the recent census things are really booming in Pinal County and in the town of Coolidge in particular. Pinal County is now the third most populous county in the state and Coolidge, with a population of 4,291, is listed as the largest incorporated town in the county. On a statewide basis Coolidge is now number 14 of all of Arizona's incorporated towns. We can honestly say that the growth of Coolidge is nothing short of phenomenal and we are happy to be a part of such a progressive community.

Weather: The weather man has been a bit more generous this month as we have received a total of 1.07 inches of rain. This gives us a total of 3.32 inches for the year which, however, is over an inch less than the precipitation we had received at this time last year. Although cloudy days and some rain have afforded some relief from the intense heat many of the days have been humid and very uncomfortable. The maximum temperature this month was 113 degrees, the low maximum was 88, and the minimum 68. Several dust storms have been encountered during the month.

Visitors: It is interesting to note the decided effect that the weather has upon our visitation. Generally speaking, visitation has been light, but a definite increase has been noted on every cool day we have had during the month. Our travel statistics are as follows:

	<u>1950</u>	<u>1949</u>
Visitors during July	1,846	1,357
Increase or decrease	/ 489	
Visitors for travel year	31,783	28,304
Increase or decrease	/ 3,479

Interpretive Service: Of the 1,846 visitors to the area 929 made the trip to the ruins in 121 groups averaging 49.7 minutes per trip. There were 917 visitors who were here for only a short time and did not go to the ruins.

Visitors of Note:

July 8 - Mrs. Ruth E. Jones of the U.S. Forest Service. Mrs. Jones is in charge of the Conservation Workshop Groups.

July 11 - Mr. Dale S. King, Naturalist of Southwestern National Mons.

Administration and Protection: Seven requests for information were answered and literature sent as requested. An inspection was made of the Adamsville Ruins and no signs of vandalism were noted. The annual inventory has been completed and submitted to the regional office. All PCP sheets have been revised. Much time has been devoted to cleaning out the files and putting old material in storage. Our files are now in good shape and contain only current material.

Maintenance: All shelving in our pottery study collection room has been cleaned and this has greatly improved the appearance of the pottery display. A portable evaporative cooler, mounted on a dolly, has been constructed so that repair and maintenance work in buildings with no cooling facilities may be done with more comfort. Roofs on the administration building, the garage and quarters 4-4 and 6-3 have been cleaned in preparation for the application of roofing paint. Small leaks in roofs have been filled with roofing mastic. The ditches along the entrance road have been dragged and are now in good shape.

New Equipment: A new Hotpoint refrigerator complete with a large freezing compartment was received and installed in the Superintendent's quarters on July 13.

Leaves Taken: Superintendent Bicknell entered on an extended period of sick leave on July 23 and will probably be off the job for at least a month. This sick leave was necessitated by an operation for hernia which was caused by an injury during last May. Maintenance man Mack was on sick leave one day during the month.

Research: Ranger Arnberger is now engaged in organizing the insect collection and preparing the specimens for shipment to the U.S. National Museum for identification.

 Please read them carefully.

NAME Carl P. Amburger
 TITLE Acting Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. IN COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NATIONAL PARK SERVICE

Chaco Canyon National Monument
July 30, 1950

Memorandum

To: General Superintendent
From: Acting Superintendent, Chaco Canyon
Subject: Monthly Narrative Report for July

The weather throughout July has returned to something resembling the July norm for this region. Sporadic showers and some cloudy weather have been experienced. The strong winds and dust storms have abated as a result. Precipitation was recorded for 8 days of this month. The total rainfall amounted to 77 hundredths of an inch -- most of which (.56 of an inch) fell in one sharp, evening shower on July 10th. The highest temperature recorded was 96 degrees on July 1st; the low was 50 degrees on July 24th.

Roads into the Monument are in better shape than at any time this summer. The south approach from Thoreau, N.M. has been graded in the last few days. The north approach road from Blanco, although in pretty fair shape, has not yet been bladed.

Visitor traffic has shown a very gradual increase. 248 people visited Chaco in July. They formed 60 parties for trips through the ruins, averaging 86 minutes each. There were 76 cars from 19 states and Norway. 83 campers used the camping area. 239 visitors stayed to see the museum in 57 parties, averaging 11 minutes per party.

All of the above means that we are just about holding our own, and travel is again slightly on the increase. Chaco has already exceeded the total visitor count of this monument for the last travel year, but did not exceed the count for the last fiscal year. Week-end travel is very light which might indicate that local people are not visiting Chaco as often as formerly.

Soil and Moisture seeding operations began on July 24th. With several afternoon rains and the prospects of more in the immediate future chances for seed germination have brightened considerably. About 300 acres will be seeded to native grass this coming month. Some five types of native grasses are to be used.

Chaco Canyon National Monument
Bloomfield, New Mexico

Chaco had its second flash-flood of the season in the arroyo on July 8th. Although there had been no rain in the monument the run-off from heavy rains upstream reached the Montito area about 8:30 in the morning. In less than a half-hour the water was running more than 6 feet deep at the bridge gauge.

Backwater from the crest breached the dyking around the new well in two places. The result looked more like an inundated pithouse excavation than a new well. The whole Vivian family gave up a perfectly good week-end to pitch into the mess and clean it up. The dyke was repaired and flood water pumped from the excavation as quickly as possible to prevent sediment from filling the well culverts.

Cordon got two old pumps stored in the canyon to working, and a sump pump was borrowed from Reutz Bros. construction company in Farmington. The sump pump was used until noon of the 11th and then returned to the owners. By this time the water in the well and feeder pipe was running clear again.

With the help of the Mobile Unit crew on Monday and Tuesday the dyke was further repaired and strengthened; timbers were salvaged from the mud and a drainage ditch was dug against the arroyo bank to take care of any local run-off. On the 10th a sharp rain occurred in the canyon but the drainage system handled the water, carrying it around the well area.

On July 12 and 13 the arroyo was again running but no further flooding occurred. Damage to the well from the first flood was slight -- if any. About a foot of sediment settled on the bottom of the lowest culvert; the feeder pipe was unharmed. Since this bottom culvert is to be knocked-out anyway a foot more makes little difference.

Mr. Eric Reed, Regional Archeologist, was an official visitor to Chaco the week of July 17th.

Archeologist Charlie Steen of Southwestern National Museums spent July 13th and 14th in Chaco on his way to Canyon de Chelly.

Miss Bertha Dutton with a party of Senior Girl Scouts spent 2 days in Chaco beginning on July 12th. The N.L. Louis Marie Her expedition for boys visited Chaco on July 12th.

Guy E. Don reported for duty as temporary ranger at Chaco on July 18th.

The monthly report of the Mobile Unit is attached.

THE HISTORY OF THE
REIGN OF KING CHARLES THE FIRST

Chaco Canyon National Monument
Bloomfield, New Mexico

July 26, 1950

Memorandum

To: The Superintendent, Chaco Canyon
From: Archeologist Vivian
Subject: Monthly Narrative Report.

This is the report of Mobile Unit activities in your area during July, 1950.

All per diem labor was laid off at the end of the fiscal year and the crew was not picked up again till July 10th. This short break let us do some catching up on the various stabilization reports. The final records of the comprehensive stabilization of Bc-50 were assembled and final typing and assembling of records for the limited work at the East Ruin, Aztec were finished. Copies of both these completed reports have been sent to the Regional office.

Final cleanup of site Bc-51 was made the second week in July. This job of Comprehensive stabilization is now 100 % complete - 47 rooms, 7 kivas and the adjoining structure, Pit House A. Photographic records of this job are also fully completed but assembly of the final report will have to wait a slack period sometime this fall or winter.

Work on the excavated part of Pueblo del Arroyo, about 3/4 of the entire site in area, was also completed, a total job of 74, one to 3 story rooms and 8 kivas. Standing wall in the north, unexcavated part of the ruin is now being repaired. This is being done by a reduced crew but it will be completed before the end of the summer.

The major work now in progress is stabilization of the tri-walled, structure adjacent ~~of~~ to del Arroyo on the west. This is a partially excavated site done presumably about 1923 by the National Geographic Society. Removing backfill, bracing walls and generally trying to find out just what the thing is have occupied most of the time since the work began 2 weeks ago.

100

10. The following table shows the number of people who attended the concert.

1995/1996 1996/1997

1997-1998

REPORT MADE BY THE BUREAU OF THE ARMY AND NAVY FOR THE YEAR 1900

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED
DATE 08-19-2006 BY 60322 UCBAW/SJS/KSP

[illegible][illegible]

A ground plan and profiles of Bc-59 were completed.

Material from the Three-C excavation was re-photographed and 8 x 10 prints were made for illustrations.

Regional Archeologist Erik Reed paid us a visit on the 17th and 18th and he was followed by Charley Steen on the 22nd and 23rd.

Several visits were made to the Aztec job under Ray "ixey; in spite of labor difficulties, rapid turnover and total lack of skill, Ray is making good progress with this work.

In the coming month we plan to work almost entirely on the unexcavated portion of del Arroyo and on the adjacent tri-walled structure.

Gordon Vivian
Archeologist

A ground plan and profile of No. 27 were completed.

Excavated from the three - excavation was re-arranged and 3 x 10 prints were made for illustration.

General description of the site is given on the 10th and 11th and on the 12th and 13th.

Several visits were made to the site for study; in spite of labor difficulties, much progress was made in the work.

In the morning we went to the site and in the afternoon, 10th and 11th.

John T. Smith
Archaeologist

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)South approach road from Thoreau, N.M. recently graded, condition: goodNorth approach road from Blanco Trading Post: dry but rough.

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

July 26, 1950

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

Weather. The rainy season got off to a good start July 2. Since then, 3.96 inches of rain have fallen. Most of these rains have fallen slowly, rather than in the usual Arizona downpours, and therefore have benefited the forest greatly.

Maintenance. Rangers have worked on trail and telephone line maintenance when not needed on visitor contact duty. All of the trails have been accurately measured with an engineers tape to determine exact distances. Information at Chiricahua on the trail distances was rather contradictory. These measurements will be reported to the Regional Office shortly.

Approaches to Monument. The dirt approach roads have been washed some with the rains making them a little rough. Some difficulty has been experienced crossing temporary running water on the Douglas road, but at the present time all roads can be considered in fair condition.

Interpretive Service. 2 conducted auto trips, 1 horseback trip and 4 hikes were made by the Chiricahua force, with a total of 45 visitors. An additional 5 people made unconduted trips over the nature trail. 1692 people were contacted in the museum in 362 parties.

Increase or Decrease in Travel. Less visitors came to Chiricahua this month. This is a loss of 183 from July of 1949 but, with a travel year total to date of 13,910, we are still 14% ahead of last travel year at this date. Overnight campground use has been heavier than in the past. 1226 extra visitor days have been spent on the campground this travel year to date. This compares with 627 at this date last year or an increase of 95%.

Wildlife. A haveline was reported in Bonita Canyon. This is the first one that has been seen for a couple of years.

Forest Fire Protection. Due to the rains the fire danger weather has been running low to dormant for the past two weeks. The lookout is being taken off Sugarloaf today. The Forest Service brought the last of their lookouts down about a week ago.

Visitors. Mr. William Hart, free-lance photographer from New York, spent several days around the monument taking movies of the monument's scenery.

The Superintendent spent a day with a VIEWMASTER photographer who was getting pictures for a VIEWMASTER disk of Chiricahua. This will be the first to be made of this area.

Mr. F. Bassford, editor of the Western Livestock Journal, visited the monument and was given a conducted tour by Ranger Gaynard. Mr. Bassford is a personal friend of Ranger and Mrs. Gaynard, having been associated for years with the latter and her father in livestock shows of Utah. He is making an itinerary for a group of approximately 150 livestock breeders who plan to visit some of the South Western Monuments during a trip through Arizona.

Clair V. Cooke,
Superintendent.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico

July 24, 1950

Memorandum

To: General Superintendent

From: Superintendent, El Morro

Subject: Monthly Narrative Report

El Morro had 507 visitors this month as compared to 414 this month last year. These people came in 138 automobiles. Of these persons, 445 took a trip around the Rock viewing the inscriptions and formed 82 parties with an average time of one and one quarter hours. 169 persons, forming 21 parties, took a trip over the rock. We had 33 overnight campers during the report period.

The weather has remained pleasantly cool. A rain of 1.42 inches on July 5 helped us considerably. We were about to the point where it would be necessary to haul our water, but that rain put more than 3 feet of water in the pool.

The approach road from the Ice Caves to El Morro was completed thus giving us an all weather road to Grants. To celebrate the completion of the road, the Grants Chamber of Commerce joined the El Morro Community in planning, financing and executing a big get-together. On the program was a free picnic including weiners, buns, coffee and punch, a ball game and a tour of Inscription Rock. The Grants Beacon estimated that there were 1500 persons present. This was covered in an earlier report. The superintendent gave an illustrated talk to approximately 50 persons at the Grants Community Church on Tuesday evening, July 11. This was just a few days before the celebration, and many of the 50 came out to see the inscriptions on El Morro on that day.

The approach road from Sarah is to be rebuilt immediately. The contract has been let and the contractor moved in over the weekend. It was reported this morning that there were 100 men ready to go to work. After the road has been rebuilt, it is to be graveled from El Morro to the Uni Reservation line.

Around the Rock, we have been busy getting acquainted with the area and with routine jobs, repairing trail, working over our signs, keeping the pool clear of animals (Ed pulled a skunk out three times in as many days with no ill effects!) and the like. Our old friend Dr. Evon Vogt, Jr. and others

EL MORRO NATIONAL MONUMENT
MAY 17 1937

including Muno Edmundson, Don Michael and Robert Lapaport have dropped in to welcome us to the community and offer their assistance.

Ranger Ladd has been working on his ethnobotany project, and it is sincerely hoped that he will have it well along before the end of the season.

At present, it looks as though we will have the RMA power in here by early September -- we hope so.

The Public Health Service sent out its report on the survey on animals made at and near El Morro, and indicated that the cause of so many deaths is tularemia and not the plague, for which we are thankful. The survey was quite thorough for they examined 176 animals in the community.

The superintendent has been asked to act as leader of a local 4-H club.

Ray Schaffner was over from Petrified Forest to help out with the visitors during the celebration. We hope he will pay us a other visit soon.

Several organized groups came into the area. The first section of a Girl Scouts Tour, and two sections of the Prairie Trek Expedition were in. The second section of the Girl Scouts is expected to arrive in the near future.

We are exceedingly pleased with our new area. We have been with the National Park Service, intermittently, since 1937, and this is the first time we have been placed in a historical area - with 39 hours of history in college. We are dusting off the cobwebs and laying plans!

Please read them carefully.

NAME Irving McNeill, Jr.
TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

July 25, 1950

Memorandum

To General Superintendent
From Superintendent, Gran Quivira National Monument
Subject Monthly Narrative Report for July 1950

Weather. Several heavy general rains fell this month alleviating the dryness that has been so a parent this Spring. 3.07 inches of moisture was recorded at the monument and heavier rains occurred south and east with some ranchers reporting between 6 and 7 inches. Maximum temperatures were in the high 80's and recorded low temperatures in the mid-50's. Several severe lightning storms occurred and high winds usually accompanied the rains.

General. While a great deal of moisture fell this month, the farmers of the vicinity claim the weather has beat them again this year, and their hopes for a good bean crop are gone. This is the fourth consecutive year of crop failure here and a good many families have moved out. The population of the village of Gran Quivira is now well under fifty persons, and at the present rate of exodus there will be little need for the census taker in 1960.

Special Visitors. Mr. John M. Davis, NPS, on the 14th.

Mr. E.R. Smith, Bur. of Land Management,
Mr. C. Otto Linda, Albuquerque,
Mr. Earl Loveridge, LBS, Washington, D.C.
Mr. Lee Danner, Bethesda, Maryland,
Mr. John F. Bennett, Washington, D.C., all on the 17th.

Colonel and Mrs. C.C. Graham, U.S. Army, Albuquerque, on the 18th.

Maintenance. Two days were spent hauling out rock and dirt from the interior of the mission. A terrific slough off of walls occurred after the heavy rains, emphasizing the need for more ruins stabilization work. Seeds in the mission and surrounding grounds were burned and grubbed and some time was spent replacing water bars in the trail. The propane system was dismantled and the gas cooking range replaced with an electric Frigidaire range.

Grazing. The problem of illegal trespass of livestock on the unfenced portions of monument land was taken up this month with the local ranchers. Full cooperation has been promised.

Approach Roads. These remained generally in a poor state all month.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

TO THE DIRECTOR, NATIONAL PARK SERVICE, WASHINGTON, D. C.

FROM THE SUPERVISOR, [illegible], [illegible]

SUBJECT: [illegible]

[The following text is mirrored and largely illegible due to the quality of the scan. It appears to be a memorandum or report detailing park management activities.]

Highway 10 from Mountainair had one partial grading on the 14th but most of this was washed out after a heavy rain. Travel over Highway 60 into Mountainair was halted for several days before a bridge washout was repaired. The route south toward Carrizozo and Bingham was reported as rough in places.

Travel. This has been the heaviest travel month so far this year. 419 persons visited from 14 different States, a decrease of 5 percent as compared to travel of a year ago.

Interpretive Services. 279 persons were given guide service through the ruins, in 68 parties for an average time of 48 minutes per party. 33 parties used the self guiding trail and 4 brief museum talks were given to 18 interested persons.

Lay B. Ringenbach
Lay B. Ringenbach,
Superintendent.

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

July 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for July, 1950

Weather Conditions.

Drouth conditions have persisted throughout July and very few flowers and little grass can be found. Clouds form over the mountains every afternoon but the few light showers which have fallen have been of no real benefit.

The maximum temperature for the month was 89 on July 10. The minimum was 44 on July 22.

Special Activities

I became a member of the Alamosa Kiwanis Club the last of the month. I also attended the monthly meeting of the Mosca-Moffat-Hooper Service League which took the form of a fish fry at Moffat.

Inspections

Official inspections were made during the month by Regional Director Tilletson on July 1 and 2 and General Superintendent Davis and Regional Naturalist Matt Dodge on July 19 and 20. The lumbering operations on the George White property were inspected on both visits.

Approach Roads

Completion of the paving of Highway 17 is now in sight with the award of the contract on July 21 for the last section from Moffat to Mineral Hot Springs. This means that the organizations which have been working toward that goal will now divert their efforts toward the paving of the road from State Highway 17 to the Great Sand Dunes. The talk of putting a road over Mosca Pass has been revived, too.

Alamosa County has had a fleet of trucks and a dragline busy

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
GRAND CANYON NATIONAL MONUMENT
Flagstaff, Arizona

July 27, 1950

Special Agent

General Superintendent, Grand Canyon National Monument

From: Superintendent, Grand Canyon

Subject: Grand Canyon National Monument, Arizona

Re: [illegible]

Enclosed for the Grand Canyon National Monument are two copies of a letterhead memorandum dated July 27, 1950, and two copies of a letterhead memorandum dated July 27, 1950. The letterhead memoranda are for the information of the Grand Canyon National Monument and the Grand Canyon National Monument.

The letterhead memorandum for the Grand Canyon National Monument is dated July 27, 1950, and the letterhead memorandum for the Grand Canyon National Monument is dated July 27, 1950.

Very truly yours,

I enclose a copy of the letterhead memorandum dated July 27, 1950, and a copy of the letterhead memorandum dated July 27, 1950. The letterhead memoranda are for the information of the Grand Canyon National Monument and the Grand Canyon National Monument.

Respectfully,

Official correspondence with the Grand Canyon National Monument is handled through the Grand Canyon National Monument. The Grand Canyon National Monument is located in the Grand Canyon National Monument, Arizona.

Very truly yours,

covering the sandy sections of the approach road with adobe. The road is very rough now and tourists complain a great deal about its condition, but it will improve a great deal this month I believe.

Concessioner

The A. W. Graves Saddle Company finally received the public liability insurance policy from the Connecticut Indemnity Company. Mr. Graves had applied for this insurance some time before operations began but the company was very slow in writing up the policy.

Interpretive Service

A concerted effort has been made to meet and talk with each visitor to the monument. The contact station was open every day and on Sundays and the 4th of July one of us worked at the lower parking area.

Research and Observations

One bundle of plant specimens was forwarded to the National Museum for identification and other specimens are now being prepared.

Hatt Dodge and Paul Balch were kept busy during their visits adding to our knowledge of the plants and bird-life of the monument. Card files for recording this information are being set up.

The Bureau of Reclamation sent a party up to measure the flow of Medano Creek past the campground. This was an easy assignment as the Medano here has had no water at any time this year—it sinks away into the sand about a mile below the old George Ziegler cabin.

More accurate information concerning the graves just below Arrastra Canyon was obtained from C. A. Bowerman of La Veta, Colorado, a nephew of one of the men buried there. Mr. Bowerman corroborated the earlier stories that the trio buried in the little graveyard died as the result of wood alcohol poisoning contracted during a celebration at the mines in Arrastra Canyon.

Decrease in Travel

Travel for July of 1950 gained 19 visitors over that of July, 1949, but the trend has been toward a decrease the last couple of weeks. Only a banner Fourth of July (696 visitors) and very heavy travel the first week of July kept us even for the month. Merchants in Alamosa are complaining that their tourist business has fallen off. The war news is the only factor to which I can attribute the decrease.

Forest Protection

The Region Three Office was informed by the Colorado State Great Sand Dunes Natl. Mon.

covering the south section of the mountain road with stone. This road is very rough and narrow and is a great deal of trouble to travel on, but it will improve a great deal this month I believe.

General

The A. E. Brown Public Company recently received the public liability insurance policy from the Commercial Indemnity Company. The policy was applied for this insurance was this before operations began but the company was very slow in writing up the policy.

Administrative

A concerted effort has been made to meet and talk with the visitors to the monument. The contact station was open every day and on Sundays and the aim of this was to be to the lowest possible level.

Historical and Cultural

The details of plant specimens was forwarded to the National Bureau for identification and other specimens are now being prepared.

Most people and some children were kept busy during their visit to the monument. The knowledge of the plants and birds of the monument. Great pains were taken to see that the information was being put up.

The Bureau of Reclamation was a party to the meeting. This was to see that the monument was not over-run by the public. The Bureau has been very helpful in the past and we hope to see them again.

Two complete information pamphlets were given out. The first pamphlet was on the history of the monument and the second was on the plants and animals. The pamphlets were very helpful and we hope to see them again.

Public Relations

Travel for July of 1930, which is almost over, was very good. The travel was very good and we hope to see them again.

Forest Protection

The Region Three Office was a success by the Colorado State

Forester that there are no laws in the State of Colorado which might make it possible to regulate timber cutting practices on private lands. We were in hopes that the sawmill operator on the White property could be persuaded to clean up his slash and waste under such a law.

Visitors

Paul Balch of the Region Three Office and his family visited us on July 5 and 6 so we put Paul to work even though he was on leave. John Ambuchon's favorite grandson "Butch" Collard brought his folks up to see us last Sunday.

Mr. and Mrs. Devereux Butcher and son Russel visited the Great Sand Dunes on July 18 and 19. This was Mr. Butcher's first visit here.

Field trips were made to the monument by the following college groups: Phillips University of Enid, Oklahoma; Iowa State College; Denver University; and the Western State College Outing Club of Gunnison, Colorado. Other groups were the Odakawee Campfire Girls of Salida; Explorer Scouts of Colorado Springs; Roundup Lodge for Boys, Buena Vista; and George W. Clayton College for Boys, Denver.

'museum closed for repairs', 'closed for season', 'naturalist on sick leave', etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

July 25, 1950

Memorandum

To: General Superintendent, Southwestern Monuments
From: Superintendent, Montezuma Castle
Subject: Monthly narrative report, July 1950

Weather: After several days of extremely hot weather with the mercury reaching a high of 115 degrees, the long drought was broken on July 1 when 0.27 inches of rain fell. This was supplemented on July 7 with a heavy rainfall of 2.70 inches. Rain has continued to fall the latter part of the month and moisture for this report period now totals 5.62 inches which is a lot of rain for this country.

Travel: In spite of hot days and rainy weather, travel has been good. 4,364 people in 1,230 cars came to the Castle and 1,208 visitors in 404 cars saw the Well. This makes a total of 5,572 people and 1,634 cars to the area which represents an increase of 46 visitors over June of last year.

Interpretation: As is to be expected this time of year, interpretation and public contact work has been given full priority over all other duties. 218 trips were made to guide 1,630 people through the Castle and about 4,000 visitors saw the Castle museum. At the Well, 588 people stopped by the museum and 1,208 hiked the Nature Trail.

Visitors: On July 4, Dale King and Mr. & Mrs. Alan Vedder. On July 12, Rangers Miller and Becker from Lake Mead. On July 19, Archeologist Peirson and Wife from Tonto. During the month, several school groups, including 50 young boys from summer camp at Oak Creek and 38 students from the Verde Valley School.

Maintenance: Nothing more than routine duties were accomplished during the month.

Roads & Trails: Heavy rains caused some damage to the Castle and Sycamore Trail. This damage is slated to be repaired next week.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, MOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Natural Bridges National Monument

July 27, 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of July, 1950

PERSONNEL: John Wiley Redd entered on duty as Park Ranger (temporary) July 1.

WEATHER & APPROACH ROADS: The approach road from Blanding has been in very good condition, being impassable only for one day, July 16, when a very heavy rain fell on the Bears Ears.

TRAVEL: For some reason travel has fallen off 17 % from the same period last year. A total of 297 visitors in 103 cars came into the area. Fourteen people in five different parties camped over night at headquarters.

INTERPRETIVE SERVICE: Total contact time amounted to 79 hours in which 224 visitors were given information about the area. One guided trip was made to all three bridges with a party of eight.

EQUIPMENT: A trip to Santa Fe was made by Ranger Worthington to bring back a surplus Weapons Carrier for Natural Bridges. When the vehicle arrived at Arches from Santa Fe it was found that a motor and brake overhaul would be necessary before it could be sent to Natural Bridges. A trip was also made to Blanding to exchange tires between the old and the newer vehicle. The old truck was herded to Arches.

NPS VISITORS: John Davis and James Lloyd spent four hours in the area on July 25.

PUBLICITY: The D & R G W Railroad Company, making a film of southeastern Utah spent the better part of a day in the area.

GENERAL: A new ladder was constructed and put in place at the Moki ruin at headquarters. Poles and rungs for three other ladders have been out and peeled and are ready for assembly on the Kachina Bridge trail.

NATIONAL PARK SERVICE
Navajo National Monument
Tombles, Arizona

July 26, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Navajo

Subject: Report 1ml, July 1950

Visitation and Interpretation: 104 people visited Navajo this month traveling in 35 cars, 11 were overnight campers. 49 persons visited Betatakin, 11 made the horseback trip to West Seel and 71 took Sander Trail to view Betatakin from the canyon rim.

Weather: There were three days when the temperature reached 94° but most afternoons have been cloudy and cool. Not quite 1 inches of rain has fallen during this report period.

Roads and Trails: The roads have been bladed but need it again. One of our Navajo neighbors dragged some barbed wire and a cultivator down the trail into Sigi Canyon. Several man days labor were needed to repair the damage.

Plans: Mr. E. Saunders was here the 21st to go over the plans for construction of a garage and a bedroom to be added to residence No. 1. It is planned to get the project under way at once.

General: The contact station was arranged to accommodate the monument files, some wiring was added to residence No. 1, work continued on the hogan, ladder at West Seel ruins was assembled and temporarily installed, new pro-gas refrigerator was installed, some of the fence near the house has been removed to make way for the new addition to the residence. 2 coats of Plastiglean were put on the kitchen and bathroom floors. A day was spent on maintenance. One trip was made to Flagstaff for supplies and to confer with former Capt. Brewer at Tuzzigot.

Special Visitors: Dr. A. E. Stirling, Chief, BLM, Smithsonian Institution, wife and 2 children.

Joseph Sanger Vinland of Sunset Crater, and mother.
District Ranger F. Fraick and family and Mrs. R. Chase, all of Grand Canyon.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
ORGAN PIPE CACTUS

P. O. Box 38, Ajo, Arizona

July 25

50

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Organ Pipe Cactus
Subject: Superintendent's Monthly Narrative Report for July, 1950

Weather

July has been variable in temperature with 110 on July 1. However, except for a few days at a time the temperature has been under 100 on the average.

Rain in the amount of .82 fell on July 6, with only small showers since with a total for the month of 1.29.

Some sections of the area received considerably more rain during the July 6 storm when the road was washed out in the Alamo Wash and sand was piled in all washes in the north end.

Special Activities

July 1 to 6 was spent at Saguaro National Monument by the Superintendent on special fire duty.

The flood caused considerable damage to our boundary fences and repairs were necessary along both the north and south boundaries.

Travel

While travel is slow, we are still getting a few visitors. Each year our summer travel increases, so we are wondering if we won't be a year around area soon.

Research and Observation

We enjoyed a visit from W. Taylor Marshall, Director of Desert Botanical Garden, Phoenix, on July 14 and 15. Field trips with him revealed two new U. S. records of cactus from

Mexico, and we were able to get straightened out on several of our plant problems here.

Mammillaria Sheldonii from Sonora and *Opuntia ciriba* from Baja California were new U. S. records.

Reptile observations were kept current during the month. Three students from the University of Michigan spent three days checking our specimens and Charles Bogert from the American Museum of Natural History stopped by to check our list.

A wolf was sighted by Indians at Walls Well, crossing into the monument during the last week of June.

Personnel

Ranger Steele returned to duty from annual leave July 13. He reports enjoyable visits at several Parks and Monuments and the Regional Office.

With the call of reservists to the armed forces, Ranger Steele, being a member of the Air Corps Reserve, is like many others, sweating out the war situation.

Publicity

Tom Tarbox visited the Monument on June 28 and gave the Monument some good mention in his Phoenix Republic column.

Several inquiries for information were received and answered, from writers preparing articles for magazine publication.

NAME W. L. ...
TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Saguaro National Monument
Tucson, Arizona

July 25, 1950

MEMORANDUM

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly report, July, 1950

General

Hot, humid, and rainy weather since July 5 has slowed summer travel to Saguaro. Approximately seven inches of rain were recorded on Mica Mountain during the past month. The fire danger dropped into the low and dormant class several times.

On July 1 six fires occurred on Mica Mountain due to a lightning storm the night before. Two of these fires were quickly controlled but due to the limited manpower in the forested area, the other four, all in the vicinity of Spud Rock Cabin, burned together into one large fire. Monument suppression crews fought the larger fire thru the day and night until help arrived the following morning. The Spud Rock Fire was controlled at noon on July 3 and declared out on July 14.

Although 550 acres burned, much of this was in areas already lost during the 1943 fire. Also, the fire stayed mostly on the ground, and the damage to mature timber was negligible.

Status of Private Lands

An option was secured on the L. Nelson Garwood property which is the southeast quarter of section 15.

Maintenance

Work continued in brushing out and rebuilding the trail between Happy Valley Saddle and Spud Rock Cabin. Approximately three-fourths of a mile of the Spud Rock Patrol Trail was rehabilitated during the month.

The Cactus Forest Looproad was bladed several times and at month's end is in good condition.

DEPARTMENT OF THE INTERIOR

UNITED STATES

July 10, 1901

Washington, D.C.

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 7th inst. in relation to the proposed extension of the public lands in the State of Texas, and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully,
Your obedient servant,
John D. Smith,
Assistant Secretary.

Very truly yours,
John D. Smith,
Assistant Secretary.

Enclosed for you are two copies of the report of the Surveyor General of Texas, dated June 1st, 1901, in relation to the proposed extension of the public lands in the State of Texas.

I am, Sir, very respectfully,
Your obedient servant,
John D. Smith,
Assistant Secretary.

I have the honor to acknowledge the receipt of your letter of the 7th inst. in relation to the proposed extension of the public lands in the State of Texas, and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully,
Your obedient servant,
John D. Smith,
Assistant Secretary.

I have the honor to acknowledge the receipt of your letter of the 7th inst. in relation to the proposed extension of the public lands in the State of Texas, and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

Approaches to Park Area

The Broadway Approach Road was bladed once during the month but due to rain and washouts is in poor condition.

The portion of the Vail Approach Road between the Colossal Cave cutoffs is in bad condition.

A copy of the letter sent by the Pima County Engineer through the State Highway Engineer to the federal government was forwarded to the Regional Director. The letter contained a request for federal assistance in constructing the Old Spanish Trail Approach Road.

Cooperating Government Agencies

The U.S. Air Force at Davis-Monthan Base, Tucson, was very cooperative in providing men to help fight the Spud Rock Fire. Nineteen air force men volunteered for fire fighting on their lieu day. These men performed their assigned duties in an excellent manner.

Accessions

A new Dodge pickup truck was delivered to Saguaro on June 28. It arrived at a propitious moment too-as the Chevrolet pickup is practically unserviceable.

Three number zero fire shovels and nineteen forester headlights were received during the month.

Interpretive Service

A total of 6623 persons in 190 parties were given interpretive service at headquarters. This amounted to 55 hours for an average of 17 minutes per party.

Research and Observation

A family of roadrunners nesting behind headquarters hatched a brood of five babies. All the young left the nest within three weeks from date of birth.

The Saw-Whet Owls which have been frequenting the headquarters area still remain. They are tame enough to be petted.

A mule deer was observed about $\frac{1}{2}$ mile south of Madrona Ranger Station.

Two Merriams Turkeys were seen in company on July 5. We are now certain a turkey colony exists within the Monument.

NATIONAL PARK SERVICE

[illegible]

Increase or Decrease in Travel

A total of 1,510 persons visited Saguaro National Monument during July. This is a decrease of 389 visitors as compared to last month but an increase of 598 visitors over the corresponding month one year ago.

Visitors

July 12, Harry Martin, Fire Control Aid, Coronado Nat. Forest.

July 13, Ranger Hardy C. Culliver and family, Hot Springs National Park.

Frank L. Cota, clerk, White Sands National Monument.

July 18, Nine senior Girl Scouts of the Maricopa Council with leaders: Mrs. E.A. Cummings, Mrs. A.W. Beresford and Mrs. Earl Mayberry.

Forest Fire Protection

Six fires, started by lightning, on the morning of July 1 were suppressed by July 7. With the help of considerable rain on July 6 and 7 mop up was cut to a minimum. Four fires burned into one with a total acreage of 550 and the other two fires burned .26 and .10 respectively. The large fire was declared out at 10:00 A.M. July 14. The smaller two fires were declared out July 7 at 10:00 A.M.

Permanent, temporary, and pick up labor are commended for the diligent and efficient method in which they discharged their duties with a minimum of confusion. Without this cooperative spirit, the fire might have burned a much larger acreage.

A new telephone line was installed to Reef Rock Secondary. The Spud Rock Fire proved need for this extension since the Reef Rock Lookout gives excellent vantage of the east slope of the Rincons.

All fire tools were sharpened and repaired after the Spud Rock Fire.

A temporary five man tool cache was installed at Manhead Secondary on June 25.

Three fires in the Catalinas were picked up by our lookouts and reported to the Forest Service.

NATIONAL PARK SERVICE

DEPARTMENT OF THE INTERIOR

UNITED STATES

Communication

The telephone line was repaired adjacent to Spud Rock Cabin where many snags had fallen across it during the Spud Rock fire.

Personnel

James E. Patterson entered on duty as a trail laborer June 26.

Miscellaneous

Three mules in Spud Rock pasture absconded during the recent fire and at this writing are still at large. A roundup will be conducted in the near future.

We may have to requisition a row boat if the rains persist. Rincon Creek has been impassable for light autos through the past week. Ranger Benson is at present storing his car at the X-9 Ranch on the other side of the creek.

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Interpretive service continued at headquarters during early part of July
even though we were taxed with a project forest fire. Bill Supermaugh
carried on the best tradition.

*INSTRUCTIONS (FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

Sunset Crater NATIONAL MONUMENT

Flagstaff, Arizona

July 25, 1950

Memorandum

To: General Superintendent
From: Ranger-in-charge, Sunset Crater
Subject: Monthly Narrative Report, July 1950

Weather The rains finally came. On July 3, the monument received a good two hours soaking. Since then we have had rain on or near the monument almost every day. Several days were very hot between thunder showers. Nights have been a little on the chilly side with temperatures down in the low fifties.

Special Activities Mr. Cobb of the State Highway Patrol was out on the 29th of June to install the shortwave radio set. On June 30 we finally went on the air. Contact is maintained at 7:00 every morning with Mupatki and Walnut Canyon.

Two cars stuck in the cinders had to be pulled out. Both cases occurred through carelessness. One car missed a turn on the back road to Mupatki and the other ran off the Sonito Park road. One trip was made to the highway camp to phone for aid for a visitor with car trouble. ~~Another~~ Another time to call Walnut Canyon about the forest fires a Saguaro.

Four trips were made to Mupatki for supplies. One of these to drive a group of Girl Scouts to the Crack-in-the-Rock ruin.

Inspections Mr. Dale S. King visited the monument on July 3. I missed seeing him as I was investigating a tree that was hit by lightning.

Maintenance With all the rain it has been possible to keep the entrance road in excellent condition. Mr. Bean bladed the road on July 6 and continued down the back road to Mupatki. The road is now passable in both directions at the present.

Due to a case of vandalism minor repairs had to be made on the wooden stairs on the Nature Trail. Several steps had to be replaced.

The collapsible trailer house was moved from the old location at Sonito Park to the present utility area.

Attempts were made to pull a light drag over the entrance road right after

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
NATIONAL MONUMENT

19

General Publicity Mr. H.L. Mott of the Arizona Republic in Phoenix visited the monument on June 29. He was collecting information for a Grand Canyon travelog. On July 23 Mr. E.L. Sirfax of Williams was here taking photographs in connection with the article. It is due to be published in the near future.

An article in the Flagstaff Coconino Sun announced the arrival of Ranger Bob Walker to Supatki Nat'l Monument.

Interpretive Service The Nature Trail has been very popular. Over 46% of the visitors have taken the trip. All comments so far have been most favorable. The Kenesaw st. type register is still keeping a high percentage of registration.

The Trail books are still going briskly with collections averaging 75%. So far 1313 books have been sold. This includes June and July. 770 books have been sold this month.

Travel to the top of the crater has increased from 5% to 4% over last month. The cool weather has made more people venturesome.

On July 6, Miss Bertha Dutton together with 12 Senior Girl Scouts arrived and climbed the crater. After their trip to the top, a conducted tour of the Nature Trail was made. The party then went to Supatki for lunch and then Supt. Bowen and myself drove two pickups to Crack-in-the-Rock ruin. The girls enjoyed the rough but thrilling ride.

The N.E.A. group of school teachers visited the monument on July 22. There were 14 in the party. Prior to their arrival they had had a lecture on Sunset by Mr. Colton of the Museum of Northern Arizona.

Increase in Travel Travel for the latter part of the month has slacked off some, probable due to the war news. However it is still good.

	Cars	Visitors
July 1950	1174 1313	3114 4298
July 1949	2242	6727
This travel year	5201	15863
Last travel year	6522	19564

Visitors July 3 Mr. Dale S. King, Regional Office
July 8 Miss Bertha Dutton and Senior Girl Scouts
12 Seasonal Junior N.E. Brown and wife, Walnut Canyon
21 Arch. Loyde Pearson and party, Tonto Nat'l Mon.

Forest Fires With the arrival of the rain, the fire hazard has greatly decreased. Two lightning strikes were spotted and put out near the East boundary of the monument. The Forest Service sent three men to assist on the first one. No damage was done other than burning the trees that were hit.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

July 28, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tonto

Subject: Narrative Report, month of July

Weather. Temperatures were up to 108° first week in July, with the heat broken by rains on July 7, 16, 17, 21, and 22, totalling 3.7 inches. This practically eliminated the fire danger. It remains hot between rains, up around 100 degrees daily.

Roads. Approach roads were improved by grading following the rains. Some 12 miles of the Apache Trail from the end of the oil two miles this side of the Globe-Miami junction is being improved prior to oiling, which will be done this season. This stretch was damaged on the 22nd by flood water from heavy rains along the road.

Parking area. Construction proceeds well enough, with some slowing down due to rock which had to be blasted, and to the rains. The curb and gutter is about half complete, with forming being done for the remainder. Considerable work remains to be done on the approach fill and on oiling the surface. It will be some time before visitors may park on the area.

Travel. Hot weather has caused a considerable decrease from last month, and there is a slight decrease from last year, same month. This probably is due to the difficulty of visiting the Monument, and to an incomplete count. 460 visitors in 136 cars were actually counted, and I estimate that about 360 in 90 cars stopped in but did not register and were not actually counted. The fiscal year travel showed 18,735, compared with 16,517 for last fiscal year.

Personnel. Archaeologist Pierson left on annual leave, July 19, and plans to be back August 3. Carpenter Jim Constable resigned June 28. Laborer Pat Cook was terminated July 21, e.o.b., due to completion of job, and was hired by the contractor, Tiffany & Co.

UNITED STATES

NATIONAL PARK SERVICE

Wash., D.C.

July 14, 1950

Mr. [Name] [Address]

Dear Sir:

Reference is made to your letter of July 10, 1950.

The National Park Service is pleased to inform you that your application for a [blanket] has been received and is being processed. We will advise you of the results of our review as soon as they are available.

It is requested that you continue to keep us advised of any changes in your plans or circumstances that may affect the processing of your application.

Very truly yours,
[Signature]

Enclosed for you are two copies of the National Park Service brochure, "How to Obtain a Blanket," which contains information regarding the requirements and procedures for obtaining a blanket.

Very truly yours,
[Signature]

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Visitors. Superintendent C. C. Brandon and Administrative Assistants Daly and Lyring of the Salt River Power District.

Mr. & Mrs. Fred Young and Mrs. Young's sister Miss Mary Dean, of LaTuna, Texas.

Inspections. Landscape Architect Carl Allenan, July 12 through the 14th, checking on the progress of the contract, and examining residential area sites.

Publications. Copy and material for the revised 8-fold leaflet has been sent in to Santa Fe to be checked prior to submission the Chief of Information Division.

Publicity. Bernard DeVoto's article in the July 22 Saturday Evening Post inspired prompt and unhappy editorial response in the Arizona Republic, Phoenix's largest newspaper. A copy of the editorial was sent to General Superintendent Davis.

Flora. The rains have brought out the desert vegetation very nicely and even a few sagueros and selenicereus cactus put out another bloom or two. Ocotillo are leafed out again, and the desert looks good. Roosevelt Lake is being drained and by the end of August will be about dry.

General. Archaeologist Pierson spent considerable time in building shelves and tool racks in the equipment shed, and moving tools & equipment from the tenthouse. Master mechanic Sharp worked over the Owen plants, taking the cylinder block of one into town to have the valves ground. Any amount of small odd jobs still turn up due to the grading and contract work, including acting as watchman when Hardrock Notes McCarthy is blasting the rocks in the new grade.

The new pickup has not arrived as of July 28. Last reports placed it in St. Louis, slowly heading west. Train service through Bowie Junction has not speeded up much since General Miles loaded out Geronimo and the Chiricahua Apaches in 1886, so I don't expect the vehicle for two more weeks. The other pickup and dumptruck may run that long.

The neighbors have shown a welcome interest in the progress of the grading operations, and have made quite a few trips up to see the work.

One local man is hired to drill and blast rock, and two neighboring young men are working for the contractor. Tonto has become considerably more of a social and economic factor in this community than it was a few years ago.

Photographer Sharp is keeping a pictorial record of the grading. A few rolls of 35 mm negatives have been sent to the Region to be developed.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME Charles C. Sharp
TITLE Supt.

EXPLANATION OF TERMS USED

"**INTERPRETIVE**" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

July 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for July, 1950

Weather: The summer rains came on schedule, early in the month, and in abundance. Precipitation was 4.23 inches, which is well above the past 12 year average for July of 2.89 inches. The first flood of the season in the Santa Cruz River was on July 3. The river has been high several times since then, reaching its greatest height for the year on July 22. The highest temperature recorded was 108, on June 29 and 30. The lowest temperature of 58 degrees occurred on the nights of June 29 and 30.

Visitor Travel: All July travel records were broken, with a total of 1908 visitors, arriving in 501 motor vehicles. This visitor figure is nearly 18% higher than the previous July high of 1567 in 1949.

This national monument no longer has a "slack" season. It has simply a "busy" season in summer, and a "very busy" season in winter.

Interpretive Service: 802 persons went on 162 guided trips through the mission church and grounds, receiving an average of 33.91 minutes per trip. 1816 persons received combined Information and Interpretation Service, and 1789 saw the museum and patio garden.

Visitors: Among our visitors were:
Cowan Drachman, of Tucson, who has taken some truly outstanding stereo kodachromes of the mission church and interior.
A troop of Girl Scouts and their three leaders, from Phoenix.

William L. Hovenstine, Novelty, Ohio, who was formerly a seasonal park ranger at Saguaro and Montezuma Castle National Monuments.

Publicity: July 15 - "Red" Barron, photographer and lecturer for the Michigan Auto Club, was in shooting some movie scenes.

In addition to the customary good press coverage given our area by the local papers of Nogales, we now send, by request, monthly travel figures to the Arizona headquarters of the United Press.

DOCUMENT OF THE INTERIOR

Downloaded At: 11:53 11 September 2009

DOI: 10.1002/for

1. The first of these is the fact that the majority of the population of the United States is of European descent. This is true of the United States as a whole, and also of the individual States. The majority of the population of the United States is of European descent, and this is true of the individual States. The majority of the population of the United States is of European descent, and this is true of the individual States.

THIS DOCUMENT CONTAINS NEITHER RECOMMENDATIONS NOR
CONCLUSIONS OF THE NATIONAL BUREAU OF STANDARDS
AND ITS DIVISIONS. IT IS THE PROPERTY OF THE NATIONAL BUREAU OF STANDARDS
AND IS LOANED TO YOUR ORGANIZATION; IT AND ITS CONTENTS ARE NOT TO BE
REPRODUCED IN ANY FORM WITHOUT THE WRITTEN PERMISSION OF THE NATIONAL BUREAU OF STANDARDS

1. The first part of the report is a general statement of the purpose and scope of the study. It states that the purpose is to determine the effect of the new tax law on the income of individuals and that the scope is limited to the year 1964.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is a result of the fact that urban areas offer more opportunities for employment and education than rural areas do. The process of urbanization has led to the growth of large cities and the decline of small towns and villages. This has had a significant impact on the way of life in the United States. The majority of the population now lives in urban areas, and this has led to a number of changes in the way of life. For example, the majority of the population now lives in large cities, and this has led to a number of changes in the way of life. The majority of the population now lives in large cities, and this has led to a number of changes in the way of life. The majority of the population now lives in large cities, and this has led to a number of changes in the way of life.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the East (CLPE) in the United States. This is a serious matter, as the CLPE is a known and active organization which has been operating in the United States for many years. It is a member of the National Front for the Liberation of China (NFLC) and has been active in recruiting and training Chinese agents for operations in the United States. The Commission is therefore very concerned that the Government of the United States is not providing it with the information it needs to carry out its duties.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is done for a variety of reasons, including the search for better living conditions, the desire for education, and the need for employment. The process of urbanization has led to the growth of large cities and the decline of small towns. This has had a significant impact on the way of life in the United States.

Museum and Education: During the month Mr. Thomas I. Glannon, of Nogales, Arizona, donated to our library two manuscripts which he has written. One of these, "The Early Mission Mines" is fact liberally sprinkled with fancy, the other, "Some Facts and Some Fancies" has some excellent border history not previously a part of our library.

A number of small Leroy lettered signs, used in and about the museum building, have been re-worded and re-lettered, and encased in plastic sheets, which makes them more attractive and to some extent weather-resistant.

Some repairs were made to the miniature model of the mission church and adjoining buildings. This model, in our view window, has suffered somewhat from handling by visitors, especially by children.

Maintenance: Routine maintenance was kept current. About two tons of nicely pulverized horse manure was hauled in. This, plus our compost pit, plus about 100 pounds of ammonium phosphate and about 50 pounds of sulphur, should, when mixed well with elbow grease, keep most of our plantings next winter in good condition for another summer's growth. More tree surgery was done. A Chinaberry tree (melea azedarach) on the mission trail died and was removed. Repairs were made to linoleum in the ranger house kitchen. A book-case was made to help relieve congestion in the office library, and installed. Numerous gates and doors were tightened, repaired, and linseeded, with a two-coat hot linseed treatment for the kitchen drainboard in the ranger house. A new kitchen range was installed in the superintendent's residence.

Roads and Trails: Application of emulsified asphalt, base and seal coats, and gravel, to the residence area road and turnaround, was completed by the contractor, Lee Edge.

Utilities: The long desired completion of rest room facilities was effected during the month, with the installation of two new blow-out type flush bowl toilets. Ambos Nogales Plumbing Company did this job.

Mission Stabilization: On July 10 Contractor Lamar Cotten, of Tucson, started installation of windows in the mission church. When this project is completed, all the upper openings of the church will have glass windows, all lower openings will have screens. This will keep birds and bats out of the building, giving better protection to old plaster and painted decorations of the interior.

On July 19 about a square foot of original plaster fell from the north inside wall of the sacristy. Upon close examination I found more of the plaster was so soft and powdery that it was ready to fall. The most rotten edges were scraped off, and some pointing work was done with lime-cement-sand mortar to prevent other edge portions from crumbling. Similar treatment had to be given the upper part of the south interior wall of the same room.

[illegible][illegible]

There were no other persons present at the time of the shooting.

1. The following information was obtained from the review of the records of the Department of the Interior, Bureau of Land Management, and the Bureau of Reclamation, regarding the land ownership and management of the area described in the above captioned report:

has one more thing to mention in connection with the above
telephone call, however, has been made known to it, namely, he stated

...and was not to be considered as a ...

[illegible]

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is a result of the fact that urban areas offer more opportunities for employment and education than rural areas do. The process of urbanization has led to the growth of large cities and the decline of small towns and villages. This has had a number of effects on the economy and society. One of the most important effects has been the concentration of wealth and power in the hands of a small group of people living in the cities. This has led to the development of a class system, in which the wealthy few control the lives of the poor many. The process of urbanization has also led to the development of a culture of consumption, in which people are encouraged to buy more and more goods and services. This has led to the growth of the consumer economy, which is the basis of the modern capitalist system. The process of urbanization has also led to the development of a culture of competition, in which people are encouraged to compete with each other for jobs and resources. This has led to the development of a system of social Darwinism, in which the fittest survive and the weak are eliminated. The process of urbanization has also led to the development of a culture of individualism, in which people are encouraged to look out for themselves and their families. This has led to the development of a system of capitalism, in which the individual is the unit of production and distribution. The process of urbanization has also led to the development of a culture of materialism, in which people are encouraged to value material possessions over other things. This has led to the development of a system of consumerism, in which the acquisition of material goods is the primary goal of life. The process of urbanization has also led to the development of a culture of conformity, in which people are encouraged to conform to the norms and values of the majority. This has led to the development of a system of mass culture, in which the same products and services are sold to everyone. The process of urbanization has also led to the development of a culture of isolation, in which people are encouraged to live apart from each other. This has led to the development of a system of individualism, in which the individual is the unit of production and distribution. The process of urbanization has also led to the development of a culture of competition, in which people are encouraged to compete with each other for jobs and resources. This has led to the development of a system of social Darwinism, in which the fittest survive and the weak are eliminated. The process of urbanization has also led to the development of a culture of individualism, in which people are encouraged to look out for themselves and their families. This has led to the development of a system of capitalism, in which the individual is the unit of production and distribution. The process of urbanization has also led to the development of a culture of materialism, in which people are encouraged to value material possessions over other things. This has led to the development of a system of consumerism, in which the acquisition of material goods is the primary goal of life. The process of urbanization has also led to the development of a culture of conformity, in which people are encouraged to conform to the norms and values of the majority. This has led to the development of a system of mass culture, in which the same products and services are sold to everyone. The process of urbanization has also led to the development of a culture of isolation, in which people are encouraged to live apart from each other. This has led to the development of a system of individualism, in which the individual is the unit of production and distribution.

Equipment: During the month a new 4 burner gas range for the superintendent's residence was received, and a new 8 cubic foot Servel Electrolux refrigerator for the ranger residence.

Personnel: On July 3 Ranger Henson and family departed for annual leave. On the same day Charles Bradford Conrad, formerly employed here as a seasonal ranger, entered on duty as W.A.E. guide.

Nature: During June and July the Scott's Sparrow (Rufous-crowned subspecies) has been noted frequently on the monument, singing. They had not been observed here before since September of 1935, when George Boundey reported them.

The nearby Santa Cruz Valley School (a private school) conducts a summer camp period for girls. At the invitation of Wallace Witcomb, head of the school, the superintendent has taken the girls on a series of nature walks during recent day-off periods. These walks combine nature study, a little geology, some archaeology instruction, and anything else that comes to mind. We were told after one of these rambles by Mr. Witcomb that the girls call themselves the "Nature Girls," and that their name for their leader is "Nature Boy." (No, I don't wear my hair long, or live on nuts and seeds). Anyway, the rambles are ideal media for putting over some of our Park Service ideas about nature and conservation. And my wife, who goes on some of the rambles, has the perfect opportunity to expound on her pet subject, bird lore.

General: The monument is looking in good shape, and the grounds are covered with their summer blanket of green. The Santa Cruz Valley is truly a lovely spot now, with summer rains coming (for the time being at least) as they should. This is really the finest time of the year to visit this region.

Earl Jackson
Superintendent

Summary: During the month of May I have not been in the
hospital, a condition which is unusual, and I have been
discharged from the hospital.

Summary: On May 1 I have been in the hospital for
a short time. On the 2nd I have been discharged, and I have
been in a good condition, and I have been in a good condition.

Summary: During the month of May I have been in the hospital
for a short time. On the 2nd I have been discharged, and I have
been in a good condition, and I have been in a good condition.

The month of May has been a very busy one for me. I have
been in the hospital for a short time, and I have been in a

These visitors arrived in 727 cars and one chartered bus.

N.P.S. VISITORS

Mr. and Mrs. Leding, Mrs. Hastings and Mrs. Prockman
of Walnut Canyon National Monument on the 27th.

Mr. and Mrs. P. Hardies of Casa Grande National
Monument on the 3rd.

Mr. Dale S. King and Mr. and Mrs. Alan Veder on
the 5th.

Superintendent Cook of Montezuma Castle on the 9th.
Panger and Mrs. Becker, Panger and Mrs. Miller of
Lake Meade Rec. Area on the 12th.

Superintendent and Ruth Aubuchon on the nite of the
17th and A.M. of the 18th.

OTHER AGENCY VISITORS

J. Henry Burke of Foreign Agricultural Relations
U.S.D.A. on the 8th.

Miss R.F. Littlefield of USGS on the 9th.

REPORT WORTHY VISITORS

Dr. Malcolm Farmer of San Diego Museum of Man on
the 11th.

The Arkansas and Mississippi Education Group of 30
on the 24th.

WEATHER

Hotter and wetter than normal. A four day heat wave
reached a maximum temperature of 109 degrees.

CLIMATE AND CONTACT SERVICE

Museum, ruins and orientation contacts totaled 5,963 for the month. 2,284 people in 649 parties were shown thru and given an orientation lecture in the museum and 2,199 people in 619 parties made the trip thru the ruins. Average time spent by each party in the museum and ruins--20 minutes.

PERSONNEL TIME

Museum: 190 hours. Ruins: 72 hours, 50 minutes.
Total contact time for Brewer: 99 hours, 10 minutes.
For Richert: 168 hours, 40 minutes.

MAINTENANCE

Routine maintenance has fallen behind because of the heavy travel. Some weed eradication has been accomplished but not sufficient to keep even with the growth. Janitorial services have averaged one-and-a-half hours daily to maintain clean washrooms, clean museum cases, perform the high and low dusting, interior and exterior sweeping.

The hot water heater has given trouble. Much lime was drained from this unit and the flow thru it is still a faltering trickle. We believe the deposit in the coils is forming more rapidly because of the necessity for reducing the line pressure. The pressure was reduced to a point where this nasty old supply pipe would not burst its seams.

One broken window was replaced.

IMPROVEMENTS

A new medicine cabinet was installed in the residence bathroom. The old one was moved to a position over the sink in the 'office'.

Cracks and nail holes were caulked in the residence.

RESEARCH

Archeologist Richert found a small oddly shaped brass plate near Group I of Tuzigoot. This interesting object was forwarded to that noted authority on whatever-you-want-to-know, Art Woodward, who described it as follows: "As you will readily see, the gadget is one of the movable scales of a 7 scale all brass epaulette, formerly worn by the non-coms and privates of the U.S. Army between 1858 and 1861 (they were used earlier but since Camp Lincoln, later Camp Verde was founded in 1861 by

There is a small, but very interesting, collection of books in the library. The books are mostly old, and some of them are very rare. The collection is very good, and it is a pleasure to look at them. The books are mostly old, and some of them are very rare. The collection is very good, and it is a pleasure to look at them.

For a complete list of the names of the persons who have been arrested, see the list of names of the persons who have been arrested, which is attached to this report.

The following information was obtained from the records of the Bureau of the Census, Department of Commerce, for the years 1940 through 1944:

1. The number of persons in the United States who were employed in the manufacturing industries was 14,000,000 in 1940, 14,500,000 in 1941, 15,000,000 in 1942, 15,500,000 in 1943, and 16,000,000 in 1944.

2. The number of persons in the United States who were employed in the service industries was 10,000,000 in 1940, 10,500,000 in 1941, 11,000,000 in 1942, 11,500,000 in 1943, and 12,000,000 in 1944.

3. The number of persons in the United States who were employed in the agricultural industries was 5,000,000 in 1940, 5,000,000 in 1941, 5,000,000 in 1942, 5,000,000 in 1943, and 5,000,000 in 1944.

4. The number of persons in the United States who were employed in the transportation industries was 2,000,000 in 1940, 2,000,000 in 1941, 2,000,000 in 1942, 2,000,000 in 1943, and 2,000,000 in 1944.

5. The number of persons in the United States who were employed in the communication industries was 1,000,000 in 1940, 1,000,000 in 1941, 1,000,000 in 1942, 1,000,000 in 1943, and 1,000,000 in 1944.

6. The number of persons in the United States who were employed in the public administration industries was 1,000,000 in 1940, 1,000,000 in 1941, 1,000,000 in 1942, 1,000,000 in 1943, and 1,000,000 in 1944.

7. The number of persons in the United States who were employed in the health and welfare industries was 1,000,000 in 1940, 1,000,000 in 1941, 1,000,000 in 1942, 1,000,000 in 1943, and 1,000,000 in 1944.

8. The number of persons in the United States who were employed in the education industries was 1,000,000 in 1940, 1,000,000 in 1941, 1,000,000 in 1942, 1,000,000 in 1943, and 1,000,000 in 1944.

9. The number of persons in the United States who were employed in the recreation industries was 1,000,000 in 1940, 1,000,000 in 1941, 1,000,000 in 1942, 1,000,000 in 1943, and 1,000,000 in 1944.

10. The number of persons in the United States who were employed in the other industries was 1,000,000 in 1940, 1,000,000 in 1941, 1,000,000 in 1942, 1,000,000 in 1943, and 1,000,000 in 1944.

1. The first step in the process of developing a new product is to identify a market need. This is often done through market research, which can involve surveys, focus groups, and other methods of gathering information about consumer preferences and behaviors.

1. The first part of the report is a general statement of the purpose and scope of the study. It states that the purpose of the study is to determine the effect of the new tax law on the income of individuals. The scope of the study is limited to the income of individuals who are subject to the new tax law.

RESEARCH (con't.)

by troops of the California Column, I am sure this epaulette was lost by one of these boys who visited the ruins). They were probably wearing 1880 uniforms when they went into Arizona and so were under the old regulations. The troops engaged in the Civil War abandoned the brass epaulettes".

OVERHEARD IN THE MUSEUM

Youngster to his other, at the skeleton exhibit case, "Gee, it's funny how they all died with a smile on their face."

Another youngster, same place--"Daddy, do live skeletons hurt you?" I felt like telling him "yes, mine does", but then I figured it would take too long to explain about things like arthritis.

NAME J. W. Brewer
TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

July 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Narrative Report, July, 1950

General The first rain in weeks came July 3. This relieved the fire danger and brought cool nights.

Administration A project to sort and index all our plans and maps has been undertaken.

Invitations to Bid on a surplus Army Dodge pick-up truck were distributed.

Use of Monument By The Public There were 4068 visitors who came in 1163 cars. Visitors contacted numbered 3760 in 1077 parties. There were 3857 visitors in 1105 groups in the museum. Our travel is down 4.5 per cent over the same month last year. During the latter part of June our approach road was so corrugated that several parties of visitors turned back before reaching the monument. Since the rains came the county grader has been over the road and it is again in good condition.

Interpretation A new interpretive sign was prepared for the case containing Kachina dolls.

A supply of plaster letters for use in the museum was received.

Ranger Brockman has been using time between contacts to sort all the herbarium specimens. These are being placed in genus and species folders and will be numbered according to the DeDalla, Tone, and Harms system.

During the month 1163 of our Island Trail pamphlets were taken. A total of \$90.30 was received for these and we were short \$12.40.

Southwestern Monuments Association At the request of Dale King on July 3 a counted number of the brochures listing books and color slides for sale by SMOA were put out. Since that time a total of 121 brochures have been picked up.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

July 27 1950

Subject:

File #:

Protection A sign stating "Please do not collect specimens of any kind, pick flowers, or throw rocks" was placed near the head of the ruins trail. In the canyon near a stretch of cliff where there has been a lot defacement we placed another sign which reads, "No more names or initials, please".

About 60 cloth signs along the south boundary were replaced with new signs. This project is to be completed when additional signs are received.

Maintenance The roof over the shop was repaired and given a new coat of tar. Temporary repairs were made to the roof over the museum porch. The parcel post box at the gate was given a coat of paint.

Equipment Our two surplus Onan light plants and two propane cabinets were transferred to Wupatki.

A new foam-type fire extinguisher was delivered by Mr. Ratcliff.

The new Chevrolet truck received for use on archeological survey work was taken by Charlie Steen for use in Canyon de Chelly.

Accessions A copy of "Hopi Kachina Dolls" by Dr. Harold S. Colton and a copy of "Arizona Place Names" by Will C. Barnes were received for the library. Both books were donated by Southwestern Monuments Association.

National Park Service Visitors

July 1 Dale King and Mr. and Mrs. Alan Vedder

July 3 Ranger and Mrs. Hardies from Casa Grande

Ranger and Mrs. Jamison from Montezuma Castle

July 12 Harvey Cornell and Harold Marsh from the Regional Office

July 13 Rangers Miller and Becker from Lake Mead

July 18 Harold Ratcliff and Paul Balch

July 21 Charlie Steen arrived with a weapons carrier for Wupatki and a Jeep for Navajo.

Superintendent and Mrs. Bowen and Superintendent and Mrs. Aubuchon were also here during the month.

Newsworthy Visitors A party of 21 Girl Scouts and their leaders under the direction of Miss Bertha Dutton visited the monument on July 6. They were given a conducted tour around the "Island" and out the old trail to the Log Cabin.

Dennis Cooper, photographer and lecturer on Park Service areas was here July 25. He was accompanied by Tom Barkley.

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Museum kept open 7:00 A.M. to 7:00 P.M. daily and 12 hrs. of contact service each day.
163 copies of the Island Trail pamphlet were sold.

* INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

White Sands

Box 231, Alamogordo, New Mexico

July 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monument
From: Superintendent, White Sands National Monument
Subject: Superintendent's Monthly Narrative, Report No. 1ml

JULY TRAVEL, 1950

TRAVEL YEAR TO DATE

Visitors, 28,935 Cars, 6,252

Visitors, 130,419 Cars, 30,743

GENERAL

July was another one of these record-breaking months, and steps into first place as the biggest travel month in the history of the Monument. Several rains also make it outstanding. High reading for the month was 102° on the 3rd, and low for the month was 58° on the 16th. Total precipitation recorded was two and ten one hundredths of an inch.

SPECIAL ACTIVITIES

Numerous special group picnics have been held and last Monday Alamogordo was host to this District of Rotary International and a picnic supper was held at the White Sands. Nearly 150 were in attendance. Several army group picnics were held.

GENERAL PUBLICITY

The opening of a new radio station (KALO) in Alamogordo gives us additional publicity, and the papers, as usual, are very gracious in the space allotted us.

8. [Text]

COMPLAINTS

While not exactly a written complaint, an article in an El Paso newspaper did criticize our entrance road as being so rough. The rains did help, however, in this respect, and with a little moisture we have taken care of that complaint.

MAINTENANCE

For the first time in several years we are repainting some of our quarters and making building repairs long neglected. Additions have been made to the number of picnic shades, tables, grills, etc. and we are just awaiting sufficient time to catch up.

INCREASE OR DECREASE IN TRAVEL

Over 20,000 gain to date in our travel year is most encouraging and we are proud of this gain. Nothing short of total war can keep us from surpassing our last year's travel by 25,000.

IMPORTANT VISITORS

The Budget, Agriculture, Interior Land Management Task Force was in for a visit on July 16. Mr. Dashner of the Budget and Mr. Bennett of Interior made the loop drive in the pickup with me and others of the group followed in a Forest Service car.

They seemed pleased and spoke very kindly of the area.

Superintendent Donald S. Libbey of Carlsbad Caverns was in for the evening of the 17th, attending the Rotary International picnic supper. I'm sorry I missed seeing him but I was in San Diego, California on personal business.

MISCELLANEOUS

August always is one our best months and this one promises to carry on the tradition with an expected 25,000 visitors.

Frank and Toni Cota are the proud parents of a baby girl born July 22. While ahead of schedule, both mother and baby are doing fine, and even Frank is nearing recovery.

The Superintendent made a quick trip to San Diego las week and is ready to settle down for these August visitors.

Johnwill Faris,
Superintendent.

It is the policy of the United States to support the people of the Republic of China in their struggle for freedom and independence. The United States will continue to provide military and economic aid to the Republic of China as long as it remains the only government in China which is recognized by the United States and the majority of the United Nations.

CONCLUSIONS

The United States will continue to support the Republic of China in its struggle for freedom and independence. The United States will continue to provide military and economic aid to the Republic of China as long as it remains the only government in China which is recognized by the United States and the majority of the United Nations.

APPENDIX A - SUMMARY OF FACTS

The United States will continue to support the Republic of China in its struggle for freedom and independence. The United States will continue to provide military and economic aid to the Republic of China as long as it remains the only government in China which is recognized by the United States and the majority of the United Nations.

APPENDIX B - SUMMARY OF FACTS

The United States will continue to support the Republic of China in its struggle for freedom and independence. The United States will continue to provide military and economic aid to the Republic of China as long as it remains the only government in China which is recognized by the United States and the majority of the United Nations.

REMARKS: (Please note below any factors influencing interpretive service, such as:
 "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Wupatki

Flagstaff, Arizona

July 25

50

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report for July 1950

Weather. Hot at 104° on June 29. Cool with a maximum of 78° on July 18. Rainy with a total of 3.04" for the report period. The rains have given the vicinity the first tinge of green for this year.

Special Activities. The superintendent and Ranger Viklund guided Miss Bertha Dutton and her party of Senior Girl Scouts to Crack-in-the-Rock Ruin on July 8. The trip will be repeated on July 29 with the second group.

Inspections. July 3. Dale King accompanied by Mr. & Mrs. Alan Vedder. Dale spent the afternoon with Mr. Paul Coze, artist, going over Mr. Coze's proposed work in Region Three.

July 12. Mr. Cornell and Mr. Marsh inspecting possible sites for the rumored new residence. With Mr. Marsh's assistance the PCP's for Wupatki were advanced from 1940 to 1950.

July 18-20. Mr. Ratcliff and Mr. Balch on grazing and soil moisture matters. One day was spent in touring the area and one in visiting Mr. Stocks in charge of grazing for the Indian Service at Tuba City.

July 19. Mr. Kenny Saunders on repair and rehabilitation of the superintendent's residence.

Complaints. See Monument Roads below. At least the visitor at Wupatki exercised his "right of free speech" this month. On July 22 a visitor with originality tacked a poster on the gate at Highway 89 bearing the following legend "THIS ROAD FOR HELICOPTERS ONLY." Could be.

Maintenance. Road work and contact duty took most of this month; however, a few "mests" were sandwiched in. The Sunset Crater trailer house was reassembled at the new location. Work was started

July 26, 1950, trip with a party of 12, in the second party. The report will be reported on July 27, 1950, the second party.

On relocating the water line to the Heiser Spring trailer house. At present it takes one hour by the clock to get 6 inches of water in the bathtub, enough to discourage anyone, even on Saturday night. Whether the relocation will help is in doubt and larger pipe will probably be needed eventually. Two houses on a 400 foot 3/4 inch line without much fall is not so good.

An outhouse was moved from Walnut Canyon and installed at the camp site at Wupatki, largely as a convenience measure for the two groups of girl scouts camping here this summer.

Monument Roads. According to the visitor reaction this month I could omit this paragraph since it was the consensus of opinion that Wupatki has no roads. 0.75" in a 30 minute shower on July 18 and 0.80" on the 19th did some "roughing up" but considering 37 miles of desert road with only one culvert we though we were lucky in that with few exceptions even the tourist could tell where the road had been. There being always some better with the bitter, the 10 miles of cinder this side of Sunset Crater was definitely improved by the moisture. Doney Hill has been reworked as has most of the Sunset Crater-Wupatki loop between Wupatki and Sunset. This leaves approximately 10 miles in and around the Citadel which we now call the Island Lake road as it is just that -- an island and then a lake. Oh well, last month we were wishing for rain.

Interpretive Service. At Wupatki ruin 1018 visitors in 254 parties were given guide service averaging 28 minutes per party for a total of 113 1/2 hours contact time this month. We failed to contact 327 visitors; however, the self-guide booklet continues to bridge the gap.

Increase in Travel. July continued to show an increase in travel over last year as noted below. If the time comes when we can keep the Sunset Crater - Wupatki loop road in good condition the travel will really show an increase.

	CARS	VISITORS

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Southwestern National Monuments
Box 1726

Santa Fe, New Mexico

June 30, 1950

Memorandum

To: General Superintendent,
Southwestern National Monuments

From: Naturalist

Subject: Narrative report for interpretive work in the Southwestern
National Monuments for June 1950

Naturalist Dale E. King was in the office during the month.

Archeologist Charlie R. Steen returned from assignment at Colonial National Historical Park June 26. Enroute from Colonial, he visited the Washington Office, several units of National Capitol Parks, Manassas Battlefield, and Mound City Group National Monument. The balance of the month was spent in the office.

Interpretive Administration

Arrangements were made to transfer a herbarium case from White Sands to Great Sand Dunes. More than the usual number of informational requests were answered. Most were stimulated by the Arizona Highways article on Organ Pipe Cactus. Correspondence was had with Bennington College, Vermont, which may furnish a volunteer student worker next January and February.

Progress of Exhibit Plans and Projects

The five case exhibit for the Malakihu-Citadel Trail were completed and sent with the draft of the 16-page pamphlet to Rupert June 9. John Moseley of the Regional office very kindly drew a map and improved a reconstruction drawing, enabling the Sycamore Trail pamphlet for Montezuma Castle to be sent to the lithoprinter June 20.

Word was received that the staff at Walnut Canyon has completed the two unfinished museum cases.

and anyone who is not a member of the club is not allowed to join.

Arrangements were made to have a historical map photostatted for display at Gran Quivira.

Miss Moore cut the stencils for the Cactus Forest Trail leaflet at Saguaro, but it cannot be mimeographed until paper supplies arrive in about two weeks.

A priority list of museum exhibit and storage needs for Southwestern National Monuments was worked up and transmitted to Region.

Research and Observations

Photographs of the recent excavations at Tonto were processed and sent to Archeologist Pierson for captioning of negative file envelopes.

An attempt was made to find the survey sherds from the Ramon Vigil Grant for the Superintendent, Bendelier. These were collected by Forester Jim Fulton in the middle '30's, but apparently disappeared before the war. This is regrettable, for the Adams State Survey group is prevented by AEC activities from reaching many ruins, and other sites now yield very few sherds.

Correspondence was initiated with a prominent scientist to obtain information on his early visit to Betatakin.

A paper by Archeologist Davis giving the salient points on Pima and Papago ethnology was edited and retyped for Casa Grande. It is a valuable piece of work which will add in orienting new personnel there.

A questionnaire asking for data on prehistoric Indians, dress, ornament, physical type, etc., was filled out for Artist Paul Coze who intends to do reconstruction drawings of prehistoric life at Wupatki. He has sent similar questionnaires to other northern Arizona monuments as well as two in New Mexico.

Loan Library

A considerable number of subscription renewals for periodicals were ordered.

arrangements were made to have a substantial copy reproduced
for study in New York.

These notes for the specialty are the subject of the
letter of request, and it should be understood that such copies
are not to be made.

I hereby list the names of the persons who are
interested in the subject of the letter of request, and
the names of the persons who are interested in the subject.

Persons and Organizations

Persons and Organizations are the subject of the letter of request,
and it should be understood that such copies are not to be made.

It should be noted that the names of the persons who are
interested in the subject of the letter of request, and the names
of the persons who are interested in the subject, are not to be
made. This is a request for the names of the persons who are
interested in the subject of the letter of request, and the names
of the persons who are interested in the subject.

Persons and Organizations are the subject of the letter of request,
and it should be understood that such copies are not to be made.

I hereby list the names of the persons who are

and it should be understood that such copies are not to be made.

Persons and Organizations

Persons and Organizations are the subject of the letter of request,
and it should be understood that such copies are not to be made.

Accessions for the month totaled 88, including 17 books, 27 pamphlets, and 44 periodicals.

The more important books received are:

Booth, Ernest S. - Birds of the West, Stanford University Press, 1950

Joseph, Alice and R. B. Spicer and Jane Cheney - The Desert People, University of Chicago Press, 1949

Reichard, Gladys A. - Navaho Religion (2 volumes), Bollingen Series XVIII, Pantheon Press, 1950

Riddle, Kenyon - Records and Maps of the Old Santa Fe Trail, Ranton Range Press, Raton, N.M., 1949

Rogerstrom, Kenneth - Erosion Studies at Paracutin, State of Michoacan, Mexico, U.S. Geological Survey, Bulletin 965-A, Washington, 1950

Southwestern Monuments Association

All 99 galley proofs on the Cummings Volume were read, sent to the authors, revised with authors' comments, and returned to the printer. In addition, the first 70 page proofs were read, revised, and returned.

Apparently the book will be about 325 pages and will be ready well in advance of the presentation date, September 20.

It was tentatively decided late in the month to display book lists at field areas instead of business reply cards. This will bring us only "live" names; and, although it will decrease our gross mail sales somewhat, it will result in tremendously increased net gain.

The new sales postcards for Organ Pipe Cactus were received and found to be excellent, as was the set delivered a few months ago to Saguaro.

The photo editor of the Saturday Evening Post wired us for large color transparencies of the Dinosaur area. This request was referred to Rocky Mountain and to Region Two.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Two letters were written to the executive secretaries of other Associations who queried us about our mailing list and membership system.

One letter went to a historian asking him to expedite preparation of a chronolog for Tumacacori so that plans can be made to publish a book of articles about the Mission.

During the month of June two deposits and one disbursement, plus a few checks every day due to our fiscal yearend being June 30th, were made by Treasurer Vedder. The number of covers mailed was 206, including 54 letters and 52 purchase orders.

Eight and one half hours were spent on reading proof with the Executive Secretary on the Cummings Volume. The rest of the time was spent on posting to the warehouse cards from the quarterly inventory turn-ins from the monuments, posting in the journals, and figuring the royalty accounts to June 30th and other special accounts that have to be closed out by June 30th.

Barbara Vedder worked 24 hours, addressing envelopes on the addressograph machine, stuffing and filing cards. We sent out a mailing of 980 to libraries. This was a test mailing of a library list obtained from a book.

Visitors

Archeologists Art White, Lloyd Abel, Ned Spicer, Gus Pope; Ethnologist Al Whiting; Supts. Cook, McNeil, Binnewies; Seasonal rangers Winger, Turney.

Projects for July

King probably will visit the Flagstaff and Verde valley monuments about July 1 and take a week's annual leave in southern Arizona, returning to the office July 13.

Steen will leave for Canyon de Chelly about July 13. He will continue work on Tse-ta'a site.

NATIONAL PARK SERVICE
Southwestern National Monuments
Box 1728
Santa Fe, New Mexico

August 2, 1950

Memorandum

To: General Superintendent
From: Naturalist
Subject: Narrative report for interpretive work in the Southwestern National Monuments for July 1950

Naturalist Dale S. King was on annual leave until July 18, visited Bandelier July 18, and Capulin Mountain July 27 and 28.

Archeologist Steen left July 19 for Canyon de Chelly.

Interpretive Administration

A radio script on the history of Jerome, Arizona, was retyped for distribution to Verde Valley Monuments.

Steen reviewed an article on Wupatki and King one on Walnut Canyon, both by Johns H. Harrington.

A memorandum was written to the Washington Office asking the status of approval on statements of significance on Bandelier and Aztec Ruins.

Progress of Exhibit Plans and Projects

The illustrated trail booklet for Nalakihi-Citadel at Wupatki was finished and turned over to the printer July 21. John Moseley very kindly designed the cover.

The booklet for the Sycamore Trail at Montezuma Castle was in press at the end of the month. Both this and the above mentioned booklet are being published by the Southwestern Monuments Association.

The [illegible]

Artist Paul Gese, who is doing a series of 13 restoration paintings on prehistoric pueblo life for Arizona Highways Magazine, took a series of photographs at Mesa Verde, Aztec and Bandelier and came to Santa Fe on July 17. He is being furnished space in the basement and at the end of the month had practically completed a painting of the interior of the Great Kiva at Aztec Ruins as well as preliminary color sketches on several other paintings. It is hoped some of these paintings can be obtained for museum exhibits, and that they can be reproduced as color post cards for sale through the Southwestern Monuments Association. Such a series has not been accomplished by any artist before and it is expected it will give graphic interpretation impossible to obtain by any other means, except by very expensive dioramas. Subjects covered are Mesa Verde, Bandelier, Aztec, Chaco, and the nine Arizona archeological monuments.

King walked the Crater Rim Trail at Capulin Mountain with Ranger Homer Farr and took notes which will result in a self-guiding trail leaflet for that area. It was a pleasure to work with Mr. Farr who is our much esteemed "oldest timer" in the Southwestern Monument outfit.

Accessions -- Other Than Library

Although the Naturalist .103 funds were exhausted long ago, we were lucky enough to participate in spending a little extra cash available at the end of the fiscal year. The following needed items were obtained: 3 slide projectors, 3 LeRoy lettering sets, 1300 angle tab file folders, 12 steel sectional book cases, 200 color slide metal mounts, and a Shopsmith.

Research and Observations

Steen wrote a memorandum for Historian Ronnie Lee in an attempt to further the publication of Archeologist Vivian's paper on the painted wooden artifacts found at Chetro Kettle during stabilization activities.

Steen forwarded a request from El Morro for master rolls of early Army Southwestern units from the War Department archives.

Superintendent Brewer obtained the loan of valuable 1909 photographic negatives of Navajo and Rainbow Bridge and they were duplicated for the file at Navajo and here.

Additional enlargements were made of the archeological survey negatives by Archeologist David De Harport who is making, under permit, a survey of Canyon de Chelly.

The field was circularized to loan maiolica pottery to Dr. John H. Oeggin, University of Florida, who is making a special study.

Loan Library

New book cases were added to our storage space, necessitating a major shift of about 15 other sections. This additional space will probably be sufficient for two more years.

Accessions for the month totaled 108, including 6 books, 53 pamphlets, and 49 periodicals.

The more important books received are:

Kolb, Ellsworth L. - Through the Grand Canyon from Wyoming to Mexico, The Macmillan Company, 1914.

Kroeber, A. L. and Gifford, E. W. - World Renewal, University of California Press, 1949.

Riddle, Kenyon - Records and Maps of the Old Santa Fe Trail, Privately published, 1949.

Muench, Joyce and Josef - Grand Canyon, Hastings House, 1950.

Babington, S. H. - Navajos, Gods, and Tom-Toms, Greenberg, 1950.

LaRue, E. D. - Water Power and Flood Control of Colorado River Below Green River, Utah, Government Printing Office, 1925.

Southwestern Monuments Association

As mentioned below in Treasurer Vedder's report, our gross income for the fiscal year ending July 30 exceeded \$20,000. We have almost septupled ourselves in the last five years.

King completed page proof correction on the Cummings Volume through page 188.

Additional information was obtained from the following sources:

John H. Johnson, University of Illinois, was in contact with the

As mentioned before in the previous section, the purpose of this section is to provide a summary of the results of the analysis of the data for the three different cases. The results are presented in the following table:

THIS DOCUMENT CONTAINS NEITHER RECOMMENDATIONS NOR
CONCLUSIONS OF THE NATIONAL BUREAU OF STANDARDS
AND SHOULD NOT BE USED TO PROMOTE OR REJECT ANY
SPECIFIC PRODUCT, PROCESS, OR SERVICE.

Since the last monthly report two deposits and one disbursement were made by Treasurer Vedder. The number of covers mailed was 181, including 86 letters and 59 purchase orders.

This month the Treasurer had the pleasure of taking his second trip in the field since his connection with the Association. He, his wife, and the Executive Secretary stayed at Walnut Canyon National Monument. Besides seeing Walnut Canyon, they visited Sunset Crater, Wupatki, Montezuma Vell, Montezuma Castle, and Tuzigoot National Monuments. One night was spent at Clarkdale exploring other sights. Much was derived from seeing these areas, meeting those associated with the Southwestern National Monuments, and learning the importance of the nature trail pamphlets. He hopes other such trips will be possible in the near future.

Much time has been spent on doing the quarterly inventory turn-ins, trying to collect from slow paying customers, and taking care of the regular mail. All spare time has been spent in connection with the fiscal year-end work, as making an inventory of headquarter stock; figuring the year's gross income, which has now reached \$20,000 (an increase of about \$5,000); doing the accounts payable list; and making a list of bad debts to write off.

Barbara Vedder also worked one day running off the list of our live names on a tape, which is now in a safe. Thus, in case of a fire, we shall not lose these valuable names.

Visitors

Archeologists Malcomb Bull, David De Harport, Frederick Sleight.

Ruins Stabilization

Steen adjusted stabilization balances for various areas at the end of the year and worked up a program for stabilization activities in 1951. He also wrote a memorandum to the Washington Office suggesting experiments with the radio frequency baking of adobe and caliche walls.

Aid to the Administrator

Steen served as Acting General Superintendent July 12-14 and King July 19-21

with the 100th and 101st Airborne Divisions and the 102nd Airborne Division. The 100th and 101st Airborne Divisions were the first to land on D-Day, and the 102nd Airborne Division landed on the second day of the invasion.

This month the Commission had the pleasure of holding its second public hearing on the subject of the proposed amendments to the National Labor Relations Act. The hearing was held on the 14th day of the month at the Commission's headquarters in Washington, D. C. The hearing was held in the Commission's hearing room, which is a large room on the second floor of the Commission's building. The hearing was held in the presence of the Commission's staff, the public, and the representatives of the labor and management communities. The hearing was held in the presence of the Commission's staff, the public, and the representatives of the labor and management communities. The hearing was held in the presence of the Commission's staff, the public, and the representatives of the labor and management communities.

1. The first of these is the fact that the Government has been unable to secure the necessary funds to carry out its policy of non-interference in the internal affairs of other countries. This is due to the fact that the Government has been unable to secure the necessary funds to carry out its policy of non-interference in the internal affairs of other countries.

By order of the Court, I have signed and caused to be signed the following order of the Court, to be entered in the records of the Court.

APPROVED FOR DISTRIBUTION

(SGN) JOHN M. DAVIS

General Superintendent

Copy to: Mr. Dodge (3)
Mr. Davis for distribution (2) —

10/10/1918

Attest my hand and seal of office this 10th day of October 1918.

Chief,

It is the duty of the Chief of the Bureau of Investigation to see that the laws of the United States are faithfully executed, and that the public interest is protected. In the performance of this duty, the Chief is authorized to employ such persons as he may deem necessary, and to pay them such salaries as he may deem proper.

(SIGNED)

John W. Davis
Attorney General

Very truly yours,

(Sgd.) JOHN W. DAVIS

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
ARCHES NATIONAL MONUMENT
MOAB, UTAH

August 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of August, 1950

WEATHER: Hot and dry.

TRAVEL: A total of 3584 visitors entered the monument in 1120 cars from 40 states, the District of Columbia, Hawaii and four foreign countries. This is an increase of 77 % over the same period last year.

INTERPRETIVE SERVICE: Total contact time amounted to 201 hours, in which 1908 visitors were given information about the area. Twelve guided tours were made with a total attendance of 92 people. Six letters inquiry were answered.

INTERPRETIVE DEVICES: The draft of our nature trail leaflet has been submitted to the Regional Office for approval, editing and printing and as soon as it is returned our trail will be put in operation. The Wayside Exhibit structure has been erected and the plaques will be placed when glass to cover them is obtained.

ROADS: Approach road #93 is still a rough go, but all monument roads, inspite of the very dry weather, are in good condition.

SURVEYS: Mr. horace Miller and Mr. M. C. Davis, BPR, arrived, much to our surprise, on August 21 to start the long awaited road survey which will include nine miles of Route #1, from headquarters to the junction of Route #2(Balanced Rock) and the 2.9 miles on Route #2, spur to the Windows Section. Mr. Charles Carter arrived August 23 to work with Mr. Miller & Mr. Davis. On August 24 the original line was inspected by Messrs. Miller, Carter, Worthington & Wilson. Mr. Miller and Mr. Davis left the evening of the 24th. for their Ogden Office, but will return August 28th. to begin the actual survey. We realize that there will probably be a long wait between this survey and the actual construction, but are greatly encouraged by this initial step toward the road improvement program at Arches.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
ANGEL'S NATIONAL MONUMENT
MOAB, UTAH

August 22, 1920

Memorandum

To: General Inspection

From: Superintendent, Moab

Subject: Supply Inventory Report for the month of August, 1920

DATE: Aug 22, 1920

REMARKS: A check of stock on hand showed the inventory to be correct from all sources, the balance of Columbia, Moab and Park Service supplies. This is an increase of 17.5 over the same time last year.

INVENTORY REPORT: Total supply stock amounted to 100,000 lbs. of food and other supplies. The inventory was taken by the Superintendent and the results are as follows: 100,000 lbs. of food, 10,000 lbs. of other supplies. The inventory was taken on August 22, 1920.

INVENTORY REPORT: The results of the inventory show that the stock is sufficient for the present. The inventory was taken by the Superintendent and the results are as follows: 100,000 lbs. of food, 10,000 lbs. of other supplies. The inventory was taken on August 22, 1920.

REMARKS: Approved and this is a true and correct statement of the inventory of the supplies on hand, and is true and correct.

SUBJECT: The inventory of supplies on hand at the Moab, Utah, National Monument is as follows: 100,000 lbs. of food, 10,000 lbs. of other supplies. The inventory was taken by the Superintendent and the results are as follows: 100,000 lbs. of food, 10,000 lbs. of other supplies. The inventory was taken on August 22, 1920.

INSPECTIONS: Mr. Ben Breeze, Chief, Major Roads Branch and Mr. Charles Carter spent August 2 in the area. Mr. Sam Hendricks and Mr. Tom Moran spent a few hours of July 31 inspecting our road maintenance. Before leaving for Mesa Verde Charlie Cater inspected a proposed loop trail from Landscape Arch.

PERSONNEL: Ranger Worthington was called to Nephi, Utah on urgent personal business August 9 and returned August 13, taking five days annual leave.

NOTED VISITORS: Mr. & Mrs. Devereux Butcher and son spent a full day in the area.

WATER SYSTEM: On August 5 & 6 a representative of Utility Engineers Inc. Salt Lake City, made an inspection for the repair and installation of a Peerless Pump in our water system and a report has just been received on the cost.

COMPLAINTS: A complaint has just been received via the Regional Office from Mr. O. G. Tanner who apparently finds the NPS definitely not up to par. A complete report of services rendered Mr. Tanner will be submitted to the Regional Office, in duplicate, and I hope the extra copy will find it's way to Mr. Tanner.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NATIONAL PARK SERVICE
AZTEC RUINS NATIONAL MONUMENT

AZTEC, NEW MEXICO

24 August 1950

Memorandum

To: General Superintendent
From: Superintendent Aztec Ruins
Subject: Superintendent's Monthly Narrative Report, 1ml

WEATHER: Generally dry, clear days, but with moderate temperatures. The best of weather for travel and visitation.

NEW CONSTRUCTION: Bids have been let for materials to complete the residence landscaping, which it is hoped will be completed by the close of September.

MAINTENANCE: The museum-administration building roof repair was completed. The drainage ditch which carries away subsurface water from the ruins was flushed again this month. The drainage system continues to operate perfectly.

INTERPRETATIVE SERVICE: There were 3,955 visitors shown thru the museum in 454 parties while 3,100 of these were conducted in 270 trips thru the ruins.

RUINS STABILIZATION: This work continues under the direction of Raymond Rixey and appears to be about 2/3 completed. His special report is attached.

INCREASE IN TRAVEL: The same trend continues with an approximate increase of 14% over August last year. We have had 3,955 visitors in 1,102 cars from 46 states, DC, Hawaii, Brit. West Africa, Canada, Chile, Cuba, England, Denmark, France.

PERSONNEL: Albert Utton EOD vice Cal Bassett as maintenance man, on the 3rd. Ranger Tom Onstott is off on military leave from 8/12-27/50 incl.

WILD LIFE: Rodent control by poison grain is being carried on in the ruins structures.

Visitors: W.J. Trustwell, Atty. USIS with his wife and J.F. Canan were in with T. A. Mead, District Commissioner of the Gold Coast Area Brit. West Africa on the 6th. Dr. Earl H. Morris and daughter were in the 19th. Brian Heddy, British Consul at Denver with his son Julian were in the 23rd with a friend, Peter Stephens First Sec., Brit Embassy Wash. D.C.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

August 28, 1950

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Monthly Narrative Report for August, 1950

Weather

The rains that started in July continued on through most of August and accounted for 1.20 inches of moisture. Measurable amounts of rain fell on nine days with traces on five additional days.

There were only a few hot days and the nights were generally cool during the month. Temperatures ranged from 95 on the 10th to 42 degrees on the 27th.

Special Activities

A two day inspection was made of the Capulin Canyon section of the Monument and included the Stone Lions and Yapashi ruin.

Two trips were made to Los Alamos, by the Superintendent, to confer with the General Accounting Office auditors who are making an audit of the Pajarito Canyon Lodge records.

Inspections

General Superintendent Davis made an inspection of the area on July 30. We were pleased to have him see the difference between travel on Sunday and week days and the crowded conditions of the campground.

Regional Archeologist Reed brought Professor Burrows, University of Washington, out for a short visit and inspection of the excavation of Rainbow House on the 15th.

Complaints

A verbal complaint was made to the Regional Naturalist by Mr. O. G. Tanner of Tulsa, Oklahoma on the weedy appearance of the administration building. In the reply it was pointed out that native vegetation has been allowed to grow around the building without much control in order to preserve a more natural appearance.

Maintenance

The tops on ten tables in the picnic area were repaired or replaced by the maintenanceman.

The administration building comfort station was repainted with rubber emulsion base paint.

The sewer spray system was repaired and placed in good working order as recommended by the U. S. Public Health Service.

Two sets of light were constructed and installed along the walks to the Lodge cabins to provide illumination for dark steps.

New Construction

Operator General Wendland returned to duty from four weeks sick leave on the 7th, and work was resumed on the construction of the trail bridges. The logs for the bridge railings were cut, peeled, and hauled to the bridge locations.

Concession

Frijoles Canyon Lodge reported better business this month than for the same period last year. There were 305 guests compared to 274 and 503 lodgings compared to 495 for August, 1949. The dining room and saddle horse business continued better than last year.

Adams State College Field School

The Archeological Field School from Adams State College completed their summers work on the 16th. Most of the time this season was spent on the excavation of Rainbow House with some additional excavating on a small ruin in Water Canyon and a cave room in the Otowi Section. A total of nineteen rooms have now been completed in Rainbow House.

Due to a change of administration at Adams State it is very likely that this is the last year that they will have the field

REPORT OF THE
COMMISSIONER OF THE
BUREAU OF THE
LAND OFFICE

General

A general description was made of the general condition of the land in the State of Texas, and of the progress of the survey of the public lands. It was found that the land in the State of Texas is generally well adapted for agriculture, and that the progress of the survey of the public lands is well advanced.

Relief

The land in the State of Texas is generally well adapted for agriculture, and the progress of the survey of the public lands is well advanced.

school. Arrangements were made to continue the work on Rainbow House with regional archeological funds.

Interpretive Service

A total of 5042 persons were conducted through the ruins on 192 trips. This is the greatest number of persons for one month in the history of the Monument. Many of the tours had over 100 people which is too large a group for one person to conduct effectively.

A total of 1088 persons attended 31 evening talks.

Travel

Although we expected a leveling off of travel this month, due in part to the international situation, it continued to increase and all previous travel records were broken. There were 9354 visitors this month compared with the previous high of 7828 for June of this year and 6711 for August, 1949. The total for the travel year is now 40,833 which is 6,512 more than for the entire travel year of 1949.

The most travel for a single day occurred on Sunday, August 20, when 1092 visitors were checked into the area.

Visitors.

Visitors of note this month included Mr. and Mrs. Huegy, Highland, Illinois. Mr. Huegy is a relative of Adolph Bandelier.

Seven regional directors of the Soil Conservation Service visited Bandelier on the 6th.

Mrs. J. B. Smith, Los Angeles, California. Mrs. Smith is on the advisory board for parks in California.

150 members of the Odd Fellows lodges of Los Alamos and Santa Fe held a picnic in the campground on the 13th.

Mr. and Mrs. O. G. Tanner, Tulsa, Oklahoma.

General and Mrs. Bunker, Kirtland Field, Albuquerque, New Mexico.

Mr. John Adair, author of Navajo and Pueblo Silversmithing.

school, attendance was made in October and was in October.

Intermittent

A total of 1000 persons were admitted during the year on 100 trips. This is the greatest number of persons for any year in the history of the hospital. Many of the persons were from the people which is the largest group for any person in history.

A total of 1000 persons were admitted during the year.

Travel

There was an increase in traveling out of the hospital during the year. In part to the hospital's efforts, it was found that the number of persons traveling was increased. There were 1000 persons traveling with the hospital during the year. The total number of persons traveling was 1000. The total number of persons traveling was 1000.

The total number of persons traveling was 1000. The total number of persons traveling was 1000.

Religion

There was an increase in the number of persons traveling during the year. The total number of persons traveling was 1000.

There was an increase in the number of persons traveling during the year. The total number of persons traveling was 1000.

There were also visitors from France, Belgium, Germany, Denmark, Scotland, Sweden, England, Canada, Norway, and Hawaii.

Ranger Service

Limited protection patrols were made in the Otowi section of the Monument and a number of visitors were contacted who were collecting pottery sherds. They were informed of regulations and required to leave the sherds where they had been found.

Forest Fire Control

The fire danger remained low and moderate during most of the month but moved into the high bracket toward the end. No fires occurred in the Monument but one lightning fire was started on A. L. C. land about 1/2 mile from the north boundary. It was discovered by Ranger Keefe and suppressed by the Los Alamos fire department.

Fire Control Aid Williams was terminated on the 20th and Harry Venn on the 27th.

Insect and Tree Diseases

A large pine tree at the upper end of the campground was found to be infested with pine beetles and it was cut to prevent their spread. The tree was completely dead and will furnish a good supply of wood for the campground.

The tent caterpillars that were not reached with the DDT spray started coming out of their webs by the end of the month and will be a nuisance for a while.

**Canyon de Chelly National Monument
Chino, Arizona.**

August 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Report of Activities at Canyon de Chelly National Monument
during the month of August, 1950

Travel:

971 visitors in 278 cars arrived this month. Compared with 754 people for the corresponding period of 1949 this represents a considerable increase. Due to dry weather, resulting in poor canyon travel conditions, the two special cars operated by the Thunderbird Ranch have been quite busy. This month, also, brought an unusual number of campers, 452, staying from one to three days. Guide and contact service totaled 104 hours.

Weather:

Extremely dry and below normal precipitation - only one shower with .31 inches of moisture.

Roads, General:

The monument roads are in good condition. The approach roads, however, would be considered poor, due to dryness and heavy oil field equipment use.

Special Groups:

Bertha Dutton and 20 Senior Girl Scout Mobile Camp Members arrived on July 31, and 41 members of the Sierra Club visited on August 9. All were given personally conducted tours and lectures.

N.P.S. Visitors:

Erik Reed on August 10-11, and Gordon Vivian on 12-13; Also, Don McNeil, Mesa Verde Nat'l. Park; Art White, Montezuma Castle N.M., and Harold Brodrick from Petrified Forest N.M.

Noteworthy Visitors:

Mr. Eastburn R. Smith, Regional Adm., Bureau of Land Management, Albuquerque; Lee A. Dashner, of Budget; Lee Loverridge of Agriculture, and John Bennett of Interior. These gentlemen represent a Budget-Agricultural-Interior Task Force to further the study of the Land Management functions of the Federal Government. The entire party received personally conducted tours of both canyons.

Paul Coze, noted artist, spent several days in the canyon and made some paintings and took a number of pictures

First one, which was...
winning a race against

Canyon de Chelly National Monument
Chino, Arizona.

Can't. fn page-1

Archeology:

Archeologist Charley Steen arrived on July 25, and excavation of the Tse-Ta's site in de Chelly was started on the same date. Three Navajo laborers, later increased to five, were employed and are assisting with the work. Incidentally, Charley is putting on quite a show for the visiting public - from 10 to 40 stand around each day closely observing the progress of the excavation.

David DeHarport, working under the Peabody Museum permit, is continuing the process of checking sites in de Chelly, and adding new ones.

Miscellaneous:

German Police dog, belonging to tourist, killed one sheep belonging to Navajo living in canyon - cost to tourist \$25.00.

Bright attended two-weeks active duty training, August 6-19, with the 13th Armored Tank Division, Camp Cooke, California. The participant, a Vet of two wars, soon learned his lesson. That sort of activity is definitely cut-out for much younger men.

While the Sup't. was on military leave Ranger Morris was again called upon to help with the burial of an elderly, and very ripe, Navajo man. After preparing the corpse for burial and digging the grave, he then lowered the body, possessed with jewelry, and, of all things, a pants pocket containing much currency, into the ground. Nice find for some future archeologist.

General Maintenance:

Considerable maintenance and minor construction work has been accomplished during the month in spite of heavy visitor contact and interpretive duties.

A new and well constructed grease rack was built to facilitate the servicing of our automotive equipment.

By use of the grader a centralized parking area, for Government movable automotive equipment, was leveled-off in rear of the Administration Building. This arrangement removes vehicles from public view in front of headquarters to the rear where they are partially screened.

The weather station was partially rebuilt and moved to a more convenient location.

20 feet of old deteriorated leaky 3/4 inch water line was dug up and replaced with new pipe.

Everett W. Bright
Everett W. Bright, Sup't.

Section is Chief National Government
Chairs, Arizona.

Don't. In page-1

Technology:

Archaeologist Stanley Green arrived on July 25, and immediately of the
the site is in the vicinity of the same date. There have been
later increased to three were engaged and are assisting with the work. Incidentally,
Barley is putting on quite a show for the visiting public - from 10 to 12
want each day closely observing the progress of the excavation.

With objects, working under the tent, in continuing
in process of clearing sites in the field, and setting up camp.

Incident:

Several police dogs, belonging to a priest, killed one sheep belonging to
avoids living in camp - cost to priest \$2.00.

Dr. H. H. Henshaw, two weeks ago, July 25, with the
the first of the day, from the camp, California. The party, a lot of two
the, soon learned his lesson. That sort of activity is definitely out of the
anger was.

With the help of an on military leave, Henshaw was a bit called
him to help with the burial of an elderly, and very rich, man. After receiving
the corpse for burial and during the grave, he then lowered the body, surrounded with
money, and, of all things, a young point containing some money, into the ground.
The find for some time ago.

General Henshaw:

General Henshaw is returning and their conversation with him has been
about during the month in spite of heavy rain and unfavorable weather.

A new and well constructed grave tank was built to facilitate the
burying of an elderly man.

One of the other a small, but very rich, man, for some time ago
the grave tank, was found out in view of the unfavorable weather. The
the grave tank was found out in view of the unfavorable weather. The
the grave tank was found out in view of the unfavorable weather. The

The weather station was partially ruined and moved to a more convenient
location.

On the 27th of July, the weather station was moved to a more convenient
location with new type.

John W. Henshaw
General Henshaw, July 27.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

SOUTHWESTERN NATIONAL MONUMENTS

~~CAPULIN MOUNTAIN NATIONAL MONUMENT~~
COOLIDGE, ARIZONA

August 25, 1950

MEMORANDUM for the General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

There follows the narrative report for Capulin Mountain National Monument for the month of August, 1950:

Visitors: There were about 9,000 visitors to Capulin Mountain National Monument during the month of August, making a total of twenty four thousand visitors for the travel year and thirteen thousand two hundred for the fiscal year to date.

Weather: About six good local showers visited the area during the month, precipitation about five inches. Grasses and other vegetation have made a remarkable recovery after the long dry spell which ended July third. Whether or not the California rainmakers did any good for this country we do not know; however, we did get the moisture.

Flora and Fauna: The seventh year crop of the pinon nuts are shaping into form and we look forward to having many nut pickers in the park this fall. We had no gooseberries, currants or other fruit this season on account of the late frost. The wildlife is doing nicely, no change.

Roads and Trails: Heavy rains the fore part of this month washed out our road very badly and considerable work has been done in repair. We are still only about half way through the work. The men are working on the trail and we hope to have the trail in first class condition in about two weeks. This is the first time that the trails have been overhauled for about five years. More visitors have used the trails this summer than any previous summer.

Special: Highly colored rock have been hauled and dressed from around the foot of the mountain to the top and the wall around the turn around has been partly repaired, and it was necessary to haul the sand about twelve miles. The rock wall around the turn around is mostly finished, and we hope to complete it within a couple weeks. A brick colored bondex has been used in the coloring of the mason joints and looks very good. We are also using some iron sulphate but it has not proved to be exactly the right color.

August 25, 1950

MEMORANDUM for the General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico- - - - - 2

Special Visitors: Our old time friend Dale King was here during the month and with the ranger made a survey of the trail, and we hope to get the trail pamphlet into circulation before too many moons. Dale is quite thorough and we haven't as yet received an outline of the trail guide, but if it is anything like Dale planned it is going to induce most of our visitors to stay longer and we feel sure that it is going to be a success.

Pamphlets: About two thousand pamphlets have been distributed and we have about five thousand on hand.

Very respectfully,

Homer J. Farr
Ranger

REMARKS: (Please note below any factors influencing interpretive service, such as: Museum closed for repairs, "closed for season", "naturalist on sick leave", etc.)

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should ~~not~~ be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

August 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Casa Grande
Subject: Monthly Narrative Report for August 1950

General: The first early cotton has been picked and all indications are that this will be another good crop. The acute water shortage in this area has been relieved somewhat as a result of recent rains, but this will be only temporary. The desert is looking quite green and, due to the moisture, the creosote bushes have burst into bloom again.

Weather: We received a very welcome gift this month in the form of 2.55 inches of rain. One rain on the morning of August 18 provided 1.90 inches of this total. According to our rain gage, approximately 1/2 inch of rain fell during the first 7 or 8 minutes of the storm. Our residential area was covered with water over a foot in depth in some places. Our total rainfall for the year now amounts to 5.74 inches. The maximum temperature this month was 109 degrees, the low maximum was 84, and the minimum was 65.

Visitors: Travel for this month and travel year has continued above that for last year. Our travel figures are as follows:

	1950	1949
Visitors during August	1,864	1,630
Increase or decrease	+ 234	
Visitors for travel year	33,647	28,934
Increase or decrease	+ 4,713	

Interpretive Service: Of the 1,864 visitors to the area 903 made the trip to the ruins in 127 groups averaging 48.5 minutes per trip. There were 961 visitors who were here for only a short time and did not go to the ruins.

COOLIDGE, ARIZONA
CASA GRANDE NATIONAL MONUMENT

THE UNIVERSITY OF CHICAGO
CHICAGO, ILLINOIS

Visitors of Note:

August 2 - Dr. and Mrs. H. K. Gloyd. Dr. Gloyd is Director of the Chicago Academy of Sciences.

August 11 - Special group of 37 youngsters from the Coolidge Youth Council.

August 12 - American Friends Service Party of 17 young people.

August 23 - Mr. Alfred Whiting, formerly with the Museum of Northern Arizona.

Administration and Protection: Eleven requests for information were answered. The Adamsville site was inspected and no evidence of vandalism was observed.

Maintenance: The interior walls of the Administration building have been repainted with white Kentone. All green trim on baseboards and door frames etc. has been painted. The museum is now in good shape for our heavy travel in months to come. After the heavy rain in the early part of the month the ditches along the entrance road were dragged and small leaks in the roofs were repaired. The maintenance man is now spending considerable time on repair work in quarters 3-5. Cracks in ceilings and walls have been plastered and the woodwork is being repaired where needed.

Personnel: Mr. Hardies, our archeologist, has submitted his resignation effective as of August 27. We are expecting a replacement to fill this position in the immediate future. Superintendent Picknell returned from the hospital on July 30 and is now on sick leave. He is rapidly recuperating from his recent operation.

Research: One box of insect specimens were sent to the Division of Insect Identification at the U.S. National Museum for determination. A start has been made on bringing the library accessioning and cataloging up to date. In the course of this work many old and outdated publications were gathered together and placed in storage. As a result, we feel that our library is now a more valuable part of our interpretive facilities.

Leslie P. Ambarger,
Acting Superintendent.

Chaco Canyon National Monument
Bloomfield, New Mexico

August 31, 1950

Memorandum

To: General Superintendent

From: Acting Superintendent, Chaco Canyon

Subject: Monthly Narrative Report for August

The weather for August here at Chaco has been typical for this month: hot and muggy. There has been very little rain. Three recordable showers left .06 of ~~an~~ an inch of moisture for the month. The high was 96 degrees on August 31; the low ~~minimum~~ occurred on the 30th of the month: 44 degrees.

Travel is up again. There were 372 visitors to Chaco this month from 25 states and the Netherlands. 127 visitors used the camp ground for at least one night. This is a considerable increase over the same period last year when 65 people used the camp facilities. With camping on the increase the wood pile has really taken a beating.

The S&M seeding project is nearly completed with all of the greama and western wheat grass planted. The alkali sacaton and the sand dropseed are now being planted.

Chaco Canyon now has its radio ~~transmit~~ set up and will soon join the regular transmission schedule. The ~~rim~~ set was adjusted by a member of the H.L. Howie Prairie Trek group while that group was in the Canyon.

Some routine fence patrol and repair was done during this month.

The monthly report of the mobile Unit follows.

Chaco Canyon National Monument
Bloomfield, New Mexico

August 28, 1950

Memorandum

To: The Superintendent, Chaco Canyon
From: Archeologist Vivian
Subject: Monthly report of the Mobile Unit

The major effort this report period has been spent on the salvage of the triple-walled structure at the west side of Pueblo del Arroyo with some work being carried on during parts of the period at site Be-59 and within the unexcavated north part of del Arroyo proper. Working conditions have remained excellent but within the past two weeks we have again been having the squaw dance absentee while yesterday 5 of our delinquents were embroiled in a squabble at home from which 3 people were carried away in the ambulance. What happened to the others is still a question.

A brief account of this tri-walled excavation (?) will keep other field men from coming unwound with jealousy. It is a triple-walled structure 73 feet in diameter with 5 adjacent kivas, all attached to the west side of del Arroyo. It was partially excavated and widely trenched in 1926 and naturally there are no notes, plans or other literary remains of this work. Further, a good part of the central structure had been robbed of the facing stone in prehistoric times; the trimmed stone had simply been peeled away and the core of adobe and scrap rock left standing. It is these cores melted down and well consolidated by time that make up the extraordinarily hard fill. In all the work one whole vessel was recovered.

This was a vinegar bottle. It lay in a pile of approximately 1 cubic yard of sherds, many of them patched together. A note within the bottle stated the sherds came from the National Geographic Society Expedition to Pueblo Bonito 1921 - 1925. Portions of a restorable 5 gallon oil can came from another part of this salvage work.

Seriously though this is a very interesting structure and unique within the Chaco. From the material worked up so far (from rooms not previously dug) it appears to have been constructed within a short period of time in the late 1000's, been occupied only briefly and then razed

for the building stone very shortly after its abandonment. Material from the 5 adjacent kivas (one of which was also razed) has not been studied yet and this material may possibly alter the outline.

At present work on this tri-walled structure has stopped temporarily till all mapping, the photographic records, notes etc are complete and checked. Materials are being stockpiled and stabilization will resume within a week.

During this lull work has resumed on the north, unexcavated part of del Arroyo proper where standing wall in the area of Kiva L is being repaired. Cleanup of site Be-59 has also started within the past 2 weeks though no wall stabilization has been done there yet. It is being held till fall when the major job at del Arroyo nears completion.

Several man days were also spent on maintenance at Pueblo Bonito.

Leland Abel has completed assembling the aerial ^{mosaic} ~~mosaic~~ of the Chaco and has it mounted on a wall frame. It is 17 feet long and covers the Canyon for an approximate distance of 19.3 miles. Since there are no good maps of the area this should be an invaluable aid to any further archeological studies or surveys within the Monument.

Three trips have been made to check the work at Aztec Ruins under Ray Rixey and Leland Abel has made one further trip in connection with the photographic records.

Gordon Vivian
Archeologist

There is no doubt that the above information is correct and that the same is being furnished to the proper authorities for their consideration.

1. The first part of the document is a letter from the author to the reader, dated January 1944. The letter is written in a personal, conversational style and discusses the author's experiences during the war. The author mentions that he has been in the military since 1941 and that he has seen a lot of action. He also mentions that he has been in the hospital several times and that he has been in the front lines. The letter ends with a closing and a signature.

During this time, the Bureau was informed that the Bureau of the Federal Bureau of Investigation (FBI) was conducting an investigation into the activities of the Communist Party, USA, and that the Bureau was being requested to provide information regarding the activities of the Communist Party, USA, in the United States.

Special Agent in Charge, New York City

On the 1st of May 1944, the Central Intelligence Agency was established by Executive Order 9835, which provided for the creation of a new agency to coordinate and supervise the activities of the various intelligence agencies. The Central Intelligence Agency was created as a result of the National Security Act of 1949, which provided for the creation of a new agency to coordinate and supervise the activities of the various intelligence agencies. The Central Intelligence Agency was created as a result of the National Security Act of 1949, which provided for the creation of a new agency to coordinate and supervise the activities of the various intelligence agencies.

These figures show that more than half the population of the United States is now in the labor force. This is a significant increase from the 1950s when only about 40% of the population was in the labor force. The increase is due to a number of factors, including a decline in the birth rate, a decline in the death rate, and a decline in the rate of immigration.

TITLE Act. Supt.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR MIXING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

Chiricahua National Monument
Dos Cabezas, Arizona

August 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

Weather. The weather for August was pleasant with comfortable daytime temperatures and cool nights. Rainfall reached a reportable total of 4.33 inches. These rains, with one exception, were mild and caused no damage. It is to be noted that 1.98 inches of this total fall occurred during the closing days of July and were not included in that month's report.

The stream in Rhyolite Canyon reached the headquarters area on the morning of August 5 and has continued to flow strongly with pools of 2 to 3 foot depths.

Maintenance. When not engaged in Interpretation or in Protection activities, the Rangers completed several projects of particular note in August. Several new signs have been made including directional signs for the trail system and a sign for the entrance to the Nature Trail. The water storage tanks have been drained, cleaned and chlorinated, and a water sample returned with a satisfactory report. Trail maintenance work continued and the poison ivy has been grubbed from the picnic area, parking area, and museum vicinity. A new aerial to provide communication over frequency # 2770 was constructed and

erected. A drive was held to clean up those hard-to-get-at areas such as Mescal and Lookout Points.

Approaches to Monument. All approach roads to the Monument were in fair to good condition through August. Only one shower on the night of July 29 prevented travel on route 181 for a few hours on Sunday the 30th.

Interpretive Service. The Rangers conducted 1 auto trip and 4 hikes with a total of 42 visitors. In addition, 16 people made the unconduted walk on the Monument Nature Trail. A total of 1429 visitors in 320 parties were contacted in the museum. On the 14th, Ranger Gaynard gave a twenty minute talk to a Salvation Army group of 39 members.

Travel. A total of 1578 visitors was reached this month and represented a loss of 13% from July of 1950. However, with a travel year total to date of 15,488, a gain of 11% is recorded over the travel year total at this time in 1949. Campground use continues to be heavier than in past years. This travel year now totals 1384 extra visitor days on the campground which is an increase of 92% over that in 1949.

Visitors. Dr. Harold F. Enlows, Geologist from the University of Tulsa, Oklahoma, spent two weeks of August at Chiricahua. Dr. Enlows was Seasonal Ranger at the Monument in 1941 and 1942, at which time he undertook the project of making a detailed study of the geology of Chiricahua. He has now completed his field work and will submit a geologic report and map to the Superintendent. His services are deeply appreciated.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument

El Morro, New Mexico
August 23, 1950

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

This month has been very dry. We have not had a good rain in nearly two months. The pool is again getting low. We are hoping for a good rain, and hoping that we will not have to haul water. Although the total precipitation for the month was .23 of an inch, it fell in small hundredths of an inch at a time. The warmest was 88 degrees on the 17th and 22nd and the coolest was 59 degrees Fahrenheit on the 19th.

The east approach road, from Grants, was oiled from the Monument boundary nearly to the Ice Caves. The west approach road from Zuni and Gallup is really being rebuilt with heavy equipment. A great part of the road does not follow the old road, so is entirely new. Every day, lately, we have the lovely sound of heavy tractors working down near our northeast corner, and when we take parties around the rock, we can see the road crew at work.

The REA is not here yet. In Ramah yesterday, it was learned that the El Morro line is just one of many short lines in a contract about to be let for 217 miles.

August has been a busy month. We have had 757 visitors as compared to 713 a year ago. 41 camped overnight, and there were many picnic parties. Our largest day was Sunday, August 13, when we had 130 (This parenthetical bit may not belong in a monthly report, but is worthy of mention. We have only one rest room capable of caring for one person at a time. Every one using it must take his or her turn. On that day, there was a line outside nearly all day. At the end of the day, the superintendent looked in to see what a mess there would be to clean the next morning and it was spic and span!!!). We had 120 parties around the Rock, averaging one and one quarter hours, and 34 parties over the top of the mesa.

Our versatile ranger, Ed Ladd, won first prize with one of his paintings at the Gallup Inter-tribal Indian Ceremonial.

On August 3, Mr. Jos. Archuleta from California came into the Monument. He stated that he was a descendant of Juan de Archuleta whose name appeared on the Rock in 1636. He stated that he had the genealogy to prove it. We are corresponding with him regarding the matter. The next Sunday, G. R. Bloomfield, who left his name and date on the Rock in 1902, came by and showed us his name, and also gave us some information about himself.

The Girl Scouts, starting from Santa Fe, came by and camped here one night. Laura Gilpin, the photographer, was in one afternoon with Tony and Juanita from San Ildefonso Pueblo. Erik Reed was our only National Park Service visitor.

Some one, evidently going at a high rate of speed, hit our sign at the Tuni cutoff and broke the metal poles off short at the concrete. A new sign now replaces the old one. A replacement of signs was made at the Vogt Ranch. All of the other signs between here and the Tuni cutoff have been repainted. All of the floors and line out in residence number two have been refinished.

A copy of the approval of the option for purchasing land adjacent to the Monument has been received. This land contains a well. Large water will be assured by next winter.

Irving McNeil, Jr.
Superintendent

10. The above information was obtained from the files of the Bureau of the Census, Department of Commerce, and is being furnished to you for your information. It is not to be used for any other purpose without the express written consent of the Bureau of the Census.

There are, of course, many other factors that can influence the results of a study. For example, the way the data are collected and analyzed can have a significant impact on the findings. It is important to be aware of these potential biases and to take steps to minimize them.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Gran Quivira National Monument,
Gran Quivira, New Mexico

August 25, 1950

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira National Monument

Subject: Monthly Narrative Report for August, 1950

Weather. Conditions have been good all month. 2.46 inches of rain has helped the grasses and held the dust down, and warm sunny days have prevailed. Temperatures ranged from a mid-fifty degrees minimum to an average maximum of 85 degrees. It usually works out that we have an excessive dose of some type of weather every month, either too much dust, wind, heat or cold, but the elements got together and gave us a balanced diet this August resulting in a very pleasant month.

Approach Roads. The approach from Mountainair, Highway 10, was graded and regraded several times by the County blade and is in good condition. Roads to the South remain fair, rough in places. No action has been taken as yet by the State to complete the graveling of the six mile stretch east of the post office but it was bladed and open to traffic most of the month.

Communications. Lightning burned out a short strip of telephone line but this was repaired with only a days' tie up in communication service. An extra repeating coil was purchased by us to serve as a replacement in the event the present one gets an overcharge of current.

Maintenance. A clogged sewer line required a day's work and about the same length of time was needed to weld and replace the broken pump packing head on the deep well. Two large boundary signs were removed for painting and several cloth signs installed. The usual two days were spent on mission trail and cleanup and the entrance road received one leveling with the drag. Another picnic table and fireplace was added to our small campground.

Travel. This has been a good travel month with 457 persons viewing the mission. The increase over last year is only about 1 percent but we had a representation from about a third of the States.

Interpretive Services. Much of the time this month has been spent on contacting the visitor, with the maintenance and "chores" being done between parties. Mr. Kite has been drafted into guide service on my lieu days and has kept the exhibit room open. 371 persons in 80 parties were guided through the ruins for an average of 53 minutes per party. The self guiding trail trip was used by 86 persons.

REMARKS: (Please note below any factors influencing interpretive service, such as:
museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

August 26, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for August, 1950

Weather Conditions.

The dry weather still persists although clouds have formed in the vicinity almost every afternoon. Light showers have fallen frequently but I doubt if the entire precipitation for the month amounts to more than 0.25 inch. The weather station set up on the 23rd will enable us to record the rainfall more accurately next month.

The maximum temperature for August was 88 on August 15 and the minimum was 42 on the 18th.

Special Activities.

Slide talks were presented to the Mosca-Hooper-Moffat Service League on August 7 and to the Blanca Rotary Club on August 16.

A "busman's holiday" was taken on August 17 when I made a trip to Santa Fe on my day off to obtain information essential for the revision of the PCP proposal forms for the area.

Inspections.

Mr. Carlson and Mr. Lassiter visited the area on August 8. Particular attention was paid to the infestation of Black Hills and Ips beetles in the remaining standing trees and slash on the George White land where lumbering was carried on.

Status of Private Land.

A trip was made to Saguache on July 31 to examine the land records in order to bring our files up-to-date, particularly on the George White-George Ziegler transaction. I also talked to Howard

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
WASHINGTON, D. C.

August 22, 1932

Memorandum

To: General Superintendent, Yellowstone National Park

From: Superintendent, Grand Teton National Park

Subject: Superintendent's Report for August, 1932

Enclosed for the

The first section of the report deals with the work of the Grand Teton National Park during the month of August. It contains a summary of the work of the park and a list of the things that have been done. The second section of the report deals with the work of the park during the month of August. It contains a summary of the work of the park and a list of the things that have been done.

The second section of the report deals with the work of the park during the month of August. It contains a summary of the work of the park and a list of the things that have been done.

Respectfully,
Superintendent

This report was prepared in the Grand Teton National Park during the month of August, 1932.

The report is a summary of the work of the park during the month of August. It contains a list of the things that have been done and a summary of the work of the park.

Respectfully,
Superintendent

The report is a summary of the work of the park during the month of August. It contains a list of the things that have been done and a summary of the work of the park.

Respectfully,
Superintendent

The report is a summary of the work of the park during the month of August. It contains a list of the things that have been done and a summary of the work of the park.

Shockey about correcting his title to agree with the actual location of the land. He intends to do that this month.

The Luis Maria Baca Grant Ranch of 200,000 acres, adjoining the monument on the northwest corner, was sold this month to the Newhall Land & Farming Company of Sausalito, California for nearly \$2,000,000.

General Publicity.

Alameda County Chamber of Commerce Secretary Wilbur Foshay has proposed the Great Sand Dunes National Monument as a possible H-bomb site.

Approach Roads.

Alameda County has just completed more than a months work on the section of the approach road just east of the San Luis Lakes. The road was covered with adobe to eliminate the sandy holes and gravel from the ditches was then pulled over the top. This road is in the best shape that I have ever seen it--for the first time I can remember the monument road is the worst section that the visitor traverses.

Concessioner.

The drop in travel this month hit the saddle horse concessioner heavily and only a couple of pack trips up to the Sand Creek Lakes have kept him in business.

Co-operating Government Agencies.

The United States Weather Bureau has sent us equipment for the establishment of a climatological station. The equipment has already been set up and we are awaiting the arrival of the proper forms.

Research and Observations.

A mountain lion scared my horse through a 4 barbed-wire fence around the horse trap on July 31. Measurements of his tracks were recorded in the fact file.

A horseback patrol trip along the east boundary on August 10 resulted in eight records of a number of birds--particularly band-tailed pigeons--and five deer, two of whom were buck with antlers in the velvet.

Decrease in Travel

Travel decreased almost a third to 4233 visitors to continue

started in mid-July. Merchants in Alamosa report a similar drop in tourist trade although tire dealers have had a brisk business. The unsettled world situation is the only factor to which I can attribute such an alarming decrease.

Visitors.

Ranger Naturalist Harmon D. Maxon of Mesa Verde spent July 27th here. The most interesting group visiting the monument was a Lisle Fellowship group from Golden, Colorado where they have a summer camp. Students from Birmingham, England; Canton, China; and various parts of the United States were included. Another Louisiana State University geology field trip spent some time here.

Insects and Tree Diseases.

The infestation of Black Hills and Ips beetles which has followed the lumbering operation on the George White property was mentioned above under the inspection by Mr. Carlson and Mr. Lassiter. The sawmill, operated by Harold Parkhurst, was taken out on July 28th but a great deal of slash remains as breeding places for the beetles. It is hoped that Mr. Carlson will be able to return sometime this fall to make a survey of the infestation.

Library

Supt. Al Nicknell has collected together copies of all the old Southwestern National Monuments reports for our library. I consider these to be a valuable addition as a great deal of worthwhile information is hidden away in them. Thank you, Al!

Other books added to the library during the month were Peterson's A Field Guide to Western Birds, Chalan's Manuals of North America, and Peckham's Meet the Natives.

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

August 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, August 1950

Special Activities: A part of August 4, was spent in conference with Mr. Davis and Mr. Castellum concerning Monument matters. This conference proved most satisfactory and several problems regarding administration and fiscal procedure which would have taken much time consuming procedure were cleared up.

On August 7, a trip was made, on personal time, to Flagstaff and Happy Jack Lumber Camp to confer with Forest Service officials in an effort to acquire a piece of land for holding a Lions Club sponsored rodeo. This trip proved fruitful and a Special Use Permit was issued to the Club for use of forest lands located a mile north of Camp Verde.

The Superintendent was guest speaker on August 16, at the Clarkdale Kiwani Club luncheon. He spoke on the history of the National Park Service and the part that Montezuma Castle plays in the System.

On August 17, the Superintendent and Ranger made a trip to Tonto for the purpose of returning the old Chevrolet pickup which had been replaced by a new Dodge. It is felt that this pickup is superior to our present equipment and that a few dollars will place it in good running shape.

On August 23-25, Archeologist White represented the Monument at the Pecos Conference held at Flagstaff.

Weather: Weather has been somewhat cool for the month of August. This was caused by frequent showers which totalled 1.8 inches of precipitation. Maximum temperature for the month was 108 degrees; nights for the most part have remained cool.

Travel: Travel this month broke all existing records when 4,831 people in 1,330 cars came to the Castle and 1,660 people in 506 cars saw the Well. This makes a total of 6,277 people for the month

Page 2:

which is an increase of 214 people over August of last year.

Interpretation: Another record was shattered this month when 1,990 people in 257 groups were conducted through the Castle. Children and school groups made up a large per cent of the parties. In addition to those climbing the ladders, about 3,000 visitors used the Sycamore Trail and 4,500 saw the museum. At the Well, 1,660 visitors hiked the Nature Trail and 522 visited the museum.

The new Sycamore Trail booklets arrived from the printers and were placed in service the middle of the month. A stand to hold these booklets was constructed and placed near the present registering stand. This booklet is proving very popular and sales are running about thirty per day.

Visitors: On July 29, Superintendent King and family from Saguaro.

On August 4, John Davis and Luis Gastelum from Region.

On August 6, twenty members of the California Sierra Club spent the night in the campground.

On August 13, Archeologist Schroeder and family from Lake Mead.

On August 15, thirty-five children from the Foxboro Camp in upper Oak Creek.

On August 21, forty students from Camp Geronimo near Payson paid their annual visit.

During the month, many smaller groups of Boy Scouts etc.

Roads & Trails: A laborer was hired for two days to repair the Castle trail and campground road which were damaged by summer rains.

Personnel: On August 3, a son, James Michael, was born in the Cottonwood hospital to Ranger and Mrs. Clancy. All are doing well.

Jack McCracken from Camp Verde entered on duty as Seasonal Ranger. He replaced Sydney Jameson who left August 26 for Casa Grande.

Superintendent Cook was on sick leave through August 22-25.

In addition to those climbing the ladders, about 3,000 visitors used the Sycamore Trail and 4,500 saw the museum. At the Well, 1,660 visitors hiked the Nature Trail and 522 visited the museum.

The new Sycamore Trail booklets arrived from the printers and were placed in service the middle of the month. A stand to hold these booklets was constructed and placed near the present registering stand. This booklet is proving very popular and sales are running about thirty per day.

Visitors: On July 29, Superintendent King and family from Saguaro.

On August 4, Sohn Davis and Luis Castellum from Region.

On August 6, twenty members of the California Sierra Club spent the night in the campground.

On August 13, Archeologist Schroeder and family from Lake Mead.

On August 15, thirty-five children from the Foxboro Camp in upper Oak Creek.

On August 21, forty students from Camp Geronimo near Payson paid their annual visit.

During the month, many smaller groups of Boy Scouts etc.

Roads & Trails: A laborer was hired for two days to repair the Castle trail and campground road which were damaged by summer rains.

Personnel: On August 3, a son, James Michael, was born in the Cottonwood hospital to Ranger and Mrs. Clancy. All are doing well.

Jack McCracken from Camp Verde entered on duty as Seasonal Ranger. He replaced Sydney Jameson who left August 26 for Casa Grande.

Superintendent Cook was on sick leave through August 22-25.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NATIONAL PARK SERVICE

Natural Bridges National Monument
Moab, Utah

August 28, 1950

Memorandum

To: General Superintendent
From: Acting Superintendent, Natural Bridges
Subject: Monthly Narrative Report for the month of August, 1950

WEATHER: Hot & Dry.

TRAVEL: With dry, passable roads travel for August shows an increase of 64 % over July of this year and comes within 20 visitors of August last year which was a record count. A total of 487 people visited the area in 143 cars. The Campground was used by 80 people in 14 parties.

INTERPRETIVE SERVICES: Total contact time amounted to 95 hours in which 373 visitors were given information about the area. Two guided tours were made to all three bridges with a total attendance of 28. Twenty-four of this total were with the Prairie Trek, from St. Louis.

INSPECTIONS & TRAILS: Acting Superintendent Wilson spent August 10 & 11 in the area on an inspection trip and assisting in the placing of two 28 ft. and one 26 ft. ladders on the Kachina Trail. The new trail to Kachina will be completed next month and will cut the mileage to this Bridge from $1\frac{1}{2}$ mile to $\frac{1}{2}$ mile. It is a spectacular trail and Ranger Redd has done an excellent job on the construction of the ladders. They even look safe.

SIGNS: The arrow on the sign at the junction of the mine road was changed. "See The" was removed from the sign at the junction of the Hite and Monument entrance road. Two new directional signs were placed on the trail at Owachona Bridge. A register box was placed at the head of the Kachina Bridge Trail with a "Please Register" sign.

GENERAL: A fireplace stove was installed at the Campground and the visitor's reaction to its use is being noted. A coat of paint was applied to the cab of the weapons carrier and it now has the appearance of a more respectable "Chick Sales on Wheels".

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Navajo National Monument
Tusalea, Arizona

August 26, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Navajo

Subject: Report 1-1, August 1950

Visitation and Interpretation: A record August with 71 cars carrying 218 visitors; 70 people in 19 parties hired to Detritan, 14 in 3 parties by horseback to West Mesa, 90 were satisfied to view Detritan from the canyon rim. The Sierra Club of California and Oldwater's Young group from Phoenix were responsible for approximately one third of the visitors.

Weather: Temperatures reached a high of 88° and a low of 46°. Only .11 of an inch of moisture fell during this report period.

Visitors: Ranger Art White from Montezuma Well, Capt. Brower and family and Mrs. Leichert of Flagstaff, Capt. Hastings, wife and daughter from Walnut Canyon, R. L. King, seasonal ranger, Grand Canyon, seasonal rangers Bradley, Hor, and Bryant of Mesa Verde, seasonal Ranger Lockman and wife of Walnut Canyon, General Capt. John Davis and Administrative Officer Castellum of Fort Huachuca, Albert Young and Capt. Allan Warner of the Indian Agency at Window Rock, Artist Paul Wize, Bertha Sutton, Santa Fe, New Mexico.

Roads and Trails: Several days of labor went into the repair of the culvert located in Alotia valley. Unless we have an exceptionally hard rain, the stone handrails and fill should be quite adequate.

Inspections: General Superintendent Davis and Administrative Officer Castellum were in on the 7th. This was his first visit to Navajo.

New Construction: Funds, plans and specifications were received for the addition to residence no. 1. Work will be closed August 20. Work has begun on the project to the extent of quarrying approximately 30 yd. of building stone and moving it to the construction site. The sand and stone for the addition is to be furnished on the site by the Service.

General: The jeep has arrived and it certainly can be used to a good advantage. Near Hastings, of Walnut, was generous enough to drive it to Navajo from Flagstaff.

A trip was made to Rainbow Lodge, Navajo Mountain and Inscription House Trading Post.

Two days were spent painting and stamping monument hand tools and equipment.

Personnel: An item which should have been reported last month: a son, John Paul, was born to Donald Langer and Mrs. Betty Langer, July 11, 1960.

NATIONAL PARK SERVICE

ORGAN PIPE CACTUS NATIONAL MONUMENT

P. O. Box 38, Ajo, Arizona

August 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Organ Pipe Cactus
Subject: Superintendent's Monthly Narrative Report for August, 1950

Weather

Most days have been over 100 with a high of 109 on the 9th and 17th. The low of 64 for night temperatures was on the 16th. A light rain of .06 inches fell on the 18th. Other spotted rains fell over the area but were not recordable at headquarters. Frequent electrical storms have occurred this month.

Special Activities

The Superintendent was principal speaker for the 4th Girl's Bend Lion's Club Ladies Night Banquet the 23rd. Approximately 100 people attended including Mrs. Superbaugh and Ranger and Mrs. Steele.

Maintenance

On August 11 the pumping system had to be pulled for repair due to a stuck check valve. Again on the 21st further repair of the same nature was required. With these small facilities and their frequent trouble it is a struggle to keep ample water on hand.

Routine road maintenance continued the first part of the report period.

Cooperating Governmental Agencies

Another road construction project has been started by the Bureau of Animal Industry. They are locating a patrol road on the neutral strip of the International Boundary between Dowling Well and Quitovaquito.

Journal of Interpersonal Violence

[illegible]

... ..

Research and Observations

W. Taylor Marshall again honored us with a brief visit and gave further assistance in cactus identification. Records are added to our long list almost monthly. Marshall was accompanied by his assistant, Jim Blacely.

Travel

This month's travel decrease can partially be contributed to the heat and almost a week of blocked roads in Mexico, due to floods. All interested visitors, however, were well paid with a nice display of fall annals along the highway.

Personnel

Maintenance-man Guinn left on leave the 7th and will return about the first.

Superintendent Supermaugh will be on leave through September.

Accidents

Two minor wrecks occurred on the road during the month with little property damage. This being the shut-down period at the mine, there will, no doubt, be more to come.

Grover E. Steele

Grover E. Steele
Acting Superintendent

1. The first of these is the fact that the

NAME Grover E. Steele
TITLE Acting Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

SAGUARO NATIONAL MONUMENT
Tucson, Arizona

August 25, 1950

MEMORANDUM

To: General Superintendent
From: Acting Superintendent, Saguaro
Subject: Monthly Report, August, 1950

General

Precipitation appeared in a few heavy showers during August which differed from the general rains in July. On July 31 a two inch rainfall within one hour, drowned the city of Tucson and caused considerable damage to the roads and trails in the monument area. A total of 3.39 inches of rain was recorded at Mica Mountain tower but at this writing the forested area is relatively dry and very susceptible to the lightning storms that have been occurring during the past month. During the greater part of the month the temperatures at headquarters ranged in the 95-100 degree mark and comments from old-timers call this a cool (?) summer.

Travel at Saguaro for the month of August again broke previous records and apparently the war situation has not halted the "Wandering American".

Special Activities

Architect Kenneth Saunders of the Regional Office visited the area on July 27-28. The two days were spent in lining up contractors for bidding on the addition to Madonna Ranger Station.

Superintendent King and family, left July 27 for a months vacation. At last report they were basking in the cool pines of northern California.

The Budget, Agriculture, Interior Task Force did not stop at Saguaro on their way through Tucson.

MEMORANDUM FOR THE SECRETARY

Subject: [Illegible text]

Maintenance

The Happy Valley Saddle trail has been completed to the top of the ridge leading out of the valley toward Manning Camp.

Approximately one-half of the Rincon Peak trail has been brushed out during the past month.

The Spud Rock Lookout patrol trail is practically finished and only a few hundred feet remains to complete the rehabilitation of this trail.

All trails suffered a terrific beating as a result of the heavy rain of July 31. The lower portion of the Happy Valley Saddle trail, recently repaired, is again in need of extensive repair to the tread and replacement of water bars.

Nineteen trail signs were established at junction points in the forested area during the month.

New Construction

A bidding deadline for construction of the addition to the Madrona Ranger Station was set for September 1. At this writing no contractors have appeared to look over the proposed addition sight.

Approaches to Park Area

The Broadway approach road has been bladed twice during the past month and is in fair condition at this time.

A County grader is at work on the Vail approach road which, for the greater part of the month, looked more like a river bed than a road. Many visitors complained of this condition and several were stuck in some of the sandy washes.

Accessions

Two saddles were transferred from Organ Pipe Cactus National Monument.

Interpretive Services

A total of 619 persons in 180 parties were given interpretive service at headquarters. This amounted to 47 hours for an average of 16 minutes per party.

Introduction

The purpose of this study is to determine the effect of the various factors on the rate of the reaction between hydrogen and oxygen.

The results of the experiments are given in the following tables.

The first table shows the effect of the concentration of the reactants on the rate of the reaction.

The second table shows the effect of the temperature on the rate of the reaction.

The third table shows the effect of the catalyst on the rate of the reaction.

Experimental

A series of experiments were carried out in which the rate of the reaction was measured under various conditions.

Results

The results of the experiments are given in the following tables.

The first table shows the effect of the concentration of the reactants on the rate of the reaction.

Conclusion

The results of the experiments show that the rate of the reaction is affected by the concentration of the reactants, the temperature, and the presence of a catalyst.

References

1. Textbook of Chemistry, Vol. II, Part II, Chapter IV, p. 100.

Research and Observation

A mule deer was observed by visitors one mile south of the monument headquarters.

Several coyotes have been sighted along the Broadway approach road and one was reported by a visitor on the Cactus-Loop road.

Dr. Taylor Marshall of the Desert Botanical Gardens, Tempe, Arizona, conferred at length with the Acting Superintendent on cactus and succulents. Dr. Marshall pointed out one error on our guide leaflet that will be remedied.

One five point whitetail deer was observed on several occasions in the vicinity of Reef Rock Secondary.

A Jaguar (*Felis hernandesii*) was observed by the Acting Superintendent on the road leading into Madrona Ranger Station.

Decrease in Travel

A total of 1422 persons visited Saguaro National Monument during August. This is a slight decrease of 88 visitors as compared to last month, but an increase of 221 visitors over the corresponding month a year ago.

Visitors

- July 27 - Architect Kenneth Saunders, Regional Office.
- July 28 - Rudi and Rosali Guttmann de Torronya, Budapest, Hungary.
- July 29 - Misses P. David and P. Tournier, Lyons, France.
- August 8 - Mr. Perode Robert, Wasmuel, Belgium.
- August 14 - Dr. Taylor Marshall, Desert Botanical Garden, Tempe, Arizona.
- August 18 - Mr. Borneman, U.S. Fish and Wildlife Service. Visited forested area.

Ranger Service

Ranger Benjamin J. Zarbey was presented with a new little Ranger on July 25. The new Ranger has been named Roderick John.

Wildlife Activities

Biologist Lowell Sumner of Region Four Office will conduct a wildlife investigation at Saguaro this fall.

Introduction

A book has been written by William W. Allen and
published by the University of Chicago Press.

It is a book about the history of the United States
and the role of the Negro in it.

The book is written by a Negro and for a Negro
audience. It is a book about the Negro
people and their history.

Forest Fire Control

Two fires in the Catalina mountains were reported to the U.S. Forest Service by our lookouts. The Forest Service removed their lookout on July 26.

A new telephone line was completed to Spud Rock Secondary lookout during the month. All secondaries now have telephone communication with the exception of Mica Mountain secondary.

Accidents

Laborer James L. Gilmore suffered a strained back while working on the Happy Valley Saddle trail. Mr. Gilmore received diathermy treatments at the Veterans Hospital and returned to duty August 16.

Personnel

Marion W. Wallmark was changed in status from a temporary to an excepted appointment as Fire Control Aid, IGS-3, on July 27.

NAME Benjamin J. Zerby

TITLE Park Ranger

REMARKS: (Please note below any factors influencing interpretive service, such as:
"Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

The station was left unattended several times during the month because
Det. King was on annual leave and the ranger had other important duties.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Sunset Crater NATIONAL MONUMENT

Flagstaff, Arizona

Aug. 25, 1950

Memorandum

To: General Superintendent

From: Ranger-in-charge, Sunset Crater

Subject: Monthly Narrative Report, August 1950

Weather: Temperatures have varied considerably during the past month with cold nights and mornings and hot sultry afternoons between thunder showers. Rains have been scattered with a two week stretch without a drop on the monument. Several good soakings however off and on kept the fire danger down. Temperatures ranged from the low forties up to the high seventies and low eighties.

Special Activities: Three trips were made to Wupatki for supplies. One of these to drive a group of Girl Scouts to the Crack-in-the-Rock ruin.

Major Brady of the Museum of Northern Arizona visited the monument several times this month. Information gathered from him has been invaluable. Several interesting formations in the lava flow has been shown and described.

Mr. Paul Coze is at present on the monument painting pictures of the area. He intends to show the eruption of the crater with Indians included to bring out the story of the area.

One car had to be pulled out of the cinders north of the parking area. Ignorance and carelessness were the cause.

The section of trail from the ice cave to the parking area was rerouted. The trail now runs from the ice cave around the fumarole to the register stand.

Inspections: Mr. Davis together with Mr. Gastelum visited the monument on August 6.

Maintenance: Mr. Bean came up the back road with the blade and started blading the monuments roads on August 18. A good heavy rain arrived at the same time. The combination of rain and blading will greatly improve the road conditions on the monument.

More work was done on the trailer house to ready it for occupancy.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
NATIONAL MONUMENT

A loading dock was built to ease the problem of loading barrels of gas and water.

General Publicity: Two articles appeared in The Arizona Republic newspaper of Phoenix on Sunset Crater. Both were very good with pictures of the crater included. The first appeared on July 30 and publicized the new Nature Trail. As usual some errors were made, but on the whole the articles were very well written. The stories were included in a Sunday vacation series.

Interpretive Service: The Nature Trail is still continuing to be an attraction. Over 36% of the visitors have taken the trip. Comments are still favorable. The Kennesaw Mt. type register stand is keeping a high percentage of registration.

The trail books are still going briskly with collections averaging 30%. 705 books were sold this month with \$56.05 collected showing a loss of \$14.45.

Travel to the top of the crater has increased from 8% to 13% over last month. Several large groups have helped this increase. A total of ~~1328 people~~ 573 people in 156 parties made the climb.

On July 28, Miss Bertha Dutton together with the second group of Senior Girl Scouts arrived and climbed the crater. The party then went to Supatki for lunch and then Ranger Walker and myself drove two pickups to Crack-in-the-Rock ruin. Hot weather made the trip trying.

Increase in Travel: Travel after the first week or so in August has been good. People seem to have gotten over the war scare and are visiting the monument as usual.

	<u>Cars</u>	<u>Visitors</u>
August 1950	1315	4274
August 1949		
This travel year		
Last travel year		

Visitors: July 28 Miss Bertha Dutton and Senior Girl Scouts, 22 in party
August 6 Mr. John Davis, Regional Office
Mr. Louis Gastellum, Regional Office.
August 6-7-17 Major Brady, Museum of Northern Arizona.
August 7 Sierra Club, California, 5 cars, 17 people.
12 YMCA group, Sky Y camp, Phoenix, 19 in party
14 Mr. Deaver, Arizona State College, Flagstaff, Identifying plants on Nature Trail.
16 Quarter circle V bar ranch group, Meyer Arizona, Camped overnight. 104 in party.

Forest Fires: Two hours were spent on a fire in Bonito Park. The Forest Service sent a crew to handle it.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

August 30, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tonto
Subject: Narrative report, Tonto, month of August, 1950

Weather. Typical brutal August weather, with temperatures up to 112 degrees, cloudy some days, very little rain.

Apache Road. Apache Trail rough and dry. The State received bids for paving about 2 miles of the Apache Trail between Tonto and the Globe-Miami junction.

Parking Area. The concrete curb and gutter has been completed, which outlines the area neatly. The fill on the approach to the terraces is nearly completed, for which it was necessary to borrow dirt from below the bridge. The base course is partly spread, and concrete culvert headboxes are complete. Some filling and trimming, and spreading the oil course remains to be done, and the job will require awhile yet. One truck driver was injured when he attempted to jump into his truck to stop it as the truck drifted back down the hill, and it overturned on him. This will be covered by a separate report.

Travel. 723 persons in 120 cars were counted, with perhaps another 150 to 200 people who turned around below the construction area and were not counted. This compares with 844 persons for August last year.

Personnel. Archaeologist and Mrs. Lloyd Peterson attended the southwestern and geological Conference at Flagstaff August 23 to 25, taking 16 hours of leave as well as lieu days. A. J. Cochrane was employed as laborer-leadman to help with the plane table survey.

Visitors. Mr. W. Earl of the Desert Botanical Garden, with 20 Boy Scouts, on July 25.

Mr. A. L. McGomb and 55 forestry students from Iowa State College, July 29.

Superintendent John Cook and Ranger Jim Clancy of Montezuma Castle, to get the Chevrolet pickup, August 17.

Robert, Inc., and Evelyn Sharp, and Mrs. C. G. Sharp, family of the superintendent, August 20 to 30.

Vehicles. Another milestone on Yonto's progress toward the 20th century occurred on August 7, when a new Dodge pickup was received. This is the first new vehicle to be assigned here, and it is highly appreciated.

The Plymouth sedan brought out by Engineer Conn, which was surveyed and sold to the highest bidder, was purchased by a local man.

Surveying. A plane table survey of the proposed residential site was made by Engineer Conn, with the aid of A. J. Cosner and Lloyd Pierson. The recent ruins excavation sites were surveyed also.

General. The customary overhauls on the Gen power plants were made. An order of parts for these plants was received and will be installed from time to time. Pierson made an extension of the tool shed roof, which will serve as an open air shop. Some time was spent in a cleanup of the area.

Master Mechanic Pierson and Sharp spent a half day tightening up bolts and screws on the new lodge and checking it over.

A temporary trail was roughed out to connect with the lower ruins trail. The outdoor restroom interiors were painted a charming tea-rose and a lovely blue-gray, with contrasting ivory. If they can't be hydraulic, they can at least be elegant.

A wage survey for a maintenance schedule was made, and one started for a construction schedule.

Much remains to be done to make the monument a smoothly functioning unit, due to the construction disrupting the area and utilities.

Charles C. Sharp
Superintendent

THE UNIVERSITY OF CHICAGO PRESS

1. The first group of people who are interested in the study of the history of the United States are the people who are interested in the history of the United States.

1. The first step in the process of the investigation is the identification of the problem. This is done by the investigator who is assigned to the case. The investigator will then gather information about the problem and the people involved. This information will be used to develop a plan of action.

[illegible]

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the Americas (CLA) in the United States. The Commission is therefore unable to determine whether the CLA is active in the United States or whether it is merely a propaganda organization.

1. The first of these is the fact that the Government has not been able to secure the necessary funds to carry out its policy of non-interference in the internal affairs of other countries. This is due to the fact that the Government has not been able to secure the necessary funds to carry out its policy of non-interference in the internal affairs of other countries.

REMARKS: Roads and parking area torn up, many visitors did not come to museum or ruins.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME Lloyd A. Pearson
TITLE Archaeologist.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Tumacacori National Monument
Tumacacori, Arizona

August 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for July, 1950

Weather: The weather this month has been very dry, the summer rains having slacked off after a very good start last month. There are still many showers within sight, but somehow they seem to miss the Monument. Precipitation this month was only 1.54 inches instead of the average 3.10 inches for the last eleven Augusts. The maximum temperature recorded was 103 on August 9 and the minimum was 56 on August 2.

Visitor Travel: The travel this month has again broken all previous August records. There were 2,148 visitors this month as compared with the previous high of 1,767 for August of last year. For the travel year to date we have 27,856 visitors as compared with the total for 1948, the highest year thus far, which was 26,766 visitors.

Interpretive Services: Of these 2,148 visitors, 849 went on the 158 guided trips through the Mission Church and grounds; 2,029 took advantage of the free self-guiding museum and visited the patio garden; and 2,039 received combination Information and Interpretive Services.

Visitors: Among our visitors were:

July 25 - Carl Strom, U. S. Consul General in Mexico

July 29 - Santa Cruz Valley School group

July 30 - Thomas E. Stimson, Jr., Western Editor of Popular Mechanics.

Aug. 6 - Rex Ranch School, Amado, Arizona. Group of 31 students and 6 Counselors.

Aug. 20 - American Friends Service Committee consisting of members from this country as well as Switzerland, India and Jamaica. Eleven of the group made the trip through the mission.

Information received from the FBI on 10/10/68 that the FBI is conducting an investigation of the activities of the "Black Liberation Army" (BLA) in the New York City area. The BLA is a group of individuals who are active in the New York City area and are active in the New York City area. The BLA is a group of individuals who are active in the New York City area and are active in the New York City area.

[illegible]

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 1, 1861. It is a very important document, as it sets out the President's policy towards the Southern States, which had just seceded from the Union. The President states that he will not recognize the Southern States as independent, and that he will use all the power of the Federal Government to maintain the Union.

12

Inspections: Architect Kenneth Saunders was here on July 28 and 29. He and Superintendent Jackson went over the necessary changes in the mission screening contract and also looked over the faulty roofing job on the museum. Just after Saunders left, Contractor Sam Schwenn, who put on the roof back in 1948, arrived and made some repairs to the worst part of the roof.

Later, we learned from a memo issued by Architect Saunders, that Mr. Schwenn is going to replace the part that is damaged at a cost of \$50.00 to us. The work will cost him \$350.00.

Personnel: Ranger Henson returned from annual leave on August 26. Superintendent Jackson went on annual leave on August 5 and won't be back on duty until September 2. WAE Guide Charles B. Conrad has continued working this month during Jackson's leave. Having a WAE Guide here instead of a full time employee has left us with only one person on duty for 21 of the 31 days.

Mission Stabilization: Work on closing the windows and door openings of the old Mission was completed this month. Several changes had to be made in the contract to make a better and more satisfactory job. The windows were all removed and a strip of felt inserted between glass and frame to guard against breakage. While the glass was out, the frames were linseeded throughout. The front window had to be tilted since we found it caused reflections when viewed from our View Window. The reflections would not only ruin photographs but spoil the impression of the antiquity of the Mission as well. It was also found that, because of changes made in the method of attaching the front doors, the front opening was not bat-proof. Therefore, an extra was added to the contract to take care of this problem. The work called for in the contract, as well as the extra, was finished on July 18 and now the old Mission is bat-proof.

The work is not readily noticeable from the View Window. Several local people who knew of the proposed screening asked why it had not been done and were surprised on being told that it had been done.

The Contractor did a very good job in installing the doors and windows so as not to damage the old structure. The doors and screens are of very good material and are well made. The materials are much better and stronger than we had visualized and certainly they will last as long as the building. Incidentally, he furnished a screen for the tower sacristy window which was necessary, although not called for, in the contract.

Maintenance: The painting of the Museum building with Bondex took up most of the time of the Maintenance man. Now he has one coat over most of the building and the second coat over part of it. In addition to the painting, he has done quite a bit of weeding along the newly treated roads and trails where the weeds are

Investigation of the United States Department of Justice

It is not possible to say whether the above is a true or false statement. The statement is a tautology, meaning it is always true regardless of the truth or falsity of the statement itself. It is a logical truth, not a factual statement.

THE CHAIRMAN: We have now in our hands a very interesting and important document, the report of the Commission on the Status of Women, which was presented to the General Assembly of the United Nations in December, 1946. This report is the result of the work of the Commission, which was established by the Assembly in 1946, and which has since that time been working to bring about the realization of the goal of equality for women in all spheres of life. The report is a very comprehensive one, and it covers a wide range of subjects, including the status of women in the home, in the workplace, in the community, and in the political sphere. It also deals with the problems of women in different parts of the world, and it makes many suggestions for the improvement of the status of women. I think that this report is a very important one, and it is one that we should all read and study carefully. It is a document that should be of great interest to all of us, and it is one that we should all be proud to have in our hands. I think that it is a very good example of the work of the United Nations, and it is one that we should all be proud to have in our hands. I think that it is a very good example of the work of the United Nations, and it is one that we should all be proud to have in our hands. I think that it is a very good example of the work of the United Nations, and it is one that we should all be proud to have in our hands.

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of California:

trying to come up through the edges of the paving. Quite a bit of time was taken in weeding around the old graves out in the Mission Cemetery. We are going to try spraying around the graves with 2-4-D in the hope of killing the new weeds as they come up.

While the Superintendent was on vacation, the kitchen drainboard and the living and dining room floors of his residence were given a two coat treatment of hot boiled linseed oil. Later, after they returned home, some trouble developed in the bathroom plumbing and Orozco repaired it.

Equipment: The new Servel refrigerator for the Ranger's residence, that had been delivered last month, was installed. The Home Gas and Appliance Company did the installation work.

Museum and Education: On August 18, part of our Sherd Study Collection was sent to Dr. John M. Goggin of the University of Florida, who is making a study of Spanish and Mexican majolica.

Lumber was purchased for the plant label stakes for the plants in the patio garden. After the stakes are numbered and placed, a leaflet similar to the Nature Trail Leaflets used in other areas will be drafted. This should increase the enjoyment as well as the instructive value of the Patio Garden.

Nature: The first casualty from the Mission windows happened on July 25. A Sparrow Hawk knocked himself out flying into the glass.

The completion of the Mission screening work has brought to a close the study of bats living in the old Church. Perhaps the bats won't go far though. The last two mornings there has been a bat inside the museum and for several mornings there have been bats beneath the arcade beside the patio garden.

Vandalism: Another benefit of the Mission screening, especially with the stout doors and windows supplied by the contractor, is that now we can lock up the old Church at night without having to worry so much about vandals. Occasionally we have been troubled in the past with persons climbing over the fence, visiting the Church and doing damage to the old structure. Locks have been ordered and in the future we should be able to sleep a little easier, especially on Sunday nights when the bar across the road is doing a land-office business.

General: The Jacksons were forced to return from their camping trip a little early because of sickness. Bruce, the youngest, as well as Mrs. Jackson, came down with the flu. We are happy to say that after only a day or two back here at the monument, they are both as chipper as ever.

Albert G. Hanson

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TUZIGOOT NATIONAL MONUMENT

OTHER AGENCY VISITORS

Mr. J.W. Dixon and family, Washington Office of Bureau of Reclamation on the 2nd.

Dr. Frost and family, Veterans Administration, Fort Whipple, Arizona.

Mr. and Mrs. Dutton, USIS, Tuba City on the 20th.

REPORT WORTHY VISITORS

Dr. Malcolm Farmer of the San Diego Museum of Man on the 11th. (Mac is on a years assignment to study Navajo archeology for the Tribal Council).

Mr. Harry F. Rorick formerly of Grand Canyon and Shonto on the 14th.

Bob Uhler formerly of Eupatki on the 19th.

Dr. Geo. W. Brainerd of U.C.L.A. and Southwest Museum on the 22nd.

Mr. and Mrs. Thomas P. Cairde and family of the U.S. Embassy in Rome.

Father Victor Stoner on the 24th.

ORGANIZED GROUPS

Two groups of 28 and 14 Sierra Club members by motor caravan on August 7th and 8th.

26 students by chartered bus on August 7th. KSTC, Emporia, Kansas.

26 students by chartered bus on August 11th. Central Mo. Teachers College.

30 students by chartered bus on August 12th. Springfield Mo., Teachers College. Special talks and tours were given these groups.

Pittsburg State Teachers College, Pittsburg, Kansas--party of 30 on the 14th.

CONFERENCES

Supt. Brewer attended the afternoon session of the Pecos conference on the 23rd and Archeologist Richert attended A.M. and P.M. Sessions on the 25th.

MAINTENANCE

Following a rainstorm the garage electrical circuit functioned only intermittently. Fearing a sparking short circuit we investigated the conduit under the residence. Rick crawled thru the trap door in the bedroom closet and, trying to locate

MAINTENANCE (Con't.)

the conduit, noticed a strong smell of liquified petroleum. We handed him our shaving mug and brush and he applied a lather to the gas line, bubbles appeared at a solder joint. What an unhappy condition this presented: Gas filling the space under the house and a loose electrical connection threatening combustion. Chain reaction, no less. The Verde Valley Gas Co. repaired the leak but as yet the electrical trouble has not been corrected.

IMPROVEMENTS

On the 16th and 17th the area about to become the new MENS room was cleared out. Seven wheel barrel loads of manos were moved out and buried 20 feet north of the rear door of the museum, at the base of the east wall. Artifacts were moved and the shelving dismantled.

On the 17th the kitchen range was moved from the dark poorly ventilated recess to a much more convenient location. The recess may later be made into a dinette or breakfast nook.

ROADS AND TRAILS

Two stakes and a cable suspending a TRAIL CLOSED sign were installed at the start of the lower trail around the ruin. Recent rains have rendered this trail unsafe.

OVERHEARD IN THE MUSEUM

Nice lady from Milwaukee, at the drinking fountain, "Tastes like it came from the bottom of the ruins".

Finds Evidence That Brass Epauletted Soldiers Once Visited Tuzigoot Ruins

Did American soldiers in the brightly-colored uniforms of pre-Civil war days tramp the ground of Tuzigoot Ruins? Evidence says they did.

A small brass plate was picked up from the surface by National Park Service Archeologist Roland Richert last week. It was forwarded by Supt. James W. Brewer Jr. to Art Woodward, noted authority on most anything you want to know, at the Los Angeles Museum. Back came the answer:

"As you will readily see, the gadget is one of the movable scales of a 7-scale all brass epaulette, formerly worn by the non-coms and privates of the U. S. army between 1858 and 1861 (they were used earlier, but since Camp Lincoln, later Camp Verde was founded in 1861 by troops of the California Column, I am sure this epaulette was lost by one of those boys who visited the ruins).

"They were probably wearing 1858 uniforms when they went into Arizona and so were under the old regulations. The troops engaged in the Civil war abandoned the brass epaulettes."

Some of these colorful and gaily uniformed soldiers, then, probed about the Indian pueblo ruins almost a hundred years ago.

But none of the original inhabitants were there to greet them. The last one left, no one knows exactly why, approximately 450 years before.

Walnut Canyon National Monument
Flagstaff, Arizona

August 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Narrative Report, August, 1950

Administration Ranger Brockman completed sorting all herbarium specimens which have been identified. These specimens were enclosed in genus and species folders and filed according to the DeDalla, Toner, and Harms system. All plant specimens which have not been identified were sent to the National Museum.

Brockman has also been engaged in a project to catalog all our library books.

Ranger Leding completed sorting and indexing our maps and plans.

Use of Monument Facilities By The Public There were 1179 cars which brought 4353 visitors. This is an increase of 90 visitors over the same period last year. A total of 1087 parties including 4025 visitors were contacted. Museum visitors totaled 4046 visitors in 1098 parties. Contact service was maintained from 7:00 A.M. to 7:00 P.M. each day. There were 585 visitors in 97 picnic parties. The lack of camping facilities continues to present problems with several groups arriving in the evening and expecting to camp here. On August 11 four separate parties arrived after 5:00 P.M. and expected to camp.

Interpretation Ranger Leding is engaged in a project to photograph the point of interest at each of the interpretive stations along the Island Trail. The pictures are to be used in preparing an exhibit of the trail for the museum.

A total of 965 Island Trail pamphlets were picked up from the serve-yourself dispenser. For these \$81.20 was received and we were short \$15.30.

Equipment A work bench was installed in the old generator house where electric power is available.

Considerable time was spent rehabilitating a gasoline pump and tank which have been on hand for several years. The pump and tank were repainted, a cement base was made for the pump, and a few more plumbing connections will complete the installation.

Telephone Service A break where the telephone line crosses Highway 89 was located and repaired on August 19.

Act of God On August 20 lightening struck very near the residences and knocked out the phones at both residences and at the office. The fuse block at Residence No. 1 was demolished and the ringer box was split apart. At Residence No. 2 wires were burned and the wall was blackened. Lightening came into the electric range and destroyed a burner over which Mrs. Leding was cooking but she was not harmed.

Roads and Trails The County graded our approach and entrance roads on August 7 but since that time they have become very rough.

Signs The directional sign at the Flagstaff end of our approach road was repaired.

National Park Service Visitors

- July 26 Ben Breeze from the Major Roads Branch of the Director's Office and Charles D. Carter from the Regional Office.
- July 28 Ranger Schaffner and family from Petrified Forest
- July 30 Ranger Bob Walker from Wupatki
- Aug. 5 General Superintendent Davis and Administrative Officer Gastellum
- Aug. 10 Ranger and Mrs. Schroeder
- Aug. 21 Superintendent and Mrs. Bright from Canyon de Chelly
- Aug. 22 Superintendent Bowen and Ranger Bob Walker from Wupatki
- Aug. 23 Ranger Bob Viklund from Sunset Crater

Newsworthy Visitors

- July 27 Miss Bertha Dutton and her party of Girl Scouts made an over night visit. They were given a conducted tour around the "Island" and out the Log Cabin Trail.
- Aug. 22 Artist Paul Coze was here to start work on several paintings of the Canyon and cliff dwellings.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, White Sands National Monument

Subject: Superintendent's Monthly Narrative, Report No. 1ml

AUGUST TRAVEL, 1950

TRAVEL YEAR TO DATE

Visitors, 26,922 Cars, 6,092

Visitors, 157,341 Cars, 36,835

GENERAL

How much longer we can continue to show decided increases over like months is problematical but August 1950 is double our 1946 August with a steady increase between these dates. We have been fortunate in having good weather and the help of a lot of friends.

A couple of trips were made to El Paso to check on some supplies, materials, etc., but these were made in my personal car and on my days off.

GENERAL PUBLICITY

Judging from the requests we have received for literature and information on the White Sands we certainly are not lacking for publicity, but I hope we shall never be guilty of ever complaining in regard to the publicity received by White Sands.

COMPLAINTS

No complaints have been received on any phase of our activity. A party did come in to the office regarding being bitten by a dog, but they had no information by which we could attempt to locate the party owning the dog.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Washington, D. C.

June 10, 1916

Dear Sir:

Enclosed for you are two copies of a report on the

results of the investigation of the

subject of the report of the

Commissioner of the

Department of the Interior, dated

June 10, 1916.

The report contains a description of the

results of the investigation of the

subject of the report of the

Commissioner of the

Department of the Interior,

dated June 10, 1916.

MAINTENANCE

Building maintenance has been centered on the reparation of quarters. One residence has already been completed, another one well toward completion, and then one more to go. Some minor work was done on the toilets out in the sands. Road maintenance has consisted entirely of blading and dragging as moisture would allow.

PUBLIC SERVICES

The Concession has not shown the gain that our gate would indicate it should. But the last few days show promise of a good month. Longer hours have been established to nearer meet the demands of the public.

RANGER SERVICE

All hands have been used on peaks and a 12 to 14-hour shift means it is necessary to spread our force pretty thin to give the service desired.

MISCELLANEOUS

A recent visit from John Davis and Sam Hendricks and Thomas Moran was appreciated. We are always glad to have these people stop in. Any time any Regional men can spare us the time we are glad to have them stop by.

John Will Faris,
Superintendent.

TITLE

Superintendent.

REMARKS: (Please note below any factors influencing interpretive service, such as:
 "Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Wupatki

Flagstaff, Arizona

August 25 1950

50

To: General Superintendent
From: Superintendent, Wupatki
Subject: Monthly Narrative Report for August 1950

Weather Conditions. Weather for August has been cooler than average. Good growth of vegetation is noticeable since the July rains. Rainfall for the period totaled 0.72". Maximum temperature was 100° on August 21.

Inspections. July 27. Mr. Ben Breeze of the Washington Office and Mr. Charles Carter, Regional Office on road inspection.

August 6. Mr. John Davis and Mr. Luis Gastelum on administrative matters.

August 16. Mr. and Mrs. Wm. H. Richardson. Mr. Richardson inspected the LPG system in the superintendent's residence.

August 22. Mr. Bradley and Mr. Jenkins surveying proposed building site at Heiser Spring.

Maintenance. Very little maintenance was undertaken this month. A change in the pipe line between the two houses at Heiser Spring made some improvement in the water system. When time allows the 3/4" pipe to the two houses will be replaced with 2" pipe now on hand.

Repair and Rehabilitation. A 10,000 BTU panel ray and a 25,000 BTU wall heater (LPG) were installed in the superintendent's residence as part of the repair and rehabilitation program.

Monument Roads. Mr. Bean has worked the grader throughout the period and the roads are now good by Wupatki standards. Considerable time was devoted to the drainage system as the July rains emphasized the necessity of getting the water off of the road.

Interpretive Service. At Wupatki Ruin 1309 visitors in 291 parties were given guide service averaging 23 minutes per party. The self-guide leaflet continues to be our greatest asset. Comments are very favorable. Actually many visitors spend more time with the book than with a guide as they rest, let their imagination go, take more pictures, and in general enjoy themselves.

On August 16 the first of the NALAKIHU-CITADEL trail leaflets were received and the trail will be in use shortly. The arrival of Mr. McClain as temporary ranger o/a August 27 will allow time to work out the trail and set up the exhibits.

Mr. Stan Davis, Llolesgard photographer, was in on the 20th to secure transparencies for the Wupatki color postcards. Cloudy weather prevented the pictures; however, he promised to return within a week or so.

Increase in Travel. Wupatki really got busy and set itself a record this month with a total of 2037 visitors. This is the largest single month on record. Two factors, one our fault, and one over which we have no control probably account for the increase. First, the Sunset Crater-Wupatki road is the best it has ever been and the bulk of the increase was from that direction. Second, August was cooler than average and less people were deterred by the heat. The travel varies inversely with the temperature. A day of 85° will bring in 60 or 70 visitors. If the temperature goes to 95° to 100° the next day the travel will drop to 30 or 40 for no other apparent reason.

TITLE

Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as:
"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NATIONAL PARK SERVICE
Southwestern National Monuments
Box 1728
Santa Fe, New Mexico

September 7, 1960

Memorandum

To: General Superintendent

From: Naturalist

Subject: Narrative report for interpretive work in the Southwestern National Monuments for August 1960.

Naturalist Dale S. King spent the month in the office.

Archeologist Charlie R. Steen excavated at Tse-ta'a at Canyon de Chelly during the month, coming to Santa Fe on August 26 to bring excavated sherds and other material, but taking leave until September 3 when he returned to Canyon de Chelly.

Interpretive Administration

The Sunset Crater and White Sands two-folds were sent to the field for suggested revision.

Two articles written by outside authors were edited and suggestions made.

A loan check-out system was set up for naturalist equipment and new LeRoy lettering sets dispatched to the field.

Steen showed 205 visitors through the ruin of Tse-ta'a during the month.

Progress of Exhibit Plans and Projects

The remaining several hundred aluminum cactus labels, which were obtained from the Western Museum Laboratory by Naturalist King away back in the 30's, had become mixed in shipping and were sorted and placed in order. Several were furnished to White Sands and additional ones were ordered for this monument from Yosemite.

An excellent draft was received from Arches of a pamphlet for the "Cove Trail."

Memorandum

General Information

Subject

Subject: General Information regarding the National Park Service, including its history, organization, and functions.

Information is being furnished to you for your information.

Information is being furnished to you for your information. It is requested that you keep this information confidential.

Very truly yours,

The National Park Service is a part of the Department of the Interior. It is responsible for the management and protection of the National Park System.

The National Park Service is a part of the Department of the Interior. It is responsible for the management and protection of the National Park System.

A free copy of this report will be sent to you upon request.

Very truly yours,

Director, National Park Service

The following report was prepared by the National Park Service. It is requested that you keep this information confidential.

Very truly yours,

Additional progress was made on preparing plans and photographs for the Tusigoot trail leaflet which is being prepared by the monument staff.

The Museum plan for Chiricahua was received from the Director and forwarded to the monument for signature.

Revised copy was received for the Sunset Crater pamphlet. Late in July 3,000 copies were delivered and they are almost exhausted.

Research and Observations

Steen is digging in the portions of Tse-ta'a which were occupied late. He hopes to establish definitely whether Hopi re-occupied the site. Work mostly is in Pueblo III kivas and houses, and the whole project is approximately 80 per cent completed.

Fifteen kodachromes were received from Chaco of Laguna and Acoma prayer plumes from a shrine south of Correo, New Mexico. These will be duplicated.

Mrs. Moore typed copies of the long list of captions by David De Harport for his photographs of sites surveyed at Canyon de Chelly. These captions and the negatives and prints will form an extremely valuable historic record.

Goodding's catalogue for arranging herbaria by the DeDalla Torre and Harms system was sent to National Park System areas who made application.

Historical microfilm of the War Department archives was sent to El Morro, as was a set of 1911 photographs by Jesse Nusbaum that we obtained from the Smithsonian Institute.

Loan Library

Considerable publications were ordered by letter.

Accessions for the month totaled 73, including 14 books, 31 pamphlets, and 28 periodicals.

The more important books received are:

Watson, Don - Cliff Dwellings of the Mesa Verde, Mesa Verde Museum Association, 1950.

Saignes, Miguel Acosta - Talacaxipeualistle, Universidad Central, 1950.

Whiting, Beatrice Blyth - Paiute Sorcery, The Viking Fund, Inc., 1950.

Southwestern Monuments Association

All corrected page proof on the Cummings Volume was returned to the printer August 14. Apparently the September 20 deadline will be met easily.

Ornithologist H. H. Collins, Jr., of San Cristobal Ranch, San Cristobal, New Mexico, prepared an excellent 16-page booklet on the "Birds of Bandelier," which will be sold in the monument for \$0.15. The manuscript was copyread, John Moseley very kindly did an excellent cover, and the booklet went to press August 28. It is hoped that similar booklets and others on animals, trees, shrubs, etc., can be prepared, mostly by our own Park Service men, on other areas.

The Sycamore Trail pamphlet was received from the printer August 3 and dispatched to the monument, with review copies to various National Park offices.

The Malakihu-Citadel Trail pamphlet for Wupatki was delivered August 14.

Artist Paul Coze took photographs and made color notes for reconstruction paintings at Chaco, Aztec Ruins, Canyon de Chelly, Navajo, and the Flagstaff and Verde Valley monuments.

An excellent manuscript on Tumacacori was received from Earl Jackson. It is planned to publish this before the heavy winter season.

Several publishers furnished for our information copies of their royalty agreements with authors.

The insurance premium was paid for two years on the Spanish arms and armor at Tumacacori.

During the month of August two deposits and one disbursement were made by Treasurer Vedder. The number of covers mailed was 209, including 37 letters and 58 purchase orders.

and two, Bode-Kerrill Company, Inc., registered 1930.

Outside of taking care of the mail, most of the Treasurer's time was spent on figuring the year-end inventory, posting in the journals and ledger, figuring various reports for the annual report and seeing the auditor, Mr. Neal. He was given the books and various papers necessary for the audit August 28 and he presented us with the final audit August 29th, the earliest it has ever been done. One reason for this speed was due to the fact that no changes as adjusting entries had to be made. The Profit & Loss Statement shows a net gain of \$482.85 for the past fiscal year. Sales for the year rose about \$5,000. Unless there is some event in the following year and the Association continues to grow, we should show a much better net gain for the 1950-51 year.

Also during the month the cost value of headquarter's inventory was made. It came to about \$5,200. We are going to have it insured through the McBride Insurance Agency.

More tourists and even a few members of the Association are appearing at the office.

Photographs and Visual Aids

For some time we have been holding to the policy of retaining all satisfactory original kodachromes in the master file here rather than by dissipating them by loan or issue to the field. In the past our kodachrome collections have vanished mysteriously; we feel all good views should be duplicated and the duplicates used, the originals being held in safe storage.

Visitors

Anthropologists Verne Ray, Frederick Sleight, John Corbett, and Fred Worman; Ornithologist Eliot Porter.

Ruins Stabilization

Mrs. Moore completed mounting photographs in one copy of the Bandelier stabilization report for 1949. This was an arduous job, and two more copies must be prepared. It reminds us again of the great improvement made by the adoption of adtype paper.

Technical Aid to Administrators

King spent the better part of three days compiling the Condensed Monthly Report for July for Southwestern National Monuments in the absence of Miss. Metcalf. He also wrote several letters to applicants for positions in the monuments.

Projects for September

King will work on the folder revisions for Arches and Navajo, and prepare a new one for Rainbow Bridge. Also in process are the Arches and Capulin Mountain trail pamphlets, and proof must be read on "Birds of Bandelier" and the Sunset Crater "Lava Flow Trail" revision. King may make a flying trip to Tucson September 20 to attend the presentation ceremonies for Dr. Cummings. Steen will continue excavation of Tse-ta'a, finishing about September 22 and arrive at Santa Fe in three or four days.

NATIONAL PARK SERVICE

September 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of September, 1950

WEATHER: Hot and dry weather continued until September 18th. when two inches of rainfall came in three 15 minute storms taking out all wash crossings and causing a flood four feet deep and 300 yards wide at the Court House crossing on approach road # 93. Headquarters received the heaviest cloudburst which cascaded from the cliffs in back of the residences and flooded the whole area. Ranger Worthington's basement was filled to capacity with water, mud and sand. The foot bridge on the Delicate Arch Trail was demolished by a five foot flow of water down Salt Wash. In spite of the damage done we were glad to receive the moisture, for it was the first in two months.

TRAVEL: A total of 2976 visitors entered the monument in 831 cars representing 33 states, three foreign countries, District of Columbia and Territory of Hawaii. This is an increase of 58% over the same period last year. Thirty-nine parties camped in the area staying 120 visitors days.

ANNUAL TRAVEL: A total of 15,579 visitors in 5237 cars were recorded for the travel year ending September 25.

INTERPRETIVE SERVICES: Total contact time amounted to 200 hours and 16 minutes in which 1806 people were given information about the area. Eleven guided tours were made with an attendance of 42 people.

INTERPRETIVE DEVICES: The "Cove Nature Trail" was put in operation September 22, using a mimeographed sheet and although there are improvements and corrections to be made it is appreciated very much by all visitors so far.

ROADS: Although the heavy rains caused a great deal of damage we did receive enough moisture to make possible a finished balding job and all monument roads are now in excellent condition.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

September 20, 1900

Washington

For
Special Agent, Alaska

Subject: Boundary Commission Report for the month of September, 1900

REPORT. The work of the Boundary Commission during the month of September, 1900, was the same as in the previous month. The Commission has been engaged in the study of the reports of the various field agents and in the preparation of the monthly report. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report.

FIELD. A total of 1275 miles of boundary was surveyed during the month of September, 1900. The survey was made by the various field agents and the results were reported to the Commission. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report.

LOCAL FIELD. A total of 1275 miles of boundary was surveyed during the month of September, 1900. The survey was made by the various field agents and the results were reported to the Commission. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report.

INTERSTATE BOUNDARY. The Commission has been engaged in the study of the reports of the various field agents and in the preparation of the monthly report. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report.

UNRESOLVED BOUNDARY. The Commission has been engaged in the study of the reports of the various field agents and in the preparation of the monthly report. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report.

NOTE. Although the boundary survey was completed during the month of September, 1900, the Commission has not yet received the reports of the various field agents. The Commission has also been engaged in the study of the reports of the various field agents and in the preparation of the monthly report.

ROAD SURVEY: The BPR Survey Crew, under Mr. Ned Miller, has completed the center line on Route # 1 which ends near the Balanced Rock. Three miles of profile levels have been run and two miles of cross section. All stakes on the topog. of the Court House Wash Bridge were carried away by the heavy flood.

Personnel: Park Ranger (Temp.) Donald M. Allred was terminated September 16th. and we were all very sorry to have him leave. During his short tour of duty he made many valuable contributions to the monument interpretive program and we hope sometime that he will return next spring.

WATER SYSTEM: Five days were spent in determining the total depth, water level and straightness of our well in order to insure the proper installation of a new pump. To determine these facts it was necessary to pull the works and with makeshift equipment this turned out to be quite a job.

NPS VISITORS: Matt Dodge and Mr. Paul K. Franke paid us an unheralded visit on September 10 and we wish we had been able to spend more time with them. Mr. & Mrs. Jim Hamilton stopped for a few minutes on September 24 enroute to the State of Washington. Mr. Jack Diehl was an overnight visitor in Moab September 25.

NOTED VISITOR: United States Senator, Elbert Thomas (Utah) visited the area on September 23rd. and was taken on a tour of all sections, via car. This was his first trip and he was apparently very impressed with the scenic beauty of his state.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 Sept 1950

Memorandum

To: General Superintendent
From: Superintendent Aztec Ruins
Subject: Superintendent's Monthly Narrative Report 1ml

WEATHER: First half of the month clear and dry, but the past 2 weeks have seen an abrupt change with rain and storm.

NEW CONSTRUCTION: Most of the materials for the completion of the residence construction have been delivered. Work will start Sept 25 and will be completed within 30 days.

INTERPRETIVE SERVICE: There were 2,540 visitors shown thru the museum in 841 parties, of which, 2,017 were conducted thru the ruins in 211 parties.

RUINS STABILIZATION: This work, under the direction of Raymond Rixey, altho still incomplete, will finish for this season at the close of September. It appears that Mr. Rixey and his crew have completed about 85% of the needed stabilization work.

INCREASE IN TRAVEL: September this year shows a gain of 19% over Sept 1949 with 2,540 visitors in 811 cars from 40 states, D.C., Alaska, Canada, Colombia, Holland and India. The travel year has increased 15% over that for 1949. *Scotchy*

PERSONNEL: William F. Perkins, temporary ranger, was terminated COB Sept 6, with accumulated leave that carried him thru noon Sept 16.

VISITORS: Mr. and Mrs. Geo. E. Karlenson, Bureau Mines, in charge of the Helium plant at Amarilla, Texas, with Mr. and Mrs. R. E. Brown and daughter Caroline, Bureau Mines, visited during the early part of Sept.

Irving D. Townsend
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT

SANTA FE, NEW MEXICO

September 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Monthly Narrative Report for September, 1950

Weather

The weather during much of September continued with similar characteristics to that of August, with clear mornings and cloudy afternoons. A total of 1.21 inches of rain was received which is .68 less than normal. Temperatures ranged from 98 on the first to 33 on the Twenty sixth.

The fall coloring had made a good start by the end of the month and will be at its height early in October.

Special Activities

The Superintendent made a trip to Mesa Verde National Park on the 22nd and 23rd to pick up some surplus metal roofing and to discuss museum displays and interpretive programs with Naturalist Watson.

It was necessary for the Superintendent to assist with conducting tours through the ruins during the later part of the month when Ranger Keefe was on temporary assignment at Chaco Canyon.

Inspections

Regional Archeologist Reed made an inspection of the excavation being carried on at Rainbow House and discussed future plans with Mr. Norman and the Superintendent.

Maintenance

The maintenanceman installed two electric meters in the Lodge kitchen. One of the meters had been ordered since last April

DEFENSE

BUY
UNITED
STATES
SAVINGS
BONDS
AND STAMPS

and delivery has been very slow. These meters will now give an accurate measurement of the electricity that is used by the Lodge where it was necessary to estimate part of it before.

General repairs and maintenance were performed on all of the motor vehicles in preparation for cold weather.

New Construction

The last of the bridge construction money was expended this month with the completion of the second trail bridge and finishing the fill on the vehicle bridge.

Roads and Trails

The trail crew spent a week working over bad spots in the trails in Capulin Canyon that had developed during the summer. Bad weather hampered the work to some extent but both the Stone Lions and Upper Capulin trails were repaired.

Work was begun to clean out the ditches along the approach road and generally put it in good shape prior to cold weather.

Concessions

Frijoles Canyon Lodge reported that business during September was generally poorer than last year. There were 206 lodgings as compared with 352 for September, 1949.

The saddle horse business was fair and it is planned to keep the horses available until early in October. The Lodge will close October 9.

Interpretive Service

A total of 162 trips that were attended by 2,634 visitors were conducted through the ruins this month. This is a slight increase over last year when 2,543 people were conducted on 158 trips.

The evening talks were discontinued after Labor Day when most of the temporary rangers were terminated but 8 were given to 191 visitors up to that date.

and delivery has been very slow. These delays will now take an
excessive amount of the available time in view of the fact
that it was necessary to estimate part of it before.

General records and statements were prepared in all of
the motor vehicles in preparation for each meeting.

General Information

The first of the system consisted of a group of
about 1000 the completion of the second trial being the
the first of the vehicle trials.

Results and Trials

The trial was held at a point where the road was in the
middle of the road and the road was in the middle of the
road and the road was in the middle of the road.

Archeological Excavations

After it was learned that Adams State College would not continue the excavation of Rainbow House it was decided to complete the balance of it with a crew under Mr. Worman's supervision. Work was started on the 5th and by the end of the month 20 rooms, approximately half of a kiva that is 21 feet in diameter, and an exploratory trench had been excavated.

Travel

For the first time in several months the travel did not exceed that of last year. A total of 4691 visitors came to the area this month as compared with 4810 for September last year. The decrease was caused in part by a very stormy Sunday on the 24th that reduced visitation by an estimated four hundred people.

The travel year ended with 45,524 visitors which is an increase of 11,203 over last year and is practically twice the 1947 travel.

Ranger Service

Ranger Joe Keefe went to Chaco Canyon National Monument on temporary assignment as Acting Superintendent on September 9 and will be there until sometime in October.

Temporary rangers Wenger and Thomas were terminated on September 5 but Ranger Brewer will continue on duty until Mr. Keefe returns.

Franklin D. Van Wart, who has been a temporary naturalist at Mesa Verde all summer was on duty at Bandelier for the week of September 10 to 17.

Fish Planting and Wildlife

The Seven Springs State fish hatchery delivered 550 rainbow and loch laven trout to the Rito de los Frijoles on the 8th. The trout were all legal size and ranged from 7 to 12 inches.

Deer, bear, and turkeys seem to be moving down from higher elevations earlier than usual this year. Bear reported along the Rio Grande and a flock of 16 turkeys were seen about 1 mile above headquarters.

Geographical Description

After it was learned that these islands were not
under the jurisdiction of British India it was decided to transfer
the settlement of it into a new colony. The islands are situated
very close to the coast of the Gulf of Oman, and are
located at a point where the Gulf is narrow, and the
deep channel has been cut.

History

The first time the islands were discovered was
about 1500 years ago. It is said that the islands were
discovered by a Chinese sailor who was sailing from
China to India. The islands were named after him.
The islands were then used as a base for the
Chinese fleet. The islands were then used as a base
for the Chinese fleet.

The islands were then used as a base for the
Chinese fleet. The islands were then used as a base
for the Chinese fleet.

Present Position

The islands are now under the control of the
British Government. The islands are now under the
control of the British Government.

Canyon de Chelly National Monument
Chinle, Arizona.

September 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for September, 1950

Travel: 705 visitors in 225 cars arrived this month. This is a considerable increase over the 426 people and 161 cars for the corresponding period of 1949. Our 1950 travel year ended with a total visitation of 3715. This, also, is a material gain over the 2618 figure for 1949. Guide and contact service for the month totaled 106 hours, and 20 minutes. Fully 25% of the visitors camped-out at one of our picnic areas, and stayed from two to five days.

Weather: Continued dry and below normal precipitation. Only .34 inches of moisture. Sand in the floor of the canyon is still too dry for normal travel.

Roads, General: Both approach roads, from north and south, are in good condition due to recent work done by the County grader. The monument road from headquarters to White House overlook was graded, holes filled, and rocks covered.

Archaeology: Archeologist Steen ceased work on the excavation at Tse-taa site on September 22, and a pickup load of material was packed and loaded for shipment to Santa Fe for storage.

Dr. David de Harport terminated his summer work on the site survey of the canyons on September 15.

Adm. and Maint. Two trips were made to Gallup. One to secure supplies for the monument and Charley Steens Tse-taa project, and the other to obtain unit costs of 10 concrete picnic tables and fireplaces

1262 Sq. Ft. of excellent flagstone was hauled in from Canado and placed in front of the Administration Building. The result of which greatly improves, from the visitor angle, the approach appearance of the building. We are now in the pointing-up process, which should be completed early next month.

Also, a much needed drinking fountain was built for convenient public use. The fountain is of flagstone structure and blends-in with the surrounding area.

A supply of wood has been hauled in for winter use.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

SOUTHWESTERN NATIONAL MONUMENTS

COOLIDGE, ARIZONA

CAPULIN MOUNTAIN NATIONAL MONUMENT

September 13, 1950

MEMORANDUM for the General Superintendent
Southwestern National Monument
National Park Service
Santa Fe, New Mexico

There follows the narrative report for Capulin Mountain National Monument for the month of September, 1950.

Visitors: There have been about 6,000 visitors to Capulin Mountain National Monument during the month of September, making a total of thirty thousand visitors for the travel year and nineteen thousand two hundred for the fiscal year to date.

Weather: There have been about sixteen days of cloudy weather during the month and about ten days of rain, precipitation about 7 inches.

Flora and Fauna: Vegetation and grasses in the Monument area are in much better condition than had been expected, a result of the dry weather in the spring. There has been no frost yet. Deer, squirrels and other wildlife in the area are doing well, as usual.

Roads and Trails: The rim trail has been completely overhauled, but still needs some more work. The allotment was not enough to fix it up like I had planned, but hope to get some more work done on it next spring. Many fills have been completed on the washed out places on the outer edge of the road. One large fill halfway up was backed up from the bottom to near level of the road with stone masonry laid with cement. This then was filled with gravel and is now in perfect condition. All of the badly washed places were first filled near the bottom with stone and then with gravel. The road has been gone over thoroughly from the bottom to the top and is in better condition now than it has ever been. The wall around the turn around has been completed and looks very good. Many loads of cinfras have been hauled and placed over the surface of the road near the bottom of the volcano. The culverts have been cleaned out and re-set.

pamphlets: About fifteen hundred pamphlets have been distributed during the month, and we now have about three thousand five hundred on hand.

Very respectfully,

Walter J. Parr
Ranger

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

September 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Casa Grande
Subject: Monthly Narrative Report for September 1950

General: Cotton picking is the big activity in the Gila Valley this time of year. Transient workers are everywhere in evidence and local businessmen are doing a booming business.

Weather: This has been a month of decided variation in weather. Record maximum temperatures were recorded during the early part of the month, but the heat was soon broken, and our temperatures are now quite mild. On September 1 Yuma, Arizona, set the record for the highest temperature ever recorded during the month of Sept. throughout the nation with a reading of 123 degrees. The maximum temperature for the month was 114 degrees, the low maximum was 73 degrees and the minimum was 50 degrees. We received .63 inches of rain during the month and our total for the year now amounts to 6.37 inches. Accompanying the mild temperatures there has been an increased use of our picnic area by the local residents which accounts in part for the greater number of unattended visitors to the area this month.

Water Shortage: Indications are that the water table has continued to drop and our water resources for this area are in critically short supply. The reservoir behind Coolidge Dam has been dry, or almost so, for most of the month and as a result the pumping of our underground water resources has continued without let-up. Our pump continues to pump quite a bit of air which necessitated bleeding the storage tanks once or twice daily. Although the critical mid-summer period is past, it is still a possibility that we may be faced with a water failure before the end of the season.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

February 10, 1932

Dear Sir:

Re: Report of the Survey of the Casa Grande National Monument, Arizona.

Very respectfully,
Your obedient servant,

W. H. Henshaw, Superintendent, Casa Grande National Monument.

Enclosed for the Survey of the Casa Grande National Monument, Arizona, are two copies of the report of the Survey of the Casa Grande National Monument, Arizona, made by the Survey of the Casa Grande National Monument, Arizona, under the direction of the Superintendent, Casa Grande National Monument, Arizona.

Very respectfully,
Your obedient servant,
W. H. Henshaw, Superintendent, Casa Grande National Monument.

Very respectfully,
Your obedient servant,
W. H. Henshaw, Superintendent, Casa Grande National Monument.

Visitors: Travel this month has continued to increase. The closing of this travel year shows us to be only 134 visitors behind our top travel year of 1948. Our travel figures are as follows:

	<u>1950</u>	<u>1949</u>
Visitors during Sept.	2,148	1,395
Increase or decrease	753	
Visitors for travel year	35,795	31,329
Increase or decrease	4,466	

Interpretive Service: A total of 1,013 people made the trip to the ruins in 154 groups averaging 50 minutes per trip. There were 1135 visitors who made only a short stop and did not go to the ruins.

Visitors of Note and Special Groups:

- Sept. 8 - Knights of Pythias Picnic.
- Sept. 12 - Mr and Mrs. Henry A. Collins, Jr., Ornithologist from Maryland.
- Sept. 12 - Mr. Schwartz of the U.S. Weather Bureau
- Sept. 14 - Party of 26 boys from the Coolidge Baptist Church
- Sept. 19 - General Superintendent John M. Davis and Naturalist Dale S. King

Administration and Protection: We received and answered 11 requests for information. The monthly inspection of the Adamsville site was made and no new evidence of vandalism was noted.

Maintenance: Repair work continues on quarters 3-5. There has been an immense change in the appearance of the interior; one has to have seen the "before" and "after" to truly appreciate the difference. Rooms have been painted with Kemtone and fixtures etc. are being repaired and cleaned when necessary. The house will be in good shape for the next occupant.

Public Health: Samples of water submitted to the Arizona State Health Department contained evidence of pollution and immediate steps were taken to correct this condition. A recent examination indicates that the water is now safe for human consumption.

1. The first step is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the situation.

• 1-2 pages on a single sheet of paper

It is that thing that we need most.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Finally, the last step in the process is to implement the plan and monitor the results. This involves putting the plan into action and tracking the progress of the solution. Once the problem has been solved, the final step is to evaluate the results and determine if the solution was effective. This involves comparing the results of the solution to the original problem and determining if the problem has been solved. If the problem has not been solved, the process may need to be repeated.

Personnel: Superintendent Bicknell terminated his sick leave and began his annual leave on September 1. Several days of his leave have been spent in California; he is expected back to work on October 10. Mr. Jameson, our new archeologist, reported for duty on August 30 and will replace Mr. Hardies who resigned August 29. Mr. Jameson has his master's degree in archeology from the University Of Utah and we are happy to have him on the staff at Casa Grande.

Research: On the 12th of September, Mr. Henry A. Collins spent the day observing and identifying birds. He made the first recorded observation of the Black-throated Gray Warbler, Dendroica nigrescens, that we have. Mr. Collins stated that he found our bird observation file quite helpful.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument

September 27, 1950

Memorandum

To: The General Superintendent

From: Acting Superintendent,
Chaco Canyon National Monument

Subject: Monthly Narrative Report

Visitors

114 visitors came to Chaco Canyon during September. They arrived in 39 automobiles. All were conducted through the Pueblo Bonito ruin and 15 people were conducted by auto caravan to other major ruins in the area.

Weather

The weather has been very pleasant during the month with temperatures ranging from a high of 95 on the 1st. to a low of 36 on the night of the 24th. Between the 8th. and 24th. we had some rain almost every day giving us 1.2 inches of precipitation during that period. The daily cloudiness due to these frequent showers gave Chaco Canyon unusually cool weather.

Roads

The condition of the entrance roads was comparatively good. On one or two occasions they were a little slippery immediately after showers. There were, of course, the usual number of chuck holes and soft, sandy spots which make it always imperative to drive with caution. The section from the north gate to headquarters was dragged twice during the month with the road maintainer.

Projects

Soil and Moisture conservation work was discontinued with the stoppage of the seeding program on the 14th. The tractor and seeder were brought to headquarters and secured on that date. The two laborers employed on that job were retained for work on the well project.

On the 13th. and 14 th. we began to suspicion the water condition as being responsible for frequent cases of dysentery. Upon conferring with the General Superintendent via radio about the water problem here,

NATIONAL PARK SERVICE

It was learned that Engineer Conn would be at Chaco on the following Monday, 18th. to make plans for the continuation of the new well project. We had already begun chlorinating on the 14th. of the month. Samples were sent to the State Health Laboratory on the 20th.

Mr. Conn came in on Monday and plans were drawn up for the work, together with a list of materials needed. Mr. Conn then had to proceed to Tonto with plans to return here on the 25th. On the 25th. we received a radio message to the effect that he would not return to Chaco until Oct. 3. Upon learning this it was decided to begin the work and on the 26th. the floor was laid for the new pumphouse. As of this writing, 27th, we have two men working on trenching, readying pipes, etc. so that we will be all set to try out the pump and well when Mr. Conn comes back. We will not continue with the walls and roof of the pumphouse until Conn has observed the pump and new well in operation.

We expect to start using water from the new well on about Wednesday, Oct. 5. Until then, we are chlorinating heavily in the old system.

Unusual events

A Mr. Coddington, of Mexican Springs near Gallup, overturned his Forest Service pick-up $\frac{1}{2}$ mile outside our south boundary on September 12. He had not been injured and after waiting about 3 hours for passersby, he decided to walk on in to this headquarters where he arrived at 12:45. Enlisting the aid of Gordon Vivian and his crew, we went down and helped him turn his truck right-side-up. It was then towed to our headquarters to prevent stripping by vandals. Although extensive damage was done to the vehicle, everyone was happy that the man had not been hurt and alone on the lonely road. A wrecker came the following day and towed the truck to Crown Point.

Official and Prominent Visitors

Engineer Conn of the Regional Office visited this area on business on the afternoon of the 18th, and departed for Tonto early the 19th.

Dr. Dorothy L. Luhrs, prominent archeologist, and Roberta Joughin, one of her students visited Chaco Canyon on the 7th, 8th, and 9th. They were encamped in the campground. These people are old friends of the Francis Elmore. Mr. Elmore is the newly appointed permanent ranger here.

Personnel

Temporary Ranger Guy Eron was on leave $1\frac{1}{2}$ days due to serious illness of his wife at the Farmington hospital.

Sylvester J. Keefe,
Acting Superintendent.

Chaco Canyon National Monument
Bloomfield, New Mexico

September 26, 1950

Memorandum

To: The Superintendent, Chaco Canyon National Monument
From: Archeologist Vivian
Subject: Monthly Report

This is the narrative report of Mobile Unit activities in your area during September, 1950.

The major part of the work this month has gone into the stabilization of the Triple-walled structure and its adjoining rooms and kivas. Final work on the unexcavated, standing room walls and Kiva L in Pueblo del Arroyo proper was finished on the 15th. This completes the comprehensive stabilization of del Arroyo proper and the site can now be considered in maintenance status.

Within the tri-walled building capping and patching of the three encircling walls has been completed and stabilization of the adjoining rooms and kivas is in progress. Some of the related work such as drainage of the exterior and backfilling has also been done while the remainder is awaiting completion of the work in the rooms and kivas.

Leland Abel who held a temporary position as Archeologist Aide was terminated on the 14th and he has returned to school.

Some work was done remodeling the shelves in the study collection with a view to later revising the arrangement of the material there. Assistance was given to the Monument on the 26th in pouring the concrete floor for the new pump house.

As time has allowed notes and captions have been assembled for final typing of the del Arroyo stabilization records and these should be completed within the following month. Ground plans, profiles and the photographic records for the excavation report on the tri-walled building have been completed; compilation of the report will have to wait till the work program slackens this winter.

In the coming month Ray Rixey will return here from his extended detail at Aztec Ruins; work here, with a reduced crew, will continue on the tri-walled structure.

Gordon Vivian
Archeologist

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chiricahua National Monument
Dos Cabezas, Arizona

September 25, 1950

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

There follows the Chiricahua National Monument Monthly Narrative Report for September, 1950.

WEATHER September's weather at Chiricahua was very pleasant throughout the month. The temperatures ranged from a maximum of 98° to a minimum of 47° to provide comfortable weather for hiking and picnicking. Precipitation totaled .64 inches in four showers.

SPECIAL ACTIVITIES Superintendent Cooke was on Annual Leave on several occasions through the month. A ten-day trip by Mr. Cooke included visits to Grand Canyon and other Parks and Monuments of this Region.

INSPECTION General Superintendent Davis inspected Chiricahua on the 25th. His visit was greatly enjoyed and appreciated.

PUBLICITY Articles on Chiricahua appeared in the September issue of the Arizona Guide. A copy has been obtained for the Monument files.

BOUQUETS A very kind "thank you" was received from two New York visitors who enjoyed their two-day stay at the Monument. A copy is being furnished to the Regional office.

MAINTENANCE The work on the trail system continued through September. This work, following close upon the spring and summer rains, now has all trails in good condition. Much time was spent in blading the Monument road and in clearing drainage ditches. As with the trails, a good road condition is to be reported.

Some time was spent on a general cleanup of the Maintenance Area and buildings of the Monument. Two days were given to painting two rooms of the Ranger residence.

[Faint, illegible handwritten or typed notes]

...to the ...

A copy is being furnished to the National Office.
This case was assigned under Bureau control.

Very truly yours,
WILLIAM J. BURNETT

Enclosure - A very kind "Thank you" was received from the Post
Office at New York City.

[illegible]

Because of damage done by trucks of the Hilltop Mine, repairs to the telephone line were made in September. This is the second time these trucks have struck the wire. Plans are to raise the poles and to further contacts with the operators.

Following a summer meeting with representatives of the Rural Electrification Administration, plans were discussed on the hope of power into Chiricahua early in 1951. A recent power line survey, reaching within two miles of the Monument, increased that hope. However, a call made to the R.E.A. office this month brought the discouraging news that poles and cross-arms are not to be obtained at present and will probably not be available for another four months.

TRAVEL A total of 1,795 visitors was reached this month and represented an increase of 13% over August of 1950. Campground use continued to be heavy, particularly over the Labor Day weekend when a peak of 50 campers was reached on Sunday night. Camping totaled 175 for September, an increase of 10% over August of 1950.

The total number of visitors to Chiricahua for the year of 1950 was submitted in the Annual Travel Report, September 25. A summary shows an 11% increase over 1949.

RANGER SERVICE Seasonal Ranger R.W. Reynolds terminated duty at Chiricahua on August 31.

FIRE PROTECTION During September, all vehicles at Chiricahua were fitted with the dry powder-type fire extinguishers.

Clifford C. Gaynard
Clifford C. Gaynard,
Acting Superintendent.

Because of severe cold by the end of the Hilltop mine, repairs to the telephone line were made in September. This is the second time these repairs have struck the mine. There are no more the police and no further repairs at the mine.

Following a summer meeting with representatives of the mine, repairs to the telephone line were made in September. This is the second time these repairs have struck the mine. There are no more the police and no further repairs at the mine.

TRAFFIC
A total of 1,150 vehicles was recorded this month and reported an increase of 100 over August of 1950. Compared with the corresponding period of last year, the total for the month was 1,150, an increase of 100 over August of 1950. The total number of vehicles to the mine for the year of 1950 was 11,500. In the Annual Travel Report, September 1950, a summary of the traffic for the month was given.

MINING SECTION
During September, all vehicles to the mine were listed with the day number - the first of the month.

MINING SECTION
During September, all vehicles to the mine were listed with the day number - the first of the month.

During September, all vehicles to the mine were listed with the day number - the first of the month.

TITLE Acting Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR MIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico

September 26, 1950

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

We have had 1.31 inches of rain this month, but as it came in small doses it was not too beneficial to our pool and was too late in the year to help the farmers. Several farmers have left the country. They figure that the crops are not worth harvesting. There were 64 children in the El Morro school last year, but this year there are only 28 — an indication of how the farmers have left! The coolest this month was 28 degrees on September 15th and the warmest was 86 degrees Fahrenheit on the second.

The east approach road from Grants has been in good shape. The oil on the cinders is holding up well. The crews are working very fast on the road to Gallup. It is completed from the Monument boundary nearly to Ramah except for the oiling. The contractor expects to be through in another 5 to 7 weeks.

The off again on again RTA made some progress this month. An engineer was out locating the pole sites for the line. Carl Alleman was in at the same time, by prearrangement, to help locate the poles so that they would be as obscure as possible.

During September, we had more visitors than we had in either June or July. The improved road may account for part of the visitors. We had 552, and of these, 494 took a trip around the rock in 97 parties. 106 persons visited the ruins on top of the mesa.

All the signs were refinished and several were relocated between Grants and the Monument. The large entrance sign was relocated, after the road was finished near the Monument, and the poles stained. Several signs on the Gallup road were relocated due to the new route of the road.

John Kell was in regarding the purchase of Section 5, and that project is nearer to completion. The certificate of inspection has been made and the abstract office is working on a sample deed.

NATIONAL PARK SERVICE
Gran Quivira National Monument,
Gran Quivira, New Mexico

September 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Gran Quivira

Subject: Monthly Narrative Report for September, 1950

Weather. We received our share of the rains this month with 1.66 inches recorded. Most of this fell in the last two weeks. Fall weather has set in and the maximum temperature the past few days has been around 55 degrees with the minimum about 10 degrees less.

Approach Roads. Not a great deal of change could be noticed in approach road conditions this month over what they have been. The Mountainair approach is in the best condition of the three as recent heavy rains has roughened Highway 10 from Carrizozo.

District No. 5, State Highway Department, moved in their equipment on the 19th, and are now in the process of graveling part of State 10.

Museum. A small glass-covered exhibit/storage case was built to display a collection of indian artifacts and a bit of vicinity geology. Two displays for the multiplex were completed also and added to the exhibit room.

Maintenance. A new glass bowl for the gasoline pump was received and installed and the pump repainted. It took several days of wet work to get the cistern water system back into operation; the pressure tank had become water logged. The deep well engine received some minor repairs and we repacked the pump. Routine road and trail work and area cleanup were conducted as usual.

Interpretive Services. A total of 280 persons were conducted through the ruins on 72 trips. 28 parties of 92 persons used the self guiding trip through the mission and one party was given a 60 minute talk in the exhibit room.

Travel. Travel increased slightly again this month with 386 visitors to the area as compared to 352 for September 1949. Total travel for the year just ended was 2,852, an increase of 8 percent over 1949 travel year.

THE PURPOSE... THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

GREAT SAND DUNES NATIONAL MONUMENT

Alamosa, Colorado

September 29, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for September, 1950

Weather Conditions

Temperatures for the month have been above normal with the minimum of 32 occurring on September 24th. The maximum was 79 on the 2nd. Light rains fell on 13 days during the month to total 0.85 inch which was more than had fallen the rest of the summer. The rainy and cloudy weather helped to slow up travel to the monument.

Rehabilitation

Invitations to Bid were distributed for the rehabilitation of the roof on the residence and office. The low bidder was Ray Burrows of the Valley Home Supply Company at Alamosa for \$1,327.

Concessioner

The A. W. Graves Saddle Horse Company ceased operations on September 6. Business within the monument was poor with \$232 gross being taken in. Pack trips originating within the monument to Sand Creek Lakes boosted this to \$1089.

Research and Observations

The herbarium case loaned us by White Sands was received. I picked a poor year in which to start a herbarium collection as few plants flowered well under the abnormally dry conditions prevailing this year.

Official weather observations started September 1.

Bear tracks were noted on September 24 on the upper end of the monument on Medano Creek.

Decrease in Travel

Travel for the month of September dropped 30% from that of last year to 2753 visitors. This great decrease in August and September travel (usually the heavy months) brought the total travel for the year to 19,744 visitors, a decrease of 11% from the 22,237 of the 1949 travel year.

Visitors

Among the welcome National Park Service visitors during the month were Ranger Forrest Benson of Saguaro, Mary, and Teri. Ranger Charles R. McManus and his family visited here while taking the daughter to Sargent where she is teaching school. Ranger and Mrs. Dean McClanahan and his parents spent one afternoon here while on annual leave from Petrified Forest. Ranger Bob Morris and family of Canyon de Chelly held a family picnic at the Great Sand Dunes with a portion of their many relatives during the month. Fire-guard Jack Williams and wife of Sandelier spent one afternoon here.

Other interesting visitors during the month included Dr. Newsome, the new president of Adams State College. Henry H. Collins, who is doing some writing for the Southwestern Monuments Association, looked over the area for booklet possibilities.

The Pueblo Motorcycle Club made their annual trip down Mosca Pass to the Great Sand Dunes.

Personnel

I spent two weeks of September on annual leave for the purpose of acquiring a wife. Mrs. Bean, the former Lois Marie Manson of Wiseton, Saskatchewan, and I returned home on September 23. We welcome all National Park Service friends who can make it this way.

Ranger Donald B. Mutz resigned on September 6, effective at noon, September 7, just as I was leaving for Canada on annual leave. It was almost impossible to find a qualified replacement on such short notice so my brother, Kenneth E. Bean, was finally drafted. He was terminated C.O.B., September 22, so that he could return to Stanford University.

I spent two weeks of the summer of 1934 at the
University of Chicago, where I was a member of the
staff of the Department of Geology, and I was
in the company of the late Dr. H. H. Woodworth,
who was then the head of the Department.

TITLE

SuperintendentREMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)Seasonal Ranger terminated C.O.B. 9/22/50

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

September 24, 1950

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, September 1950

Special Activities: The evening of August 27 was spent with Paul Coze, Pasadena artist, who arrived in the area for the purpose of painting the Castle in moonlight. Accompanying Mr. Coze were Mrs. John Britt of Flagstaff, president of Northern Arizona Artists, and two models. The water color painting which shows the two models in the foreground representing a fifteenth century Indian maid and young brave is to appear on the back cover page of the Arizona Highway magazine for April or May 1951. Mr. Coze returned to the monument again on August 29 and took pictures showing modern day use of the Castle.

September 8 was spent with Mr. H. W. Collins, ornithologist from Laham Maryland, hiking the area for the purpose of identifying birds. Mr. Collins spent three days here in assembling data for a bird identification booklet to be printed by the Southwestern Monuments Association. This booklet will be used in manner similar to the present nature trail guide pamphlets.

Weather: That is hoped to be the last hot spell of the season occurred the first part of the month when the mercury reached 110 degrees on several days. Perfect weather, however, existed throughout the latter part of the month. Minimum temperature for the past few days has dropped as low as 37 degrees. Several small showers fell during the month.

Travel: Travel remains heavy, especially for September. 3,888 people in 1,209 cars visited the Castle and 1,823 people in 646 cars saw the Well. This makes a total of 5,711 people in 1,855 cars to the area, an increase of 796 people over September of last year. Each year it becomes more evident that many people postpone their vacation trip until after school starts. As a result there is no abrupt drop in visitors immediately following Labor Day.

This monument, like most other areas in the System, has again experienced a record travel year. In closing out the travel year for 1950, it was found that 42,105 people visited the Castle and the Well which represents an increase of 7,031 people or 20 per cent over last year. Although no official figures were kept, observation showed that

California led the parade, followed by Arizona. During the fall of the year, Californians make up approximately 75 per cent of our visitors.

Interpretation: At the Castle, interpretive service was maintained 31 days, 10 hours per day, and the Well museum was kept open 17 full days. A full schedule of conducted tours was also maintained throughout the month. 212 trips were made to conduct 1,382 people through the ruins and about 2,000 people used the Sycamore Trail. The museum was enjoyed by 3,500 visitors. At the Well, 1,823 visitors hiked the nature trail and 646 stopped by to see the museum.

The Montezuma Castle 3-fold pamphlet was revised and material mailed to Naturalist King for checking and printing.

A rough draft for a new Montezuma Well guide pamphlet was prepared during the month to replace the old one, copies of which are now all gone. However, work on this new pamphlet will be held in abeyance pending construction of a new foot trail at the Well.

Visitors: On August 27 & 29, Paul Coze and Mrs. John Britt from Flagstaff.

On September 8, Mr. & Mrs. H. H. Collins of Laham, Maryland.

On September 15, Supt. Hastings & family from Walnut Canyon.

On September 20 & 21, Landscape Engineer Paul Thomas of the Regional Office.

On September 21, Mrs. John Verkamp and Miss Peggy Verkamp from Grand Canyon.

Maintenance: At the Well, flagstone in front of the museum was cemented and new sections of stone installed. This is a precaution against visitors falling.

The Chevrolet pickup recently acquired from Tonto was placed in the garage for some badly needed repair work. A new muffler and exhaust pipe were installed, fenders welded, and the ignition system repaired.

Considerable trouble was experienced with the leaky roof to residence No. One. This condition is causing interior damage.

Deliberations and the process, followed by action. The first of the two
main deliberations was on the subject of the new constitution.

Deliberations on the new constitution At the first deliberation session was held
on the 1st of May, 1944, and the new constitution was adopted. The
first session of the new constitution was held on the 1st of May, 1944, and
the new constitution was adopted. The new constitution was adopted on the 1st
of May, 1944, and the new constitution was adopted. The new constitution
was adopted on the 1st of May, 1944, and the new constitution was adopted.

The new constitution was adopted on the 1st of May, 1944, and the new
constitution was adopted on the 1st of May, 1944, and the new constitution

was adopted on the 1st of May, 1944, and the new constitution was adopted

constitution was adopted on the 1st of May, 1944, and the new constitution

Page 3:

Roads & Trails: Paul Thomas spent September 20 and 21 in the area for the purpose of locating the new Montezuma Well foot trail. This is Project Construction Proposal No. R-4 for which \$3100.00 has been allocated. Work on this job will start tomorrow, September 25, when four men are to report for duty.

Wildlife: The skunk population at the Well seems to be on the increase; five were seen this month. Both at the Well and Castle, this years hatch of quail is doing nicely. They are seen almost daily.

The annual wildlife report was submitted the latter part of the month.

Museum at Montezuma Well open 17 days.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Natural Bridges National Monument

September 28, 1950

Memorandum

To: General Superintendent

From: Acting Superintendent, Natural Bridges

Subject: Monthly Narrative Report for the month of September, 1950

WEATHER: Until September 18th. the weather has been hot and dry, but on this date a heavy rain fell bringing cold nights and pleasantly cool days.

TRAVEL: With dry passable roads travel into this area has been steady showing a total of 469 visitors in 140 cars. A slight increase of 12% is noted over the same period last year. The campground was used by 16 parties with a total of 52 visitors days.

ANNUAL TRAVEL: A 26 % increase is shown in the annual travel as of September 25th., with a total of 2019 visitors and 609 cars. This is the highest annual travel ever recorded at Natural Bridges.

INTERPRETIVE SERVICES: Of the 469 visitors in the area, 374 were contacted and the total contact time amounted to 58 hours and 20 minutes. Five guided tours were made with an attendance of 16 people.

TRAILS: The finishing touches were put on the Kachina Bridge trail and this spectacular ladder trail has become very popular with the visitors. Weather permitting, a good start will be made this fall in replacing all ladders.

INSPECTIONS: Due to lack of transportation I have made no inspection of the area this month.

AUTOMOTIVE EQUIPMENT: A sore subject! The weapons carrier, obtained from Los Alamos surplus, burned out a rod on September 21, 7 miles out of Blanding, as Ranger Redd was enroute to the monument. This pile of junk has been a headache from start to finish and I do not recommend spending any more money on it. Ranger Redd is now using his own pickup at five cents per mile.

GENERAL: A new refrigerator was just received at Arches, but will not be installed until next spring, at Natural Bridges. A kitchen range will be picked up at Gran Quivira when the new pickup for Arches arrives in Santa Fe. A gas tank from White Sands will be picked up in Gallup soon. Work on trails will continue as long as the weather permits.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Havas, National Monument

Tenalea, Arizona

Tenalea, Arizona

September 10, 1935

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Havas

Subject: Report 1ml, September, 1935

Travel: Travel to Havas increased this year from a previous high of 770 to a new total of 1,034. The count at Rainbow Bridge National Monument was only 542 as compared with the previous high of 673 persons in 1934.

A trip to Rainbow Bridge was made September 14-15 to collect the annual travel data. On June 7, 1935, Dave Curt and Starr Jenkins parachuted into Bridge Canyon to visit Rainbow Bridge. Later they walked to the Colorado River, 6 miles away, where Art Greene met them and they went by boat to Lee's Ferry.

Weather: One and one quarter inches of rain has fallen during this report period. This rain was welcome but too late to do the Reservation much good.

Roads: Almost all the roads leading to the monument, including our own, have been recently graded and are in good condition.

Inspection: Director Williams visited Havas, September 23. It was his third trip to the area but the first since the area has been developed.

Construction: Only one bid was received for the addition to residence number 1 and it was far too high. We are going to start construction soon (we hope) by force account. All the necessary stone and sand has been hauled to the site and the rest of the material should be on hand by October 1st. The excavations for the foundations have been completed.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Navajo National Monument
Tonaalea, Arizona

General: The ranger bunkhouse was given two additional coats of bondex and it looks quite presentable. The vertical radi antenna has been moved to make way for the new construction. All monument tools and equipment have been stamped or otherwise marked to identify them as government property.

A wage board survey was conducted to establish wage rates at Navajo for the construction job. A minimum of \$1.75 per hour for common labor and \$3.25 per hour for mixed gang foreman are the extremes.

Special Visitors: Dr. Carl Schmidt and family, University of Oklahoma.

Dr. John Roberts and family, Harvard University.

Regional Director and Mrs. Tillotson, Mrs. R.L. Moxton, Washington, D.C., Mrs. John Cabot, Santa Fe, New Mexico.
Seasonal Ranger Herman Moxson, Mesa Verde

NATIONAL PARK SERVICE

ORGAN PIPE CACTUS NATIONAL MONUMENT

P. O. Box 38, Ajo, Arizona

September 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Organ Pipe Cactus
Subject: Superintendent's Monthly Narrative Report for September, 1950

Weather

This month started in very hot but cooled down nicely about mid-month. Our high of 113 occurred on the 1st. and a low night temperature of 52 was recorded on the 12th. Rain fell on the 5th, 7th, and 20th for a total of .92 inch this month and bringing our total for the year up to 3.16 inches.

Maintenance

Fence repairs were made on the north boundary on the 7th.
Well repairs were again necessary on the 11th for the third time in 30 days.

The small light plant was repaired and put back in service on the 6th.

Regular road maintenance continued after the return of maintenance-man Guinn.

Minor sign maintenance was accomplished at odd times and more of the same will continue as time allows.

Cooperating Governmental Agencies

On the 24th a Brazilian-Polish Alien came to the Steele's residence and asked for water. He had slipped through the border about 3 miles west of the entry station at Lukeville and was headed for Phoenix, on foot. With the assistance of C. R. McCalmont, the Immigration Officer in charge, he was apprehended about $1\frac{1}{2}$ miles north of Headquarters.

The Bureau of Animal Industry has almost completed the patrol road between Dowling Well and Quitobaquito.

According to an article in the Copper News, great progress has been made on the Tucson-Ajo Highway improvement Contracts. This section of highway is completely new and not visible from the present road. The schedule promises an all paved road by April or shortly after.

Increase in Travel

With cooler weather travel was back up to or above normal with a total of 12,204 for the month. This gave us a record breaking

year of 155,875 visitors. This is an increase of 32,512 visitors over last travel year.

Visitors

General Superintendent John Davis payed us a short visit on the 22nd. His answers to my many questions gave me a better understanding of a few of the administrative problems of a Superintendent.

Personnel

Maintenance-man Guinn returned from leave on the 5th. After a vacation in the "Deep South", he is glad to be back in cool country.

Temporary Ranger James W. Shirley in on an official trip in Phoenix at this writing. He also was in Denning for the Civil Service Clerical Exam on the 12th.

Superintendent Supernauth has been on leave this report period but will return sometime after the 1st of October.

Protection

Dove season opened on the 1st requiring extra patrols, especially in the northern end of the area.

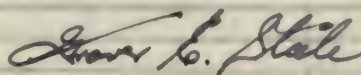

Another case of gun shots on the highway near the headquarters area occurred on the 29th. Six shots were fired in fast succession between Lukeville and Headquarters about 11:15 p.m. By the time I could find my trousers and prop my eyes open, their car was speeding past headquarters in the direction of Ajo. It was futile to give chase in a pick-up.

Cases of this type seem to be ever increasing and will probably require special attention in the near future.

General

Lukeville School opened the 11th with 23 students from the district.

A Benefit Bar-B-Q at the school will draw approximately 1000 people through the Monument on the 30th. This method of raising funds for school assistance is necessitated by the small amount of taxable lands in the Lukeville District.

Grover E. Steele
Acting Superintendent

year of 1934-1935. This is an increase of 23.2% over the year of 1933-1934.

Production

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME Grover E. Steele
TITLE Acting Superintendent

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.

"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.

"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.

"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE FILL IN TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

September 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Report, September 1950

General

A new all time travel record was established at Saguaro National Monument for the 1950 travel year. As of this writing some 34,002 persons visited the monument during the travel year just ended. This is an increase of 10,000 persons over the 1949 travel year. Increased travel trends are reflected not only in this area but over the whole Southwest. This interest on the part of out-state visitors coupled with revitalized local visitation has been conducive to a 50% travel increase.

One of the major aircraft companies has established a factory in Tucson and is presently engaged in repairing B-29's for the U.S. Air Force. This has resulted in an increased local population due to the necessity of securing skilled workers from all over the United States.

The weather for the past month has been relatively dry and pleasant. Lightning storms were not as intensive as usual, which no doubt has assisted in the prevention of fires. Hot dry days have prevailed and although several light showers did occur, the forested area is quite dry for this time of the year.

Special Activities

Superintendent King returned from vacation on August 26.

Mr. Castellum stopped in Tucson on his return from the N.F.P.S. convention in Los Angeles. Together with Supt. King the two interviewed building contractors for a possible re-opening of the bids on the Madrona Ranger Station bedroom addition.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

THE NATIONAL PARK SERVICE is a part of the Department of the Interior, and is responsible for the management and protection of the national parks and monuments of the United States.

The National Park Service is organized into several divisions, each of which is responsible for a specific area of the Service's work. These divisions include the Administration, Interpretation, Law Enforcement, and Natural Resources.

The National Park Service is also responsible for the management and protection of the national parks and monuments of the United States. This includes the development and maintenance of trails, the protection of wildlife and plants, and the preservation of historic structures and sites.

The National Park Service is a part of the Department of the Interior, and is responsible for the management and protection of the national parks and monuments of the United States. This includes the development and maintenance of trails, the protection of wildlife and plants, and the preservation of historic structures and sites.

This includes the development and maintenance of trails, the protection of wildlife and plants, and the preservation of historic structures and sites.

Naturalist King and General Superintendent Davis spent one and two days respectively at Saguaro National Monument inspecting the area and discussing administrative matters with the superintendent.

Maintenance

The Rincon Peak Trail was completely brushed out during September. The Happy Valley Saddle Trail has been rehabilitated and is in good condition, except for the portion which suffered flood damage during last month. We anticipate repairing the latter portion during the late fall or early spring. Maintenance-man Barney and one trail laborer are presently engaged in repairing flood damage on the Pack Trail, about two miles above Grass Shack.

A new metal roof was installed on the living quarters section of Manning Cabin this month.

Repairs were accomplished to the Spud Rock Pasture fence which was badly damaged during the Spud Rock Fire. All except four miles have been turned out to winter pasture since the repairing of the fence.

New Construction

The shortage of building materials seemed to be the reason that no acceptable bids were received on the Madrona Ranger Station bedroom addition. A second bid opening date was set at September 25, and several contractors seem interested. If no acceptable bids are received the project will be undertaken using a force account.

Approaches to Park Area

The Broadway approach was bladed once in September and is in fair condition at present.

The approach to Madrona Ranger Station was bladed also and is in good condition.

The Vail approach is in poor condition as much of the roadbed was lost during a downpour in July. A general replacement of materials is required before this approach is again in good condition.

The Cactus Forest looproad was graded in some sections and is in good repair.

Donations

Ervin Frost Jr. donated a fine photograph of a carab Rhinoceros Beetle for use in our multi tax display. Mr. Frost also donated an excellent panorama of the Saguaro Mountain Ranges as seen from the Tail approach road.

Interpretive Services

A total of 928 persons in 263 parties were given interpretive service at headquarters. This amounted to 67 hours for an average of 15 minutes per party.

Research and Observation

Mr. H.H. Collins and wife spent three days touring the cactus area and the Back Trail to Grass Hack observing birds of Saguaro National Monument. Mr Collins plans to publish an illustrated booklet of the birds found in the monument. He seemed very much impressed by the virgin area of the Pincons being located so near a well populated area.

A desert mule deer doe was observed near the picnic ground on September 9. A five point buck was sighted by visitors near the Javaline dome on September 7. One white tailed deer was observed in the forested area.

Increase in Travel

A total of 1,734 persons visited Saguaro National Monument during September. This is an increase of 312 visitors as compared to last month, and an increase of 718 visitors over the same month last year.

Visitors

- Sept. 7 - Dr. Douglas and family, Univ. of Arizona.
Sept. 8 - Dr. Carden, Univ. of Arizona and a group of eight prominent agricultural experts from France and her possessions. These men have been studying American methods of livestock production. They are:
Marcel Schilles, Reims, France.
Marcel Belrieu, Constantine, Algeria.
St. Pierre Beceveur, St. Lary, Fr. Guatemal Africa.
St. Pierre Hulin, Mianay, Algeria.
Georges Robert, Fez, Fr. Morocco.
O'Alfred Vandon, Yaounde, Fr. Cameroon.
Phillippe Jeller, Tunis, N. Africa.
Alfred Quienne, St. Pol de Leon, France.

Sept. 13 - Mr. W.W. Collins and wife, Lenham, Maryland.
Sept. 20 - General Superintendent Davis, Regional Office.
Mr. Dale King, Regional Office.

Ranger Service

Forrest Benson and family left September 14 for an extended vacation. They plan to visit many of the parks and monuments of the Southwest and include a stop at the Regional Office.

Forest Fire Control

All three Fire Control Aids were terminated as of August 31. Two men, however, were stationed at Manning Camp during September. They rode the patrol trail after lightning storms to watch for possible late season fires.

Insects and Tree Diseases

The annual forest insect report was prepared and submitted this month. Insects and tree diseases are about the same as last year but if the forested area is to be opened to public use in the future certain control measures are recommended.

Personnel

Fire Control Aids Raymond Kimmel, Marion Williams, and Robert Russell were terminated as of August 31.

Trail laborer James Patterson was terminated as of August 31.

Trail laborer James Gilmore resigned September 1.

After three months of sour-dough cooking without a return to civilization Fire Control Aids Kimmel and Russell were reported as headed for Nogales to celebrate.

All temporary personnel are commended for the excellent manner in which they discharged their duties throughout the summer.

Samuel A. King
Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

The cactus forest guide leaflet continues to contribute to the enjoyment of our visitors.

Interpretive service was constant throughout the month.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NATIONAL PARK SERVICE

-----Sunset Crater----- NATIONAL MONUMENT

-----Flagstaff, Arizona-----

-----Sept. 25, 1950-----

Memorandum

To: General Superintendent
From: Ranger-in-charge, Sunset Crater
Subject: Monthly Narrative Report, Sept. 1950

Weather: Temperatures have varied considerably during the past month. Nights have been cold with several mornings below freezing. Snow fell on the San Francisco Peaks Aug. 24 and again Sept. 7-8. We had six days of rain throughout the month with a heavy downpour the night of Sept. 5-6. The first four days of the month were hot and sultry. Strong winds swept the area for five straight days beginning Sept. 14. Cloudy skies with heavy overcast has been occurring the past few days. This together with low temperatures should bring snow anyday now.

Special Activities: Three trips were made to Wupatki for supplies. Once to escort Ranger McClain when he arrived in the area to assume duties. Another to give a hand in putting a concrete floor in the Sunset Hut.

On Sept. 1, Mr. Matt Dodge and Mr. Paul R. Franke visited the monument and some time was spent with them going over the Nature Trail.

Ranger McClain arrived on Aug. 27 to assume duties at Sunset and Wupatki. Aug. 28 was spent getting him acquainted with the area.

Inspections: Mr. Matt Dodge and Mr. Paul R. Franke visited the area in regard to the interpretive program.

Maintenance: Mr. Bean was up on Sept. 11, and bladed the section of road from the utility area to the parking area and the section to the Painted Desert View.

Some time was spent getting the trailer house ready for occupancy. An oil stove and gas plate was installed.

The rest rooms and trash barrels were sprayed with DDT to kill the flies which were becoming numerous.

A section of the Nature Trail was moved to conform with the new trail booklets when they arrive.

Interpretive Service: The Nature Trail still continues to please all those who take it. Use of it has declined somewhat due to the cold and rainy weather. However 34% of the visitors have gone over it. All comments are still favorable. Most people are very intrigued with the trail booklet system.

Collections on the trail booklets have averaged 83%. The number of books sold amounted to 614 with \$54.10 collected showing a loss of \$7.30.

Due also to the cold and rainy weather, the travel to the top of the crater has dropped from 135 to 75. The number of hearty souls who made the trip was 240 made up of 112 parties.

Total travel for this month has been 1206 cars with 3539 people. Of these 2547 persons were contacted in 806 cars. This figures out to 72% of the people contacted.

Increase in Travel: Travel for this month shows that the season is about over. Our largest day of the year occurred on Sept. 3 with 102 cars and 350 people. Since then, travel has dropped way off with only Saturdays and Sundays numbering high.

	<u>Cars</u>	<u>Visitors</u>
September 1950	1206	3539
September 1949	1437	4310

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tonto National Monument
Roosevelt, Arizona

September 27, 1950

Memorandum

To: General Superintendent, Southwestern Nat'l Monuments
From: Superintendent, Tonto
Subject: Narrative Report, September, 1950

Weather. Maximum temperatures ranged from 110° on September 1, down to an average daily maximum of 80 to 85°, during the last of the month. The worst summer heat is over, we hope. About 2.50 inches of rain fell, 1.50 of which poured down in 45 minutes on Sept. 18. This caused considerable damage to roads, trails, raw banks left by construction, and buried a culvert. Mud was washed all over the parking area just prior to seal-coating, which cost the contractor an extra day of cleanup work. The tool shed area was badly flooded.

Approach roads. The Apache Trail was damaged by the severe rains. Oiling the 8 mile stretch near Globe should start any time. The Monument entrance road was bladed by Archaeologist Pierson & Pat Cook with a borrowed grader & our dump truck, and smoothed up by Ab Sanders, State Highway grader man, so it is fairly good again.

Personnel. A local man, Pat Cook, was hired on roads & trails, and one or two more men will be added as soon as we can find them.

Travel. 934 visitors in 282 cars came in this month. This compares with 915 September last year. Annual travel as of the 25th was 18,481, an increase of 1,092 over last year.

Visitors. Ranger & Mrs. Forrest Benson & Terry, Sept. 16, from Saguaro.

Engineer J. H. Conn, Sept. 20 to now.

Mr. & Mrs. Don South, Albuquerque, New Mexico, friends of Piersons.

General Superintendent Davis, September 26.

10, 1946

Parking Area. With the seal-coating job finished on September 26, the parking area is complete and looks very good. It fits the canyon well and even arouses the admiration of some of the visitors. This basic improvement will allow orderly permanent development to proceed whenever that becomes possible.

General. During Mr. Davis' inspection of the 26th, a program of road & trail work, general rehabilitation of the area after the grading, and restoration of utilities, was laid out, and we hope to accomplish a lot of work before the heavy travel begins. There was no "slack season" this summer here, though of course the travel was lighter.

Considerable work and a long time will be required to reseed and minimize the banks and scars of construction, and this will require a continuing effort.

The gas hot water heater in the ranger's quarters is nearly installed, in an outside compartment, as per instructions.

Charles C. Sharp
Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

September 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for September, 1950

Weather: Mother Nature doesn't love us any more. Total precipitation for the month was .01 of an inch, compared with an average rainfall of 1.95 inches for the same month during the preceding 11 years. Temperatures ranged from a high of 108 degrees on August 31 and September 1, to a low minimum of 40 on September 15. We have had our full share of hot weather, and exceptionally dry weather.

Visitor Travel: The close of the travel year chalks up two new records for this area. There were 2,127 visitors this month as compared with the previous September high of 1,683 in 1949, which is better than a 20% increase. For the 1950 travel year Tumacacori had 29,983 visitors, which is over 10% higher than the previous record total of 26,766 in 1948. Some of this increase is undoubtedly caused by the fact that a through paved highway from Nogales to Guaymas, Mexico was placed in use in January of this year.

Interpretive Service: 874 persons went on 165 guided trips through the mission church and grounds, receiving an average of 32.39 minutes per trip. 2,002 persons received combined Information and Interpretation Service, and 2,000 saw the museum and patio garden.

Visitors: Among our visitors were:
Alfred F. Whiting, former W.A.E. guide here, now on the staff of the nearby Santa Cruz Valley School.
Architect Eastman, who made the drawings for the mass diorama and the mission model, in our museum building.
Carl Gordon, former head of the CCC in Arizona.

Inspections: General Superintendent John Davis inspected the area during the afternoon of September 23 and part of the morning of the 24th, and we discussed a wide variety of Tumacacori matters.

Personnel: Sup't. Jackson returned to duty from annual leave on September 2. W.A.E. Guide Conrad worked 4 hours this month, on Labor Day. Maintenance man Orozco took a day of annual leave.

Maintenance: On September 15 the Tucson Roofing Company, which installed roofing over our museum building over a year and a half ago, came down to make repairs. The worst portions of the roof, over the lobby, office, and south arcade of the building, were given entirely new covering of roofing felt, and all the worst blisters on other portions of the roof were patched. At the same time, the company put roofing compound over wall cracks above the north end of the restored nave roof on the mission church, and treated a light-weight cement deck above the baptistry with the same material, to stop some leaks.

More of the extensive Bondex painting job on the museum building was done this month, which brings the outside fairly close to completion. Badly worn bricks in the church floor and north entrance to the sacristy were replaced. Cement sills were placed under two of the recently installed screened metal doors in the mission church. The highway approach signs were taken down and re-painted and re-lettered, and all the wooden signs inside the monument area were freshly painted. The porch of the ranger house was screened. A heavy screen in front of the men's rest room door, fronting on the service road driveway, was remounted on metal posts. Several minor plumbing repairs were effected. Much irrigating was done. The east bed in the patio garden was fertilized and turned, and planted in hardy annuals which may give some late autumn flowers. Several new plants were installed in the cactus garden. Some Matileja Poppy seedlings and some Jojoba seeds, obtained from Fred Gibson, of the Boyce-Thompson Southwest Arboretum, were planted. Considerable old winter-kill and fungus-kill on sick European Olive trees was cut out. Oleanders were sprayed with Black-leaf 40 to control aphid pests.

General: The monument appears to be ticking along in very good shape, with never a dull or idle moment. I would like at this time to insert what I consider the letter of the year, received here recently:

Envelope Address:

Tumacacori National Monument
c/o Rangers
Arizona

Text of letter:

San Angelo Texas 9 1450

Dear Sirs

I am writing a book of 100 places I like best. I need some one there to write a story of the indians in the rock age & how many were there then & now also 5 or more pictures of the most interesting places thaer cloest the writer will rec one of thes bookes for thaer trouble when its compleat

Paul W. Hughes
1516 N Oakes

Perhaps it is the lot of most monument superintendents to receive such a literary masterpiece but once in a lifetime. Certainly anything that could be added here would be superfluous.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

TUZIGOOT NATIONAL MONUMENT

CLARKDALE, ARIZONA

September 27, 1950

Memorandum

To: General Superintendent
From: Superintendent, Tuzigoot
Subject: Report lml, September 1950

There follows a narrative report of activities in this area.

VISITORS

Visitors this month--2379 visitors in 771 cars. This is a drop of 261 compared with September 1949. However, our total for the 1950 Travel Year is 21,093, which is an increase of more than 10% over last year.

GUIDE AND CONTACT SERVICE

Museum, ruins and orientation contacts totaled 5924 for the month. 2082 people in 691 parties were shown through and given an orientation lecture in the museum and 2232 people in 728 parties made the trip through the ruins. Average time spent by each party in the museum and ruins--20 minutes. The trend this month, following commencement of school, was a smaller number of people per car--generally two--in contrast to the usual three or four, indicative of older persons taking their vacations.

N.P.S. VISITORS

Supt. Homer and Mrs. Hastings of Walnut Canyon National Monument on August 27 and September 23. During the month Homer borrowed and returned two tires from this area while awaiting receipt of new ones for Walnut Canyon.

Ranger Jim and Mrs. Clancy of Montezuma Castle on August 30.

Ranger-Naturalist Myron Sutton on September 6. Myron is somewhere between Grand Canyon National Park and the Armed Forces.

District Ranger Pete and Mrs. Shuft of Grand Canyon National Park on September 10, accompanied by relatives from Minnesota.

L. C. Fuller, formerly of Lake Texoma Recreational Area on September 11.

Ranger Steve and Mrs. Leding of Walnut Canyon National Monument on September 19.

OTHER AGENCY VISITORS

Mrs. H. Sands of Ft. Whipple, Arizona, on August 28.

Mr. and Mrs. H. D. Nice, U.S. Immigration Service, Nogales, Arizona, on September 2.

REPORTWORTHY VISITORS

Lewis T. McKinney, archaically of Chaco Canyon and Arches National Monuments, on August 29.

Hubert A. Lowman, noted Southwestern Photographer, on August 29.

Artist-Photographer Paul Coze and staff of six on August 29. Mr. Coze, using the ruins as a stage and employing appropriately costumed models, painted Tuzigoot as it may have appeared at the height of occupation in the 1300's.

Mr. and Mrs. Halle, owners and proprietors of Wrangler's Roost, noted ranch near Phoenix, on September 4.

Mr. Ted Smiley of the University of Arizona Tree Ring Laboratory, Tucson, on September 2. Ted was the first ranger-in-charge of Tuzigoot National Monument following its creation in 1939.

SPECIAL TALKS

On September 27, Superintendent Brewer gave an illustrated lecture at King's Cafe, Clarkdale, Arizona, for the local Kiwanis Club at their noon luncheon meeting. Although his talk was on "Navajo National Monument", he also discussed visitation at Tuzigoot as it bears on local interest and economy.

MAINTENANCE AND ADMINISTRATION

Discussions were held with several contractors relative to bids for construction of the proposed men's room in the museum. The small number of contractors in this vicinity are presently tied up with other projects, but it is believed they will be interested in our job within the next month or two.

During the month considerable time was spent in revising and bringing up-to-date the Project Construction Program Proposals for this area. These have now been approved by Region Three.

President Truman and Mrs. Bessie Truman, Secretary of State
James A. Byrd, Jr., and Mrs. Byrd, and Mrs. Bessie Byrd, and
Mrs. Bessie Byrd, and Mrs. Bessie Byrd, and Mrs. Bessie Byrd,
on September 12.

WHITE HOUSE VISIT

on September 12.

RECEIVING LINE

President Truman and Mrs. Bessie Truman, Secretary of State,
on September 12.

RECEIVING LINE

President Truman and Mrs. Bessie Truman, Secretary of State,
on September 12.

RECEIVING LINE

President Truman and Mrs. Bessie Truman, Secretary of State,
on September 12.

IMPROVEMENTS

The ladder was repaired in Room 14 Group III of the ruins. This ladder leads into a partially restored room and shows the visitor the type of roof construction employed by the Indians.

On September 22 the hot water faucets in the Quarters failed to flow, and the hot water heater was drained in an effort to get rid of the lime incrustation which forms rapidly in the coils. Periodic draining alleviates this to some extent.

The trash which constituted a fire hazard behind the museum retaining wall was cleaned up.

A sign bearing the caption MUSEUM - OPEN 8:00 A.M. TO 5:00 P.M. was designed and layed out. This will be posted at the entrance to the Museum-Administration Building.

OVERHEARD IN THE MUSEUM

"Bet these pots was like putting together a cross-word puzzle".

J. W. Brewer, Jr.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

September 25, 1950

Memorandum

To: General Superintendent

From: Superintendent, Walnut Canyon

Subject: Monthly Narrative Report, September, 1950

Visitors this month, 3079; travel year to date, 23, 589.

Administration The project to catalog our library was brought to a close with all publications carded by author and title. Considerable work to get all material classified by subject remains to be done.

Temporary Ranger Brockman's appointment was terminated on September 12. He and Mr. Brockman left on that date for their home in Seattle, Washington.

Time has been spent in getting information and informal estimates on the cost of installing oil-burning furnaces. Invitations to Bid have been circulated.

Use Of Monument Facilities by the Public There were 3079 visitors who came in 956 cars. Contact was made with 2859 visitors and there were 2918 people in the museum. There were 23,589 visitors for the travel year which is an increase of 1810 or 8.3 per cent over the 1949 travel year.

There were 65 picnic parties including 462 people. On September 10 approximately 150 people from the Veterans of Foreign Wars in Winslow enjoyed a picnic here.

Maintenance The floors in the kitchen and bathroom of Residence No. 1 were repainted.

A broken door glass in Residence No. 1 was replaced and repainting the exterior woodwork was started.

The sump at the beginning of our water line was drained and cleaned.

All exterior woodwork at the restrooms was given a coat of paint.

Interpretation Artist Paul Coze was here to paint a picture of the canyon during the Indian occupation. Mr. Coze was accompanied by an assistant and two models. The most of one day was spent in taking several photographs and working on the painting. It is planned that the material will be used in Arizona Highways for April, 1951.

Work has continued on obtaining photographs for a museum case on the Island Trail.

Mr. and Mrs. H. W. Collins were here to inquire about preparing booklets on the birds and mammals of the area.

Equipment We completed hooking up our gasoline pump to an underground tank and the first bulk delivery of gasoline for this monument was received on September 12.

A chain saw and a 2-ton hoist were transferred to Petrified.

Vandalism Four of the metal numerals on our Island Trail markers were ripped off and two of the signs on the trail were moved. The identity of the culprits could not be determined.

Patrols Part of the north boundary was patrolled and eight breaks in the bottom wire were repaired.

National Park Service Visitors

August 30	Ranger Viklund from Sunset Crater
August 31	Willard Bradley from the Regional Office
	James Jenkins " " " "
Sept. 1	Paul Franke from the Director's Office and Natt Dodge from the Regional Office
Sept. 2	Ranger and Mrs. McClanahan from Petrified
Sept. 4	Supt. and Mrs. Bowen from Wupatki
Sept. 5	Harman D. Maxson, temporary ranger from Mesa Verde
Sept. 11	Ranger Harold Schaafsma and his son from Big Bend
Sept. 12	Ranger and Mrs. Hartsveldt from Yosemite
Sept. 19	Maintenance Foreman Troy Strickland from Petrified
Sept. 22	Supt. Aubuchon from Navajo

Homer F. Hastings
Superintendent

Investigation - Field work was done in pairs - a number of the
 senior citizens and their families. Mr. Case was accompanied by an
 assistant and two models. The work of the day was done in the
 several projects and working on the models. It is planned that
 the material will be sent to Antonia Highway the next day.

Work was continued on original projects and a number
 came in the field.

Mr. and Mrs. H. C. Collins were here to finish their
 project. Material on the birds and mammals of the area.

Summary - We completed working on our models and in the afternoon
 took the first train out of the city for the summer and
 returned to the city.

A check was made of the birds and mammals in the field.

Yamhill - Part of the work was done on the birds and mammals
 were taken out and put on the table and worked. The
 material of the birds and mammals was completed.

Yamhill - Part of the work was done on the birds and mammals
 the birds and mammals were completed.

REMARKS: (Please note below any factors influencing interpretive service, such as: "museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Contact service from 7:00 A.M. to 7:00 P.M. until September 12. Then from 8:00 A.M. to 5:00 P.M.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive service offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3)

Subject: Superintendent's Monthly Narrative, Report No. 1ml

SEPTEMBER TRAVEL, 1950

TRAVEL YEAR TO DATE

Visitors, 20,848 Cars, 5,010

Visitors, 178,189 Cars, 41,845

GENERAL

We are proud to report the close of the most successful travel year in our history. Twenty thousand eight hundred forty-eight visitors in five thousand and ten cars surpass, by over 2,000 visitors, any like month in our history. Again, in our travel year, of 29,028 visitors and 6,752 cars over any previous travel year is also most encouraging.

One of the features that strike us as being noteworthy is the fact that every month of the year showed a gain of not less than a thousand visitors, and a couple of months as much as four and five thousand gain in visitors.

Our physical plant has held up well in spite of the heavy strain on some of our facilities during peak loads, and in speaking of the increase, I want to take this opportunity to compliment my entire personnel on their handling of this increase in visitation without a single complaint from any member of the staff.

Our contact personnel have averaged over 35,000 visitors each for the year. And not one complaint. I think this speaks better than I for the boys. Of course, the boys keeping up the other work, such as pounding the typewriter, etc., deserve equal credit, because contacts alone can not keep the machine going. My entire personnel force has done a swell job and I am proud of every one.

Mr. J. M. Smith, Superintendent, National Park Service

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 18th inst.

and in reply to inform you that the same has been forwarded to the proper authorities.

Very respectfully,
J. M. Smith

Enclosure

The enclosed report of the Survey of the National Park Service, for the year 1900, is herewith submitted to you for your information. It contains a full and complete statement of the work done during the year, and of the results thereof. It also contains a statement of the financial condition of the Service, and of the amount of money expended during the year. It is hoped that this report will be of interest to you, and that it will show that the Service has done its best to carry out the duties assigned to it.

It also contains a statement of the financial condition of the Service, and of the amount of money expended during the year. It is hoped that this report will be of interest to you, and that it will show that the Service has done its best to carry out the duties assigned to it.

Several trips have been made to El Paso, in connection with contracts on our Comfort Stations. Some moisture has fallen and a high of _____ was reached on the _____, with a low of _____ on the _____.

INSPECTIONS

No special trips were made for inspections, even though trips to various parts of the monument have enabled us to pretty well look over our south boundaries.

GENERAL PUBLICITY

The increase in visitors, we feel, shows no lack of publicity. And, too, several articles have kept us in the public eye. "Buick" for October carried a feature article on Scenic Sands. "A.A.A." tells us that Carlsbad and White Sands lead their request list for New Mexico.

COMPLAINTS

No complaints have been received on any phase of our area.

MAINTENANCE

Otis Hicks has been working on buildings and two residences are now completely refinished and a couple of the girls are much happier. Roads are in fine shape, what with a few rains to give the required moisture.

PUBLIC SERVICES

Concession gains are not at all in proportion to our increase in visitors. But they are doing a very good business.

COOPERATING GOVERNMENT AGENCIES

The water contract between the Holloman Air Base and White Sands National Monument was signed and submitted to the Washington Office for approval this month.

We hope soon to be able to obtain this water and do away with this 15-mile haul.

INCREASE OR DECREASE IN TRAVEL

This increase was described in the opening paragraph of this narrative. Increases of over 20,000 visitors per year have been recorded since the year 1947.

THE UNITED STATES OF AMERICA
DO hereby certify that the within and foregoing is a true and correct copy of the original as the same appears from the records of the Department of the Interior.

WITNESSED my hand and the seal of the Department of the Interior at Washington, D.C., this _____ day of _____, 19____.

ACCIDENTS

A broken arm was suffered in two different instances this month, although neither was reported to this office. The children were playing in both cases and just broke an arm. I have not learned yet the name of either party.

So we close this most successful year in our history and start in on one which we hope we can say the same thing on September 30, 1952.

Johnwill Faris,
Superintendent.

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3)

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Wupatki

Flagstaff, Arizona

Sept. 25

50

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report for September 1950.

Weather Conditions. September has been an ideal "sight seeing" month. Some moisture early in September has long since disappeared and the roads are again dry and dusty. Rainfall for the period totalled .80". Maximum temperature on Sept. 1, 102°.

Inspections. Mr. Paul R. Franke of the Washington Office, accompanied by Matt Dodge, visited the area on Sept. 1 to review the interpretive program.

Maintenance. During the month the exterior walls of the ranger's quarters (trailer house) at Heiser Spring were patched and then painted. Before winter it will be necessary to cover the outside of the addition to the trailer house with building paper or some such.

Stake truck I-13833 was given a coat of conventional black paint over the CCC green which was definitely showing its age.

The remainder of the cement floor in the warehouse end of the quonset hut was run so that the cement mixer could be released to Navajo. Also garage doors were fitted on the garage end and for the first time in the history of Wupatki we can now run our equipment inside for repairs.

Mr. Troy Strickland of Petrified Forest was in on Sept. 19 and removed the heavy timbers stored here, for which we had no use.

Ranger McClain made a hurried trip to Mesa Verde on Sept. 21-23 to secure two new tires for the weapons carrier as it had been laid up for two weeks with a blowout.

Repair and Rehabilitation. Bids for reroofing the superintendent's residence were distributed on Sept. 11 and opened in Santa Fe on Sept. 20. You guessed it -- too high!

The report of the Wildlife Service for September 1934, as submitted by the Wildlife Service, is being reviewed and the results will be forwarded to you as soon as possible.

Monument Roads. Roads have been fair this month. Additional blading has kept the road between Sunset Crater and Wupatki better than usual as reflected in the increased travel.

Clay plating of the worst stretches on the above road should get underway about Oct. 2 with dump truck from Walnut Canyon and Navajo to expedite the work. If luck is with us the winter moisture will settle the clay before the wind and the tourists blow it away.

Cooperating non-government agencies. Rain gauges were read for the Museum of Northern Arizona on Sept. 1.

Interpretive Service. At Wupatki ruin 859 visitors in 260 parties were contacted for an average of 19 minutes per party.

On Sept. 1 the Nalakihu-Citadel self-guide trail went into operation complete with a Kennesaw Mountain register box, 5 easel displays and the booklet prepared by Mr. King. This trail has been very well received by the public. It is believed that more people now figure they have seen enough and turn back at the Citadel, but a study will have to be made to verify this. Certainly a much larger porportion of visitors stop there now, know what to do, and know what they've seen when they leave.

Mr. Stan Davis, Llolesgard photographer, returned to the area on Sept. 9 and weather cooperating should have gotten some excellent transparencies for color postcards.

Artist Paul Cose was in on the 14th and finished the photography for his part of the forthcoming Indian Ruin article.

Increase in Travel. Travel, as shown below, is up about 50% this month over the same period last year. Again this is no doubt due largely to the passable condition of the back road from Sunset Crater. The 1950 travel year just ended is up 47 % over 1949.

	<u>CARS</u>	<u>VISITORS</u>

Memorandum

To: General Superintendent

From: Naturalist

Subject: Narrative report for interpretive work in the Southwestern National Monuments for September 1960

Naturalist Dale S. King traveled September 18-21 to Phoenix, Casa Grande, Tucson, and Saguaro.

Archaeologist Charlie E. Steen returned to the office September 25 from field work at Canyon de Chelly.

Interpretive Administration

King processed and forwarded through Region to Washington the revised 2-fold leaflets for Arches, Navajo, and White Sands, the revised 3-fold leaflet for Montezuma Castle, and material for a new 3-fold on Rainbow Bridge. He sent out the usual memorandum to southern Arizona areas as a reminder to rehabilitate interpretive devices before the heavy travel, and mailed several copies of the herbarium catalogue in answer to requests from other National Park System areas.

Progress of Exhibit Plans and Projects

The Chiricahua museum exhibit plan which has been recommended by Museum Chief Burns and signed by Superintendent Cooke and General Superintendent Davis was submitted to the Regional Director. A leaflet for the Cove Trail at Arches, prepared by the local staff, was mimeographed.

Accessions -- Other Than Library

Photographs by Artist Paul Cose of posed pictures simulating prehistoric Indian activities at Mesa Verde, Aztec Ruins, and Bandelier

[Illegible text block containing several paragraphs of a memorandum or letter, mostly obscured by bleed-through from the reverse side.]

were received and then furnished to the respective field areas. These cannot be displayed without the artist's permission, but will be very useful in the future for exhibit planning activities.

Research and Observations

Steen's second season at Tse-ta'a was very successful. The site was not completely excavated but no more digging is planned or contemplated. The work this summer was in the later occupational phases. A total of 19 structures were cleared; two Pueblo II rooms; the balance, including four kivas, were Pueblo III or later. Most of the material has been brought to Santa Fe and the rest will be transported during October.

Archeologist David De Harport of Peabody Museum, finished his third season of archeological survey under Department of the Interior permit at Canyon de Chelly. He recorded 142 new sites, making a total of 340 in Canyon de Chelly alone, for he has not worked in del Muerto or Monument Canyons.

Cooperative Activities

King with Artist Paul Cose interviewed Editor Raymond Carlson regarding an issue of Arizona Highways on prehistoric Indians which probably will be published in the spring. He and General Superintendent Davis also had a nice visit with William Carr in Tucson. A letter of introduction was written to Canyon de Chelly for Photographer Laura Gilpin, who is compiling a book on the Navahos. Corrections were made for several areas for the revision of the AAA Tour Book. The superintendent of El Morro was asked to write an article for the New Mexico magazine on the monument.

Loan Library

A considerable number of publications were written for or ordered and two loans were requested from the Library of Congress.

Accessions totaled 148, including 31 books, 60 periodicals, and 57 pamphlets.

The more important books received were:

Bailey, Flora L. - Some Sex Beliefs and Practices in a Navaho Community. Papers, Peabody Museum of American Arch. and Eth. Vol 21, No. 2. Papers of the Navaho Project No. 2.

Bent, Arthur Cleveland - Life Histories of North American Nighthawks, Shrikes, Vireos and Their Allies. U.S. National Museum, Bulletin 197.

Cook, S. F. and A. E. Trogan - The Quantitative Investigation of Indian Mounds, Univ. of California Pub. in American Arch. and Eth. Vol 40, No. 5.

Daniel, Olyn B. - A Hundred Years of Archeology. London, 1950.

Day, Albert M. - North American Waterfowl. New York, 1949.

Dice, Lee R. and Philip M. Blossom - Studies of Mammalian Ecology in Southwestern North America with Special Attention to the Colors of Desert Mammals. Carnegie Institution of Washington Publication No. 488.

MacGowan, Kenneth - Early Man in the New World. New York, 1950.

Preston, Richard J. - North American Trees. Ames, Iowa, 1948.

Stubbs, Stanley A. - Bird's Eye View of the Pueblos. Norman, 1950.

Southwestern Monuments Association

The biggest news during the month was the publication of "For The Dean," a leather bound copy of which was presented to Dr. Cummings at a reception at his home September 20. More than 170 guests were present and congratulatory telegrams and letters came from all over the country. Several donations for the Cummings revolving publication fund, including one for \$500, were received.

Galley proof for the revised Lava Flow at Sunset Crater was received September 7 and for "Birds of Bandelier" September 28. Photographs and text also came in for "Animals of Bandelier." Some progress was made on accumulating photographs and drawings for the Puzosoot trail booklet.

Word was received from the National Park Service that no organization should be allowed the use of our mailing list.

A form for contracts with authors was worked up and submitted to an attorney for review. This was adapted from forms obtained from three publishing companies.

During the month of September two deposits and one disbursement were made by Treasurer Tedder. The number of covers mailed was 244, including 60 letters and 55 purchase orders.

As the annual audit was completed at the end of August, much time this month was spent in vesting the accumulated receipted purchase orders and turn-ins to the warehouse cards. Also the ledger accounts were closed, and the various statements for the Association's annual report were prepared. They are all completed and only the written text has to be done now.

The Cummings Volume, entitled PER THE DEAN, was published and a leather bound copy was presented to Dean Cummings on his 60th birthday, Sept. 26th. The book is now on sale for \$5, and copies will be mailed during October to those who have already subscribed.

Visitors

Photographer Laura Milpin, Artist Paul Coze, Assistant Chief Naturalist Paul Franks, Rangers Elmore and Benson, Archeologists David De Harport and Malcolm Palmer.

Ruins Stabilization

First record pages were received from Bandelier on the stabilization work this summer at Tyuonyi and the Big Kiva.

At the request of Region Two it was arranged for Archeologist Vivian to travel to Fort Laramie National Monument to give them the benefit of his advice on the stabilization of the Sutlar's Store there.

Technical Aid to the Administrator

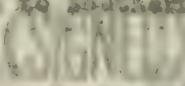

In the absence of General Superintendent Davis, King was Acting September 22-30.

Projects for October

King will be on normal office routine except for a trip October 5-14 with Historian Ronald Lee and Regional Archeologist Erik K. Reed to Mesa Verde, Aztec Ruins, Shaco Canyon, El Morro, Montezuma Castle, Tuzigoot, Walnut Canyon, Tuzatki, and Petrified Forest.

Steen will work in the office on the Tze-Ta's material except for a short trip late in the month to Southern Arizona.

October 26 1950

Memorandum

To: General Superintendent

From: Superintendent Arches

Subject: Monthly Narrative Report for Month Of October, 1950

Weather: From September 25th to October 25th hot and dry no rain a few over cast skies and some high winds. Maximum Temperature 99 Minimum 35.

TRAVEL: A total of 989 people and 286 cars Representing 28 States visited the Monument during the Month of October 1950. This is an increase of 58 .6 % over the same period last year. Eight parties camped in the Area staying 116 visitor days.

INTERPRETIVE DEVICES: The Cove Trail is working out very satisfactory the people are getting a lot of very good information out of the leaflets.

INTERPRETIVE SERVICES: Total contact time amounted to 85 hours in which 937 people were given information on the Monument. Fourteen Guided Tours were made with an attendance of 123 people.

ROADS INSPECTION: On October 4th and 5th an Inspection of the BPR Survey lines on Route 1 (portion), the Monument Entrance Road, and Route 2, the Windows Spur Road, was made in Company with Project Engineer Norace Miller and Superintendent Wilson. Locations were selected for Four Parking Overlooks within the first 5 Miles.

It was agreed that the proposed terminal parking Area on this route was too far from objectives of Double Arch and North and South Windows since a walk of approximately four tenths of a mile and return would be required to each feature from such a central parking area.

A terminal loop over the easy terrain can route travel to two parking areas much closer to the scenic features which will require a walk of only 5 to 6 hundred feet to each of them.

This line will be incorporated into the location. Besides these two parking areas, two more were selected along the line which give sweeping views over the rugged Monument Country. Topography at all Four will be taken and sent to the Region for design of the areas.

NAME *Frank Withington*
TITLE *Park Ranger*

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE IS A RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

October 24, 1950

Memorandum

To: The General Superintendent
From: The Acting Superintendent, Aztec Ruins
Subject: Superintendent's Monthly Narrative Report 1ml

WEATHER: Exceptionally dry weather continued this month with clear, warm days. Only .10 of an inch of moisture fell during the period, and that was on Sept. 24.

NEW CONSTRUCTION: The outdoor living room of the superintendent's residence is all but completed. There remain walls to paint, shrubs to plant, and some minor jobs.

INTERPRETIVE SERVICES: 144 parties totalling 734 people went through the ruins and 1,212 visitors were shown the museum.

RUINS STABILIZATION: The Mobile Stabilization Unit closed down activities here for the winter on Sept. 29.

INCREASE IN TRAVEL: Again this month, travel showed an increase over corresponding periods in the past. An increase of 32 % was shown over October, 1949. There were 1,212 visitors from 33 states, Wash. D.C., Alaska and Canada.

PERSONNEL: Superintendent Townsend began annual leave on October 1 and will return to duty November 1. Bill Perkins who was seasonal ranger last summer, entered on duty as WAE guide on October 1, to relieve the acting supt. on days off. The acting supt. received a call from the Adjutant General's office to be ready to report the AA Branch of the Artillery School, Ft. Bliss, about the 10th of November as an instructor in the school. No written orders have come in yet, however.

VISITORS: Park Ranger Jack K. Anderson of Sequoia-Kings Canyon visited on the 22nd. H.G. Barton, F. Morrell and P.T. McGrath of the USGS visited on the 10th.

NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

October 29, 1950

Memorandum

To: General Superintendent

From: Superintendent, Bandelier

Subject: Monthly Narrative Report for October, 1950

Weather

The weather was very dry during the entire month with only .07 inches of rain being received. The days were generally clear with temperatures in the 70s and low 80s and the nights were cool with temperatures in the 30s. A high of 89 degrees occurred on the 11th and a low of 32 occurred on the 21st.

Visitors took advantage of the pleasant weather to visit the area in increasing numbers.

Inspections

Chief Historian Lee and Regional Archeologist Reed inspected the area on the 5th. They looked over the museum and the excavation of Rainbow House.

Regional Naturalist Lodge spent the 26th taking movies of various features to include in the film on Bandelier.

Maintenance

The maintenanceman completed painting the exterior windows and screens on the residences, administration building, and comfort stations.

Approaches to Monument

The ditches on the approach road were cleared out in preparation for winter weather but due to the very dry conditions it

NATIONAL PARK SERVICE

BANDELIER NATIONAL MONUMENT

SANTA FE NEW MEXICO

October 22, 1966

TO: THE DIRECTOR, NATIONAL PARK SERVICE
FROM: THE SUPERVISOR, BANDELIER NATIONAL MONUMENT
SUBJECT: BANDELIER NATIONAL MONUMENT
RE: A letter from the Santa Fe National Monument, dated October 10, 1966, regarding the proposed construction of a new road through the monument.

On October 10, 1966, the Santa Fe National Monument advised that it had received a request from the Santa Fe National Monument for a new road through the monument. The request was for a new road that would provide access to the monument from the south. The road would be approximately 1.5 miles long and would be approximately 12 feet wide.

The Santa Fe National Monument advised that the proposed road would be constructed on the south side of the monument. The road would be approximately 1.5 miles long and would be approximately 12 feet wide. The road would provide access to the monument from the south.

was necessary to delay some of the work. The road was exceedingly dusty by the end of the month and numerous verbal complaints were received concerning it.

It appears that the State Highway Department is taking more interest in the maintenance of this road. One of the engineers made an inspection of it on the 18th and expressed interest in the number of people that are visiting the area now.

Concessions

Frijoles Canyon Lodge closed on October 8 after one of the most successful seasons that it has had. All services were conducted in a very fine manner and numerous compliments were received on the meals and lodgings. The dining room management was considerably better than in the past and since Mrs. Frey was relieved of much of these responsibilities she was able to devote more time to the guests.

Interpretive Service

There were 1477 visitors on 124 conducted tours of the ruins and an additional 998 persons made use of other interpretive facilities.

Plans were drawn up for the construction of small trail side interpretive stations and work was started on the preparation of texts for them. They are to be placed at Tsankawi Ruin, Trail to Tsankawi, Otowi Ruin, Ceremonial Cave, Stone Lions, Painted Cave, Falls of the Rito de los Frijoles, and Rainbow House Ruin.

Archeological Excavation

The excavation of Rainbow House has progressed very well with the small crew and a total of 46 rooms and one kiva have been completed. The last week of the month was spent on stabilizing the excavated rooms and if time permits a few additional rooms will be cleared in November. The ruin is nearly ready to exhibit and a nature trail to it has tentatively laid out.

Travel

Travel during October resumed its upward swing that was temporarily halted in September. There were 3,214 visitors this

month as compared with 2,085 a year ago, which represents a 54% increase in travel.

There were 650 visitors on Sunday the 22nd and two years ago we would have thought that this was a big day for a Sunday in August.

visitors

The Regional Workshop of the American Association of University Women met at Frijoles Canyon Lodge from the 6th to the 8th.

The 8th grade of the Los Alamos schools were given a special tour of the ruins on the 8th.

Edward Kelly and his wife from National Capitol Parks were visitors on the 10th.

50 representatives to the Conference on State Government that met in Santa Fe came to the area on the 22nd. The group was mainly composed of state senators, representatives, and the Governor of Arizona.

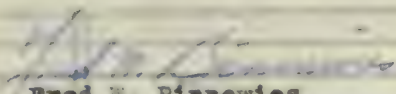

Ranger Service

Supervisory Park Ranger Keefe returned from temporary duty at Chaco Canyon on the 7th.

Temporary Park Ranger Brewer was terminated on the 8th. She spent an additional week in the area visiting some points that it had not been possible for her to see before.

Insect and Tree Diseases

Regional Forester Carlson spent the 27th making a survey of insect damage to pines on the south mesa and in Frijoles Canyon. There is some evidence of infestation by pine beetle but not enough to warrant control measures yet. It must be watched in case the insects start to spread to other trees to any great extent.

Fred W. Binnewies
Superintendent

which is composed of 7,000 a year, which represents a 10% increase in 1960.

There were 100 visitors in 1960 and 100 years ago we would have thought that was a big number. It is not.

History

The original intention of the American Association of University Women was to provide women with the same as the men.

The 100 years of the American Association were given a special day of the year on the 10th.

Edward Teller and his wife were national political figures on the 10th.

At the same time as the 100th anniversary of the American Association, there was a party in the area of the 10th. The 100th was mainly composed of 10th century, 10th century, and the 10th century of 10th.

History

Edward Teller and his wife were national political figures on the 10th.

Edward Teller and his wife were national political figures on the 10th.

TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

**Canyon de Chelly National Monument
Chino, Arizona.**

October 26, 1950

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for October, 1950

Travel: 578 people in 141 cars this month. This more than doubled the 173 figure for the same period last year. Good weather, with apparently greater public interest, were major factors in this increase. Campers, taking advantage of the mild nights, are to be found in increased numbers at both camp sites along the rim. Guide and contact service totaled 73 hours, 30 minutes.

Weather: Dry and much below normal precipitation. No moisture of any nature during the month. The result of this continued dryness has stopped all vehicle travel in the floor of the canyons.

Roads: All approach roads are travelable but rough. Monument roads are in fair condition even though we have been unable to operate the grader due to extreme dryness.

N.P.S. Visitors: John Davis on September 27. We always benefit materially by Johns inspections, and wish that his visits could be made more often.

Miss Grace Metcalf, Mrs. Ida Lents, and Miss Stella Ortiz from Region Three Office, and Miss Mary Mitchell of the U.S. Indian School, Santa Fe, on October 14-15. It was a real pleasure having these young ladies with us.

Supt. Spotts, Jefferson Nat'l. Expansion Monument on October 25.

Administration:

One trip was made to Petrified Forest N.M. to pickup artifact material belonging to this area. This was in accordance with a suggestion made by Sup't. Branch. Two trips were made to Gallup to secure bids for concrete picnic tables and pickup much needed supplies.

THE END OF THE LINE

General Superintendent
Canyon de Chelly National Monument
Chino, Arizona

October 22, 1930

To: General Superintendent

From: Superintendent, Canyon de Chelly

Subject: Monthly Narrative Report for October, 1930

Visitors

378 people in 141 cars this month. This was a record for the 1930 season for the same period last year. Good weather, with especially greater public interest, were major factors in this increase. Campers, taking advantage of the mild nights, are to be found in increased numbers at each camp site along the rim. Guide and contact service totaled 73 hours, 30 minutes.

Weather

Dry and much below normal precipitation. No moisture of any nature during the month. The result of this continued dryness has stopped all vehicle travel in the floor of the canyon.

Remarks

All approach roads are travelable but rough. Tourist roads are in fair condition even though we have been unable to operate the water bus on extreme dryness.

U.S.A. Visitors

John Davis on November 14. He always benefits especially by being inspected, and what his visits mean to him is not known.

Miss Grace Huxford, Mrs. Joe Lanta, and Miss Nellie Criss from Tucson, Arizona, and Miss Mary Huxford of the U.S. Indian School, Santa Fe, on October 14-15. It was a real pleasure having these young ladies with us.

Capt. Spotts, Arizona Wildlife Inspection Commission on October 22.

Administration

The trip was made to the Indian School at Santa Fe, New Mexico, for the purpose of making a collection of birds. This was an excursion with a purpose and was a success. Two birds were taken to Santa Fe for scientific study. The trip was very successful.

Canyon de Chelly National Monument
Chino, Arizona.

Cont. fm page 1.

Jobs completed:

With a letup in visitation much has been accomplished during the past month.

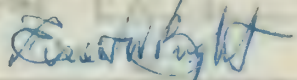

Laying and pointing-up of over 1200 Sq. Ft. of flagstone in front of the administration building was completed. Also, a new flagstone walk around the living quarters.

All exterior woodwork of the Adm. Bldg., and Superintendents quarters were given a complete coating of linseed oil.

All vehicles, the three trucks, grader and electric light plant have been completely winterized - by draining, flushing, and filling radiators with antifreeze. Changing to winter weight oil, etc.

A new oil tank, oil line, and heating system was installed at the Rangers living quarters.

Since we were unable to secure bids for making picnic tables and fireplaces, we have started production of these units on our own, according to Drawings NP-PLA-2031-A, Standard Prefabricated, PG (Parks General) 1415.

Everett W. Bright,
Superintendent,

Report to Chief National Highway
Council, Atlanta

Page 1.

1. Summary:

With a focus in violation which has been accomplished during the
past month.

Letter and preliminary of over 1000 sq. ft. of violations in front
of the station building was completed. Also, a new station was
opened the first of month.

All station work of the 1st. Div. and Departmental work
was given a complete review of licensed oil.

All vehicles, the three trucks, motor and electric light plant have
been completely checked - by testing, cleaning, and filling systems with
antifreeze. Checking to safety with oil, etc.

A new oil tank, oil line, and heating system was installed at the
main building.

Since we were unable to secure time for making plans before and
therefore, we have started operation of these units on our own, according to
numbers 1-11-1001-4, Standard Installation, IV (see below) 1-11.

SOUTHWESTERN NATIONAL MONUMENTS
COOLIDGE, ARIZONA
CAPULIN MOUNTAIN NATIONAL MONUMENT
October 25, 1950

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Ranger Homer J. Varr

Subject: Monthly narrative report, October, 1950

Visitors: There have been about 2,100 visitors to Capulin Mountain National Monument during the month of October, making a total of two thousand one hundred visitors for the travel year and twenty one thousand three hundred for the fiscal year to date.

Weather: The weather has been unusually warm and pleasant during the entire month, with no precipitation and no high winds.

Flora and Fauna: Grass and all vegetation in the Monument area is very dry. A bunch of eleven deer has been noted in this area, among them are two very fine bucks. All other wildlife is doing fine.

Roads and Trails: Roads in the Monument area are now in excellent condition. The crater rim trail is now finished, with the exception of placing the marker posts. This I have been unable to do, as Dale King has not as yet been able to get me a prescript of the rim pamphlet to show where to place the marker posts. These posts have been cut and drilled, and are in the process of curing. The trail to the bottom of the crater (with good weather prevailing) will be finished this week.

Special Visitors: Superintendent and Mrs. Relaten B. Lattimore of Fort Pulaski National Monument, Savannah Beach, Georgia were very welcome visitors to our Monument on October 10. They stopped on their way to Conference at Yosemite.

CAPULIN MOUNTAIN NATIONAL MONUMENT
October 25, 1950

-2-

Our genial Park Geologist, Mr. A. B. Lang from Washington, D. C. and his mother made us a visit this month. Mr. Lang gave the Ranger here some very good pointers on geology which he hopes to be able to impart to the visitors during the coming season. Mr. Lang is a mighty good sport and a scholar, but he did not realize what thin ice he was treading upon when he suggested that our Capulin Mountain, who is very much of an old maid, might be much older than 1,000 years.

Information Pamphlets: About five hundred pamphlets have been distributed during the month, leaving about three thousand now on hand.

Very respectfully,

Homar J. Farr
Ranger

"museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historic areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

From: Superintendent, Casa Grande
Subject: Monthly Narrative Report for October 1950

General: Cotton picking has reached its peak in Pinal County during the month. The weather has been ideal for this activity and the cotton farmers appear to be happy. During the picking season, our town of Coolidge is transformed into a bustling center of activity. The annual rodeo was held last week and this has added to the confusion.

We would again like to call attention to the water shortage at this area. The heavy irrigation pumping is now over in the valley, but our pump has continued to pump air so our situation remains precarious.

Weather: The weather this month has been most unusual and several maximum temperature records for this time of year have been broken. None of the maximum temperatures this month have been below 92 degrees, but during our usually torrid summer months of July and August we had low maximum readings in the 80's and even in the 70's. An Indian summer such as this might be most welcome in other parts of the country, but we were looking forward to some nice cool fall weather for a change. Significant temperatures recorded during the month are as follows:

Maximum	---	105 degrees
Low maximum	---	92 "
Minimum	---	48 "

No precipitation was recorded during the period covered by this report.

Visitors: Although our travel this month shows a small loss we expect visitation in the coming months will be up to normal. This month's decrease in travel is no doubt due to the unseasonably hot weather we have had this month. Our travel figures are as follows:

	<u>1950</u>	<u>1949</u>
Visitors during October	2,105	2,319
Increase or decrease	- 214	
Visitors for travel year	2,105	2,319
Increase or decrease	- 214	

Interpretive Service: A total of 1,115 people made the trip to the ruins in 147 groups averaging 52.3 minutes per trip. There were 990 visitors who made only a short stop and did not go to the ruins.

Visitors of Note and Special Groups:

- Sept. 28 - Group of 23 7th grade school children from Coolidge visited the ruin as part of their U. S. History course.
- Sept. 29 - Rev. Kenneth Porray of Grand Canyon National Park
- Oct. 3 - Supt. and Mrs. Sharpe from Tonto
- Oct. 13 - Supt. and Mrs. Ross Maxwell and Asst. Supt. and Mrs. Robert Gibbs of Big Bend National Park
- Oct. 23 - Ranger and Mrs. Zerbey of Saguaro. Mr. Zerbey picked up some surplus items for Bandelier, Gran Quivira and White Sands.

Ranger Henson of Tumacacori

Mr. and Mrs. S. H. Hart, friends of Mr. Albright and Supt. Rogers of Yellowstone.

Ranger and Mrs. Anderson from Sequoia National Park.

Administration and Protection: Eight requests for information were received and answered. The Adamsville Site was checked for pot hunting, but no evidence of trespass was noted.

Maintenance: The redecoration of the interior and the repair work on quarters 3-5 is now almost complete. Some time has been spent in reconditioning our oil heating stoves for use in the near future.

Public Health: We have again received an unsatisfactory report on a water sample submitted to the state health department. This has necessitated putting our chlorinator back into use.

Personnel: Superintendent Bicknell returned to duty on October 10. He had been on sick leave and annual leave since July 23.

Research: A partial report was received from the U. S. National Museum, Division of Insect Identification, on the insect specimens which we had sent to them in August. Several of the specimens appear to have been of more than usual interest and one small beetle, belonging to the genus Diploptaxis, may be a new species. An effort will be made to secure a large series of these beetles for further study by specialists. Now that our insect specimens have been identified we really feel the need for proper storage facilities for these specimens. Without proper cases our insect collection will be almost useless.

A series of arachnid specimens collected by Ranger Arnberger have been given to Dr. Stahnke of Arizona State College at Tempe for identification.

A.T. Bicknell
Superintendent

Category 1. No data on this device and limited human data only.

1. The first step in the process of the investigation is to determine the scope of the problem. This involves identifying the specific areas of concern and the potential causes of the problem. Once the scope is determined, the next step is to gather information. This can be done through a variety of methods, including interviews, surveys, and document analysis. The information gathered is then used to develop a plan of action. This plan should outline the steps that will be taken to address the problem and the resources that will be needed to implement the plan. Finally, the plan is implemented and the results are monitored. This allows the investigator to determine if the plan is effective and if any adjustments need to be made.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
 Please read them carefully.

NAME A.T. Bicknell
 TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Chaco Canyon National Monument
Bloomfield, New Mexico

October 25, 1950

Memorandum

To: General Superintendent

From: Superintendent, Chaco Canyon

Subject: Report of Activities at Chaco Canyon National Monument during the month of October, 1950

Weather

Extremely mild weather has prevailed thruout the month with warm days and crisp, cool nights. Maximum temperatures have ranged mostly above 70 degrees and minimum temperatures have been in the fortys most of the month. Our highest maximum temperature was 87 degrees on October 13 and our low minimum was 29 on October 2.

Administration

Ranger Francis Elmore entered on duty status on October 7, relieving Ranger Joe Keefe of Bandelier of the duties of Acting Superintendent. Ranger Keefe left the same day and Ranger Elmore served as Acting Superintendent until October 15th.

Superintendent Meredith M. Guillet arrived from Carlsbad on October 15th and entered on duty as Superintendent on October 16. Most of the office work that had accrued after Superintendent McNeil left was stacked up and awaiting his arrival. Most of the time since arrival has been spent catching up on back files and matters that had been pending for some time.

A trip was made to Gallup, New Mexico for household equipment that had been left in storage. I took the stake truck and was able to bring practically all of it in one load. The balance will be picked up on the next trip to Gallup. On October 24th Ranger Elmore made a trip into Farmington N.M. for supplies and equipment. This consisted of a new weather station and an A.C. converter purchased for the Radio from the Collins radio Company.

Maintenance

Acting Superintendent Elmore has had the two navaho laborers working on various maintenance projects eliminating hazards along the ruin trail, working on the well, etc. before my arrival. On my arrival the light plant was out of order and some time was spent getting it back in working order.

Chas. J. Harris, Jr.

Very truly yours,
Chas. J. Harris, Jr.

Very truly yours,
Chas. J. Harris, Jr.

In order to connect the radio converter it was first necessary to dig up the entire line from the plant to the office and repair connections which were responsible for a great deal of power loss. A great many other corrections were made to the light system and it is working much better.

We have had most of the piles of tumble weeds cleaned from around the headquarters area and a start has been made in the wareroom towards rounding up property and equipment so we'll know what we have and where it is.

Visitors

The new travel year has started off with a bang and shows a considerable increase over the corresponding period last year. There were 141 registered visitors and an estimated 15 who were unattended making a total of 156 visitors. Automobiles totaled 55.

Interpretive Services

There were 127 persons conducted thru the ruins and 95 given orientation talks at the museum. Forty-three hours were spent in guide and contact work. There was a total of 28 conducted trips.

Accidents

While working on the light plant Ranger Elmore inadvertently got his hand in contact with the fan causing an abrasion. It is almost healed at the present time.

General

After quite a number of years served in various areas and in various positions I have at last received competitive status which means much to me and for which I am duly thankful.

Meredith M. Guillet
Superintendent

In order to conduct the work necessary to the study of the
to-day of the entire life from the point of view of the
which were responsible for a great deal of human suffering. I think that
conclusions were made in the light of the fact that it is possible that

we have had most of the lives of people who have been
the past century and a half has been made in the human world
possible to study and experiment on it in such a way that it is

History

The new world has changed with a new and more
conceivable human life. The new world has been made in the
all religious ideas and in the world in the new world
of the world. The new world is the new world.

Philosophy

There were the new world and the new world
of the world. The new world was made in the
the new world. The new world was made in the

Science

This world is the new world. The new world
has been made in the new world. The new world
has been made in the new world.

Art

After this a number of years have passed in the
various positions I have of the world. The new world
has been made in the new world.

THE NEW WORLD
OF THE NEW WORLD

I was away from the field from October 1st to the 20th on annual leave and in absentia to Fort Canby, California.

Chaco Canyon National Monument
Bloomfield, New Mexico

Completed stabilization of Site Be-59. October 26, 1950
was completed and I was in the field on the 27th.

Memorandum

To: The Superintendent, Chaco Canyon
From: Archeologist Vivian
Subject: Monthly Narrative report

This is the report of Mobile Unit activities in your area during October 1950.

Stabilization of the tri-walled building adjacent to Pueblo del Arroyo was completed on the 20th and the site can now be considered in maintenance status. This structure 73 feet in diameter contains a central partially paved area, 14 complete rooms and parts of 3 others. Adjacent to this structure and stabilized with it are 4 kivas and 11 rooms or small areas. A fifth kiva almost wholly razed in prehistoric times for its building stone was backfilled.

With this job completed and with a reduced crew we have started 2 small projects. The first is preliminary work around Kin Kletso. To date heavy growth has been removed from the site, an access road cleared, a dump for concrete sand made and stockpiling of building stone begun. It is not expected that a great deal will be accomplished at Kin Kletso this fall aside from this, doing the mapping and making preliminary photographs.

The other project under way is final cleanup preparatory to complete stabilization of Site Be-59. Stabilization of this site will require the rest of the fall until such time as weather closes down the work. It is a rather intricate little ruin on which only a small crew can be employed at one time.

Archeologist-Aide Rixey completed this season's work at Aztec Ruins and returned to his headquarters here on October 2nd. His notes for the stabilization records were up to date and some of the records completed. They await only final typing and assembly of the photographic sheets before being submitted. Mr. Rixey remained here till the 16th when he went on annual leave for the remainder of the month.

James Earl Ray
London, England

October 14, 1969

Dear Sir,

I am writing to you in response to your letter of the 10th of October.

I am sorry that I cannot give you a more definitive answer.

I am sure that you will understand my position.

I am sure that you will understand my position.

I am sure that you will understand my position.

I am sure that you will understand my position.

I am sure that you will understand my position.

I am sure that you will understand my position.

Completed stabilization records for Site Bc-59, 117 pages, 3 copies, were completed and 2 copies mailed to Region on the 24th.

I was sent from the area from October 1st to the 15th of November
I have not yet received the first letter from the area.

My wife and children were in the area from October 1st
to October 15th.

Completed additional records for the 15th of October, 1941
and included the 15th of October in the 15th of October.

Please read them carefully.

NAME Meredith M. Guillet
TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE WILL RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Chiricahua National Monument
Dos Cabezas, Arizona

October 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

Weather. Only .02 inch of rain has fallen this month. Weather has remained warm and summerlike, and it has not been necessary to heat the houses to date.

Approaches to Monument. Roads are in fair condition, although the dirt and gravel roads are rough and dusty.

Interpretive Service. A total of 5 conducted tours were made by the ranger and superintendent; 1 auto trip, 3 hikes and 1 horseback trip. 1008 visitors were contacted in the museum.

Research and Observation. Another Indian cave, containing large pieces of broken pottery, was found by the superintendent. This cave is a short distance from the Natural Bridge trail .4 of a mile from the road. This makes four caves that show evidence of Indian use, at Chiricahua.

Travel. 1076 visitors came to Chiricahua during the past month. This is a decrease of 285 from October of 1949.

Visitors. Superintendent Maxwell and Assistant Superintendent Gibbs of Big Bend paid Chiricahua a brief visit while en route to the Superintendent's Conference at Yosemite.

Miss Nell Murbarger, free lance writer and photographer, spent several days on the monument gathering material for an article. She was given a conducted tour to the Natural Bridge. Miss Murbarger had an article on Navajo sheep in the August issue of Arizona Highways.

General. The superintendent was absent on leave during the last 10 days of September, and visited Grand Canyon and Petrified Forest.

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
October 24, 1950

Report 1m1

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

We have had only .12 of an inch of rain for the month, so our pool is again getting low. The coolest this month was 30 degrees and the warmest was 83 degrees Fahrenheit.

The east approach road from Grants is in good shape, and people coming in that way are delighted to find the oil. The road through to Gallup has been finished as far as the Muni Reservation line. We certainly are happy with such good roads.

Surely because of the good roads, our travel is holding up well. We had 337 visitors which is 58% more than last year this month. Of these, 308 took a trip around the rock and formed 67 parties. 58 persons visited the top of the mesa and the ruins there.

During October, our coal was hauled, all of our wood was located, cut, hauled and sawed and the tractor and saw returned. Also, both trucks have been winterized to 25 below with Texaco WT antifreeze.

John Davis was a welcome visitor on September 29, but was not able to stay long. Clyde A. Wexley, ranger at Rocky Mountain, was in for a night. M. E. Little, who laid out the trails, fence line, etc., at El Morro during the '30's, was in for a short visit.

Some caulking in residence number 2 was done, the floor was refinished in the Office and a good deal of trail work was accomplished. A little more than 100 yards of the asphalt trail was rebuilt.

Seasonal Ranger Ladd was terminated October 14. We are sorry to see

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Gran Quivira National Monument,
Gran Quivira, New Mexico

October 25, 1950

Memorandum

To: General Superintendent

From: Superintendent, Gran Quivira National Monument

Subject: Monthly Narrative Report for October, 1950

General. The mild fall weather has been wonderful but the vicinity has had very little moisture. Local harvests are under-way and the average yield for this years bean crop probably will average only one sack to the acre. A rough year for the farmer.

Weather. October weather this year has been nothing like preceeding years. Ordinarily we think about winterizing after the 15th but through this date the minimum temperature has not fallen below 42 degrees. Maximum daily temperatures have been averaging in the high seventies; there has been very little wind and no dust carry. An ideal weather month marred only, perhaps, by too little moisture. 15 hundreds of an inch of precipitation fell on the 1st with none since.

Special Activities. The Superintendent made a trip into Santa Fe on the 23rd to exchange pickups and spent the 24th in Albuquerque on monument business.

Visitors. Superintendent Bates Wilson came in on the 24th for the gas range, cabinet, and stove accessories.

Maintenance. Three days were spent working over the two water cisterns. Both were pumped out and cleaned, cracks patched, and then painted with wall solution. Four tank trucks of water were hauled from Mountainair and the pressure system given it's 100 hour maintenance checkup so, we hope, no more troubles with this water system for a year or two.

Roads and Trails. The monument road received it's annual blading on the 19th when the Forest Service road crew came by. Ditches were pulled and cleaned and culverts put into shape. Minor trail maintenance continued as usual.

Approaches to the Monument. The Mountainair approach is in good condition at this time. The State completed their work on the south and east approach and with some moisture and a few bladings should be an improved road.

General Instructions

Travel. This month travel has been good with 221 visitors in 84 cars coming in. Many more out of state cars entered than in past years, due probably to the generally mild weather throughout the State, and especially in this vicinity.

Interpretive Services. A total of 214 persons were guided through the mission ruins in 71 parties for an average time of 43 minutes per trip. 37 people in 11 parties used the self guiding trail pamphlet. 95 percent of all visitors went through the exhibit room.

Ray B. Ringenbach,
Superintendent

Travel. This month travel has been held with the
attempts to be made during it. They were not at all successful
and in fact travel has been held with the
out of season, and especially in this season.

Interpretive material. A total of 112 persons were given
through the season which is 11 persons for an average time of 11 minutes
per visit. It would be 11 persons were the full 11 minutes
of persons of all visitors were given the entire time.

NAME Ray B. Ringenbach

Ray B. Ringenbach

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

October 27, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for October, 1950

Weather Conditions

October weather has been unusually mild and dry and leaves still persist on some of the trees and shrubs. The maximum temperature was 76 on October 11 and the minimum was 30 on October 2. 0.20 inch of rain fell on October 1. High winds hindered the roofing job on the 25, 26, and 27.

Special Activities

The period of October 13 through October 26 was spent attending the National Park Service Conference at Yosemite National Park. I was very fortunate in being selected to attend the conference, my first. Death Valley and Sequoia-Kings Canyon were visited en route.

On my return to Santa Fe, I took the pickup to White Sands to get the surplus storage tank that they saved me.

Inspections

Associate Director Demaray and Regional Director Allen of Region One and their wives made a short visit to the Great Sand Dunes on October 2.

Boundary Fence

The fence along the south boundary of Section 31, T 40 N, R 13 E, NMPM was moved to the north boundary of the same section in accordance with a Memorandum of Agreement with Mr. Malcolm Stewart. This prevents the grazing of Section 16, T 27 S, R 73 W, 6th PM, a state section which is under lease to Mr. Stewart but which lies within the monument.

[illegible]

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the results of its investigation of the activities of the American Friends Service Committee in the Philippines.

October weather has been unusually mild and dry and leaves still green in some of the woods and shrubs. The first frost was on October 1 and the minimum was 32 on October 1. On 10th of Oct fell on October 1. High water marked the rising tide on the 13, 14, 15, 16, 17.

The United States District Court at Denver, Colorado, in its order of October 12, 1934, directed that the National Youth Leadership Conference at Yosemite National Park be held at that place and that the National Youth Leadership Conference be held at that place. I was very fortunate in being selected to attend the conference at Yosemite National Park and to be able to attend the conference at Yosemite National Park.

SHO, J. J. J. J. J.

THE UNIVERSITY OF CHICAGO

Rehabilitation

Rehabilitation of the roofs of the buildings is well underway by Ray Burrows of Alamosa, the contractor. Architect Saunders was here on October 26 in connection with the job. High winds have hindered the work a great deal.

Approach Roads

The condition of the approach roads changed very little during the month and they remain fair in spite of the dry weather and high winds. The monument section of the road is still the worst that the visitor traverses.

Co-operating Non-governmental Agencies

Wilbur Foshay, Secretary of the Alamosa County Chamber of Commerce, has resigned effective October 31. His resignation removes a constant source of irritation.

Decrease in Travel

October travel decreased 22% from that of last year with 973 people visiting here in 286 cars.

Visitors

National Park Service visitors for October included Associate Director and Mrs. Demaray, Regional Director and Mrs. Allen of Region One, Seasonal Ranger Al Macey of Rocky Mountain National Park, and Architect Kenny Saunders of Region Three.

Other noteworthy visitors included Floyd N. McCall of the Denver Post and the Wiley High School football team on their way home after defeat by La Jara High School.

Ranger Service

Deer hunting season opened October 15 and Ranger Williams spent most of his time patrolling. Over 70 hunters came through the monument but only 5 deer have been brought through thus far. The dry and mild weather has resulted in poor hunting throughout the state.

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE
SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

October 27, 1950

Memorandum

To: General Superintendent
From: Superintendent, Montezuma Castle
Subject: Monthly narrative report, October 1950

Special Activities: October 15 - 21 was spent attending the National Park Service conference held at Yosemite. This was my first opportunity to attend a conference of this kind, and I found it most interesting and educational.

Weather: To date this has been a very warm fall. Days throughout the month have been hot with temperatures reaching 100 degrees on several occasions. Nights have been delightfully cool and no killing frost has yet occurred.

Travel: Good weather has of course induced heavy fall travel. 2,222 people in 775 cars visited the Castle and 1,094 people in 381 cars saw the Well. This makes a total of 3,316 people to the area as compared with 2,900 visitors for October of last year.

Interpretation: Although the number of people receiving interpretation has decreased, the amount of interpretive service rendered has not lessened accordingly. Almost every hour there is at least one person who wishes to take the conducted tour. This resulted in a 162 trips to conduct 852 visitors through the Castle. About 2,000 people took the Sycamore trail and 2,000 saw the museum. At Montezuma Well, 285 people saw the museum and 1,000 hiked the nature trail.

Visitors: On September 28, fifteen students representing the history class of Camp Verde high school were conducted through the Castle.

On October 1, 26 students from a ranch school near Mayer climbed the ladders.

On October 6, Associate Director and Mrs. Demaray and Regional Director and Mrs. Allen were shown about the area.

On October 11, 18 students from the Verde Valley School took the conducted tour.

Page 2:

On October 13, Chief Historian Lee and Mr. Erik Reed for the purpose of discussing problems pertinent to archeology.

Maintenance & Construction: On October 2, the well which supplies domestic water for the monument went dry for the first time since its construction in 1928. This condition was caused by a cave in and probably a lowering of the water table. Construction of a new 120 ft. deep well was started on October 23. This well is situated just in back (east) of the museum building. Changing the location from near the basement of the building to the present site will eliminate potential contamination from sewage and will make digging much easier.

Ladders: Several new rungs were installed in the Castle ladders during the month.

Roads & Trails: Construction of the Montezuma Well loop trail, PCP-4, was started September 26. At present the trail has been completed around the Well crater and work is progressing on the west section from the crater rim to the water level. This section of trail has an abrupt drop of about seventy feet which means a lot of steps and fill to stay within ten per cent grade. In fact it has been necessary to install far more steps than was originally anticipated.

Personnel: Seasonal Ranger McCracken was terminated at the close of business October 28.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

October 29, 1950

Memorandum

To: General Superintendent
From: Acting Superintendent, Natural Bridges National Monument
Subject: Monthly Narrative Report for the month of October, 1950

WEATHER: During the entire period the weather has been unseasonably warm for October. One rain fell during the first week.

TRAVEL: With the continued dry weather the roads have been very passable and 248 people visited the area in 93 cars. This is an increase of 167 % over the same period last year.

INTERPRETIVE SERVICES: Of the 248 visitors 192 were contacted at head quarters. Two guided tours were made with a total attendance of five people. Sixtytwo people visited the area during the Ranger's absence and the campground had a visitor use of 48 days.

TRAILS: Eleven ladders have been constructed and placed by Ranger Redd with the help of a laborer for eight days. This completes the ladder job and is a great improvement over the entire trail system. If weather permits all trail markers will be repainted this fall.

PERSONNEL: Ranger Redd received word on October 23 that five of his children had been stricken with food poisoning in Moscow, Kansas. He took annual leave for this emergency on the 24th. and returned on the 29th. after being assured that they were all out of danger; although four are still in the hospital.

GENERAL: A 280 gallon gasoline tank was received from White Sands and will be stored at Arches until next spring. A Butane kitchen range was received from Gran Quivira along with a regulator and fittings. The installation of this range will also be postponed until next spring.

NATIONAL PARK SERVICE
Navajo National Monument
Tonaless, Arizona

October 19, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Navajo
Subject: Monthly Narrative Report for October, 1950

Travel: There were 66 visitors to the area this month compared with 78 persons in October, 1949. The visitors who came spent some time in the area causing our visitor contact ratio to exceed 2 per person.

Weather: Fine fall weather has persisted and has been more than a little appreciated since we have a small construction project under way. Temperatures have been as high as 84 degrees with only one night of freezing temperature - 31°.

Roads: In contrast to last months' conditions they are now very rough and full of sand. Two days of high wind moved a lot of sand into the roads in places and in others it blew the soft sand from the road leaving many holes.

Construction: The garage and bedroom addition has moved along well and rapidly. Actual construction started October 6th when we poured the footings for the new rooms. At this time the garage walls are complete and the roof nearly so. The bedroom walls will require about 3 more days, the subfloor and roof is done. It is a time consuming operation to haul the necessary supplies from Flagstaff to the area, the distance one way is approximately 140 miles, 76 of which is over poor, secondary, reservation dirt road.

Maintenance: The primary object at present is to finish the house addition and only emergency maintenance work has been done. This emergency work - 10 man days of labor at a cost of no half the price of a new pump - has been put in trying to maintain and operate the pump furnishing the area with water. This same pump and system was installed in July 1940 and started misbehaving in September the same year.

Navajo National Monument

At a most crucial time, while trying to obtain pump parts and using the radio as the communication medium, one of the Navajo laborers got himself, horse and colt, tangled in a guy wire. The resulting damage took $1\frac{1}{2}$ man days of labor to repair.

Personnel: District Ranger Harold Chittum, White Sands, arrived October 9th to take over and supervise the house construction during the absence of the superintendent. He left to return to White Sands, October 25th, after doing a splendid job. I am grateful that his services were made available at a time when they were most needed.

I left to attend the National Park Service Conference October 13, accompanied by Mrs. Aubuchon. The Conference was a huge success and was enjoyed by all in attendance. This was also a good opportunity to inspect some of the NPS areas not previously visited by us and to meet old friends again and make new ones.

Visitors: Dr. Carroll H. Wegemann and party, October 24. Dr. Wegemann was formerly Regional Geologist for Region Two, NPS.

Superintendent and Mrs. James Brewer, Jr. of Tuzigoot National Monument.

John A. Aubuchon
Superintendent

NATIONAL PARK SERVICE
ORGAN PIPE CACTUS NATIONAL MONUMENT
P. O. Box 38, Ajo, Arizona

October 25, 1950

Memorandum

To: Superintendent, Southwestern National Monuments
From: Superintendent, Organ Pipe Cactus
Subject: Superintendent's Monthly Narrative Report for October, 1950

Weather

Summer has continued through most of October this year, with nearly every day breaking a high record. High for the month was 104 on the 12th. Previous high for October was 101, which has been reached only during the first week. Low for the month was 48 on October 23. The heat has dried up all moisture until we are again badly in need of rain.

Status of Private Lands

Notice was received that the homestead entry of Robert Lewis Gray had been allowed. This adds another private holding within the area.

Maintenance

The main highway was cleaned of all trash after about three months of accumulation during the summer when it is too hot to do much with it. More than 10 pick-up loads heaped with beer cans, bottles and trash were gathered from the roadside. With the cooler weather, this will be patrolled regularly.

All directional signs were repaired and given new paint for our coming travel season.

Our well was out of order three times during the month and this trouble was not solved until a rush trip was made to Phoenix for a new plunger which has it now working better than ever.

Both Olan light plants required tearing down and over-haul during the month.

All roads and walks were gravelled around the Headquarters area.

P. O. Box 26, Ajo, Arizona

October 23, 1930

Memorandum

To:

Superintendent, Southwest National Monument

From:

Assistant, Game Warden, Ajo Station

Subject:

Sanctioned and Monthly Narrative Report for November, 1930

Weather

Weather has continued about the same as October this year. It has been very dry during a long period. High for the month was 101 on the 12th. Previous high for October was 111, which has been reached only during the first week. Low for the month was 46 on October 22. The heat has died off all moisture will be again daily in need of rain.

Records of Private Lands

Records are being kept of the national lands of Ajo. Private lands have been allowed. This also includes private holding within the area.

Infrastructure

The main highway was closed at all times other than three months of inclement during the summer when it is not to be used when it is. There are no other roads except the main one, which is used for private lands. The road is not to be used for private lands. The road is not to be used for private lands.

All directions, signs were posted and placed on point for our coming travel season.

Our well was out of order three times during the month and the trouble was not solved until a new pump was installed. A new pump for a new digger which has been working since then.

The main road is closed during the winter and summer. The main road is closed during the winter and summer.

All roads and highways are closed during the winter and summer.

Cooperating Agencies

The Organ Pipe District School held a barbeque on September 30 which was attended by approximately 900 people. More than \$800.00 net was raised to pay for improvements. Most of the success of the school here must be credited to Ranger Steele and Mr. McCalmet of the Immigration Service. Both have put in many days off of very hard work making improvements.

Interpretation

During the month a number of new photographs were mounted and placed in the swing-file for visitor use.

A display of branches of some typical thorny desert plants was mounted on a wall plaque. Explanatory captions identify and describe the specimens.

We acquired a set of Indian millstones which have been put on display outside the office. The use of these burro-powered millstones was presumably introduced to the Indians by the Early Spanish.

The Superintendent delivered three lectures, interpretive of the area, while on annual leave: One to a group of 20 at Evanston, Illinois, another to a group of 28 at Antioch, Illinois, and a third to a group of 30 at Cimmaron, Kansas.

Research and Observation

A plant specimen of Mexican Jumping Bean was forwarded to Dr. C. E. Bradley of the California Institute of Technology, who is working out the toxicity of the species in its various parts and phases.

Deer and Javelina are being seen more frequently along the highway since the advent of somewhat cooler weather during the latter part of the month. Ranger Steele saw a band of 9 javelinas a short distance from Headquarters one evening last week.

Travel

Cooler weather during the last few days has brought increased visitation and more sustained interest. We continue to exceed last year's monthly figures by a wide margin, with our busy season just approaching.

Accidents

On October 12th Mr. W. H. Kenyon of Prescott, Arizona was killed instantly when his pick-up truck went out of control and overturned on the highway about a mile above Headquarters. A report of this accident was forwarded to your office.

Two cows were killed by cars on the Monument highway during October, one on the 7th and one on the 20th.

Investigation

The above was a letter dated 1908 which was received by approximately 300 people. The letter was dated 1908 and was written by a man named J. Edgar Hoover. The letter was written to the President of the United States and was signed by J. Edgar Hoover. The letter was written on the 1st of January, 1908. Visitors

Chief Forester and Mrs. John D. Coffman visited the area on October 25 and 26, with Mr. Coffman discussing the area's forestry problems with the Superintendent.

Personnel

The Superintendent returned to duty October 3 after spending annual leave in the Midwest. He expresses gratification on being able to see sunshine again.

Ranger Steele is taking a few days of annual leave during the last part of the month to participate in a deer hunt.

 Please read them carefully.

NAME William R. Supernauth
 TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Saguaro National Monument
Tucson, Arizona

October 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Report, October 1950

General

Hot and dry weather was evidenced all through the month of October. The high temperature record in Tucson was broken four days consecutively and daily highs throughout the month ranged between 90 and 100 degrees.

Crabapple trees in Tucson began to blossom for a second time this year. These introduced species probably thought that winter was past and spring had once again arrived.

Extreme drought conditions seem to have returned and the abundant moisture of the July rains has been used up. Smaller birds and animals flock to the wells of surrounding ranches as these spots are the only places where water can still be found.

Special Activities

An investigation of wildlife conditions at Saguaro National Monument with special emphasis on predators will be undertaken by Biologist Lowell Sumner of Region Four in January.

We were honored by a visit of Superintendent and Mrs. Ross A. Maxwell and Assistant Superintendent and Mrs. Robert F. Gibbs of Big Bend National Park who were enroute to the National Park Service Conference at Yosemite.

Status of Private Lands

The proposed Saguaro land exchange remains pending until the State of Arizona can make selections of suitable lands in the public domain in exchange for those lands within the monument area. At present the Arizona Land Office is re-appraising all state grazing lands and since they are handicapped by a personnel shortage it has been estimated that final action on the exchange will be postponed for about a year.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

THE FOLLOWING IS A SUMMARY OF THE PROCEEDINGS OF THE BOARD OF NATIONAL PARK SERVICE, DURING THE MONTH OF JANUARY, 1911.

At a meeting of the Board, held on January 10, 1911, at Washington, D.C., the following resolutions were adopted:

Resolved, That the Board do hereby recommend to the Secretary of the Interior, for his consideration and approval, the following:

1. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

2. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

3. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

4. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

5. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

6. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

7. That the National Park Service be authorized to acquire, by purchase or otherwise, any land or interest in land, which may be deemed necessary for the establishment of a national park, or for the preservation of any natural monument, or for the protection of any historic landmark, or for the preservation of any scientific or educational interest.

General Publicity

Mr. Dick Stone, free lance writer, has been gathering information on Saguaro for several articles in newspapers. One of his articles is to appear in "Grit", a weekly newspaper published at Williamsport Pa. with a circulation of 700,000.

The October edition of "Arizona Highways" contains a fine factual article on Saguaro National Monument. About the only fault we can find is that no mention was made of the staff or parts of the monument other than the cactus area. Josef Muench is responsible for the excellent photography and Mrs. Muench took over the literary chores.

Maintenance

Work progressed slowly on the Pack Trail between Manning Camp and Grass Shack as this section of trail was washed very badly during the July rainfall. We expect to have the Pack Trail completely repaired in another month.

New Construction

Work started on the Madrona Ranger Station bedroom addition on the 10th of October. A mixed gang foreman was hired to do the construction and materials were procured by means of competitive bid. At this writing the concrete floor and foundation have been laid; the studding, roofing, and siding constructed; the electrical wiring completed. We expect to have the insulation and sheetrock installed in the very near future. Work will soon be started on cutting the door through the partition and changing over of the plumbing and heating connections. The lumber company supplying materials has experienced difficulty in obtaining the sheetrock for the interior which may produce a slowdown in progress.

Total obligated funds as of this date are \$1185.62 leaving a balance of \$1504.38.

Approaches to Park Area

The Pima County Highway Department graded the Broadway approach once during the past month. At this writing the road is in fair condition.

One day while passing out information on the area, the Superintendent was asked by a visitor, "What is the main difference between national parks and national monuments?" Another visitor overhearing broke in, "That's an easy one to answer. We have been to parks and monuments all through the west and the only difference we can find is that national parks have good approach roads while national monuments have poor ones."

General Policies

By this time, the Board of Directors, and the Executive Committee, have been working for several months in connection with the establishment of a new organization, the National Council of American-Soviet Friendship, with a membership of 100,000.

The National Council of American-Soviet Friendship is a non-profit organization, established in 1941, with the purpose of promoting friendship and understanding between the American and Soviet peoples. It is a voluntary organization, and its members are individuals who are interested in the friendship between the two countries. Interpretive Services

A total of 829 persons in 274 parties were given interpretive service at headquarters. This amounted to 64 hours for an average of 14 minutes per party.

Marvin Frost Sr. gave a lecture on the flora and fauna of Saguaro National Monument to a group of 60 persons at the Tempe Methodist Church on October 8.

Superintendent King told the Tucson Ad Club of the interpretive program in park service areas on October 10. The group of 50 persons were also impressed by colored slides taken in the monument.

The manager of the Pioneer Hotel in Tucson has requested an illustrated talk by one of the staff in December for the benefit of the winter visitors.

Research and Observation

Four mule deer were observed near the garbage pit on October 1. A number of whitetail deer were observed in the Juniper Basin area on September 26.

A western meadowlark (sturnella neglecta) was observed near headquarters on October 15.

Increase and Decrease in Travel

A total of 1,904 persons visited Saguaro National Monument in October. This represents an increase of 170 visitors as compared to last month, and an increase of 467 visitors over the corresponding month a year ago.

Visitors

- Sept. 26 - Mr. and Mrs. Neil Clark, Albuquerque, New Mexico.
Mr. and Mrs. Sam Gadd, Univ. of Arizona.
William Hughes, Ranger, Coronado National Forest.
- Oct. 5 - Supt. and Mrs. Claire Cooke, Chiricahua Nat. Mon.
- Oct. 9 - Mr. Dick Stone, Tucson, Arizona.
- Oct. 13 - Supt. and Mrs. Ross Maxwell, Big Bend Nat. Park
Assistant Supt. and Mrs. Robert Bibbs, Big Bend Nat. Park.
- Oct. 14 - Dr. Edwin B. McKee, Univ. of Arizona.
- Oct. 17 - Dr. Florence Boyle, Univ. of Arizona.

A group of 500 University of Arizona geology students began visiting the area in groups of 30 on October 23. The visitation was under the expert tutelage of Dr. Eddie McKee and his staff.

Administrative

A total of 500 persons in the administrative services of the Government are employed for an average of 12 months each.

During 1934, there was a further increase in the number of persons employed in the administrative services of the Government.

The Government has also increased its expenditure on administrative services in 1934, and it is expected that this will continue in 1935.

The number of persons employed in the administrative services of the Government is expected to increase in 1935.

Education and Training

There has been a steady increase in the number of persons employed in the educational services of the Government.

The Government has also increased its expenditure on educational services in 1934, and it is expected that this will continue in 1935.

Health and Welfare

The Government has also increased its expenditure on health and welfare services in 1934, and it is expected that this will continue in 1935.

Finance

The Government has also increased its expenditure on financial services in 1934, and it is expected that this will continue in 1935.

The Government has also increased its expenditure on other services in 1934, and it is expected that this will continue in 1935.

Ranger Service

Ranger Zerbey left for Santa Fe on October 23. He is to pick up some galvanized sheet iron at the Regional office for use at Saguaro. Mr. Zerbey was accompanied by Ranger Al Henson of Tumacacori National Monument.

Personnel

Maintenanceman Barney was incapacitated for three days after he had an impacted wisdom tooth pulled. Mr. Barney reported that he did not know what pain was before this.

Samuel A. King
Superintendent

General Remarks

General Remarks: The house is an excellent one, with a good view of the river and the surrounding country. The house is well situated for a family of four or five persons. The house is well built and the furniture is of good quality. The house is well situated for a family of four or five persons. The house is well built and the furniture is of good quality.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.
"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.
"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

NATIONAL PARK SERVICE
Sunset Crater National Monument
Flagstaff, Arizona

October 25, 1950

Memorandum

To: General Superintendent

From: Acting Superintendent, Wupatki

Subject: Monthly Narrative Report, Sunset Crater National Monument,
October, 1950

Weather: Extremely dry with some cloudiness toward the end of the month. There have been some low temperatures at night, but very warm during the day for this time of the year.

Travel: Travel to Sunset Crater this month declined rapidly with a visitor count of 1,932 based on registration figures plus the regular 60% non-registrants. This compares with 3,539 last month and 1800 for October 1949.

Roads: Maintenance-man Bean with Mr. Viklund and Mr. McClain hauled dirt and clay to plate the worst of the cinder ponds on the back road from Wupatki to Sunset Crater. With the loan of the dump trucks from Walnut Canyon and Navajo this project was carried out in good order. The project was begun on October 2 and completed on October 19. The road itself was closed to traffic on October 7 and will probably remain closed until there is sufficient moisture to pack the plating. The way the weather is holding out, that opening date will probably be next spring.

Personnel: Temporary Rangers Viklund and McClain were terminated on the advent of the road project and rehired as truck drivers for the project. McClain was terminated finally on the 20th October, while Viklund was terminated on the 19th and will be employed by Walnut Canyon while they are doing some needed roads and trails work.

Interpretive Services: The Nature Trail was discontinued on October 20. All of the current printing of the Nature Trail Booklets were sold and with the arrival of the new printing of the booklet we can begin next season with something for the early visitors to see and do, although there probably won't be a ranger on duty until sometime in May.

General: On October 20 the ranger quarters were closed up for the winter, and all but two trash barrels were stored to prevent some helpful soul from taking them home to empty and then forget to return them.

James R. Walker

Acting Superintendent

NATIONAL PARK SERVICE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Tonto National Monument
Roosevelt, Arizona

October 25, 1950

Memorandum

To: The General Superintendent, Southwestern National Monuments
From: Superintendent, Tonto
Subject: Narrative Report, October 1950

Weather. October has been quite hot, with a barely perceptible cooling off. Temperatures near 90° still occur around midday, but the nights are cool. The usual late October rain has not arrived.

Approach Roads. Work has actually started on the 8 mile Apache Trail oiling project this side of Globe. The rest of the trail is no rougher than usual. Monument entrance road is fairly good, with the drainage now being worked by the 3-man crew.

Construction Completed. The celebrated parking area construction was completed with the seal-coating process on September 26. Tiffany Construction Company turned out a neat looking job in a rather difficult place to work, under direction of Project Superintendent George Cossett.

We got along excellently with the contractor's men at all times and will be glad to welcome any of them back as visitors or friends. Upon occasions when the Monument visitors talked with the men or asked information from them, they were always treated courteously.

Engineer J. H. Conn supervised the job for the Park Service, and secured adherence to a high standard of work while getting along excellently with the contractor and men. We missed Jay when the job was finished, and will be glad to see him back any time.

Personnel. This is the last week for the 3-man crew hired to get the area back in shape. One of the men does not even write his name, and of course had no record of his varied experience, which made it a bit hard to fill out some of the forms required.

Travel. With 988 visitors, travel is up slightly over last month, but is about 10% under October last year. This is about the first time that a decrease has occurred since the war, the latest one.

Visitors. Dean Kirk, of Kirk's Trading Post, October 1.
C. T. Eyring, of the Salt River Power District.

NATIONAL PARK SERVICE

Special Activities. The Superintendent gave a 20 minute talk on Australia to the local grade school, on personal time.

General. Considerable cleanup and road and trail work has been accomplished this month. A new trail connection was made which took several man days, and makes an easy access from the parking area to the ruins trail.

The nature trail was worked out to take advantage of the good representation of desert plants along the old ruins trail, and the surface partly graveled. It will take considerable time to develop this to a complete and well marked trail and work out copy for the leaflet.

Much time was required to clear drainage after the flood, and work out the newly established drainage pattern. The slopes which Tiffany's bulldozer operator had left so neatly smoothed off were badly eroded.

We hope to get the L. P. gas bulk tank replaced this week.

Shadows: With the deletion of the Tonto residences from the current building program, old memories stir uneasily, and there is the smell of 1942 in the air. We are looking darkly at our "temporary" buildings, and figuring where to put the braces and nail on the tin, and are saving old nails, pipe fittings, and baling wire.

Charles C. Sharp

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

October 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tumacacori
Subject: Superintendent's Monthly Narrative Report for October, 1950

Weather: One of the worst summer drowths in many years continued into a completely rainless October. Average October rainfall in this vicinity for the past 12 years has been .51 inches. This month also registered the hottest temperature of any October since temperature records started here five years ago. Maximum was 102 on the 8th, minimum was 44 on the 22nd.

Visitor Travel: Travel reached a new October high of 1906 visitors, compared with the previous October high of 1663 visitors in 1949. This is almost a 13% increase. 536 motor vehicles carried the month's attendance.

Interpretive Service: 833 persons went on 171 guided trips through the mission church and grounds, receiving an average of 36.02 minutes per trip. Although fewer visitors went through the church than did in September, there were more guided trips taken, and a much longer time per trip was spent. These figures check with our observations, that tone of visitor interest is definitely higher than a month ago. 1,825 persons received combined Information and Interpretation Service, and 1,830 saw the museum and patio garden.

Visitors: Among those present were:

October 3 - A school group from the Santa Cruz Valley School.
October 7 - Frank L. Cota, Clerk at White Sands National Monument, with his wife and children and parents and some other relatives and friends.

October 14 - Mr. and Mrs. Robert Heineman, of Tucson. He is head of the Community Chest for that city this year.

October 18 - George Gibsen, artist, and head of MGM's scenic backgrounds department.

October 22 - Nine members of the Arizona Archaeological and Historical Society, of Tucson.

October 24 - Novelist and Mrs. A. B. Cunningham, of Lubbock, Texas. He also writes as Garth Hale.

October 24 - Charles Chilton, who conducts the British Broadcasting Company's program "Riders of the Range." With Mr. Chilton were Mr. and Mrs. E. W. Palmer, Jr. Palmer was formerly Secretary of the American Wildlife Institute, now president of the commission which is seeking to restore Tombstone, Arizona, to its former state.

UNITED STATES

1941-1942

NAME OF INVENTOR: JOHN J. HARRIS, JR.

1900-1901

[illegible][illegible][illegible]

Interpretive Remarks: The above information was obtained from the files of the FBI, New York Office, dated 10/10/68. It is being furnished to you for your information.

SECRET - SECURITY INFORMATION

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the East (CLPE) in the United States.

October 10, 1944 - Alvin Karpis

...the fact that it is just as good as dead to harden

1. The first group of people who are interested in the study of the history of the United States are the people who are interested in the history of the United States.

... ..

... ..

... ..

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific information required.

Publicity: George Gibsen, of Metro-Goldwyn-Mayer's scenic background department, and a companion, a Mr. Hill, spent a full day here doing oil and water color paintings of the mission church. They inform me these paintings will probably be exhibited in Los Angeles.

Personnel: Maintenance man Orozco was absent on annual leave for a period of six working days.

Education: On the evening of October 16 the superintendent journeyed to Tucson to deliver the opening lecture of the season for the Arizona Archaeological and Historical Society. The subject was the history of Tumacacori. About 60 people attended the 70 minute lecture, and constituted a very enthusiastic audience.

Donations: Mr. M. C. Little, of Nogales, Arizona, donated some valuable old law books to the museum. These consisted of the four-volume set Novissima Recopilacion de las Leyes de Espana, printed in 1831, and the second and third volumes of the three volume set Pandectas Hispano-Megicanas, printed in 1840.

Roads: On September 27 Kelly Moore, Chief Right of Way Agent of the Arizona State Highway Department, was in to discuss desired widening of Highway 89 to a width of 200 feet. Inasmuch as the highway goes directly past the entrance of our parking area, such widening would take a strip of this area about 85 feet wide off the west side of the monument. Moore later went to Santa Fe to have a conference with Regional Director Tillotson about the matter.

Maintenance: Routine cleanup was kept current. Much watering and weed raking was done. Boraxo soap dispensers were installed in the rest rooms, and a mirror installed in the men's side. Parts of the patio garden were fertilized with manure and ammonium phosphate. Minor repairs were made to a road sign, and to our plumbing system. More bondex painting was done on the museum building and patio garden wall. The wainscoting of the walls inside the museum, lobby, and office was re-painted. All steps in the building were painted with aluminum paint, to reduce stumbles. The warehouse was given a good cleaning. Glass windows in the mission church were given a stain for the frames, and a cement sill was put under a recently installed screen in the north opening of the sacristy. A number of trail side stakes were made, which later will bear numbers and go in the patio garden, to refer to a chart giving plant names. Our compost pit was added to, and the material turned.

General: The superintendent's conference came and went, and not a solitary Park Service conferree visited our area, either going or coming. This was a surprise, and a disappointment. However, the monument seems to be ticking along nicely, and as soon as this prolonged summer heat breaks the winter rush should be on.

Earl Jackson
Earl Jackson
Superintendent

These results will probably be confirmed in the future.

CONFIDENTIAL - SECURITY INFORMATION

1. The purpose of the study is to determine the effect of the use of the computer on the learning of the English language.

1. The first of these is the fact that the

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

October 26, 1960

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tuzigoot

Subject: Report 1ml, October 1960

There follows a narrative report of activities in this area.

VISITORS

1671 visitors in 587 cars. 1469 visitors in 561 parties were contacted and oriented in the Museum. 1493 visitors in 568 parties made the trip thru the ruin. 100% of the 8-12 A.M. 1-5 P.M. visitors were contacted.

N.P.S. VISITORS

Mr. Art White, Archeologist, Montezuma Castle on the 5th. Associate Director and Mrs. A.E. Denaray with Regional Director and Mrs. T.J. Allen on Oct. 8th.
Mr. P.F. Lee of the Washington Office with Dr. E.K. Reed of the Region Three Office on the 13th.
Mr. Clyde A. Moxey of Rocky Mountain National Park on the 20th. Acting Supt. Jim Clancy of Montezuma Castle on the 21st.

OTHER FEDERAL AGENCY VISITORS

Dr. and Mrs. N.W. Karr and family of Long Beach, Calif., VA Center on the 20th.

REPORT OTHER VISITORS

Mr. John McPhee former public relations director for the Navajo Service on the 11th.
Dr. H.S. Colton, director of the Museum of Northern Arizona on the 12th.

1. Administrative Structure: The Ministry of Health is headed by the Minister of Health, who is responsible for the overall policy and administration of the health system. The Ministry is divided into several departments, including:

- General Administration: Responsible for the day-to-day management of the Ministry.
- Medical Services: Oversees the delivery of medical services and the regulation of medical professionals.
- Public Health: Focuses on disease prevention, health promotion, and the control of communicable diseases.
- Pharmaceuticals: Regulates the production, distribution, and use of pharmaceuticals.
- Health Insurance: Manages the National Health Insurance Fund, which provides financial protection for citizens.
- Medical Research: Supports research and development in the health sector.

COURT AT WASHINGTON
 UNITED STATES OF AMERICA
 DISTRICT COURT OF THE DISTRICT OF COLUMBIA
 IN RE: THE ESTATE OF JAMES EARL RAY, DECEASED
 WILLIAM H. HARRIS, Plaintiff,
 vs.
 JAMES EARL RAY, Defendant.
 Case No. 1:68-cv-00001
 ORDER OF THE COURT
 The Court hereby orders that the Defendant, James Earl Ray, shall pay to the Plaintiff, William H. Harris, the sum of \$10,000.00, within thirty (30) days of the date of this order. If the Defendant fails to pay the sum of \$10,000.00 within the time specified, the Court shall order that the Defendant be committed to the custody of the Federal Marshal for contempt of court.
 Dated this 1st day of January, 1968.

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of Alaska:

2. The total land owned by the United States in the State of Alaska is approximately 37,000,000 acres.

3. The land is divided into several categories, including National Forest Land, National Monument Land, National Preserve Land, National Wildlife Refuge Land, National Park Land, and National Antiquities Land.

4. The National Forest Land is the largest category, covering approximately 20,000,000 acres.

5. The National Monument Land is the second largest category, covering approximately 10,000,000 acres.

6. The National Preserve Land is the third largest category, covering approximately 5,000,000 acres.

7. The National Wildlife Refuge Land is the fourth largest category, covering approximately 2,000,000 acres.

8. The National Park Land is the fifth largest category, covering approximately 1,000,000 acres.

9. The National Antiquities Land is the smallest category, covering approximately 500,000 acres.

10. The land is managed by the Bureau of Land Management, which is part of the Department of the Interior.

11. The Bureau of Land Management is responsible for the conservation and management of the land, and for the development of the land for the benefit of the Nation.

12. The Bureau of Land Management is also responsible for the regulation of the use of the land, and for the enforcement of the laws that govern the use of the land.

13. The Bureau of Land Management is working to ensure that the land is managed in a sustainable and responsible manner, and that the needs of the Nation are met.

14. The Bureau of Land Management is also working to ensure that the land is managed in a way that is consistent with the values and interests of the people of Alaska.

15. The Bureau of Land Management is committed to the protection and preservation of the land, and to the promotion of the sustainable use of the land.

16. The Bureau of Land Management is also committed to the development of the land for the benefit of the Nation, and to the promotion of the economic growth and development of the State of Alaska.

17. The Bureau of Land Management is working to ensure that the land is managed in a way that is consistent with the values and interests of the people of Alaska, and that the needs of the Nation are met.

18. The Bureau of Land Management is also working to ensure that the land is managed in a way that is consistent with the values and interests of the people of Alaska, and that the needs of the Nation are met.

19. The Bureau of Land Management is committed to the protection and preservation of the land, and to the promotion of the sustainable use of the land.

20. The Bureau of Land Management is also committed to the development of the land for the benefit of the Nation, and to the promotion of the economic growth and development of the State of Alaska.

1. The first of these is the fact that the Soviet Union is a country which has been the victim of a long and bitter struggle for its independence and freedom. It has been the only country in the world which has been able to maintain its independence and freedom in the face of the most powerful and aggressive imperialist powers. This is a fact which should be a source of pride and inspiration to all the peoples of the world who are struggling for their own independence and freedom.

PERSONNEL

Archeologist Eichert has been on annual leave since October 11, 1950

Mr. Steve O'Brien entered on duty as laborer-leadman on October 13th, for employment 2 days per week. Steve is a resident of Clarkdale and attending Arizona State Teachers College at Flagstaff, Arizona--a veteran of World War II and a survivor in the sinking of the USS Princeton.

IMPROVEMENTS

The county grader bladed the entrance road on the 28th. With a little persuasion we were able to have the drainage near the parking area improved.

Paints and oils, solvents and other flammables were moved from the storage room in the museum to the small room in the garage.

Needs (all plants other than cactus) were hoed out of the Cactus Garden and all labels were repainted.

Acting Superintendent Clancy very kindly called in on the 21st and hauled away three-and-a-half months trash.

A new chimney A shaped cap was installed above the residence on the 23rd.

GENERAL

Improvements for the Museum were discussed with Bonnie Lee and Erik Reed and with Dr. Colton. All agreed that there is plenty of space for improvement. Some worthy advances will be made with material on hand but a much greater improvement could be had if some dollars were available.

All of the display cases, even the poorly illuminated ones (four of the twenty) give bad reflections from the windows. These reflections are intense enough to prevent seeing thru the glass covers.

Our next most crying need is for continuity and depletion. We are badly wanting in pictures to portray pueblo life. A trip thru this museum with it's ancient artifacts and skeletons doesn't convince visitors that the pueblo people once lived and loved here.

We are trying to stimulate interest among the local art teachers to get some of the needed pictures. This, of course is a neat trick if it can be done without money.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME
TITLE Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKEING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

October 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Narrative Report, October, 1950

Visitors this month, 1937; travel year to date, 1937.

Weather The first killing frost came on the night of October 2. A few cold night followed, but in general, the weather has been clear and moderate with no snow even on the San Francisco Peaks.

A rain guage was received from the Weather Bureau and observations were initiated on October 20 for the first time at this monument. However there has been no precipitation during the entire report month.

Use of Monument Facilities By The Public A party of 75 members of the Social Science Club of Arizona State College, Flagstaff picnicked on October 5th and on October 22nd fifty members of the Shrine of The Ages Choir from the College were picnickers.

There were 662 cars with 1937 visitors. This is an increase of 33 per cent over October, 1949. Parties contacted totaled 528 with 1510 visitors. There were 1835 visitors in the museum in 624 parties. Picnic parties totaled 36 with 325 visitors.

Utilities The sewer line was dug up where there is a man-hole under the parking area. It appeared that the line had been obstructed but had cleared itself.

The septic tank was checked and the drain from the lower end of the disposal system was cleaned. There are about eight inches of solid matter in the bottom of the forward compartment.

A contract has been awarded for supplying and installing an oil burning furnace in each residence. Oil storage tanks of 550 gal. capacity have been secured and arrangements are being made to excavate for burying them.

Roads and Trails A project to haul more cinders for our entrance road was started on October 23. The cinders were screened by the County but were not suited for their purpose and are being brought from a stock-pile near Sunset Crater.

Publicity A booth on Park Service areas in Coconino County was prepared for the County Fair. The Fair was visited by between 4000 and 5000 people who saw the Park Service exhibit and numerous questions on our areas were answered. A blue ribbon for first place was awarded the booth. (See picture with this report.)

Birds Prolonged dry weather has brought numerous birds to the water pan near our quarters. The following are among the birds which have been observed: Chestnut-backed bluebirds, Robin, Chickadee, Oregon Junco, Townsend's Solitaire, Pink-sided Junco, Evening Grosbeak, Grey Titmouse, Grey-Headed Junco, and Gambel's Sparrow.

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3)

OCTOBER TRAVEL, 1950

TRAVEL YEAR TO DATE

Visitors, 10,294 Cars, 2,653

Visitors, 10,294 Cars, 2,653

WEATHER CONDITIONS

Perfect weather has prevailed throughout the entire month, which may account, in part, for our increase in visitors over any like month in our history. The days have been warm, almost hot, with cool nights all month.

A high of 91° was recorded on September 21, and the low for the month was 40° on the 12th of October. 1.84 inches of rain have helped in our road maintenance.

SPECIAL ACTIVITIES

The White Sands National Monument, though we did not have a booth in the 1950 Otero County Fair, did participate in that a play pen was supplied with out sand for the younger folks. The Superintendent gave a short talk before the Knights of Columbus and the Community Concert Association, as well as acted as Master of Ceremonies for a couple of functions in his capacity as President of the Chamber of Commerce.

Several trips were made to El Paso in connection with equipment and supplies and bids, etc.

The

Dear

Mr. [Name]

I have the honor to acknowledge the receipt of your letter of the 10th inst.

relative to the [Subject]

and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

Very respectfully,
[Signature]

I am, Sir, very truly,
Your obedient servant,
[Signature]

A copy of this letter is being furnished to the [Department] for their information.

Sincerely,
[Signature]

The [Department] has been advised of the contents of your letter and will take the necessary action thereon.

I am, Sir, very truly,
Your obedient servant,
[Signature]

INSPECTIONS

Hearing several rumors regarding trespassing on our South boundary, a trip was made in connection with a lease in that sector, and both purposes were served by that one trip. No great amount of trespassing has been done that is not Army, and that is essential, in part, at least.

Heavy rain had caused considerable erosion in some of the washes. But too, these same rains had caused excessive growth of some of the native grasses, and the area looked very good on the whole.

STATUS OF PRIVATE LANDS

The Army is still going ahead with its land program and is in the process of getting exclusive use of practically all lands surrounding the monument. Accordingly, action was taken this month to rewrite our leases on grazing so they would be acceptable to the Army as well as to protect our Service.

GENERAL PUBLICITY

Several newspaper items mentioning our travel were noted during the month and these, along with items of people visiting the White Sands and appearing in more or less local papers, have kept us before the public.

COMPLAINTS

No complaints have been received in this office on any phase of our administration in particular or the area in general. We are certainly receiving verbal compliments on our force and the kindness shown to our visitors.

MAINTENANCE

While we will never get up, we are getting many things done which we have been neglecting because of our previous shortage of personnel to handle the jobs needing attention. Fuel oil and Kerosene Oil tanks have been located and the windows on the Administration Building are being puttied and painted. Experiments were made on the best method for trying to repair our adobe walls and more work will be carried on in connection with this project.

Dozens of routine jobs were kept current and no major breakdowns occurred during the month. Roads and sands area maintenance has been very satisfactory. Moisture of sufficient quantities has allowed us to work the roads and keep them in good shape.

Of course, the cooler weather has lowered the evaporation to where moisture is retained longer. Early morning finds our roads in good shape for dragging most every day.

Constant repair is necessary on the shades and picnic units. Replacements were necessary in two instances the past month.

NEW CONSTRUCTION

Bids were received on two comfort stations to be built in the sands area, but were rejected because of excessive costs. Our plans are being revised and we hope to re-advertise at a later date.

PUBLIC SERVICES

This phase of the area is seemingly running a little behind like periods of a year ago in spite of our increased visitation.

COORDINATING GOVERNMENT AGENCIES

Negotiations have been completed, from the standpoint of the Park Service, to place all leases within our boundaries on a status satisfactory to the Army so they can proceed to cancel all grazing on the monument.

An arrangement to alter our water contract with the Army is hanging fire for an opportune time to hit the proper officials. Several approaches are being considered and we anticipate no trouble in getting our desire, although in reality I question it meaning much to us. But an ounce of prevention may help later.

We are in the process of obtaining, from Mesa Verde, a quantity of sheet iron so drastically needed for our picnic shades, and, if this is obtainable, we can at least be assured of a cover over our picnic shades. If our plan to secure some old pipe from the Army goes thru, then we can perhaps hold the picnic shade problem in check for a time.

INTERPRETATION SERVICE

This phase of the work always improves as our season falls off, but our increase in visitors still keeps our contacts fewer and shorter than we like. We seem to face a dark future in this respect, in that unless we can secure the services of a naturalist the time spent in interpretive contacts may become less and less. With the exception of changing defective lights, etc., little has been done on museum or exhibit activities. Fortunately our museum is of such high standards that it carries its load very effectively.

INCREASE OR DECREASE IN TRAVEL

The total of 10,294 visitors for October shows an increase of 1,153 over last October and makes it the biggest like period in our history. We are faced with the problem of increases over even our present figures due to a decided increase in activities at all the nearby Army installations. Some 2,500 new housing units are proposed by the Army alone within a radius of 125 miles of the White Sands. This can not help but show up in our attendance.

VISITORS

Bill Supernauth and family, of Organ Pipe Cactus National Monument, were in on October 3.

Kenny Saunders and Harold Marsh, of the Regional Office, stopped by on October 5, ~~enroute to the conference.~~

Mr. and Mrs. Robert H. Atkinson, Superintendent Fort Raleigh National Historical Site.

Mr. and Mrs. Morace A. Dough, Superintendent Bill Devill Hill Monument National Memorial.

We were pleased to have these folks visit with us and are looking forward to others from the conference enroute home.

ACCIDENTS

A highway accident near White Sands involved the actress Pauline Lord, who later died in an Alamogordo hospital, although her death was not a direct result of the accident. We were among the first to reach the scene of the wreck and assisted wherever possible until the State Police arrived and took charge.

GENERAL

Ranger Harold Chittum was despatched to Navajo to take over while their Superintendent attended the conference. We miss Harold but are glad and sure that Navajo will benefit from his services and that the Monument is in good hands in the absence of the Superintendent.

White Sands wishes to be among the first to officially welcome Hugh Miller back to our Southwest. As a former Superintendent of the Southwestern National Monuments, we in them now know what an asset Hugh Miller will mean to any area he may serve. Come see us, Hugh. We will be glad to show you how rapidly we have grown, even in the few short years you have been away.

Report No. 141 - continued White Sands Nat'l. Monument

Work shall continue toward getting our equipment ready for winter, along with other duties of the season, such as checking our stoves, flues, etc. And too, efforts will be made to adequately care for some 7 to 8,000 people which we anticipate for November.

EXHIBITIONS AND ACCESSIONS

Through the cooperation and graciousness of Superintendent Cal Miller of Platt National Park, we were able to obtain a flat bed truck and a sturdy tank of small size. Both of these items are needed badly at White Sands. Our thanks to Platt.

Johnwill Faris,
Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

October 25, 1950

Memorandum

To: General Superintendent
From: Acting Superintendent, Wupatki
Subject: Monthly Narrative Report for October 1950

Weather: This has been a real Indian Summer month. The high was 90° and low, 37°. Both of these temperatures were recorded toward the first of the month, the remainder of the period being a good balance of around 80° during the day and down to around 45° at night. The only bad feature being the lack of moisture with only a trace recorded during the entire period, that was on the 14th.

Inspections: Architect and Mrs. Sutton from Washington, D.C. were in on the 11th to inspect the roof job on the Sup'ts. residence.

General Publicity: The Coconino County Fair was held in Flagstaff on the 29 September through 1 October. The National Park Service in Coconino County was represented by a booth which was soon decorated by a blue ribbon! The booth was attended during the fair by Sup't. Hastings and Ranger Leding from Walnut Canyon, and Rangers Viklund and Walker from Wupatki, working in shifts. Ranger Viklund fashioned a model of Sunset Crater out of plaster, complete with oinder and exact coloring, which drew much comment. This model now reposes in the office of the Flagstaff Chamber of Commerce. It was estimated that the Fair was attended by between 4000 and 5000 people.

A letter from Johns H. Harrington states that his article on Wupatki was published in the New York Herald Tribune on August 20.

Maintenance: A new coat of asphalt roofing paper was applied to the roof of Maintenance-man Bean's residence and asphalt siding was applied to the addition to the trailer house, which is the Ranger's quarters. This, along with the new roof on the Superintendent's residence should take care of the residences at least for this winter.

A new lid had to put on the septic tank for the Ranger's quarters and luckily enough, the old CCC ice box had just been torn down and there was enough salvaged lumber to use for this job.

One day was spent in closing up the trailer house at Sunset Crater and tying down all of the loose ends for the winter.

10. The first of these is the fact that the only person who has been identified as having been in contact with the subject is the person who has been identified as having been in contact with the subject. The only person who has been identified as having been in contact with the subject is the person who has been identified as having been in contact with the subject.

INVESTMENT: \$10,000.00 and \$20,000.00 per month for 12 months.

12-11-41
The following is a list of the names of the persons who were present at the meeting of the Board of Directors of the American Red Cross, held on December 11, 1941, at the Hotel New York, New York.

A letter from John F. Kennedy dated May 19, 1961, is attached. Mr. Kennedy was notified in New York shortly following the meeting.

into care of the penitentiary in June of 1904.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific information required.

Downloaded At: 11:53 11 September 2009

Repair and Rehabilitation: Reroofing of the Superintendent's residence was started on October 9 and project was completed on October 15.

Monument Roads: Clay plating of the worst stretches on the road from Sunset Crater to Wupatki was begun on October 2. The project got off to a great start with the fan belt on the loader breaking after loading the first truck. The hydraulic pump on the loader is very conveniently located so as to necessitate a major overhaul in replacing a fan belt. With a new belt in place, the loader, as well as the rest of the equipment, held up surprisingly well for the remainder of the project. The project was ended on October 19. The road itself was closed on October 7 and will probably remain closed until there is sufficient moisture to pack the plating and allow grading to be done with some effectiveness.

Interpretive Service: At Wupatki ruin 288 visitors in 98 parties were contacted for an average of 34 minutes.

The Na lakihu-Citadel self-guide trail has been in operation for more than a month now, and according to the registration almost all of the people that stop there come on in to Wupatki, or so it would seem. Without a doubt a much larger percentage of the visitors stop there than used to. The collections on the self-guide booklet, both at Wupatki and Nalakihi, continue to be surprisingly good, around 74%.

Museum Activities and Exhibits: When the Nalakihi-Citadel self-guide trail was installed, a 3 X 4 foot hanging display case was removed from that area and brought to headquarters to use in our office-museum here. Some of the more interesting and characteristic artifacts were taken out of the cabinet in which they had been stored and fastened into this wall case. Since the case was around three inches deep, we were able to display bulky objects like stone axes along with smaller items like beads and bone awls. In the past, this material was inaccessible to the visitor unless some one of the personnel were present to open the cabinet. This wall case eases the problem of one man having to sell publications and explain an exhibit at the same time, not to mention the problem of the souvenir hunter.

Travel: The travel figures, as indicated below, do not show much of a gain in cars and a loss in visitors over the same period a year ago. This is probably due to the fact that ordinarily a good number of our visitors enter the monument via the back road from Sunset Crater, but this road was closed to all traffic on October 7. It might also indicate that more people are traveling alone.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific information required.

1. The first thing I noticed when I stepped out of the plane was the cold, crisp air. It felt like a warm blanket after a long flight. The ground below was a patchwork of green fields and small towns. I had heard that the weather was perfect, and it didn't disappoint.

Informational Services: All requests for information are handled by the Informational Services Section of the Department of the Interior.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the relationships between these factors. Once the causes of the problem have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Once a plan of action has been developed, the next step is to implement the plan. This involves carrying out the steps that have been identified in the plan and monitoring the progress of the implementation. Finally, the last step in the process is to evaluate the results of the implementation. This involves determining whether the problem has been solved and whether the resources have been used effectively.

Wildlife: Migrating birds are beginning to show up at Heiser Spring and spend from two days to a week there. The overflow pond is very attractive to these birds considering they are right in the middle of the desert.

It is becoming more evident that the deer are beginning to come into the Wupatki Basin for the winter. Several game trails have been located and there seems to be plenty of traffic on them. The coyotes have been coming into Heiser Spring for water for the past few weeks which would indicate that the other smaller springs they have been using are drying up. The Black Tail Jack Rabbit is very plentiful this year, and to bear out how dry it has been, these rabbits are foraging almost entirely on Rabbitbrush.

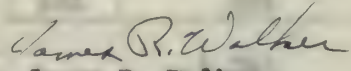

Visitors: 10/1 Sup't. and Mrs. Branch and party from Petrified Forest.
10/3 Mr. and Mrs. George W. Dean and Mr. and Mrs. John B. Heltsel. Mr. Heltsel is with the Virginia State Forestry Dep't. in Charlottesville.
10/11 Architect and Mrs. Dick Sutton, Washington, D.C.
10/13 Chief Historian Ronald F. Lee and Erik K. Reed signed the Citadel register on this date.
10/21 Clyde A. Maxey from Rocky Mountain Nat'l. Park.

Personnel: Superintendent Bowen went on annual leave Oct. 18 and is expected back around the first of November. Bill, Gertrude, and Steve are visiting friends and relatives in Colorado during this period.

Robert Viklund terminated COB October 19.

Claude N. McClain terminated COB October 20.

Spring Flow: Wupatki Spring 268 gpd
Heiser Spring 2880 gpd

James R. Walker
Acting Superintendent

WILLIAM: Attention with the beginning of the year of 1914. The year 1914 was a very busy one for the office. The attention was given to the office of the County.

It is recalled that the year was very busy for the office. The year 1914 was a very busy one for the office. The attention was given to the office of the County.

Total Interpretive Contacts.

Interpretive Activities Outside of the Area: Govt. Publications Sold On Hand

Work Service booth at Coconino County Fair			
9/29 to 10/1, 4000 to 5000 attendance.			

REMARKS: Superintendent on annual leave during portion of period. Road from Sunset Crater to Wupatki was closed on October 7 to present time to all visitor traffic.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.

NAME James R. Walker
TITLE Acting Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

UNITED STATES

NATIONAL PARK SERVICE

Southwestern National Monuments
Box 1728
Santa Fe, New Mexico

November 10, 1950

Memorandum

To: General Superintendent

From: Naturalist

Subject: Narrative report for interpretive work in the Southwestern National Monuments for October 1950.

Both Naturalist Dale S. King and Charlie M. Steen were in the office all month.

Interpretive Administration

Material for a revised 2-fold leaflet for Tonto was sent to Washington October 13. Several men in the field were asked to submit Forms 57 for a file being kept by Chief Naturalist John Doerr. This includes men who desire to be considered for future naturalist appointments. Complete bibliographies are being obtained from men who do considerable writing. During the month they were compiled for King, Steen, and Earl Jackson.

Progress of Exhibit Plans and Projects

The museum plan for Arches was approved by the Director, October 9.

Work was started on the printing of the booklet for the Cactus Forest Trail at Saguaro, and continued on the one for Tuzigoot.

Approval was received for statements of significance for Bandelier and Aztec Ruins. If suitable cutout letters can be obtained, perhaps these statements can be placed on display during October.

Because Canyon De Chelly has no display facilities, the Pueblo II turkey was loaned temporarily to Mesa Verde.

NATIONAL PARK SERVICE

Research and Observation

Steen accomplished considerable clearing in the basement preparatory to establishing a work and storage room there. He will spend much time there this winter on the 190-72's material.

Book Library

Accessions for the library totaled 38, including 12 books, 41 pamphlets, and 35 periodicals. Steen with the help of Mrs. Gorman achieved considerable cataloging and Ling ordered various maps and reports.

The most important books received were:

Hughes, John T. - Denig's Expedition, Cincinnati, 1948

Goodhead, W. A. - Archeology of the Arkansas Valley, New Haven, 1931

Mininger, Elmer AB - The Miner's Collection of Meteorites, Winston, 1930.

O'Keefe, Walter S. - Sun in the Sky, (Hopi Indians) Norman, 1930.

Osborn, Henry F. - Men of the Old Stone Age, New York, 1918.

Spaulding, Edward S. - The Swails, New York, 1942

Southwestern Monuments Association

The second and improved edition of the Lava Flow Trail booklet for Sunset Crater was delivered in Santa Fe October 12.

Word was received from the National Park Service that our mailing list should not be made available to any outside person, agency, or organization.

During the month of October two deposits, and one disagreement was made by Treasurer Hedlar. The number of covers mailed were 233, including 36 letters and 30 purchase orders. These figures do not include a mailing of brochures totaling 1305.

much time was spent in handling the mail shipment of which has arrived. Letters have been sent to all those who subscribed for this volume. The quarterly inventory turn-ins were checked and posted onto the warehouse cards.

Barbara Jolley worked 12 hours preparing the mailing of the above brochures, filing the business reply cards, etc.

Visitors

Chief Historian, Mr. Lee; Superintendents Mr. Carson, Wilson, Bonniel and Smith; Rangers Leroy and Larson; and Photo Ranger George Grant, and Naturalist Roberts, from Mackay and others.

Public Stabilization

Steen worked on the report on preservation of wall paintings at Amecacori. Newly appointed local archaeologist Thomas Moffett reported October 30 to work on the stabilization report for Tzucuyul ruins at Mendocino.

Technical Aid to the Administrators

During the absence of General Superintendent Smith at the Superintendents' convention, King was acting.

Projects for November

King will take some annual leave, work on trail booklets and other routine.

Steen will leave November 1, for Chaco, Santa, Casa Grande, and Amecacori, delivering a truck for the mobile unit, and transport equipment.

NATIONAL PARK SERVICE

ARCHES NATIONAL MONUMENT
MOAB, UTAH

November 28, 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the month of November, 1950

WEATHER: The warm dry weather of October continued until November 1 when heavy overcast skies brought a definite drop in temperature, but no moisture. Skies cleared during the last week of the report period; however minimum temperatures have stayed below freezing.

TRAVEL: Travel has dropped to a minimum and a 50% decrease from the same period last year is noted. The combination of war scare and cold weather is believed to be the cause of this decrease. Only 398 visitors in 120 cars entered the area.

INTERPRETIVE SERVICES: Total contact time amounted to 19 hours and 50 minutes in which 80 visitors were given information about the area. This service has been cut to a minimum due to prohibitive cost of equipment operation.

INTERPRETIVE DEVICES: The Cow Trail continues to be appreciated by all visitors although a great many changes and improvements can be made. The completion of the Wayside Exhibit is hoped to be accomplished within the next month.

WATER SYSTEM: Invitation bids were let on the purchase of a new pumping system and the successful bidder was Utility Engineers, Salt Lake City. Preparations have been made for the installation of this new system as soon as it arrives. This improvement will not only give us a good supply of water but will also eliminate a great many headaches and cut operations to a minimum.

AUTOMOTIVE EQUIPMENT: A trip was made to Santa Fe to accept delivery on a long expected new Dodge Pickup. An overhaul job was done on the 1947 Dodge Pickup and the International Dump truck was given a valve grinding and tune-up job. Our Grader and front-end loader are at present awaiting repairs. The recaps on three of the grader tires have come loose from the cord and will have to be replaced. The homemade front wheel assembly on the front-end loader will not stand another welding job. Tires and parts for the repair of these two pieces of equipment have been ordered.

SACRED NATIONAL MONUMENT
MOUNT ST. HELENS

February 21, 1980

MEMORANDUM

TO: Director, National Park Service
FROM: Superintendent, Mount St. Helens

SUBJECT: Weekly Narrative Report for the week of February 18, 1980

Summary The week has been a busy one for the Mount St. Helens National Monument. The major activity has been the ongoing eruption of Mount St. Helens, which has caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument.

Details The eruption of Mount St. Helens has caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument.

Observations The eruption of Mount St. Helens has caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument.

Conclusions The eruption of Mount St. Helens has caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument.

Recommendations The eruption of Mount St. Helens has caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument.

References The eruption of Mount St. Helens has caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument. The eruption has also caused the loss of the major forested area of the monument.

UNITED STATES
DEPARTMENT OF THE INTERIOR

ROADS: Due to no moisture, blading of the monument roads has not been practical; however Maintenanceman Winbourn has kept them in good condition by applying shale to all sections showing breaks. The entrance road at Headquarters was given a coat of gravel.

NPS VISITORS: Mr. & Mrs John Davis and Grace Metcalf stopped for a few minutes on November 2 enroute to Santa Fe.

RANGER John E. Williams and Mrs Williams spent November 5 in the area. They were on vacation from Mt. McKinley National Park and seemed to envy us in our dry warm climate.

GENERAL: Two hundred feet of water line from the main line to the ranger Cabin was dug up and lowered 18 inches to protect it from frost. Three yards of asphalt mulch was procured by Ranger Worthington from the State Highway Department and tamped as flooring in our storage room, shop, and generator house. Three days were spent repairing our telephone line which was completely flattened by a freak wind storm.

OUTSIDE ACTIVITIES: Annual leave was taken by all personnel during the deer season and all return with their quota of two deer each.

NATIONAL PARK SERVICE
AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

24 Nov 1950

Memorandum

To: General Superintendent
From: Superintendent Aztec Ruins
Subject: Superintendent's Monthly Narrative Report Incl

WEATHER: Cold and crisp with generally clear days.
We've had a little rain, some frost and a low of 4 above zero.

WAE CONSTRUCTION: Due to delay on the part of the supplying nursery, plants and shrubs have not been planted. Gates are hung and the walls painted in the patio construction of residence No. 3. New earth and fertilizer have been heaped for patio lawn.

Interpretive SERVICES: 399 visitors in 94 parties were conducted thru the ruins and there were 501 visitors in 206 parties who visited the museum.

INCREASE IN TRAVEL: With 501 visitors in 206 cars from 33 states, Washington D.C. and Canada, we have had an increase of approximately 14% over last November, which itself was some 25% over the preceding year.

PERSONNEL: Park Ranger Thomas B. Onstott transferred to the Region Three Office, and entered on duty there as Archeologist 30 October 1950. On the 11 Nov he entered military leave and reported to Ft. Bliss, Texas as an instructor in radar.

William F. Perkins, formerly temporary park ranger and currently WAE Guide, has entered on duty in place of Ranger Onstott until a new appointment is made to fill Onstott's vacancy.

Irving Townsend, Supt. returned from annual leave Nov 1.

VISITORS: Former employees of Bandelier, Jack Williams and wife with Charles Bertsch and wife visited Nov 11.

Irving L. Townsend,
Superintendent

BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

November 30, 1950

Memorandum

To: General Superintendent
From: Superintendent, Bandelier
Subject: Monthly Narrative Report for November, 1950

Weather

The weather during most of the month was mild although there was one sharp cold period on the 10th when the temperature dropped to 0 degrees. The maximum temperature of 76 degrees occurred just two days before on the 8th.

Special Activities

The Superintendent gave two talks on the 8th to the seventh and eighth grades at the Los Alamos school on mapping Indian ruins and archeological finds. There were 250 students in attendance and they showed a great deal of interest in the archeology of this region.

One day was spent in Santa Fe distributing bids for reroofing three residences.

A general staff meeting was held on the 6th to discuss plans for patrols during the hunting season.

Inspections

Regional Archeologist Reed, Architect Saunders, Dr. and Mrs. Ronalds, Morristown National Historical Park, and Mr. Tom Onstott visited the area on October 31. Mr. Reed inspected the excavating at Rainbow House.

Mr. Saunders inspected the buildings that are in need of roof repairs and made up a list of the most urgent in order to prepare bids on them.

The enclosed report of the work of the Santa Fe National Monument for the year 1929, and also a copy of the report of the Santa Fe National Monument for the year 1928, are herewith submitted for your information.

Mr. Onstott secured some data for completion of a report on the stabilization of Tyuonyi.

Maintenance

A contract was let to the Goodrich Roofing Company, Albuquerque, New Mexico for reroofing residences 3 and 4 and the dormitory. The actual work was started the last of the month.

Roads and Trails

The roads and trails crew did considerable work on the ruins trails during the month. They removed rocks and improved the surfacing and constructed a number of water turnouts. Construction was started on a new ladder to replace one that is becoming dangerous on the Ceremonial Cave trail.

The roadsides along both the Los Alamos highway and State road no. 4 in the Otowi Section were cleaned of beer cans and trash.

The approach road was exceedingly dusty all month due to the dry weather. The state grader went over it once and other than the dust it has been in fair condition.

Concessions

A meeting was held with the dining room manager for Frijoles Canyon Lodge to discuss rates for next year. In general meal rates will be a little higher than this year due to increase in food prices.

Interpretive Service

A total of 932 visitors were conducted on 96 tours of the ruins this month. An additional 487 persons made use of unattended interpretive devices.

Work was continued on the preparation of texts for the interpretive stations that are to be placed at Ceremonial Cave, Rainbow House, Tsankawi Ruin, etc.

An advance copy of the pamphlet "Birds of Bandelier" prepared by Henry H. Collins, Jr. was received and it appears to be a very practical publication. Copies will be put on sale as soon as they are received from the printer.

Archeological Excavation

The excavation and stabilization of Kastiatzi (Rainbow House) was completed this month. Mr. Fred Worman, who supervised this project, reported for duty at Los Alamos on the 5th and the work was completed by Romolo Cordero. Mr. Worman will do the pottery analysis and write the report on the ruin this winter.

Travel

Travel continued to show an increase over last year although the percentage was not as high as in October. There were 2007 visitors compared with 1852 last year or an increase of 7.8%.

Visitors

Mr. and Mrs. Conrick, Vice President of the Save the Redwood League, were visitors on October 30.

Superintendent and Mrs. Donalds, Morristown National Historical Park visited the area on October 31.

Mr. and Mrs. Ray Mattison, Region Two Office, were here on November 2.

Mr. Nusbaum brought Mr. Herbert J. Slaughter, Assistant Solicitor in the Secretary's Office, to the area on the 7th and Mr. Slaughter returned again on the 9th.

Regional Director and Mrs. Tillotson brought a friend of theirs, Mrs. Sloane for a visit to Frijoles Canyon on the 25th.

Ranger Service

The rangers and entire staff were very busy during the big game hunting season maintaining patrols to prevent hunting in the Monument. No evidence was found that any deer were killed on Monument lands. A state game warden caught 20 Indians from San Felipe Pueblo with illegal game that had been killed in a state game refuge next to the southern edge of the Monument. It is possible that some of these were killed in the area but patrols in that vicinity did not reveal any violations.

Miscellaneous

Operator General, Edd Wendland, married Mrs. Alta Fite of Oklahoma City on November 15.

Fred W. Binnewies
Fred W. Binnewies

Administrative Information

The investigation and identification of the subject (James) was completed this month. Mr. J. J. James, who was identified as the subject, was born on the 15th day of the month of 1915 and was identified as James J. James. Mr. James was identified as the subject of this investigation and was the subject of this investigation.

Summary

The investigation was conducted in order to determine the identity of the subject. The investigation was completed on the 15th day of the month of 1915 and was the subject of this investigation.

Subject: Monthly Narrative Report for November, 1950

Travel:

144 people in 54 cars this month. Even though the figure may appear small it almost doubled that for the same period last year. This was due primarily to favorable weather conditions. Total contact time 28 hours, 50 minutes.

Weather:

Still below normal precipitation. Only one shower of .13 of an inch fell on the night of November 15. A low temperature of 4 degrees was reached on the 10th, and each succeeding night below freezing points were recorded.

Canyon Travel:

Residents of this area for the past 40 years state that never have they seen the canyon floor so dry, and as a result travel by motor vehicle in the canyon is almost impossible.

Roads:

All approach roads are rough and dry, but travelable. Monument roads are in fair to good condition.

N.P.S. Visitor:

Paul Balch on Nov. 20-21. A trip was made to the upper canyon regions for the purpose of studying and starting the joint watershed survey with Indian Service officials.

Administration:

Two trips were made to Gallup for general and construction supplies. Also, a general straightening up and improving the appearance of the Hdq. area.

Projects:

Outside of visitor contact, the entire month was spent constructing picnic tables and fireplaces. We are rushing this project with all possible speed trying to get as many completed as possible before severe winter months sets in.

CAPULIN MOUNTAIN NATIONAL MONUMENT
November 25, 1950

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report, November 25, 1950

Visitors: We have had about 1,200 visitors to Capulin Mountain National Monument during the month of November, making a total of three thousand three hundred visitors during the travel year and twenty two thousand five hundred for the fiscal year to date.

Weather: Fair and warm weather has prevailed during the month, with a light snowstorm on November 8.

Flora and Fauna: Vegetation in the Monument area is still very dry. The porcupines have moved into the area again and are at work stripping the bark from a great number of trees. Quite a few deer have been observed there during the month.

Roads and Trails: Both roads and trails have been kept in splendid condition. The trail to the bottom of the crater was completed the first part of the month.

Special Visitors: No special visitors have visited the Monument this month to my knowledge.

Information Pamphlets: About three hundred pamphlets have been distributed this month. A shipment of 15,000 new pamphlets arrived two weeks ago, so we now have about 17,300 on hand.

Very respectfully,

Homer J. Farr
Superintendent

NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

November 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Casa Grande National Monument
Subject: Monthly Narrative Report for November 1950

General: The weather remains mild. Cotton picking is still a big project; the crop is going to set a value-per-pound record and also a production record in spite of the acreage control by the P.M.A.

There is a steady change in the registration of the states in our travel figures over the summer months; the trend is for more of our visitors to be from the mid-west and the northern states. It seems that winter weather is coming to those areas after an unseasonably warm autumn.

The Phoenix Dons had their annual trek from Phoenix to the monument. Casa Grande, the community, was confused with the Monument; the trek took the long route to the "ruins".

Weather: Our weather for the past month has been exceedingly mild. The highest daily maximum was a "heated" 97°, on the 25th of October; the lowest maximum was a cool 67°. We had a brisk 27° for the minimum on the 12th of November, but it was a scare that passed quite quickly. There was even a trace of precipitation; one hundredth of an inch fell on the 15th.

The Phoenix Republic had an excellent description of the weather; it follows:

Jurwitz Looks--At Neckline

Louis R. Jurwitz, weatherman, loosened his necktie Wednesday, and took a swig of sweet cider.

"Indian Summer," he explained, "always goes good with apple mash, especially when the temperature is 89--three degrees higher than it's ever been for this time of year."

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COCHISE, ARIZONA

November 23, 1901

Memorandum

To: General Superintendent, Southwest National Monument

From: Assistant, Casa Grande National Monument

Subject: Monthly Inventory Report for November 1901

General: The monthly inventory of the monument is being made in accordance with the instructions of the General Superintendent. The work is being done in the order of the list of objects in the inventory, and the results are being reported to the General Superintendent as they are completed.

There is a fairly large amount of the collection in the state of Arizona. The objects are being inventoried in the order of the list, and the results are being reported to the General Superintendent as they are completed. The work is being done in the order of the list of objects in the inventory, and the results are being reported to the General Superintendent as they are completed.

"Took a walk downtown at noon and saw a woman with a neckline almost as low as the temperatures in Great Falls, Mont. Wednesday, Three below.

"Thursday might be lower," he said. "In Great Falls, I mean."

Visitors: Our travel figures show a small gain over last year for the same month. The cooling weather has brought our usual upsurge for autumn travel; however, the annual travel figures are lagging. With the sub-zero temperatures threatening in the East, North and Mid-West, our number of visitors should begin to pick-up.

We notice that very few members of the armed services have taken advantage of the tax-price admissions; we have had only six servicemen this month.

	<u>1950</u>	<u>1949</u>
Visitors during November	3131	3049
Increase	82	
Visitors for travel year	5236	5368
Decrease	132	
Servicemen during November	6	

Interpretive Service: A total of 1,857 people made the trip to the ruin in 186 groups, averaging 56.2 minutes per trip. There were 1274 visitors who made only a short stop and did not go to the ruins.

Visitors of Note and Special Groups:

- October 27 -- Mr. and Mrs. John D. Coffman, Chief of the N.P.S Division of Forestry, Bethesda, Md.
- November 4 -- 14 girl scouts from Troop 64, Williams Field, Arizona.
- November 5 -- Regional Archeologist Charlie Steen from Santa Fe, New Mexico. An unexpected but pleasant surprise.
- November 8 -- District Ranger Donald J. Erskine, Sequoia Nat'l Park and his mother, Mrs. George A. Erskine, La Conada, Calif. District Ranger Erskine is a former Casa Grande employee.
- November 14 -- A group of 34 fourth grade students and their teachers from the Arizona State College Training School, Tempe, Arizona.

November 14 -- Ranger and Mrs. Robert Branges from Sequoia Nat'l. Park.

November 19 -- The Phoenix Dons and their travelcade from Phoenix.

November 24 -- 18 members of the Union High School football team from Parker, Arizona.

W. H. Merriam, U. S. Public Health Service, from Coolidge from weather data relative to his fly count.

The Phoenix Dons and their annual Travelcade to Casa Grande:

After waiting a hour and a half after the supposed time of arrival for the Phoenix Dons and their Party, it was decided that someone had become confused. The picnic area was loaded with the members of the Coolidge Chamber of Commerce, well-wishers, and folks who had preferred to drive down to the ruins without the State Police escort; all were awaiting the enmass arrival. The announcer from radio station KCKY, Coolidge-Casa Grande, attempted a "tape" recording of the Dons without as much as a single Don or their party being present.

While the staff alternately burned and cooled their heels, the travelcade was preceeding down State Highway 87 led by their police escort. Since Maricopa County has no signs giving the shortest route to the Monument, the intrepid young police officer was proceeding by the shortest route he knew; it seems that the ruins are six miles closer to Phoenix via Casa Grande than they are via Coolidge, or so thought the police officer. So the entire travelcade followed to Casa Grande.

Once at Casa Grande, everyone piled out of their cars and scattered looking for the ruins. The ruins were still twenty miles away as the county road goes. The Dons discovered the mistake; the group was rounded up and the tour continued to Casa Grande National Monument-- or so they thought.

The tour swung on south, through Eloy, past road junction to the Monument, on to Picacho. Another halt was called. Finally after some discussion it was decided that the shortest route, now, was to turn around and head north..... So a little late, having traveled over forty miles out of their way, the party of 320 visitors finally reached the ruins.

The Chamber of Commerce from Coolidge provided the visitors with hot coffee and entertainment; it is said that the police officer had already received the hot water so he needed only a couple coffee beans, sugar and cream. The Circle-C Square Dancing Club presented a short "skip-to-the-lou", followed by chanting Indian braves hoop-dancing their way through "original" Indian songs and dances. After the performance of the young Indians, the square dancers wanted to do a rebuttel of hand springs and back flips, but there wasn't time.

November 14 - Thursday and Mrs. James Thompson from Chicago, Ill.

[illegible]

November 14 - In memory of the 10th United Football team
 1900-1901

U. S. Patent, U. S. Patent Office, 1900.

... ..

[illegible][illegible]

There are many things that I have seen and heard of in the past, but I have never seen anything like this before. I have never seen a man who is so kind and so gentle. I have never seen a man who is so strong and so brave. I have never seen a man who is so wise and so good. I have never seen a man who is so true and so honest. I have never seen a man who is so kind and so gentle. I have never seen a man who is so strong and so brave. I have never seen a man who is so wise and so good. I have never seen a man who is so true and so honest.

[illegible]

The Director of Commerce, James C. McGowan, reported the following information to the Committee on Commerce, U. S. Senate, on January 10, 1940:

The staff survived. Undaunted by Sunday drivers, we managed to supervise the parking of over two hundred cars without the loss of too much paint and too many tempers. The trips to the ruins were in large cozy groups; for those interested, cuddling was a necessity even in the large rooms.

All in all the visit was successful. Every attempt was made to provide the visitors with the maximum amount of attention and to make their visit worthwhile. The Dons, the Coolidge Chamber of Commerce, and the public, all cooperated marvelously to make the even without special incident; The Superintendent was appraised by one of the colored visitors, after receiving his "change"; Praise de lawd, a honest man.

Administration and Protection: Four requests for information were answered and the literature requested was mailed. The Adamsville site was checked for new evidence of "pot hunting" but no new digging was noticed.

Maintenance: After the cold scare in the early part of the month, the heating stoves were installed in the houses and the museum. The heaters were already to be installed, having been reconditioned last month. However, need we say that the heaters have received little use since being installed.

Personnel: There has been a change in our personnel. Ranger Leslie P. Arnberger has been transferred to the Regional Office as Naturalist. Les has been a hard working ranger and will be missed, but we wish him well in his new promotion.

The Monument received Ranger James N. Clancy, "Jim Clancy", from Montezuma Castle. We feel that we received a fine replacement for Les, and we hope that the "castle" has done as well. There was a freshly painted and redecorated house awaiting the Clancys. We hope that they will be able to overcome the expectancy of a rattlesnake behind every bush, and like our "ruins" as well as they did the "Castle."

Research: Regional Archeologist Charlie Steen made us a visit and took the sherds we had stored from Tonto away; we might be able to say that was limited research. Charlie also took the remaining sherds from the Taylor Collection with him.

Archeologist Jameson attempted to collect some specimens of the new genus of Diplotaxis to add to those which Ranger Arnberger had collected; Archeologist Jameson can be mentioned for effort, -his specimens were not Diplotaxis.

The party arrived. Arranged by Sunday drivers, we managed to arrange the parking of over two hundred cars without the loss of two much valued and too many lamps. The return to the main party is large and proper; for those interested, including a necessary even in the heavy room.

All in all the party was successful. Every attempt was made to provide the visitors with the maximum amount of pleasure and to make their visit worthwhile. The time, the location, the character of the party, all suggested themselves to make the event without accident. The arrangements were arranged by one of the oldest visitors, other receiving his "change"; before he left, a dinner was.

Organization and Reception: That towards the arrangements were concerned and the first-time reception was made. The attendance was divided into two sections of "not invited" and "not invited" but no one thing was missed.

Entertainment: After the party was in the main part of the night, the meeting houses were located in the house and the meeting. The houses were already to be located, having been previously laid out. However, had we not the houses have received little the those being located.

Program: There had been a dinner in the morning. Before 10:30 a.m. had been arranged for the reception. After 10:30 a.m. had been a good evening program and will be missed, but we wish him well in his new program.

The program received from James H. Smith, the director, from the program office. He had had a program of the program for the day, and we hope that the "program" was well. There was a general interest and enthusiasm among meeting the program. We hope that they will be able to continue the program at a regular basis every year, and this our "program" as well as the "program".

Chaco Canyon National Monument
Bloomfield, New Mexico

November 27, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Acting Superintendent, Chaco Canyon National Monument

Subject: Monthly Narrative Report for November 1950

Weather conditions

The weather has taken a decided change from October, which was generally mild. Our maximum temperatures have been 70° and below, with our minimums running 32° and below. The highest temperature was 70° on the 8th and the lowest was 0° on the 10th. Incidentally, the highest temperature reached on the 10th was 37°. On the 15th of the month there was .05 inch of rain, the first since a trace on the 16th of October.

Special activities

Soil Conservationist Paul L. Balch, together with Messrs R. E. Kilgore and C. B. McConnell, both of the Bureau of Indian Affairs, Window Rock Area Office, spent the 16th and 17th making a joint soil conservation survey of the Chaco watershed. Engineer J. H. Conn continued his work on the new well, started the dike-building program and started the topographical survey of the new headquarters area. The new well house has been completed and the old pump installed. Lots of mud in the well so it is planned to run a metal casing down another three feet below the concrete pipe and to cement up the 6 inch space between the two lower sections of concrete pipe. This may solve our mudding problem.

Administration

Superintendent Guillet made a special trip to the Regional Office on November 20th through 22nd to discuss miscellaneous items with the General Superintendent, and then commenced 30 days annual leave. On November 17th Ranger Elmore made a trip into Farmington to return a sump pump borrowed from the Methodist Mission.

Class Project: Nationalism
November 17, 1930

November 17, 1930

November 17, 1930

General Information: Nationalism is a political ideology that emphasizes the interests of a particular nation or group of people.

History: Nationalism has its roots in the French Revolution of 1789, when the concept of the nation-state was first introduced.

Definition: Nationalism is a political ideology that emphasizes the interests of a particular nation or group of people.

Definition

The word "nationalism" has a long history. It was first used in 1795 by the French philosopher Jean-Baptiste Say. At that time, it meant a feeling of loyalty to one's country. Today, it has a much broader meaning. It refers to a political ideology that emphasizes the interests of a particular nation or group of people. It is often used to describe a sense of pride in one's country and a desire to protect its interests.

Visitors

Visitor travel has dropped off, with only 88 persons taking the guided trips through the ruins. However, this is a 10% increase over last year. These people came in 37 cars. There were an estimated 52 "runarounds" in 25 cars.

Accessions

Ranger Francis H. Elmore donated a copy of his Ethnobotany of the Navajo to the Chaco Canyon library.

Interpretive services

88 persons were taken through the ruins on 28 conducted trips. Two special trips were made to the Bc sites, where Archeologists Vivian and Rixey are doing some work, with super-interested visitors. These two trips totaled 135 minutes. 92 persons were given orientation talks in the museum. A total of 20 hours were spent in guide and contact work.

Official and noteworthy visitors

National Park Service:

Charlie Steen and Luis Gastelum on November 1st

Other:

October 27th:

Mr. and Mrs. Irving Posey, Road Supervisor, United Pueblos Agency.

Hildegard Thompson, Director of Education, Navajo Agency
Selth Begay and Jim Hale, Navajo Tribal Council

November 5th:

William R. Bullard Jr., Archeologist, El Paso Natural Gas Co.

November 12th:

Seasonal Ranger Jack R. Williams and party of Alamosa, Colo.

November 13th:

Mr. and Mrs. John E. Present, Blenheim, Ontario, Canada
The Reverends Francis B. Borgman and Davin Von Hagel, both of Shiprock, New Mexico.

Attached is the monthly report of Archeologist Vivian.

Francis H. Elmore
Acting Superintendent

Memorandum

To: Superintendent, Chaco Canyon, New Mexico
From: Archeologist Vivian
Subject: Monthly Narrative Report, November, 1950

With the weather remaining good for the greater part of the month we have pushed the stabilization of Site Bc-59 and held in abeyance the cleanup work previously started at Kin Kletso. To date two kivas at the south end of Bc-59 and approximately one third of the rooms here have been done. If the weather continues favorable, about one half of the site will be completed during the next month. In addition to work on the room areas, related stabilization, diversion of surface drainage from the talus slopes to the south and east, is in progress and this work now about half through will be carried to completion in December.

The preliminary work at Kin Kletso was halted on the 14th. Up to that time fill was removed from the 2 south kiva corners of Kiva B and two rooms were cleared. The material in the kiva corners was backfill from previous excavation and no cultural material was recovered from the 2 rooms.

A surplus oil heater received last spring was cleaned and set up in the back of the building to heat the shop and dark-room. An oil heater was also set up in residence No. 2. This building is 50 years old and putting in an oil heater is worthy of note since it involves cutting through a wood ceiling, then through a first roof covered with a foot and a half of adobe, and then through the second roof overlying this. The trick of course is to miss the 2 sets of concealed vigas.

Some progress was made on the archeological report of the Tri-Walled structure. This work was somewhat hampered by having to turn out in limited time an illustrated report and recommendations for structures at Fort Laramie National Monument for Region Two.

1944-45

[illegible]

The above information was obtained from the records of the
Federal Bureau of Investigation at New York City.
It appears that the person named in the letterhead
of the report of the New York office is the same as
the person named in the letterhead of the New York
office. It is suggested that the person named in
the letterhead of the New York office is the same as
the person named in the letterhead of the New York
office.

The following were at the time of the arrest of the subject, the subject was arrested on the 1st of May, 1934, at the residence of the subject, 1234 1st Street, New York, New York, and was taken to the New York City Jail, where he was held until the 1st of June, 1934, when he was released on bail.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the South (CLPS) in the United States. The Commission is therefore unable to determine whether the CLPS is a genuine organization or a front organization for the purpose of subverting the Government of the United States.

Two programs are available for the development of the TV-1000. The first is the TV-1000-1, which is a complete system for the development of the TV-1000. The second is the TV-1000-2, which is a complete system for the development of the TV-1000-1.

UNITED STATES

DEPARTMENT OF THE INTERIOR

NATIONAL MONUMENT SERVICE

Mrs. Elmore, WAE Clerk-Typist, completed sorting and filing all of the archeological papers, notes and catalogue cards received from the University. She completed final typing of Rixey's Stabilization Records for the East Ruin, Aztec, and they were submitted to Region on the 16th.

Assistance was given to the Monument on the 1st in the form of 10 man days of labor to complete pouring the well house. Parts of several days were given to the Soil and Moisture program at the east end of the Monument, going over this work variously with Engineer Conn, Superintendent Guillet, and Soil Conservationist Balch.

Archeologist Aide Rixey returned from extended annual leave on the 6th. I took one and a half days leave on the 9th and 10th.

Charlie Steen and Luis Castellum were in briefly on the 1st to deliver a new pickup, a set of steel piling cases, and return Steen's Ford to the Region.

Archeologist Aide Rixey and I will both be here during the next month. At Bc-59 the drainage on the east side will be completed and work on the room structures will continue as long as practicable. If this is halted by the weather the job at Kin Kletso will be resumed.

Memorandum

To: General Superintendent

From: Superintendent, Chiricahua

Subject: Monthly Narrative Report

General. Ranger and Mrs. Gaynard are the proud parents of a fine 7 lb. girl, Jane Elizabeth; born October 26, just too late to get into last month's report. All three are doing fine.

Leave was taken by all of the employees during the month. Gaynard took 4 days leave to get the new girl started in life; Marble took 6 days leave for deer hunting, with no luck, and Cooke took 2 days just for fun and to keep from losing it.

Weather. Only 2 windy days marred the weather for the month. Of course, we would be glad to see some moisture as not a drop has fallen during the month or for some time previous.

Inspections. We enjoyed a visit of a few hours by Forester and Mrs. Coffman on October 29. An inspection was made of the fire equipment and the area adjacent to the road.

Approaches to Monument. The three dirt approach roads are all very rough and dusty due to the prolonged drouth. This has probably reduced travel some.

Interpretive Service. 728 visitors were contacted in the museum in 215 parties. 4 conducted trips were made. These trips, while small in number of visitors, consumed a total of 10½ hours.

A total of 11 visitors in 3 parties made use of the self-guided nature trail, taking an average of one hour for each trip.

Travel. A total of 966 visitors came to Chiricahua this month. This is a decrease of 395 from November of 1949. We are unable to account for this decrease but hope for an increase next month.

bridge timbers according to specifications and delivered them the next morning. Then, with sub-zero weather having already hit, it became a race to see if we could finish the job before the ground froze hard. We won on both counts. The ground did not collapse and the ground did not freeze hard before the job was complete.

It was interesting while Ed was working on the cattle guard. He had a large white sign with black letters reading

THE OTHER GATE

50 FEET

We noticed that visitors would draw up to the cattle guard, read the sign, then take off down the road and go out of sight before returning and sheepishly going through the gate. To remedy the situation, Ed put up an additional sign, a large one reading

SAFE

right in front of the gate and at right angles to the road. Ed was ready to throw up his hands when the first car by after the erection of the second sign drew up, read the sign in front of the cattle guard, and then took off down the road clear out of sight before returning!!

We greased, changed to light weight oil and put anti-freeze in the light plants this month. Also, the Jim van came by and spent nearly all of one afternoon working over the plants for us and putting them in shape for the winter. Mighty nice cooperation.

The ranger cabin has been completely weatherstripped. We had a touch of snow this month, enough to show us that there was a bad break on the ranger cabin roof. It was repaired, so now the ranger cabin is in good shape for the winter.

All the floors in both the superintendent's residence and the Office have been refinished this month (on a day off). It is always a pleasure to refinish the floors, they look so nice, and the visitors to the house and office always comment on them. Other routine jobs and annual jobs such as stacking our wood in neat piles, digging down three feet on two occasions to free water valves, etc., were accomplished.

bridge timbers according to specifications and delivered them the next morning. Then, with sub-zero weather having already hit, it became a race to see if we could finish the job before the ground froze hard. We won on both counts. The guard did not collapse and the ground did not freeze hard before the job was complete.

It was interesting while Ed was working on the cattle guard. He had a large white sign with black letters reading

USE OTHER GATE
50 FEET

We noticed that visitors would draw up to the cattle guard, read the sign, then take off down the road and go out of sight before returning and sheepishly going through the gate. To remedy the situation, Ed put up an additional sign, a large one reading

GATE

right in front of the gate and at right angles to the road. Ed was ready to throw up his hands when the first car by after the erection of the second sign drew up, read the sign in front of the cattle guard, and then took off down the road clear out of sight before returning!!

We greased, changed to light weight oil and put anti-freeze in the light plants this month. Also, the GAA man came by and spent nearly all of one afternoon working over the plants for us and putting them in shape for the winter. Mighty nice cooperation.

The ranger cabin has been completely weatherstripped. We had a touch of snow this month, enough to show us that there was a bad break on the ranger cabin roof. It was repaired, so now the ranger cabin is in good shape for the winter.

1. The first of these is the fact that the Government has been unable to secure the necessary funds to carry out its policy of non-interference. This has been due to a variety of factors, including the fact that the Government has been unable to secure the necessary funds to carry out its policy of non-interference.

It was the intention of the author to have the book published in 1961, but a large number of the illustrations were not ready at that time.

1970-1971

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the Americas (CLA) in the United States. The Commission is therefore unable to determine whether the CLA is engaged in any activities in the United States which might be considered to be in violation of the provisions of the Charter of the Organization of American States.

MAILED TO THE FBI ON JANUARY 11, 1963.

[illegible]

1. The first of these is the fact that the United States has a large and growing population of people who are not citizens of the United States. This is a problem because these people are not entitled to the same rights and privileges as citizens. This is a problem because these people are not entitled to the same rights and privileges as citizens.

[illegible]

One man was by to see the superintendent, who is dickering for a bus line to leave Grants, go via the Ice Caves, El Morro, Zuni and hit the highway again at Sanders. The bus would run once a day each way.

The REA looks as if it is really off this month. It was rumored that in view of the fact that the bids were rejected when opened in October because they were too high, that they might readvertise and open them again in November. Such was not the case.

A veteran air pilot who was recently transferred to a route passing over El Morro, took a busman's holiday for his leave to see what his route looked like from the ground. He and his wife were so impressed with El Morro that after he got back on his regular run, he now, sometimes, radio-telephones us a few minutes before coming in sight, and then, with his huge plane tipped up on one wing and flying relatively low, shoots by the Rock waving to us. Good advertisement for El Morro.

Our National Park Service visitors this month reads like a NPS Who's who. In order of their arrival - Mr. and Mrs. Ross Maxwell and Mr. and Mrs. Robert Gibbs from Big Bend National Park; Mr. and Mrs. Ray Matteson, Region Two Office; Mr. and Mrs. Conrad Wirth, Washington Office; Mr. Tillotson, Mr. McColm, Mr. Barton and Mr. Kell from the Regional Office.

To: General Superintendent
From: Superintendent, Gran Quivira
Subject: Monthly Narrative Report for November, 1950

Weather. Weather for October was unusually mild with very little moisture. Maximum temperatures have been in the mid-sixties and the minimum averaging about 35 degrees. A brief cold spell on the 10th brought the temperature down to 2 degrees but the half inch of accompanying snow melted the following day, and we have had pleasant weather since.

Special Activities. A trip was made into Albuquerque on the 14th to obtain quotations on equipment and material for the utilities project, and to make arrangements for the installation of a new power transformer.

Maintenance and Rehabilitation. Work on the utility project got underway this month. 875 feet of sucker rod was pulled from the deep well and new leathers and gaskets installed. Condition of check valves was good and no replacement was necessary but leathers were badly worn. Operation has been excellent since this work was accomplished as water now reaches the storage tank within two minutes after pumping as compared to about twenty minutes before. Electrical equipment, including electric motor and accessories, has been ordered, and work will continue as soon as shipment is received.

As you know the water catchment from the residence roof has been unsuitable for drinking due to discoloration and asphalt taste from the type of roofing. Rather than replace an otherwise good roof, 1200 feet of aluminum foil sheeting was applied over the tar roofing. It promises cool clear water.

Road work and trail work were stepped up this month. Ten truckloads of gravel were hauled and spread over the approach and parking area, and several breaks in the road shoulder were repaired. Additional filling and leveling on the mission trail also were accomplished.

Approach Roads. Lack of moisture has had a direct effect on road conditions into the monument this month. Several extremely dusty sections were reported on the Carrizozo approach, and while the

road in from Mountainair is in fairly good condition, it needs moisture.

Personnel. Extension of employment papers for Doyle B. Chaney, Laborer, were submitted to the Civil Service Commission.

Travel. Visitation this travel year is exactly the same as 1949, so far.

| | | 1949 | 1950 |
|--|----------|------|------|
| | October | 260 | 251 |
| | November | 234 | 233 |

Interpretive Services. Forty three parties with 158 people were guided through the ruins for an average of 46 minutes per party. The self-guiding trail trip was used by 23 parties totaling 75 people. The exhibit room was open all month.

Research and Observation. The opportunities to observe the reptilia of the area have been excellent this summer. Some 50 or 60 individuals of the prairie rattlesnake were seen and several of these afforded close scrutiny. One peculiar characteristic of the local variety is their cooperation to observation. I've found it most convenient on more than one occasion to look up from my desk and find one posed on the linoleum ready to be catalogued into the fact files. Some thought has been given to keeping a duplicate set of files at the residence for after hour observations, as the legs of the coffee table have been known to take on additional design. With color yet!

Ray B. Ringbach
Ray B. Ringbach,
Superintendent

Enclosed

The north wall depicting the large site of the ruins shows that the part of the museum was completed. I am sure of visitors will be glad that the partly completed of the ruins will be a good place this year.

Enclosed

Enclosed my business card with the name of the museum and the name of the person who is in charge of the museum. I am sure that you will be glad to see the card and the name of the person who is in charge of the museum. THE UNIVERSITY OF CHICAGO
CHICAGO, ILL. 60637
U.S. DEPARTMENT OF AGRICULTURE
WASHINGTON, D.C. 20250

There has been some talk of a new book on the subject of the "New Negro" and the "New Negro" movement. The book is said to be a collection of essays by various writers, including some of the most prominent figures of the movement. The book is said to be a valuable contribution to the study of the Negro in America.

Sincerely,
[Signature]

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

November 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for November, 1950

Weather Conditions

November weather has been favorable for travel for the most part with temperatures running above normal. The maximum was 61 on November 8 and the minimum was -1 on November 10. The drouth continued throughout the month even though snow blew all day on November 9. Only a trace was left on the ground when the gale subsided so I guess that the wind must have worn out the snow.

Special Activities

The Mosca-Hooper-Moffat Service League was attended on November 6. The League at that time drafted a Resolution to the State Highway Advisory Board asking for the further improvement of State Highway 150 leading to the Great Sand Dunes. Little hope is held for much improvement in 1951 since this is not a farm-to-market road.

Boundary Fence

The north fence separating the George White and Rounsaville tracts from the rest of the monument was repaired. I am sort of stubborn and decided that the yearly migration of horses from Medano Canyon will not take place this year.

Rehabilitation

Contractor Ray Burrows completed the roof rehabilitation job on November 8. He did a good job and I am confident that our roofs are good for at least 10 years now. The roofs of the expandable trailer and tool shed were included in the work.

Maintenance

Most of the month was spent with the routine maintenance jobs which are so necessary, which occupy so much time, but which leave such

little evidence of accomplishment. The campground water system was shut off and drained, the comfort stations at the checking station were drained and closed for the winter, wood was hauled for the fireplace, the 120 gallon tank obtained from White Sands was installed as a supply tank for the light plants, the kitchen walls were cleaned, and the bathroom was enameled for the first time. The fire pot from the furnace was removed, repaired by welding two new flanges, and reinstalled after the soot was cleaned out.

While the roofers had the office roof torn up I installed a new radio antenna leadin down through the ceiling. This will cut down the length so that our radio transmissions should improve.

Approach Roads

The condition of State Highway 150 changed little during the month. The monument section of the road is still in poor shape and cannot be improved until we receive some moisture. I have continued to grade it once a week.

Travel

632 people in 171 cars visited the monument this month. This is only 1 car and 6 people less than November 1949.

Visitors

Former Superintendent Ted Sowers and family visited us on Armistice Day, November 11.

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

November 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, November 1950

General: What should have been a slack month turned into an extremely busy one. This was caused by construction of a water well, continued work on the Montezuma Well loop trail, changes in personnel, a trip to Santa Fe for a new truck, arrival of a movie company for the purpose of filming a picture of the Castle, and as usual good travel.

Weather: With the exception of .05 inches of rain which fell on November 14, dryness still prevails. Freezing weather arrived on November 10 when the mercury dipped to 14 degrees. This cold snap, however lasted only three days and conditions are again ideal with sunny days averaging in the high 70's.

Travel: Weather conditions as they are, travel simply refuses to fall off. Again this area established another record for November when 1826 people in 628 cars visited the Castle and 582 people in 170 cars saw the Well. This makes a total of 2408 visitors to the area as compared to 1976 for November 1949.

Interpretation: On November 13, the movie company started removing the modern ladders to the Castle for the purpose of installing pole type ladders. Since no trips have been made following that date, only 80 tours were made to conduct 359 people through the ruins. Opportunity was taken of the temporary shutdown of the Castle to observe visitor reaction at not being able to climb the ladders. Very little complaining was heard and the majority of people seemed to be content with interpretive service at the base of the Castle and with the Sycamore trail. In fact, more than one visitor mentioned that he was relieved that the ladders were closed; strange why so many people feel they must take the trip merely because it is offered.

Very little interpretive contacts were made at Montezuma Well. Archeologist White spent most of his time supervising construction of the loop trail and performing relief work at the Castle.

Superintendent Brewer of Tuzigoot spent a couple days in the area photographing the interior of the Castle. These pictures are to

Page 2:

be used as a guide in building a scale model of the Castle. Jimmy did a fine job of picture taking, and we certainly appreciate his cooperation.

Visitors: On October 29, Superintendent Farris of White Sands.

On November 2, Assistant Director and Mrs. Conrad Wirth of the Washington office.

During the Thanksgiving weekend, several groups of Boy Scouts and students from California and Arizona.

Publicity: Most northern Arizona newspapers printed articles on the filming of a picture within the area by the Nat Holt Pictures Corporation. This movie company has been in the Valley for about a month filming a "glorified western" tentatively named "Canon Diablo" which revolves around the story of John D. Lee for whom Lee's Ferry was named and who was executed in 1877 for his part in the Mountain Meadow massacre in southern Utah. The Castle plays an important part in this picture inasmuch as the renegade Lee and his band of Pictes use it as a base and stronghold. The story goes that there is quite a price on the renegade's head and that two principals, the hero and a cavalry lieutenant, have bet a year's pay on who would win the honor of this capture. These two gentlemen are to raise up two parallel makeshift ladders to get the villain who resides on the upper floor. Since our ladders are too modern, the company has replaced them with pole affairs. Theoretically our heroes arrive at the top room and then the big fist fight occurs, but the fight does not happen in the Castle. Instead, the movie company has reproduced, Hollywood style, the top room of the Castle. This structure is located on the ledge almost directly above the ruin so as to include the surrounding scenery as seen from the top floor of the Castle. It is quite an elaborate affair, including a roasting pit, several floor levels and plenty of room in which the stunt men can do their stuff. Unfortunately, I have not yet learned who wins the bet on the fight, or for that matter who fights whom. At any rate, the construction crews have completed their work and filming is slated to start to-morrow, November 27. Filming was supposed to have started last Monday but was postponed because of several cloudy days which caused the company to get behind schedule on its work near Sedona.

The October issue of "Arizona Guide", a magazine published in Phoenix, had as its cover picture a photo of Montezuma Castle and included a correct history of the pre-historic people who inhabited the vicinity.

On a first look it appears that the two
inhabitants are in a state of
anxiety.

Construction & Maintenance: The new domestic water well was completed and the pump reset and placed in service on November 10. The old badly worn sucker rods to the pump were replaced with 80 feet of new oak rods. The well reaches a depth of 100 feet with the water level standing at about 70 feet, and the flow has been checked at one thousand gallons per hour with no noticeable drawdown. This, of course, is more than sufficient to meet the needs of this area.

The weather station was overhauled and repainted during the month.

Roads & Trails: Construction of the Montezuma Well loop trail is progressing nicely. Most of the month was spent in building steps from the water level to the crater rim. This has been a tough job, since plans require that steps be twelve inches wide with six inch risers. All steps are made from native stone, and it is felt that they blend nicely with the surrounding cliffs. Upon completion of these steps, work will start on the section from the water level to the ruins located at the well outlet.

The County maintenance man spent a day in the area shaping up the shoulders to the entrance road.

Personnel: Ranger Clancy and family transferred to Casa Grande on November 19 where Jim will enter on duty as ranger. We will miss the Clancy family, but welcome Carl and Bette Murray to the area. They are from Detroit Michigan, and this is Mr. Murray's first permanent appointment with the Service. He has seen temporary service in Sequoia.

On November 1, Ranger Clancy made a trip to Santa Fe for the purpose of returning a new Dodge pickup. This truck has replaced the old 1937 Chevrolet and is a most welcome addition to the monument.

John D. Cook
Superintendent

is the most difficult to find the limits of this area. The old boundary line with the United States is not clearly marked. The old boundary line with the United States is not clearly marked. The old boundary line with the United States is not clearly marked.

November 28, 1950

Memorandum

To: General Superintendent
From: Superintendent, Arches
Subject: Monthly Narrative Report for the month of November, 1950

WEATHER: A decided change from the warm October weather came around November 1 with heavy overcast skies, but no moisture.

TRAVEL: Due to the continued dry weather people entered the area up to the day the area was closed on November 10. The total of 70 people in 31 cars as compared with 21 people in 8 cars during the same period last year shows quite an increase.

INTERPRETIVE SERVICES: Of the 70 visitors 44 were contacted at headquarters and 26 arrived during the ranger's absence.

TRAILS: With the completion of the new ladder construction on all trails last month Ranger Redd was able to spend over a week on grading and drainage.

PERSONNEL: Ranger Redd was terminated on November 10, having checked in all equipment.

GENERAL: The area was closed for the season on November 10 and Ranger Worthington & I made a trip to the area to check and haul all equipment to Arches.

Chief of Park Service

Navajo National Monument
Tonaless, Arizona

November 27, 1950

Memorandum

To: General Superintendent

From: Superintendent, Navajo

Subject: Report 1st, Narrative Report for November, 1950

Travel: Thirty-one persons found their way to Navajo this month, 7 less than in November, 1949. Approximately one half the visitors were locals who came to see the new house addition.

Weather: Only .12 of an inch of moisture has fallen during this report period. The temperature on one occasion went to 4 degrees which indicated winter was here but a little snow would make it more convincing. The average high temperature about 55° and the low 33° for the month.

Roads: A minimum of road work has been done because it has been too dry. All approach roads are rough and sandy.

It was noted on a recent trip to the Hopi villages that the U.S. Indian Service has started spending, in earnest, some of the Nava-Hopi money, on reservation roads. The current project is one of rebuilding the road from near New Oraibi, east toward Window Rock. Upon completion of the road building projects there will be two all weather roads across the Navajo Reservation. The quiet valley floor of Mletila Valley, now known as Calamity Flat, will hear, not the sound of singing, solitary, Navajo horsemen, but that of singing tires instead.

Construction: The garage and bedroom additions are completed except for some interior trim and painting yet to be done and the cement floor in the garage to be poured. The outside trim was primed and painted, insulation was obtained from Walnut Canyon and installed in the new additions and also in the previously constructed house. The area around the building has been cleaned and backfilled.

General: Clean up near the construction project, replacing the juniper post fence and putting things away has taken most of the time since we stopped work on the building, November 15. A considerable amount of time has been spent on paper work. The office is being moved into the new bedroom, temporarily.

The entire residence has been cleaned and the floors refinished. Previously we had a three room house and by adding to each end of it it has been enlarged, however, we were forced to live in the center room since both end rooms were open to the elements. The task of removing stone and plaster walls was attacked with such vigor that plaster and cement dust was found everywhere in the house.

When the house was sealed sufficiently to warrant the use of the hot air furnace, it was found as much smoke was circulating through the hot air pipes in the house as was going out the chimney. The furnace was completely disassembled, all furnace pipes and chimney pipes were cleaned. The furnace was put together again and all seams and joints in the furnace and hot air distribution system were cemented. It works like a dream!

The winter wood supply was hauled, cut and stacked. We have plenty of kindling by using scrap wood from the building job.

We are having some trouble with the water system, however, when new parts are installed perhaps we may have an efficient system. By the process of elimination in replacing pump parts, we hope to find the difficulty.

Our shipment of anti-freeze was reported to have arrived in Flagstaff some 4 weeks ago. When I went to pick it up it had been sent on to Camden, New Jersey for some unknown reason.

Miscellaneous: With a fair share of the \$8,300 for construction at Navajo floating in the pockets of our Navajo Indian workmen, there has been a minor buying spree in progress. Two or three new saddles (\$150 each) several new blankets, rings and bracelets have been purchased and one man has had a five day "sing".

Visitors: Robert Young and H.C. Sabin, attorney with the Solicitors Office, Washington, D.C.

Architect and Mrs. Kenneth Saunders, Region Three Office.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Organ Pipe Cactus National Monument

P. O. Box 38, Ajo, Arizona

November 25, 1950

Memorandum

To: General Superintendent

From: Superintendent, Organ Pipe Cactus

Subject: Monthly Narrative Report for November 1950.

Weather

High of 94 occurred on the 28th October and a low of 31 on the 12th of November. The little cool spell broke a long heat wave over this section and was very welcome by all. A light rain of .44 inch fell on the 15th of November to bring our year total to date to a little over 3 inches. Pretty dry all year.

Special Activities

Regional Director and Mr. Allen of Region One visited the area October 29. They were accompanied around the area and to Puerto Penasco, Mexico by the superintendent.

Communications Engineer Gable arrived with the Radio test truck November 3, but was recalled to the Washington office before tests could be made.

One trip to Tucson was made by the Superintendent taking Mr. Gable to catch a plane and to pick up some equipment from Saguaro National Monument.

Cooperating Agencies

Application to establish a headquarters camp for the Bureau of Animal Industry in our headquarters area was received and forwarded to the regional office for action and comment.

Research & Observations

Observation of a Stellers Jay this month was a new record for the monument and probably for any desert valley. Calls from a new species of *Sceloporus* were collected and sent to the Arizona State College at Tempe for study.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Travel

Travel the first of the month remained light but with the storms in the northern part of the country it is now gaining momentum. Runners are starting to arrive in force and trends are now toward a very busy season.

Personnel

James W. Shirley, who has very capably filled our vacant ranger position, was terminated November 19 at the end of his appointment. We are going to be very short handed until the arrival by transfer of Ranger Leading about December 10.

William R. Supernauth
Superintendent

On the other hand visitation has increased substantially. This month almost all of the deer and antelope have been seen. The winter flock of the "snow geese" is increasing. Wildlife and game are in the spring and there is a chance of a good season.

The visitation for the month of travel is expected to be increased in the excellent facilities as provided in the better part of "Antelope Island". They frequently reported that this visitation is especially noticeable for their type of people.

Public Relations

Attention is given to the public relations of the area, as well as the improvement of the construction of the National Antelope Island, and the improvement of the public relations, and the improvement of the public relations.

Other public relations work is expected to be completed by the end of the month. The public relations and construction work is expected to be completed by the end of the month.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Saguaro National Monument
Tucson, Arizona

November 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Report, November 1950

General

Visitation and lack of rainfall are items of major importance in the month of November. Rainfall was nil in the desert portion of the monument and only one light shower was noted at Manning Camp. Seriousness of the drought is showing in various cacti. Many are shriveling up considerably and assuming a parched pinkish tinge.

The drought situation has caused a serious water shortage at Madrona Ranger Station. If relief of these conditions is not immediate water hauling must be again undertaken.

On the other hand visitation has increased substantially. This month showed an increase of about 60% over last November. The winter trek of the "sun worshippers" is underway. Traffic and trade are on the upswing and Tucson is cleaning up for the arrival.

One explanation for the increased travel to Saguaro National Monument is the excellent publicity we received in the October issue of "Arizona Highways". Many visitors reported that this article was directly responsible for their stop at Saguaro.

Special Activities

Associate Director Demaray visited the area on October 29-30. He inspected the construction of the Madrona Bedroom addition, discussed the proposed land exchange, and viewed possible sites for new construction.

Chief Forester Coffman made an official inspection of the area on October 27. Fire control problems and communications were discussed.

On the other hand, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season.

The boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season.

General Remarks

The boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season.

The boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season. The survey was conducted in the Sequoia National Park, the boundary survey was conducted in the summer of 1933 and only one light rain was noted in the entire season.

Regional Director and Mrs. Thomas J. Allen of Region One visited the area on October 31.

Maintenance

Work is nearly complete on repairs to the Pack Trail between Manning Camp and Grass Shack.

The Cactus Looproad was bladed completely in November. It is in good condition at present.

All vehicles were winterized in November.

Approaches to Park Area

The Broadway approach was bladed twice during November and at this writing is in fair condition. With the increased travel the road becomes rough a short time after grading.

The Vail approach was bladed once during the month and is in good condition.

New Construction

Painting and a few other odd jobs will complete the Madrona Bedroom Addition. During the month sheetrock was installed, plumbing completed, and butane tubing laid. Funds expended are \$1893.26 leaving a balance of \$506.74.

Interpretive Services

A total of 1414 persons in 435 parties were given interpretive service at headquarters. This amounted to 111 hours for an average of 15 minutes per party.

Ranger Benson gave an illustrated lecture on Saguaro National Monument to a group of 15 at the monthly N.F.F.E. meeting on Nov. 8 and again to a group of 100 on Nov. 15 under the auspices of the P.T.A. at the Sam Hughes School in Tucson.

Research

Dr. Douglas of the University of Arizona has undertaken further studies in ring growth-age correlation of Saguaro ribs.

Mr. E.P. Haddon, former chief photographer of the U.S. Fish and Wildlife Service and still in collaborator status, expressed interest in photographing various wildlife features of the Monument.

Received from the U.S. Bureau of Census
dated the 1st of October 1961.

Reference

There is a large number of people in the area who are
interested in the work of the Bureau.

The Bureau has received many letters from people in the area.
It is very interested in them.

All letters are answered in the Bureau.

Information in the Bureau

The Bureau has received many letters from people in the area.
It is very interested in them.

The Bureau has received many letters from people in the area.
It is very interested in them.

How to Contact the Bureau

Writing and a few other things will make the Bureau
interested in you. Write the Bureau and let them
know what you are interested in. They will be glad to
help you. Write to the Bureau at 1000 N. 1st St.,
St. Paul, Minn. 55101.

Reference in the Bureau

A list of the Bureau is in the Bureau. Write to the
Bureau at 1000 N. 1st St., St. Paul, Minn. 55101.
It is very interested in you.

Observation

An exceptional increase in wildlife observations was noted during November.

Javalinas- Nov. 1, one group of 15, one group of 10.
" 4, one near Cactus Ranger Station.
" 11, group of 8 near Peccary Hill.
" 19, several
" 21, group of 15 near Peccary Hill.

Mule Deer- Nov. 17, four-very tame, visitor obtained photo.
" 21, two

White-Tail Deer- Nov. 22, four east of Manning Camp.

Bobcat - Nov. 21, one in cactus area.

Bear - Nov. 22, tracks below Manning Camp

Increase in Travel

A total of 3108 persons visited Saguaro National Monument in November. This represents an increase of 1204 visitors as compared to last month, and an increase of 1231 visitors over the corresponding month a year ago.

Visitors

Oct. 27, Chief Forester and Mrs. John D. Coffman, Washington D.C.
" 29, Associate Director and Mrs. A.E. Demaray, " "
" 31, Regional Director and Mrs. Thomas J. Allen, Richmond Va.
Nov. 3, Dr. Douglas, University of Arizona.
Nov. 7, Mr. Howard Crosswell, Assistant General Superintendent,
Department of Parks and Recreation, Detroit Mich.
Nov. 11, Mr. Rex Gary Schmidt, Chief Photographer, U.S. Fish and
Wildlife Service, Washington, D.C.
Nov. 15, Bill Supernough and family, Organ Pipe Cactus Nat. Mon.
Nov. 19, Mrs. Maude B. Chaney, Bedford Iowa.
Dr. Louis B. Schmidt, Iowa State College, Ames, Iowa.
Nov. 20, Mr. Victor Coty, naturalist and lecturer, New York City.
Nov. 21, Mr. Jack Verkamp and family, Grand Canyon National Park.

Ranger Service

Deer hunting season passed without incident. Boundary patrols were maintained and all hunters contacted knew where the boundary was located. Cloth boundary signs were renewed along the boundary before the season began.

4. *Journal of Management*, 1995, 21, 105-127.

These findings suggest that the use of the
method is not only feasible but also
effective in the study of the
effect of the environment on the
behavior of the individual.

Accidents

Ranger Benson suffered a strained back while lifting some lumber on October 31. After a one day recuperation he was back on the job in light duty status. At this writing he has completely recovered.

Personnel

Laborer Arthur P. Garcia received a 180 day appointment extension on November 3.

Maintenanceman Barney left on annual leave on November 8 in quest of the deer and the elk.

Miscellaneous

All employees at Saguaro are commended for their 100% subscription to the Tucson Community Chest.

Samuel A. King
Superintendent

James Brown, Director of the Federal Bureau of Investigation, is the only person in the United States who has been awarded the highest honor of the Federal Government, the Distinguished Service Medal. It is a great honor to be awarded this medal, and it is a great honor to be awarded this medal by the President of the United States.

James Brown

James Brown, Director of the Federal Bureau of Investigation, is the only person in the United States who has been awarded the highest honor of the Federal Government, the Distinguished Service Medal. It is a great honor to be awarded this medal, and it is a great honor to be awarded this medal by the President of the United States.

NOV 1950

RECEIVED

NATIONAL PARK SERVICE

UNITED STATES DEPARTMENT OF THE INTERIOR

NOV 17 1950

TO THE ACTING SUPERINTENDENT
ROOSEVELT, ARIZONA

November 25 1950

Memorandum

To: General Superintendent, Northwestern Monuments.
From: Acting Superintendent, Tonto
Subject: Narrative Report, November 1950

Weather: The end of October and the first portion of November remained warm. Things cooled off around the 5th of Nov. and the stoves were put up, but after a few days of temperatures down to 40°, it warmed up again and has been very pleasant. Temperatures the last few days have gotten up into the 80's and the banana belt is at its best. A light soaking rain fell on the 14th to dampen and otherwise extremely dry fall.

Approach Roads: For the most part rough and dusty. The mile section of Route 88 on the Globe end is almost blacktopped and should be finished by the end of the month.

Travel: This month brought 966 visitors in 213 cars as compared with 1346 a year ago. This decrease may be due to construction work on highways 88 and 70.

Personnel: A son, Dale Frederick, was born to Archaeologist and Mrs. Pierson on the 2nd of Nov. AE Guide Joe Cosner was employed for one day while Pierson was on annual leave to await the arrival of the new baby. Road and trail men, Cook, Leon and Cano were terminated on the 3d.

Visitors: Ranger Al Benson of Tumacacori on the 25th of Oct., to deliver a chain hoist. Ray Pattison and wife, historian with NPS at Region II office on Oct. 27 to visit the Sharps. Johnall Harris of White Sands for a short stop on Oct. 28. Al Dixie, former temporary ranger at Rocky Mountain National Park to spend the night of the 30th. Tex Newcomer, staff photographer of the Arizona Republic and friend of Joe Cosner spent the 31st and 1st with us taking photos for a feature article on Tonto to appear in the Republic. Charlie Steen on Nov. 7 to inspect the recent excavations. Miss Bernice Reed, sister of Mrs. Sharp, for an extended visit on the 10th. Ranger and Mrs. Robert Pranger of Sequoia National Park on the 10th.

November 1919

Dear Sir,

I have the honor to acknowledge the receipt of your letter of the 11th inst.

and in reply to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very sorry that I cannot give you a more definite answer at this time, but I am sure that you will understand the necessity of this course.

I am, Sir, very sorry that I cannot give you a more definite answer at this time, but I am sure that you will understand the necessity of this course.

UNITED STATES
DEPARTMENT OF THE INTERIOR

Vehicles: Capt. Sharp left on the 24th in the old dump truck to attempt to take it to Santa Fe and pick up a new truck for this area.

Wildlife: New records for the month include: a rednecked sap-sucker, a Arizona jay and a California jay. A flight of white pelicans hovered over the monument for some twenty minutes but made no attempt to land (too dry I guess). A spotted skunk took refuge in one of our refuse cans and was gently removed with no shots fired on either side. Javelins are frequenting the canyon again.

Water Supply: Reports from the State Department of Health show our water supply to be partially contaminated. A representative of the Health Department was out on the 24th of Nov. to instruct us in clearing up the contamination and to check on possible sources of it. He left some chlorine solution to be used and it is hoped that this will clear it up.

General: Road and trail drainages were cleaned out by the 3 man road and trail crew. The bulk butane tank was reinstalled and line connected to residence 2-2. The bulk fuel oil tank was put in place and filled. Stoves were installed in the museum and residences. A new stove pipe was placed on the fireplace in residence 2-2. Anti-freeze has been put in all vehicles and motors.

Lloyd E. Iarson
Acting Superintendent.

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Tumacacori National Monument
Tumacacori, Arizona

November 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments

From: Superintendent, Tumacacori

Subject: Superintendent's Monthly Narrative Report for November, 1950

Weather: Our summer and autumn drowth continues unabated. Precipitation for the month was zero, compared with an average November rainfall of .365 for the past 12 years. Temperatures ranged ~~for~~ from a maximum of 95 on October 29 to a minimum of 31 on the night of November 11. Average temperature has been delightful, with clear sunny days and brisk nights.

Visitor Travel: Travel reached a new November high of 2,223 visitors, arriving in 710 motor vehicles. This visitor figure compares with the previous November high of 2,076 in 1949. Each of the past six months has set a new travel record for its respective period.

Interpretive Service: 937 persons went on 192 guided trips thru the mission church and grounds, receiving an average of 35.03 minutes per trip. 2,118 persons received combined Information and Interpretation Service, and 2,126 saw the museum and patio garden.

Visitors: Among those present were:
10-27 - Clyde Maxey, Seasonal Ranger, Rocky Mountain National Park. Has visited 16 park and monument areas thus far.
11-1 -- Regional Director and Mrs. Thomas J. Allen, Region One, National Park Service. Very interested visitors.
11-17 - Superintendent and Mrs. H. C. Bryant, of Grand Canyon National Park.
11-21 - General and Mrs. Thomas Green, Washington, D. C.

Inspections: 11-2 - Archaeologist Charles Steen, of the Region Three Office.

Publicity: 11-20 - Ted Rosin and Gordon M. Watkins, professional photographers of Portland and Salem, Oregon, were in taking pix for free-lande work.

Museum and Education: On the evening of November 7 the superintendent gave a slide illustrated lecture on Arizona Reptiles, at the nearby Santa Cruz Valley School. This was a 60 minute talk to an interested group of 15.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
Pinecroft National Monument
Pinecroft, Arizona

November 18, 1930

Dear Sir:

To: General Superintendent, Pinetop National Monument
From: Superintendent, Pinetop

Re: Pinetop National Monument's monthly narrative report for November, 1930

Weather - The weather was rather stormy during the month. The temperature for the month was 70, with a high of 80 and a low of 50. The wind was from the west at a velocity of 10 to 20 miles per hour. The precipitation for the month was .10 inch. The humidity was 60 to 70 percent. The visibility was 10 to 20 miles. The clouds were light to heavy. The moon was visible on the 1st, 3rd, 5th, 7th, 9th, 11th, 13th, 15th, 17th, 19th, 21st, 23rd, 25th, 27th, and 29th.

Visitors - There were 1,200 visitors to the monument during the month. The most popular time of day for visitors was 10:00 a.m. to 1:00 p.m. The most popular month for visitors was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months. The most popular time of day was 10:00 a.m. to 1:00 p.m. The most popular month was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months.

Interpretive Service - The interpretive service was held on the 1st, 3rd, 5th, 7th, 9th, 11th, 13th, 15th, 17th, 19th, 21st, 23rd, 25th, 27th, and 29th. The most popular time of day was 10:00 a.m. to 1:00 p.m. The most popular month was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months.

Incidents - There were no incidents reported during the month. The most popular time of day was 10:00 a.m. to 1:00 p.m. The most popular month was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months.

Investigation - There were no investigations conducted during the month. The most popular time of day was 10:00 a.m. to 1:00 p.m. The most popular month was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months.

Photography - There were no photographs taken during the month. The most popular time of day was 10:00 a.m. to 1:00 p.m. The most popular month was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months.

Museum and Education - There were no museum or education activities during the month. The most popular time of day was 10:00 a.m. to 1:00 p.m. The most popular month was November. The most popular activity was hiking. The most popular location was the monument's headquarters. The most popular time of year was the winter months.

During most of our very little spare time this month Ranger Henson and Sup't Jackson have been keying out technical identities for the various patio garden plant species and looking up interesting and informative text matter about them. The object in mind is to put numbered stakes with the plants in the garden, and to work up a nature trail type leaflet which garden visitors may use.

Equipment: During the month Ranger Henson went to Santa Fe and drove back a new Dodge $\frac{1}{2}$ ton pickup truck to replace the very elderly Ford pickup here. On the return trip he delivered some supplies to Tonto National Monument and brought to Tumacacori a new automatic water heater.

Maintenance: Routine maintenance was kept current. Extensive dead weed cleanup on grounds and around trash disposal pit was effected, and much more dead weed material was added to our compost pit. More Bondex painting was done on the patio garden wall. Linseed oil and pigment stain was applied to woodwork of one of the residences and part of the other, and to the two picnic tables. Some additional planting was done in the patio garden, including an attractive native Groundsel which should bloom in February or March. A hot water ^{heater} was installed in the government garage in a walled-off laundry section. A permanent shelf was installed across the length of a room in Residence No. 1. A new and larger metal grate was installed in lieu of the poorly functioning old one in front of the museum in the walkway. Under the new grate a large gravel settlement box was installed, to take care of puddling rain water (if it ever rains again, which we doubt). A window box was made for use in the south office window in winter. In this box are planted various desirable seeds to help get the patio garden off to a good start next Spring after the frosts end. Extensive irrigation was necessary during the month to keep our plantings in the garden and on the grounds vigorous.

First Aid: Late on Thanksgiving Day one Calvin Belford, an employee of the P.M. Ranch near here, came in for First Aid to a badly cut elbow. It seems he had climbed up a tree after a treed raccoon, and sustained a fall when a weak limb collapsed under him. The elbow was badly gashed, and his neighbors had put soot in the freely flowing wound "to check the bleeding." Ranger Henson cleaned out the sooty mess around the opening of the wound, bandaged it, and sent the injured man to a doctor.

General: I think we are keeping up our visitor contact work in good shape. This keeps us so busy, however, that progress on anything else is distressingly slow at this season. Will be glad to see the winter ranger arrive in December.

Earl Jackson

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

November 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tusigoot
Subject: Report 1ml, November 1950

There follows a narrative report of activities in this area.

VISITORS

1219 visitors in 413 cars. 1122 visitors in 379 parties were contacted and oriented in the Museum. 1127 visitors in 380 parties made the trip thru the ruins. 100% of the 8-12 A.M. 1-5 P.M. visitors were contacted.

N.P.S. VISITORS

Johnwill Faris of White Sands National Monument on the 29th.

Fred and Mrs. Brueck of Grand Canyon National Park on the 30th.

The Ledings of Walnut Canyon on November 1.

Assistant Director and Mrs. Conrad Wirth on November 2, during an initial tour of the Southwest following the NPS Conference at Yosemite.

Mr. and Mrs. Bob Branges of Sequoia-Kings Canyon National Park on the 20th.

Superintendent and Mrs. John Cook, Montezuma Castle, on the 24th.

REPORTWORTHY VISITORS

Dr. H. S. Colton, Director of the Museum of Northern Arizona, on the 15th.

ORGANIZED GROUPS

30 students from St. Joseph's Academy, Prescott, on the 2nd.
27 6th Graders, from Clarkdale Public School, on the 16th.

CLASSIFIED, IN CODE
WITHOUT NATIONAL ENDORSEMENT

PERSONNEL

Archeologist Richert returned from annual leave on the 1st.

SPECIAL ACTIVITIES

An assignment to photograph Montezuma Castle to aid in the construction of a scale model was commenced November 5 with the preparation of equipment. On the 6th we made 30 shots, 23 of which were interior flash light exposures. Without darkroom facilities we are greatly handicapped in processing material in such a large quantity. Development must be done at night. 30 additional shots were made on the 8th.

The Superintendent accompanied Ranger Clancy of Montezuma Castle to Santa Fe on November 1, for the purpose of taking delivery on new pick-up trucks for the respective areas.

MAINTENANCE

The Phelps Dodge Mining Corporation recently increased the height of the existing earth dam containing the tailings pond adjacent to the Monument, and in the process buried the top of our boundary fence for a distance of 16 feet permitting cattle to enter. It was necessary to fence across this distance to make it cattle-proof.

The space heater was cleaned and installed in the quarters.

A furnace expert made necessary adjustments on the Museum furnace to make it burn properly and efficiently. Filters have been ordered for the registers. When installed, these will cut down the amount of soot which heretofore permeated the Museum when the furnace blower was turned on, and will render less arduous our daily routine of cleaning exhibit cases. The furnace now tests 75% efficient.

IMPROVEMENTS

Asphalt tile linoleum was laid in the kitchen and bathroom of the quarters.

The county grader bladed the approach road on November 15.

Handrails were made for the stairway leading from the parking area to the Museum. The stair is rather wide and steep so one rail was placed on each side. 1½ inch pipe was used, and has been painted a desert tan.

A rack for hand tools was constructed in the garage.

A "built-in" storage cabinet was made by using the lower part of an exhibit case. It will be used for storing SSM sales publications, which organization donated funds for the materials.

UNITED STATES DEPARTMENT OF THE INTERIOR

A new lavatory was purchased and installed in the bathroom of the quarters.

Considerable time was spent on the manufacture of signs. Routed in a rustic design with dark shingle stain background and lettered in glossy white, they will lend a neat and uniform appearance to the area when completed. Those completed and positioned include: a Museum entrance sign, "Superintendents Residence", rest room signs, one trail sign at the ruins, and a "cat and dog" sign.

A survey on Museum Planning was started by Archeologist Richert on one of his days officially off duty. A study was made of the Museum of Northern Arizona and Walnut Canyon Museum. Museum Exhibit Plan material was collected at both these museums and research is underway for the proposed Tuzigoot Museum reorganization.

GENERAL

Like old times to have a memorandum from the Regional Office signed by Hugh Miller. Further nostalgia was imminent the 26th and 27th when Superintendent and Mrs. Everett Bright returned to Tuzigoot for a get-together we should have had at the time of our transfers.

Flagstaff, Arizona

November 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Narrative Report, November, 1950

Weather Visitors this month 1226; travel year to date 3163.

Weather Ideal travel weather has prevailed throughout most of the month. A storm on November 14 brought the first snow even on the San Francisco Peaks. The minimum temperature was 18° above zero.

Administration Much of our time has been required for visitor contact because of unusually heavy travel for this season. Any time that could be spared has been spent in repainting the exterior woodwork at the quarters.

Langer Leding took 24 hours of annual leave and Superintendent Hastings the same amount.

Use of Monument by the Public There were 1226 visitors in 457 cars. This is a visitor increase of 7.2 per cent over the same period last year. Visitors contacted totaled 927 in 342 parties with a total of 35 hours and 55 minutes spent on contact. There were 1134 visitors in the museum in 425 parties. Twenty-six picnic parties including 97 visitors were counted.

Interpretation Nineteen plant specimens identified by the National Herbarium were returned.

Maintenance and Improvements New "Men" and "Women" signs were made for the restrooms.

Two coats of "dri-Fall" waterproofing were applied to the restroom walls beneath the roof drains. Repairs were made to the plumbing in the ladies' restroom.

Two truck loads of waste lumber were hauled from Flagstaff for the picnic ground grills.

The project to install new oil burning furnaces is progressing. Two 500 gallon tanks were purchased and have been buried. This required the use of a jack-hammer since most of the excavation was in solid rock. Excess dirt and rocks have been hauled away and lines have

been run from the tanks into the quarters. Early delivery is expected on one furnace but there will be some delay in getting the other. Invitations to quote prices on diesel fuel have been submitted to all Flagstaff vendors.

Repainting the exterior woodwork at Residence No. 1 is almost complete and is well started at Residence No. 2. More time was required to remove the old paint and prepare the surface for repainting than in applying the new paint.

Tar was applied to all joints in the roof drains at the quarters and some patching was done on the roof over the museum.

Protection Frequent patrols for hunters were made throughout deer season. Neither hunters nor deer were numerous and no trespass was noted. One neglected fire was discovered and extinguished.

All water base fire extinguishers exposed to freezing were emptied and dried. Our one carbondioxide extinguisher was given a hydrostatic test and recharged.

Supplies and Equipment Seventeen rolls of Kimsul Insulation were released to Navajo National Monument and a vise was transferred to that area.

Roads and Trails The project to re-cinder our entrance road was terminated October 31 when our small allotment of funds was exhausted. Joe Bean brought the motor patrol from Tuptaki to spread the cinders and get the road in shape for winter.

One-half barrel of bitumuls was used in patching the walk to the museum.

November 22, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, White Sands
Subject: Superintendent's Monthly Narrative, Report No. 141

NOVEMBER TRAVEL, 1950

DATE MADE TO DATE

Visitors, 9,153, Cars, 2,597

Visitors, 19,447 Cars, 5,050

WEATHER CONDITIONS

Conditions favorable for travel have prevailed throughout the month, which likely accounts, in part, for another "best yet November". The days have been warm, with few exceptions.

Heavy winds were general on the 18th, drifting our sands road a bit. High temperature for the month was 86° on October 29, and the lowest temperature recorded so far was 30° on November 7.

SPECIAL ACTIVITIES

An official trip was made to Santa Fe during the month, returning to White Sands the same day. Several matters were discussed with Regional Officials and I wish it were possible to visit them more often.

INSPECTIONS

No inspections, other than routine area inspections, were made this month. One trip was made to Long Canyon and the water flow was lower than I have seen it for years. Too, the road to the Canyon, if it can be called a road, is virtually impassible.

January 1, 1900

General Superintendent, Yellowstone National Park

Dear Sir:

I have the honor to acknowledge the receipt of your letter of the 28th inst.

and in reply to inform you that the same has been forwarded to the proper authorities.

I am, Sir, very respectfully,
Your obedient servant,

John D. Smith

Special Agent in Charge, National Park Service
Washington, D. C.

Very truly yours,
John D. Smith

John D. Smith

Enclosed for the National Park Service are two copies of the report of the
Commissioner of the General Land Office, dated January 1, 1900.

Very truly yours,
John D. Smith

STATUS OF PRIVATE LANDS

The Army Real Estate Division wrote us a letter, dated November 13, 1950, requesting us to hasten the revision of our grazing leases. They were informed that this has been done, with the approval of our Regional Office, several weeks ago.

GENERAL PUBLICITY

Twice this month we have rated "Let's take a Trip", a feature carrying local points of interest to visit on week-ends or short trips. One was in the local Air Base publication.

COMPLAINTS

We have not received any complaints of any nature in this office. Once in a while a visitor will complain a little on being caught in one of the Army road blocks. But they realize that this inconvenience is one thing we cannot control and are never too bitter about it.

MAINTENANCE

Much of our time has been spent in our attempt to preserve the remaining plaster on many of our buildings. In nearly every case we have found that our cardinal fault lies in the parapet wall cracks and water getting into our walls from this source.

We have capped nearly all of our worst breaks in our more important structures and we hope to tear off some plaster in our utility area and try just a mud wall.

Our underground water tank sprung a leak and it has probably served its last days since it has been in constant service since 1936. Attempts shall be made to make temporary repairs in hopes of getting our water system early in the next fiscal year.

Roads are in fair shape. Joe has taken off several days not planned in our schedule and additional work will be necessary to get our roads back to our desired state.

PUBLIC SERVICES

The White Sands Service Company reports a month very close to last year's. Our increase in visitation does not reflect in the Concession's sales.

The following information was obtained from a review of the files of the Federal Bureau of Investigation, Department of Justice, dated January 10, 1964, regarding the activities of the Communist Party, U.S.A., in the United States.

IDENTIFICATION

This document contains information regarding the activities of the Communist Party, U.S.A., in the United States, as obtained from the files of the Federal Bureau of Investigation, Department of Justice, dated January 10, 1964.

DESCRIPTION

The following information was obtained from a review of the files of the Federal Bureau of Investigation, Department of Justice, dated January 10, 1964, regarding the activities of the Communist Party, U.S.A., in the United States.

COORDINATING WINTER ATTRACTIONS

A nice load of tin was obtained from Sam Verde and we are very appreciative of this sheet iron. We hope to get more of it a little later.

Some surplus pipe we had hoped to get from the army was bid on at an enormous price so our pipe is lost. We are hoping to get some of this, too, from West Force. From what I hear on this tin deal, Bob Rose and Perry Brown can go to nearly any area in the southwest and feel right at home with all the Sam Verde tin scattered about. Anyway, we thank them for our share.

INTERPRETIVE SERVICE

Perhaps it is imagination, but it seems visitors off season desire more attention or appear more interested than our heavy season visitors. Maybe, too, we are just able to notice the desire more with less visitors. Anyway, the winter months show an additional desire for information.

INCREASE IN VISITORS TO TRAILS

Ten thousand three hundred ninety-seven cars, with nine thousand one hundred fifty-three people for November, surpass any similar month in the past, although our gain is not so spectacular as some have been. The same is true of our Travel Tour to Date.

VISITORS

National Park Service

Lon Perkins, former Santa Park Ranger
Mr. & Mrs. Glen Dean, Great Sand Dunes Nat'l Mon.
Mr. & Mrs. Cal Miller, Platt National Park
Mr. Richard G. Frazil, Carlisle Nat'l Park
Ida Lantz & companions, Region Three Office
Mr. Lyle Bennett, Region Three Office
Mr. Dick Sutton, Washington Office
Mr. Jerry Miller, Region Three Office
Mr. & Mrs. E. H. Wilson, Big Bend Nat'l Park
John & Marjorie Stevens, Rosa Verde Nat'l Park
Mr. Harry Linder, Platt National Park

Other

Rick Raphael, Denver Post
Loretta Helzlsouer Student group, El Paso, Texas
Mrs. Christopher, wife of Missouri Congressman, 5th Dist.

ACCT 1013

One call was answered seven miles southwest of our area. A California car blew out a tire. Of the two occupants in the car, one suffered a broken shoulder blade, requiring ambulance service.

[illegible]

Hunting season vacations, etc. have kept, and will continue to keep, us short-handed the balance of the year. A list of things to be done has been estimated to keep us all busy for about three years, so I guess we will not lack for something to do.

Winter should be ushered in, too, next month, so perhaps some repairs we always put off will get some attention.

Johnnie Paris,
Superintendent.

Incidentally, but much this matter just possible. Mr. Tolson
has been the old postcard to the FBI office at Dallas, Texas and
regarded it with one of more disinterested states. With a great
interest in this case and also in the FBI office and will send a copy of the
the old FBI office.

Shipped 10/24/44. Numerous wells are becoming progressively water-logged in lack of maintenance. Drifts and slugs are causing the road and traveling on it. Slatted wheels should be used and road cleared. Well slatted wheels, 12 days, considerable clearing will be necessary. Further research from the engineer, "Roads are in considerable condition."

Information Services, 21000 Highway 101, Suite 100, San Diego, CA 92128. For more information, call (619) 594-1111. Fax (619) 594-1112. E-mail: info@sanjour.com. Web: www.sanjour.com.

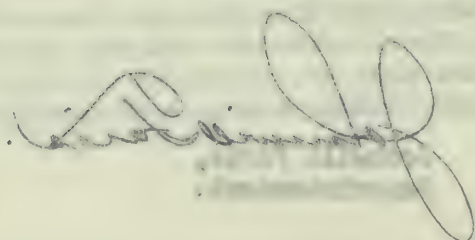

There was no interviewing because available at United States. Eventually we will have to find the fact that the program was just what's more that I would not of the program. In that it of that. My Uncle not money in the situation.

People. Some slight increase for this month, still the installations of the ScotchOenOval still more people are now coming back at the Oval. Your results with a good "water" or water are probably the reason.

THE UNITED STATES OF AMERICA
DO hereby certify that the within and foregoing is a true and correct copy of the original as the same appears in the records of the Department of the Interior.

WITNESSED my hand and the seal of the Department of the Interior at Washington, D.C., this 1st day of January, 1900.

JOHN R. HARRIS, Secretary of the Interior.

JOHN R. HARRIS

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Wupatki National Monument
Flagstaff, Arizona

Nov. 30, 1950

To: General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report for Nov. 1950 - Wupatki & Sunset Crater

Weather. Dry!! A trace of rain was recorded at Wupatki on Nov. 14. At the same time Sunset Crater received a trace of snow. Roads, grazing and etc. are suffering accordingly.

Inspections. Asst. Director Conrad L. Wirth visited the area on Nov. 3.

Mr. Kenny Saunders was in the area on Nov. 15. The completed roofing and heating projects on the superintendent's residence were inspected and maintenance problems discussed.

Maintenance. Not much this month (see personnel). Mr. Viklund removed the old peaked roof on the CCC office at Heiser Spring and replaced it with one of more conventional slope. With a coat of paint it will now look more km keeping and will make a very good shed for the light plants.

Monument Roads. Monument roads are becoming progressively worse due to lack of moisture. Traffic and wind are removing the road bed and leaving us with assorted cobble stones and wash board. With winter moisture, if any, considerable grading will be necessary. Visitor comment from the register, "Roads are in unpardonable condition."

Interpretive Service. At Wupatki ruin 213 visitors in 81 parties were contacted for an average of 25 minutes. Approximately 215 visitors used the Malakihu-Citadel Trail.

There was no interpretive service available at Sunset Crater. Eventually we will have to face the fact that the Crater road just won't snow shut 6 months out of the year. In fact as of Nov. 30 dust, not snow, is the problem.

Travel. Some slight increase for this month. With the installation of the Malakihu-Citadel Trail more people are now turning back at the Citadel. Poor roads and a good "taste" of ruins are probably the reasons.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME Robert H. Galt
TITLE Superintendent

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS. A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. NAME

Ray B. Rinpenbach

TITLE **Superintendent.**

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME _____
TITLE _____

THE PURPOSE OF THIS FORM IS TO SECURE AN ACCURATE RECORD OF INTERPRETIVE

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
"ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
"OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
"CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

REMARKS:

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITOR USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as:
Museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

REMARKS:

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE.
Please read them carefully.NAME R. H. Williams
TITLE Ranger-in-charge

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NATIONAL PARK SERVICE

~~ARCHES NATIONAL MONUMENT~~
~~MOAB, UTAH~~

December 26 1950

Memorandum

To: General Superintendent

From: Superintendent, Arches

Subject: Monthly Narrative Report for the Month of December, 1950

Weather: Heavy overcast skies during most of the Month have not produced any precipitation the minimum temperatures have gone as low as 15 degrees.

Travel: Travel continues to drop with only 325 visitors in 67 cars entering the area and this shows a decrease of 8.1% less than last Month and an increase of 7.8% from the same period last year.

Interpretive Services: Total contact time amounted to 6 Hours in which 27 visitors were given information about the area. This service is still being held to a minimum due to the prohibitive cost of equipment operation.

ROADS: Due to the continued dry weather and repairs on equipment the monument roads have not been worked this Month; however a great deal was accomplished with the Grand County bulldozer i.e., stock piling shale and roughing out the extension of the Delicate Arch road. The County not only loaned us the bulldozer but also an operator.

TRAILS: In scouting the trail via winter Camp Canyon to the Delicate Arch we found a very spectacular route and one that will shorten the distance by three quarters of a mile.

WATER SYSTEM: The new Pacific jet pump was received on December 13 and preparations for its installation have been made, i.e., old pump, sucker rod and column pipe pulled, concrete foundation poured, electric line for float switch run from pump house to reservoir, and the necessary pipe ordered. In spite of all these jobs completed the pump has not been installed. Our first snag was that the jet part of the pump would not fit in the 6 inch casing; however this was quickly remedied by a telephone call to The Utility Engineers, Salt Lake City, who supplied the pump and have made the correction in the size of the jet. The second snag was not being able to obtain $1\frac{1}{2}$ inch Galvanized pipe, but thanks to the Utility Engineers this problem has been solved. Delivery on this pipe will be made after January 1, and we hope that the New Year will bring us a plentiful supply of liquid Gold.

EQUIPMENT: The B-12 Grader and Front End Loader have been idle

Re: Grand Canyon National Park
The Grand Canyon National Park is a great natural wonder and a great source of inspiration to the people of the United States. It is a place of great beauty and interest, and it is one of the great natural wonders of the world. It is a place of great interest and beauty, and it is one of the great natural wonders of the world.

Travel conditions in the Grand Canyon National Park are very good. The roads are well maintained and the scenery is very beautiful. The weather is very pleasant and the climate is very healthy. The food is very good and the service is very excellent. The Grand Canyon National Park is a great place to visit and it is one of the great natural wonders of the world.

Information regarding the Grand Canyon National Park can be obtained from the National Park Service. The National Park Service is a department of the United States Department of the Interior. It is responsible for the management and protection of the national parks and monuments of the United States. It is a great source of information and it is one of the great natural wonders of the world.

The Grand Canyon National Park is a great natural wonder and a great source of inspiration to the people of the United States. AZTEC RUINS NATIONAL MONUMENT
AZTEC, NEW MEXICO

26 December 1950

Memorandum

To: General Superintendent
From: Superintendent Aztec Ruins
Subject: Superintendent's Monthly Narrative Report 1ml

WEATHER: Generally warmer than November and no snow for Christmas. We did, however, have two light snow flurries in the early part of the month for a total of 0.9 inch.

NEW CONSTRUCTION: As time has allowed, the Monument personnel have continued to haul dirt and fertilizer in the landscaping program at residence No. 3, have transplanted numerous native shrubs and now have the landscaping about 3/4 complete.

MAINTENANCE: Because of the extremely dry condition of roadside growth we have burnt off a strip along the south boundary of the monument, so to lessen the fire danger from man caused sources. This boundary parallels the county road.

INTERPRETIVE SERVICES: We have taken 322 visitors in 59 parties thru the ruins and 616 visitors visited the museum in 132 parties.

INCREASE IN TRAVEL: Approximately 49% more people visited Aztec this month than in December last year. Our count was 616 visitors in 177 cars from 30 states, Wash D.C., Alaska, Canada, France and Peru.

C.

VISITORS: Engr. and Mrs./Rawhauser, Bureau of Reclamation, Denver, Colorado, visited Dec 16. Mr. Harold Thatcher, Soil Conservation Service visited from Farmington, N.M. Dec 1. Mr. Leonard Anderson and family, USGS, Denver were in Nov 24.

Park Service visitors included John Kell, Merritt Barton from Region Three and A. van V. Dunn from the Washington Office, all on Dec 3.

NATIONAL PARK SERVICE
BANDELIER NATIONAL MONUMENT
SANTA FE, NEW MEXICO

December 31, 1950

To: General Superintendent
From: Superintendent, Bandelier
Subject: Monthly Narrative Report for December, 1950

Weather

The weather during December has been very dry and was approaching serious drouth conditions by the end of the month. A light snow that contained .11 inches of moisture occurred on the 5th and was the only precipitation during the month.

Temperatures were generally uniform and averaged about 12 degrees at night and 58 during the day. The low was 4 degrees on the 6th and the high 63 on the 9th.

Special Activities

The Superintendent made two trips to Santa Fe to discuss rates for the 1951 season with the concessioner.

It was necessary for the Clerk and Superintendent to assist with conducting tours of the ruins during much of the month due to increased travel and taking annual leave by the rangers.

Inspections

Architect Saunders made an inspection of the re-roofing of three buildings by the Goodrich Roofing Company, Albuquerque, New Mexico on November 30.

Maintenance

A roof jack was installed at residence 2 to provide an out-let for the oil heater. Heretofore the stove pipe had been run out through a window in a very unsatisfactory manner. Roof jacks

were purchased for installation at the comfort stations also.

The Goodrich Roofing Company completed the installation of new roofs on residences 3 and 4, and the dormitory. A new roof was also placed on the shop building that was in addition to the contract for the other buildings.

The entire force spent several days on general cleanup of the warehouse, shops, equipment shed, and office basement. A lot of junk that has accumulated for many years was cleaned out and the buildings put in more workmanlike order.

Construction was started on an additional new ladder on the trail to Ceremonial Cave.

Approach Road

The very dry conditions have not made it practical to grade the approach road and with the exception of two or three days following the snow it has remained very dusty.

Concessions

The recommended rates for the 1951 season were finally received from the concessioner and forwarded for approval. Food prices are, as usual, unpredictable but indications are that they will be higher next year and some increases in the rates were justified.

Interpretive Service

There were 331 visitors conducted on 52 tours of the ruins during the month.

A new sign with the wording "This ruin and the caves in this vicinity are reserved for future scientific study. Please do not remove pottery sherds or artifacts or disturb in any way" was installed at Tsankawi ruin and others are in the process of being carved for Otowi and Rainbow House.

Travel

Travel continued its upward swing and there were ⁶⁶²~~659~~ visitors as compared with 411 for this month last year which is an increase of 60%.

NOT

Fire Protection

The very dry conditions during the past three or four months have kept the forest fire danger higher than usual. No fires have occurred in the Monument recently but the Santa Fe National Forest is experiencing a very bad year with over 150 fires as compared with an average of 65 or 70. We are cautioning Monument visitors to be very careful with matches, cigarettes, etc.

Miscellaneous

A round-robin Christmas party was held for all employees on the 17th. It started at the Quesenberry's house and went from there to Keefe's, to Turney's, to Wendland's, and ended up at Binnewies'. A good time was had by all.

The Bandelier staff wishes everyone a
HAPPY NEW YEAR

Fred W. Binnewies
Superintendent

**Canyon de Chelly National Monument
Chino, Arizona**

December 26, 1950

Memorandum

To: General Superintendent
From: Superintendent, Canyon de Chelly
Subject: Monthly Narrative Report for December, 1950

Travel:

91 people in 35 cars. This figure, however, represents an increase of about 9% over December of last year. Total contact time 16 hours, 20 minutes.

Weather:

No precipitation of any nature. A low temperature of 9 degrees was reached on the night of the 21st. Day readings stay in the forties.

Roads:

Approach roads are rough. County graders are unable to maintain them due to extreme dryness. Monument roads are in fair condition. We, likewise, are unable to blade them because of lack of moisture.

Soil & Moisture:

Local Indian Service S & MC officials have been very cooperative during the 1950 calendar year. As of December 31 the construction of 500 jetties in the canyons will have been completed. 200 at twin trails in del Muerte canyon and 300 a short distance above White House ruins in de Chelly canyon. According to their estimate of \$10.00 per jetty this amounts to an expenditure of approx. \$5000.00 the Indian Service has contributed to work done on Park Service land.

N.P.S. Visitor:

Sup't. Hastings and family on December 25, 24.

General: Ranger Morris is spending the holidays with relatives in Colorado.

Journal: Eugene Lewis is working the field with relative success in California.

Canyon de Chelly National Monument

December 26, 1950

Con't. from page 1.

Maintenance:

The kitchen in the Sup'ts quarters and the office in the administration building have been completely redecorated.

PCP Projects:

The materials this Service is to furnish on our joint cooperative action on the S & MC Program, Canyon de Chelly Watershed, is being held pending the opening of bids for approx. \$1000 worth of black wire.

Action on the replastering of the exterior and interior of the administration and quarters building is also being held until the arrival of Kenneth Saunders on January 16.

Building of the campground tables and fireplaces is progressing as rapidly as possible. We are working in below freezing temperatures most of the time and every precaution must be taken to prevent freshly poured concrete from freezing. Table tops and fireplaces are about one half completed. However, the table ends and seats are completed and ready to set up.

Everett W. Bright

Conf. - Page 1.

Reference:

The Minutes of the 1954-55 session and the letter to the
Administration Building have been completely rechecked.

For Review:

The materials this morning is in English on our joint committee
action on the 2nd Review, Chapter in Daily National News, is being held
pending the meeting of this committee. (200) words of this kind.

Added on the registration of the committee and history of the
administration and general building in this building will be arrived
at least in January 15.

Building of the management and the management in general
as well as possible. We are working in order to make the
most of the time and every possible word is being to present itself
promptly to the management. This is the case and the management are aware
and ready to act on. (200) words of this kind are available.

Report to the

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

CAPULIN MOUNTAIN NATIONAL MONUMENT

Capulin, New Mexico

December 25, 1950

Memorandum

To: The General Superintendent
Southwestern National Monuments
National Park Service
Santa Fe, New Mexico

From: Superintendent Homer J. Farr

Subject: Monthly narrative report, December 25, 1950.

Visitors: There have been about 600 visitors to Capulin Mountain National Monument during the month of December, 1950, making a total of three thousand nine hundred for the travel year and twenty three thousand one hundred for the fiscal year to date.

Weather: Weather has been fair and comparatively warm throughout the month, with no precipitation.

Flora and Fauna: Vegetation in the area is suffering from lack of moisture. Quite a number of deer have been noted in the area recently and they seem to be in fine condition. The porcupines are still busy at stripping the bark from some of the fir and spruce trees.

Roads and Trails: Roads and trails are in splendid condition. The road up on the mountain has recently been dressed with the grader.

Special Visitor: To my knowledge there have been no special visitors to the Monument during the month.

Publicity: I noted a half page story in the Denver Post during the early part of the month, a copy of which I sent to the Regional Office. It included a couple of very good pictures, showing the crater on a large scale, and the surrounding landscape. I noted that some of the statements in the story were not entirely correct, but think it was of insufficient importance to warrant a correction.

Information Pamphlets: About one hundred pamphlets have been distributed this month. Now have about 17,200 on hand.

Very respectfully,

Homer J. Farr
Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

December 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Casa Grande National Monument
Subject: Monthly Narrative Report for December, 1950.

General: Most of the cotton is picked in the valley; there has been an average crop yield of 771 pounds to the acre. The yield is supposed to be a record average-acre yield for any where in the world. The plans for next years crop are for even greater production, if there is no serious water shortage because of the present drouth.

Currently Arizona is experiencing a serious drouth. The Arizona Republic gives the dire warning:

Arizona faces the worst drouth crisis in recent history... And the U. S. Weather Bureau Tuesday foresaw no change for another 30 days... Water producing storms seldom occur after mid-January, records show... Salt River Project storage already is down to 210,822 acre-feet and dropping daily. San Carlos Reservoir on the Gila has been below the release outlet since August. Capacity of Central Arizona resevoirs is nearly 3,500,000 acre-feet. Annual water consumption is more than 2,000,000... To meet minimum needs, a heavy draw-down on already rapidly dropping ground water tables will be necessary... It would take nearly three inches of rain just to soak up the ground so we could get some runoff... In many areas,,. many springs have gone dry.

The staff here wonders how our well will hold out if there is no change in the drouth situation; the well is drawing water at near its maximum depth, 190 feet. We have had for a long time a rigid program for the conservation of water; however, it appears as though our best efforts, though laudable, are not sufficient to prevent the well from eventually going dry.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
CASA GRANDE NATIONAL MONUMENT
COOLIDGE, ARIZONA

December 24, 1925

Memorandum

To: General Superintendent, Coolidge National Monument
From: Superintendent, Casa Grande National Monument
Subject: Excavating Project for December, 1925

Enclosed herewith is a report of the work done at the Casa Grande National Monument during the month of December, 1925. The report is divided into two parts, the first part dealing with the work done at the Casa Grande National Monument and the second part dealing with the work done at the Casa Grande National Monument.

Enclosed herewith is also a report of the work done at the Casa Grande National Monument during the month of December, 1925. The report is divided into two parts, the first part dealing with the work done at the Casa Grande National Monument and the second part dealing with the work done at the Casa Grande National Monument.

Enclosed herewith is also a report of the work done at the Casa Grande National Monument during the month of December, 1925. The report is divided into two parts, the first part dealing with the work done at the Casa Grande National Monument and the second part dealing with the work done at the Casa Grande National Monument.

Enclosed herewith is also a report of the work done at the Casa Grande National Monument during the month of December, 1925. The report is divided into two parts, the first part dealing with the work done at the Casa Grande National Monument and the second part dealing with the work done at the Casa Grande National Monument.

On December 8th and 10th, we had Paul Coze and companions taking the various photographs and making the water-color painting for an article in the Arizona Highways. The companions were a group of models from a modeling school in Phoenix; the young women posed for a series of fashion pictures. In Mr. Coze's original letter he had inquired about a model who would pose with bare breasts; we didn't know of a person who would pose partly nude, and since he did the painting on a Sunday, we were too busy to find out if she did.

Weather: The current drouth conditions are, of course, weather. A look at the record shows that our highest daily maximum was 89°F and the lowest daily minimum was 31°F. Temperatures to date are according to the U. S. Weather Bureau running "1,087 degrees in excess of normal."

If it weren't for the pending water shortage one could really enjoy the present mild weather, especially after contacting visitors who have come to the Southwest either to avoid the bad weather or because of the bad weather.

Visitors: Our travel figures show a slight gain over the same month last year and for the travel year. As expected towards the end of the month we had our pre-Christmas slump in travel; apparently we aren't serious competition to the white-bearded old gentleman. However, more servicemen have been taking advantage of their "tax" admission.

| | <u>1950</u> | <u>1949</u> |
|----------------------------|-------------|-------------|
| Visitors during December | 3,400 | 2,949 |
| Increase | 451 | |
| Visitors for travel year | 8,636 | 8,317 |
| Increase | 319 | |
| Servicemen during December | 14 | |

Interpretive Service: A total of 2068 people made the trip to the "ruins" in 198 groups, averaging 51.2 minutes per trip. There were 1332 visitors who made only a short stop and did not go to the "ruins"; we estimate that 60% of this group did take advantage of the museum.

Visitors of Note and Special Groups:

November 26 -- Mr. Leonard Tarran, personal friend of Mrs. Horace Albright, dropped in for a pleasant visit and a trip to the "ruins".

[illegible]

1. The amount of the contribution was \$100.00.

It is worth noting that the author of the book, who is a well-known expert on the subject, has written a number of other books on the same subject. The book is written in a clear and concise style, and is easy to read. It is a good reference work for anyone interested in the subject.

and when asked to label a photograph of a person, the person would be asked to label the photograph as "a person" or "not a person". The results showed that the person was able to label the photograph as "a person" with a high degree of accuracy.

What kind of food did you eat?

10-11-1944

- November 29 -- 24 Brownies and their leaders from Coolidge for a picnic.
- November 30 -- Ranger and Mrs. John H. Riffey, from Grand Canyon National Monument, taking a busman's holiday took a trip to the "ruins."
- December 20 -- 25 members of the Seventh Day Adventist Church from Coolidge for a picnic.
- December 3 -- Cub Pack 49 from Phoenix, with their families, for a trip to the "ruins" and a wiener roast. There were 35 Cubs and 16 adults in the party.
- December 10 -- General Superintendent John Davis, Highway Maintenance Engineer George D. Smith, and Regional Landscape Architect Jerome C. Miller made an official visit to the area. Both Mr. Smith and Mr. Miller made a tour through the "ruins".
- Vacationing Assistant Superintendent and Mrs. Lemuel A. Garrison, from Grand Canyon National Park. Mr. and Mrs. Garrison renewed contacts with the Claney's while the youngsters took the trip to the "ruins."
- Also on vacation from Grand Canyon were Assistant Chief Ranger and Mrs. Merry Thead. Armed with their cameras, the Theads joined a party going to the "ruins."
- December 15 -- Mrs. J. S. Coulter and daughter from Ramona, California. Mrs. Coulter was an employee of the Southwestern Museum in Los Angeles when the Grewe Site material was being cataloged and written up.
- December 14 -- 201 4th grade pupils from the schools in Coolidge, with their instructors, for their annual visit to the "ruins."
- December 16 -- Mr. and Mrs. C. D. Wyatt and family from Kilgore, Texas, made a brief visit. Mr. Wyatt was formerly a ranger here at Casa Grande, and Custodian at Canyon de Chelly; he is now employed by the Texas Oil Company as an engineer.

Administration and Protection: Five requests for information were answered, and the literature requested was mailed. The Adamsville site was checked for new evidence of "pot holing", but no new digging was noticed.

December 12 - 1944
The Committee has no objection to the Government's
request for the release of the above named
prisoners in the United States and abroad.

100-443887-100

1. The following is a list of the names of the persons who have been appointed to the various committees of the Board of Directors of the American Telephone and Telegraph Company, for the year ending December 31, 1914:

These findings are similar to those reported by other researchers. For example, a study by Smith et al. (1998) found that the use of a decision support system (DSS) in a medical diagnosis task led to improved performance and reduced errors. Similarly, a study by Jones et al. (2001) found that the use of a DSS in a financial analysis task led to improved performance and reduced errors. These findings suggest that the use of a DSS can be beneficial in a variety of tasks, including medical diagnosis and financial analysis.

The Superintendent made the long drive to Phoenix to make the arrangements about the fuel oil contract. The local company handling the deal is now at working with the government, and we hope by the time that they make the second oil delivery they will have a better idea of how things should be handled.

Research: At the request of Dale King, the Superintendent collected several specimens of Tamarix and took them over to Dr. Peebles at Sacaton to be identified. The Southwestern National Monuments wanted a specimen of Gallia, Tamarix; Dr. Peebles identified the proper specimen and it was mailed to Santa Fe.

News: We suppose that most folks have read of the closing of Gila Pueblo in Globe, Arizona, and the transferring of it and its collection to the University of Arizona. The collection financed by Mr. and Mrs. Harold Gladwin has been valued at \$1,000,000; it is estimated to contain 50,000 artifacts. The artifacts cover a period in the Southwestern archeology from 15,000 B.C. to the white conquest. We, of course, approve of the transfer, but, like so many others, we wish that we had a representation of the various periods' artifacts, which are related to the Gila River drainage, for our museum.

A. T. Ricknell
Superintendent

December 29 -- 12 families and their families from Berlin to a
place.

December 30 -- 12 families and their families from Berlin to a
place, and a family from Berlin to a place.

December 31 -- 12 families and their families from Berlin to a
place.

Chaco Canyon National Monument
Bloomfield, New Mexico

December 24, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Chaco Canyon National Monument
Subject: Monthly Narrative Report for December 1950

Weather conditions

The weather has continued to be fairly mild with the maximum temperature of 65° occurring on the 1st, with the minimum of 5° above coming on the 6th. The lowest maximum was 39° on the 6th and the highest minimum was 35° on the 4th. On the second of the month there was a light snow flurry at 10 a.m. but it lasted only about 15 minutes. For the few minutes that it was here it looked as if it were going to turn into a real snow and last all day, but 15 minutes later it was bright sunshine and in a few hours all traces of it were gone. This was our first snowfall of the season, although it only recorded a trace.

Special activities

Work has continued intermittently on the new well due to a shortage of Navajo labor due to numerous "sings." The forms from the ceiling of the pump house were removed and the pump house thoroughly cleaned. A cover was put on the well itself, and both the openings in the roof were covered with removable covers. The water is continuing to be muddy and very alkaline. On account of this the University pump was placed in the University well house, but connecting will have to be left until after the Christmas holidays. This will be used as a standby, and for the time being will be used to help get the main water tank filled again. (We have run out of water several times lately). There is not enough water in the new well to fill the tank more than a foot (about 800 gallons) at a pumping, which is about daily consumption. Once the tank is filled to capacity, it is believed that the new well pump can keep it filled by pumping twice daily as we are now doing. With two pumpings a day, the tank is filled about 6 inches at a pumping, which helps keep the water clear as below this level there is an opening in the well casing which lets in sand and mud. The sealing of this opening is on our "must" list. A temporary shed was built for the light plant received from Blanding.

Administration

Superintendent Guillet is continuing on his 30 days "take-it-or-leave-it leave". Acting Superintendent Elmore made a special trip to Santa Fe Regional Office to pick up a 10 KW generator for the Chaco light plant. This was surplus from Bandelier National Monument. He also took back a specimen storage case destined for Aztec Ruins National Monument. With the new (to Chaco) light plant, it is believed that there will be no more light plant trouble (keep your fingers crossed!). The two 3 KW plants that Chaco now has are not putting out the maximum KW's and have been constantly undergoing repairs. These will be used as stand-by plants when the 10 KW plant is placed in operation. We are now awaiting copper wire from Carlsbad Caverns to complete the installation. The Acting Superintendent also made two trips to Aztec and Farmington in connection with the well and the light plant. On one of these trips the specimen storage cases were delivered to Aztec Ruins National Monument.

Visitors

Visitor travel is still dropping off, with only 26 persons, including 4 children, taking the guided trips through the ruins. This is five more than took the trip a year ago this same time. These people came in 9 cars. There was an actual "runaround" count of 19 people in 9 cars, but there were probably twice as many not counted for one reason or another.

Interpretive services

26 persons were taken through the ruins on 9 conducted trips. 33 persons were given orientation talks in the museum and 6 persons took advantage of our picnic facilities. An average of 60 minutes was spent on each of the guided trips, while an average of 10 minutes was spent on each museum orientation talk.

Francis H. Elmore
Acting Superintendent

Mobile Unit
Chaco Canyon National Monument
Bloomfield, New Mexico

December 26, 1950

Memorandum

For: The Naturalist
From: Archeologist Vivian
Subject: Mobile Unit Report, December 1950

This is the report of Mobile Unit activities in Chaco Canyon National Monument for December 1950.

GENERAL:

Working conditions remained excellent throughout most of the report period and with the exception of a few half days we were able to proceed with the comprehensive stabilization of Site Bc-59. With the end of the squaw dance season loss of time from absenteeism was less than usual; the labor force averaged 7-1/2 men.

STABILIZATION, Bc-59:

December saw the comprehensive stabilization of this small site, begun last month, brought to 90% completion. The work included wall repair, support for foundations, backfilling of low areas and capping and the total area covered includes 5 kivas and 21 rooms or enclosed areas.

The program at Bc-59 also included extensive related stabilization, providing diversion for surface runoff from the adjacent

Office of the
 Chief of Staff
 Department of Defense
 Washington, D.C.

October 10, 1950

MEMORANDUM

TO: The Secretary

FROM: The Assistant Secretary

SUBJECT: The Secretary's Report, December 1950

This is the report of the Secretary's activities for the

year ending December 31, 1950.

Summary:

The Secretary's activities for the year ending December 31, 1950

of the report period and also the activities of the staff of the

Secretary's office for the same period are summarized in the

report. The report is divided into two main parts: the first part

describes the Secretary's activities for the year ending December 31, 1950

Summary of the Secretary's activities for the year ending December 31, 1950

The Secretary's activities for the year ending December 31, 1950

are described in the report. The report is divided into two main parts: the first part

describes the Secretary's activities for the year ending December 31, 1950

and the second part describes the activities of the staff of the Secretary's office

for the same period.

The report is divided into two main parts: the first part

describes the Secretary's activities for the year ending December 31, 1950

talus slope to the south and east. Due to the location, at the foot of the talus, it was required to move or otherwise disturb a good portion of the refuse mound in providing this diversion.

We feel that Bc-59 is a valuable addition to the interpretive program among the small house sites on the south side of the canyon. It contains a superimposed kiva, not otherwise shown in this group, and late masonry styles, among the crudest in the Chaco, overlying the major structure.

The three groups of ruins now stabilized in this rincón area include a pit house, the small house sites Bc-50 and 51 and the late masonry at Bc-59. In view of the number of unattended visitors that visit these sites it is suggested that before the next travel season warning signs and a self-guiding visitor trail be established in the area.

INCIDENTAL ARCHEOLOGY:

It was assumed that the 1947 excavations of the University of New Mexico at Bc-59 which included trenching of the refuse mound, and earlier unrecorded excavations in this mound, had removed whatever material it contained. In moving this refuse to provide the diversion for surface runoff noted above it was found that while the center of the mound had been overturned, a thin fringe on the west side, nearest the ruin remained untouched. Thirty-five burials were taken from this area. The refuse here was nowhere over a foot thick, most of it less, and the burials generally in poor condition were found within a few inches of the surface. Twenty-four partial and restorable vessels were recovered from these burials.

The skeletal material, considerable of which is beyond salvage, will be cleaned and prepared for shipment to the Regional office during the next month. The pottery and minor artifacts have been cleaned and permanently cataloged.

KIN KLETSO:

Considering that the Mobile Unit will probably be at Gran Quivira in the spring, the preliminary work started at Kin Kletso last month was still held in abeyance. Work which had been in progress was cleaned up and material and equipment at the site stored.

STATUS OF REPORTS:

The rough draft of the pottery section for the report on the tri-walled structure at del Arroyo was completed. Photographs of sherds from the tri-wall "tower" and of approximately two thirds of the material from Bc-51 were made and processed. Since we are dependent upon a few hours of daylight each day in which to make these photographs it is sometimes a long drawn out affair.

Completion of the final del Arroyo record sheets is awaiting the last photographs and ad-type prints. The completion photographs for Bc-59 have not yet been taken.

MAINTENANCE:

One half day was personally lost working futilely on the office and lab light plant. Archeologist Rixey has started placing study material in the new storage cases and revising the storage space.

With most of the work at Bc-59 done, the remains of the 2 rooms built for Professor Dodge on the east slope of Pueblo del

Arroyo about 1898 were removed and the building stone salvaged. We understand that this stone was originally taken from Kin Kletso. Two loads of firewood were hauled and cut.

One trip was made to the Regional office to transfer a storage case for the Mobile Unit and a small file case for the Monument.

ASSISTANCE:

When we ran out of water during the absence of the Acting Superintendent, Archeologist Rixey and myself spent one half day pulling the pipe from the well, replacing the foot valve and taking the pump apart to remove foreign material which had become jammed under the valves.

During the Soil and Moisture Control program last month Regional Soil Conservationist Balch requested that we use any excess dirt to divert surface runoff at Wijiji Ruin where arroyo cutting is threatening the loss of the road and will soon threaten the archeological site itself. Accordingly some 95 yards of fill, partly from Bc-59 and partly from a dump at Kin Kletso were hauled this month and spread as a small diversion at Wijiji. The Soil and Moisture program bore the cost of the additional haulage.

FOR THE COMING MONTH:

The labor force has now been reduced to 4 men at the end of this period and during the coming month the remainder of the crew will be terminated.

During January I expect to be in the Regional Office completing the archeological report on the Tri-walled and adjacent

It was found that the evidence was not sufficient to establish the guilt of the accused. The jury was instructed to return a verdict of not guilty.

The case was then referred to the judge for his decision. The judge found that the evidence was not sufficient to establish the guilt of the accused. He therefore returned a verdict of not guilty.

The case was then referred to the jury for their decision. The jury found that the evidence was not sufficient to establish the guilt of the accused. They therefore returned a verdict of not guilty.

structures at del Arroyo. Pottery and artifacts from Bc-51 will also be worked up and I hope to at least examine material at the University of New Mexico which they took from sites Bc-52, 57 and 58, with a view to eventually combining this material for publication with the field notes which we already have.

Archeologist Rixey will remain here at Mobile Unit headquarters for the month, where he will work on the stabilization records for Bc-59 and prepare skeletal material for shipment.

Archeologist

During the month of January 1964, the Mobile Unit continued its work in the area of the del Arroyo site. The work was primarily the same as in the previous month, with the exception of the discovery of a new site, Bc-59. This site was located in the same area as the other sites, and was found by the Mobile Unit during its work in the area. The site was found by the Mobile Unit during its work in the area, and was found by the Mobile Unit during its work in the area.

NATIONAL PARK SERVICE

Chiricahua National Monument
Dos Cabezas, Arizona

December 30, 1950

Memorandum

To: General Superintendent
From: Superintendent, Chiricahua
Subject: Monthly Narrative Report

General. This report is a little late due to the ranger and superintendent taking annual leave. Ranger Gaynard has been on leave since December 17 and will return January 7. Superintendent Cooke has taken 4 days "use it or lose it" leave lately. Mr. Marble has kept count on the visitors when no one else was on duty.

Grandma Erickson of Paraway Ranch, adjoining the monument, died early in December. She was a pioneer who came to Arizona with the wife of one of the officers of General Crook's army. Her husband "Lad" Erickson and a neighbor chased the Indian, Big Foot Massai over what is now Massai Point to give Massai Point its name. She was buried with "Lad" Erickson at the mouth of Bonite Canyon about a mile outside of the monument. Superintendent Cooke was one of the pallbearers. Mrs. Erickson was 96 years of age.

Weather Conditions. There has been no precipitation since last report and none worth mentioning since September 18. With only one day to go, we would need 2 inches of rain to keep this from being the driest of the eleven on record at Chiricahua. The skies are clear and bright so we feel safe in recording 1950's rainfall as 13.40 inches. This is well below the average of 20 inches per year.

Maintenance. The sewer line from the superintendent's residence became clogged with oak roots, early in the month. The ranger, road man and superintendent worked on it for the best part of a week before getting all of the root systems out. The problem now is to keep the same thing from happening again.

Approaches to Monument. The three dirt approach roads to the monument are all very dusty and washboardy.

Interpretive Service. One conducted trip was made with two visitors. 856 visitors were contacted in the museum.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. This involves identifying the factors that are contributing to the problem and determining the underlying causes. Once the causes have been identified, the next step is to develop a plan of action. This involves identifying the steps that need to be taken to solve the problem and determining the resources that will be needed to implement the plan. Finally, the last step in the process is to evaluate the results of the plan. This involves monitoring the progress of the plan and determining whether the problem has been solved.

1. The first step in the process of identifying a problem is to define the problem. This involves identifying the symptoms of the problem and determining the scope of the problem. Once the problem has been defined, the next step is to identify the causes of the problem. Research and Observation. Dr. Harold Enlows and two students, Mr. John Harris of Oklahoma, and Mr. M. Waller of Melbourne, Australia spent a week of their Christmas vacation from the State University at Tulsa, Oklahoma, at Chiricahua. They made a general study of the monument geology, with Mr. Waller concentrating on the lake bed deposits for his masters degree thesis. Dr. Enlows worked at Chiricahua the summers of 1941 and 42 as temporary ranger.

Travel. 1080 visitors came to Chiricahua this month, bringing the travel year total to date up to 3102. This compares with 966 for November and 668 for December of last year. However, we are 288 behind last travel year.

NATIONAL PARK SERVICE
El Morro National Monument
El Morro, New Mexico
December 26, 1950

Memorandum

To: General Superintendent
From: Superintendent, El Morro
Subject: Monthly Narrative Report

This month, there were 137 visitors to El Morro who came in 48 automobiles. This is 169 per cent increase over last year. 97 of these visitors took the trip around the Rock and formed 25 parties. Of these, 14 continued on over the top of the Rock in 7 parties. 39 visitors received an orientation talk in 12 parties. The good weather and the good roads account for the large increase in visitors.

Mentioning the weather, there has been no precipitation at all this month, and our pool is getting lower and lower. One of these days, maybe, we will have a three foot snow, but the days are like summertime now. The coolest was 8 degrees (above) and the warmest was 60 degrees Fahrenheit.

The superintendent took 6 days annual leave rather unexpectedly. He had planned to go during the Christmas holidays, but the relief picture changed suddenly so he had to take the 11th through the 18th instead.

One and one-half days were spent with the CAA man, who donated his time, adjusting the light plant engines, disassembling, greasing, adjusting and replacing the magnets, etc. We returned from annual leave to find both light plants out of commission and trouble with the water line. We repaired one light plant in half a day and repaired the water line in the same length of time. The other light plant is still out of commission awaiting a part.

Several days trail work was done this month. A power pole was reset and a guy wire placed on it. Some sign painting was accomplished when the weather allowed. New ropes were placed on the radio aerial.

An FBI representative was in the area this month. The Office has contacted us several times lately for one reason or another. We are glad to cooperate not only because the Office has certainly helped us.

Our radio reception has been atrocious lately. We were long under

SPECIAL INSTRUCTIONS FOR VISITORS,
WASHINGTON, D. C.

the impression that in winter there was less static, but the static just rolls in. Furthermore, with or without the static, there seems to be some one sending code messages which come right through El Morro at the exact frequency and time that we are trying to listen. As a result, with our ears glued to the receiver, we catch snatches of other stations between words on the code and can hardly hear INMU at all. All this after spending from 7:30 to 8:00 getting a cold light plant engine running and warmed up so we can operate the radio!

DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Gran Quivira National Monument,
Gran Quivira, New Mexico

December 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Gran Quivira National Monument
Subject: Monthly Narrative Report for December, 1950

Weather. There were several days of high winds with the usual dust carry, but on the whole, weather for this time of the year was unusually mild. No precipitation of any kind was received this month. A maximum of 68 degrees was recorded on the 11th with a 0 degree minimum on the 6th. Moisture for the year 1950 totalled 9.97 inches, which is much less than the average annual precipitation of the past.

Inspections. Erik Reed and Carl Alleman of the Regional office were in on 11/29 for a brief inspection of the area.

Visitors. District Ranger Ed Cottam, Ranger E. Shields, and Supervisor Monahan of the U.S. Forest Service on 11/28.

Approach Roads. The Carizozo approach through Claunch was rough and dusty all month with drifting sands contributing to it's generally poor condition. The road from Mountainair remains in fair condition.

Maintenance and Rehabilitation. Very little was accomplished on the utilities project this month. Electrical equipment for the completion of this job has not been received and difficulty in the location of a single phase 5 HP motor is anticipated. Repairs for the laying of the underground conduit were performed and work will progress as material is received.

Maintenance continued on the roads and trails. Twenty loads of gravel were added to the surfacing of the entrance road and two road culverts cleaned. Several man days were spent on trail cleanup.

Communications. One underground break in the telephone line was repaired this month. Inspection of the line near Mountainair was made which revealed that a good many of the poles will soon need replacement.

A portable telephone was received from Tonto by transfer a few days ago. This will simplify our location troubles.

Wash. Office National Highway
Dept. Building, Wash. D.C.

February 10, 1935

Memorandum

To: Director, National Park Service

From: Superintendent, Grand Canyon National Park

Subject: Canyon Country Road Report for December, 1934

Summary. There were no reports of any kind of road conditions in the Canyon Country Road for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

Discussion. This road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

History. This road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

Remarks. The road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

Recommendations. The road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

Conclusion. The road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

Recommendations. The road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

Conclusion. The road was in good condition for the month of December, 1934. The road was in good condition and no reports of any kind of road conditions were received. The road was in good condition and no reports of any kind of road conditions were received.

DEPARTMENT OF THE INTERIOR

Travel. As expected, this was a very slow month. 103 visitors in 30 cars came into the area, an increase of 5% over 1943 travel.

Interpretive Services. 95% of all monument visitors were contacted by the Superintendent and given some interpretation. 33 parties of 32 persons were guided through the ruins for an average of 40 minutes per party. 14 people in 5 parties used the self guiding trail pamphlet. The average guide time was lowered somewhat this month due to the chilling winds but more time was spent on interpretation in the exhibit room.

NATIONAL PARK SERVICE

GREAT SAND DUNES NATIONAL MONUMENT
Alamosa, Colorado

December 26, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Great Sand Dunes
Subject: Superintendent's Narrative Report for December, 1950

Weather Conditions

December weather has been relatively mild and the Christmas Day temperature reminded me much of southern Arizona. The maximum for the month was 51 on December 25 and the minimum of -1 on December 6 was not at all representative of the usual 16 to 25 degree minimum temperatures.

The 7.8 inches of snow which fell on December 2, 4, 5, and 7 was soon melted except in protected spots. Local people are becoming quite concerned about the absence of snow.

Special Activities

The Mosca-Hooper-Moffat Service League was attended on December 4 and I presented movies from the Region Three Office as a part of the program.

On December 13 I attended the dinner in honor of Governor-elect Dan Thornton which was given jointly by the service clubs of Alamosa, Colorado.

Rehabilitation

All but about \$400 of the rehabilitation funds were obligated during the month and informal bids on the asphalt tile for the residence to be solicited tomorrow will enable me to obligate the remainder by the first of the year. Storm sash has been ordered but hasn't arrived yet. Raising of the rear patio wall has been started and I hope to move the old tool shed from the rear of the house to a more accessible location

[illegible]

back in the piñons before a heavy snow comes.

Maintenance

Routine maintenance jobs such as lubrication of equipment again occupied a great deal of time. Moving of the radio to shorten the lead-in has improved radio communications a little. The radio change also made room in the office for the herbarium case.

Concessioner

The application by Mr. A. W. Graves for renewal of his saddle horse permit was forwarded for appropriate action and the proposed schedule of rates to be charged the public were transmitted for approval.

Interpretive Service

Five talks were given outside the area to a total of 466 people. Of these, one was a slide lecture to the Adams State College Science Seminar on the "Arizona Desert"; the others, illustrated with movies, were given to the Hooper Consolidated Schools, Mosca-Hooper-Moffat Service League, San Luis Institute of Arts and Crafts Branch of Adams State College, and Mosca Public Schools.

Research and Observation

Check lists of San Luis Valley birds by Ronald A. Ryder and Dr. Paul Bibbee, both of which mention the Great Sand Dunes, were added to the library and used in setting up the bird section of the fact file. A preliminary list of the vascular plants of the San Luis Valley by Dr. Craft was also added to the library.

Considerable time was spent in setting up the observation sections of the fact file and the mammals, lizards, snakes, and birds are now relatively complete. The historical and chronological sections are also now set up but the plant section will need a great deal more effort.

The deer have not come down from the high country because of lack of snow so only a few old residents have been seen this month. One fat dusky grouse was seen in a fir grove just east of the boundary line above headquarters on December 24. Considerable sign of bighorn sheep was seen on the upper Medano near the Herrard homestead and to the east of the Wellington place but on the monument.

Decrease in Travel

Only 215 visitors came to the Great Sand Dunes in December, a decrease of 316 from the record 531 of December 1949. This decrease was in spite of the good weather.

back in the picture before a heavy snow comes.

Remarks

During the past few days we have had a great deal of time. Moving of the radio is finished. The radio has been moved to the new location. The radio is now in the office for the past few days.

Constitution

The constitution by Mr. A. W. Brown for review of his committee. Some time was taken for the committee and the proposed schedule of votes to be changed. The public was permitted to express

Interpretive Services

Five talks were given during the year in a total of 200 people. Of these, one was a talk in the State College. The other four were given in the "Arizona Desert"; the other four were given in the "Arizona Desert". The other four were given in the "Arizona Desert". The other four were given in the "Arizona Desert".

NATIONAL PARK SERVICE
Montezuma Castle National Monument
Camp Verde, Arizona

December 24, 1950

Memorandum

To: General Superintendent

From: Superintendent, Montezuma Castle

Subject: Monthly narrative report, December 1950

Special Activities: On November 30, the Nat Wolt Pictures Inc. completed filming the picture "Port Savage" which includes several shots of Montezuma Castle. Filming took two full days and resulted in much activity within the area. However, no damage was done either to the Castle or the grounds.

December 8 was spent inspecting roads and trails and discussing monument administration with John Davis, George Smith and Jerome Miller of the Regional Office.

Weather: This has been another dry month with absolutely no precipitation. Days remain clear and warm, and weather conditions generally are more comparable to October than to December.

Travel: Despite the International situation, travel has been good throughout the month. 1704 people in 506 cars visited the Castle and 475 people in 151 cars saw the Well. This makes a monthly total of 2179 visitors to the area and represents an increase of 1204 people over December of last year. This huge increase in travel or visitors can be attributed to Movie Company activity and to excellent weather.

Interpretation: Forty-seven trips were made to conduct 173 people through the Castle and about 1400 visitors used the Picnic trail. 1655 people saw the Castle museum, while at the Well 78 visited the museum and 475 hiked the Loop trail.

Two Service films (Grand Canyon National Park & National Monuments of Arizona) were shown to the Beaver Creek School and to the Camp Verde Lions Club.

Visitors: On November 29 & 30, Jimmie Brewer and Roland Richert of Tusigout to help handle the crowds resulting from Movie Company production on those days.

During the month, Hastings from Walnut Canyon, and Thede Slyester, and Christerson from Grand Canyon.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The process of urbanization is the movement of people from rural areas to urban areas. This is done for a variety of reasons, including the search for better living conditions, the desire for education, and the need for employment. The process of urbanization has led to the growth of large cities and the decline of small towns. This has had a significant impact on the way we live and work. For example, it has led to the development of new technologies and industries, and it has changed the way we think and behave. The process of urbanization is still going on, and it is likely to continue for many years to come. This means that we need to be prepared for the challenges that it will bring. One of the main challenges is the need for housing. As more people move into urban areas, there is a need for more housing. This can be met in a variety of ways, including the construction of new housing units and the renovation of existing ones. Another challenge is the need for transportation. As more people live in urban areas, there is a need for more transportation. This can be met in a variety of ways, including the construction of new roads and bridges and the development of public transportation systems. The process of urbanization is a complex one, and it is one that we need to understand if we are to meet the challenges that it will bring. We need to be aware of the fact that the majority of the population of the United States is now living in urban areas, and we need to be prepared for the challenges that this will bring. We need to be aware of the fact that the process of urbanization is still going on, and it is likely to continue for many years to come. We need to be aware of the fact that the process of urbanization is a complex one, and it is one that we need to understand if we are to meet the challenges that it will bring.

THESE ARE THE ONLY TWO BOOKS IN THE SERIES WHICH ARE NOT ILLUSTRATED BY THE AUTHOR. THE FIRST IS A COLLECTION OF THE BEST OF THE LITERATURE OF THE SUBJECT, AND THE SECOND IS A COLLECTION OF THE BEST OF THE LITERATURE OF THE SUBJECT.

1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

1940s, and the 1950s. The 1960s and 1970s saw a decline in the number of people working in the industry, and the 1980s and 1990s saw a resurgence in the number of people working in the industry.

Page 2:

Construction & Maintenance: A new shed was constructed to house the domestic water pump. This shed was built on runners and has one detachable side. To work on the pump, all that is necessary is to remove the side and slide the shed from over the pump.

To eliminate frequency of pumping, a new air relief valve was installed to the water pressure tank and the automatic switch re-adjusted.

Roads & Trails: Work progressed rapidly on the Montezuma Well loop trail during the month. With the exception of oil treatment, the trail connecting the rim with the ruins located at the well outlet is complete. The rim loop trail is about 85 per cent complete. Work has been discontinued until after January 1, or pending purchase of more bitumulus.

At the Castle, the entrance road was patched and shoulders and drainage ditches cleaned.

Miscellaneous: Art. White completed assembling data for the new Montezuma Well guide booklet. This material has been submitted to Dale King for approval.

The Holiday season has caused an increase in community activities such as school programs, community tree etc. Montezuma personnel has done its share in helping with these valuable affairs.

NATIONAL PARK SERVICE

ORGAN PIPE CACTUS NATIONAL MONUMENT

P. O. Box 38, Ajo, Arizona

December 26, 1950

Memorandum

To: General Superintendent

From: Superintendent, Organ Pipe Cactus

Subject: Monthly Narrative Report lml for December 1950

Weather

Very pleasant temperatures have continued all month with a high of 90 on November 25 and a low of 36 on December 25. Most days have been in the low 80s and most nights in the high 40s. This is the fourth month this year with no recordable rain and we have had two other months with only a trace. Total rainfall for the year is 3.38 inches which is the lowest on record in the history of the monument.

Special Activities

December 9 & 10 were spent in the field with Engineer Dunn of the Directors Office and Regional Attorney Barton on inspection of land and water-rights.

General Superintendent Davis, Landscape Architect Miller, and Roads Engineer Smith spent December 11 & 12 on inspections and master planning.

The weather station was moved from the Camp ground to a more desirable location behind the office and given a fresh coat of paint this month.

Cooperating Government Agencies

The permit for the Bureau of Animal Industry to establish a camp here was signed and returned for final approval. The well materials have been received and improvements will be made during the coming month.

Howard T. Coons, a State Game Ranger, has been assigned to the Ajo district. This is the first time that a State man has been stationed in the area and it should give us better protection around our boundaries.

We received word that the Papago Tribal Council is making a game survey study on the reservation adjoining us. They are planning to install a game management program patterned on the Arizona game code. This will be of great benefit to us since Indians may now kill game including Big Horn Sheep on their side of the Big Ajo mountains. A managed program should give more protection to animals crossing back and forth.

[illegible]

1. The first step is to identify the problem or issue that needs to be addressed. This involves gathering information and understanding the context of the situation.

1. The following information was obtained from the records of the Bureau of the Census, Department of Commerce, for the years 1950 through 1954:

© 2000 Blackwell Science Ltd *Journal of Internal Medicine* 247: 395–402

The results for the three types of interest indicators are presented in Table 1. The results show that the three types of interest indicators are all significantly related to the dependent variable, the well-being of the elderly. The results also show that the three types of interest indicators are all significantly related to each other.

...the fact that the ...

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the South (CLPS) in the United States. The Commission is therefore unable to determine whether the CLPS is a legitimate organization or a subversive one.

Research and Observations

A Badger skin and skull, loaned to a group from the University of Michigan last summer, was returned with an identification as *Taxidea taxus hallorani*. The skin was tanned and the skull cleaned for us and are now added to our study skin collection.

A Lizard of the *Cnemidophorus* group was also loaned them for study and appears to be a new species.

An insect gall, we noted on a new record of *Jetropha* was sent to the Arizona State College at Tempe for identification. Dr Eldredge reported it a thrip but was unable to determine its species so it may also be new.

Travel

Although through travel shows a gain of almost 33% over this month last year, camping and area use is down almost 50% for the same period. Conversation with visitors indicates that this trend is due to the unsettled conditions in world affairs and people are afraid to be caught on extended trips far from home.

Personnel

We were very happy to welcome Robert S. Leding, on December 11 as our new District Manager, by transfer from Walnut Canyon National Monument.

Accidents

This month has set a record for accidents on the through highway which is a black mark against a Park Service Area.

Christmas-eve was a bad night with two head-on wrecks just outside the area and one 14 miles north of headquarters, inside the area, when a car turned over three times injuring three one of which might still be fatal.

Cows were struck and killed on the 11th and 20th and one car went over a bank, after losing control, also on the 11th.

William R. Supernaugh
Superintendent

Location and Description

A bridge with a small, located on a group of hills, University of Chicago last summer, and returned with an identification as James James Williams. The site was found and the still located for us and are now added to our study collection.

A library of the University of Chicago was also found. From the study and appears to be a new building.

In March 1911, we visited on a new road of Chicago and sent to the Chicago State College of Science for identification. In Chicago reported it a study but was unable to determine the location as it may also be new.

Travel

Although through several towns a pair of silver fish were this month last year, ranging and seen in some places. The same period, conversation with various individuals that this month is due to the described conditions in which the fish and people are able to be caught in scattered places in the town.

Observations

We were very happy to welcome James Williams, in March. It is our new library, by James Williams, James Williams, Williams, Williams.

Results

This month has not a record for conditions in the library. This is a small town against a very serious town.

Williams was a fish with the same type. But Williams was seen and the fish were of Williams. Williams was seen, and a new found was seen in Williams. Williams was seen in Williams.

There were several fish on the fish and Williams. One was seen with a fish, after Williams was seen, also in the fish.

Saguaro National Monument
Tucson, Arizona

December 25, 1950

Memorandum

To: General Superintendent
From: Superintendent, Saguaro
Subject: Monthly Report, December 1950

General

Several weather records were set during December. Warm dry weather was prevalent throughout the month. Tucson passed its one hundredth day without rain and its three hundredth day without a frost. All time high temperature records were set on many days during the month.

The extreme dry conditions of the area are considered very serious. The weather bureau at Phoenix stated that this is the driest fall since 1939. Water is being hauled continuously to Madrona Ranger Station. The increased use of the water trailer caused the old tires to give out and four new ones had to be purchased.

Travel continued strong except for a slight lull during the days immediately preceding Christmas.

Special Activities

General Superintendent Davis, Landscape Architect Miller, and Highway Engineer Smith visited the area on December 14. Administrative problems were discussed and an official inspection was conducted by Mr. Davis.

Regional Director and Mrs. Tillotson visited Saguaro on December 10. Mr. Tillotson was in Tucson for several days.

Maintenance

Repairs were completed to that portion of the Pack trail between Marning Camp and Grass Shack. The damage to this trail was extensive in places, but is restored and in good repair once more. Trail laborer Garcia moved to the Pack Base, from where he will accomplish repairs on the lower part of the Pack Trail.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

WASHTON, D. C.

January 1, 1930

General Superintendent

Superintendent, Yosemite

Subject: Yosemite report, December 1929

Summary

Yosemite National Park was visited by the writer and his party on December 1, 1929. The weather was generally favorable, but the trail was very wet and slippery. The trail was very crowded, and the writer and his party were unable to reach the top of the trail. The writer and his party were very disappointed, but they were able to see the beautiful scenery of the park.

The writer and his party were very disappointed, but they were able to see the beautiful scenery of the park. References

The writer and his party were very disappointed, but they were able to see the beautiful scenery of the park. The writer and his party were very disappointed, but they were able to see the beautiful scenery of the park.

Maintenanceman Barney is making repairs on the road leading in to the Pack Base. This road was also damaged by the floods in August, when heavy rains washed away the ballast in many places.

The looproad through the Cactus Forest was graded twice during the month and is in fair condition. However, due to the extreme dry conditions, ruts soon appear after grading from the impact of heavy traffic.

New Construction

Painting and cleaning up is almost complete on the Pandora Bedroom Addition. It is expected that the project will be completed within the next month. At this writing \$2168.81 has been expended leaving a balance of \$281.79.

Approaches to Park Area

Work commenced in the middle of December on construction of the Old Spanish Trail Approach Road. The road-site is being cleared and it is assumed that paving will be undertaken shortly on as much of the road as funds permit. Each year a certain sum is allotted for construction of the road. The amount for the 1951 fiscal year allotted by the county board of supervisors was \$35,000.

Concessioners

The 45'er Ranch expressed a desire to renew its camping permit on monument lands for the 1951 calendar year.

Cooperating Government Agencies

Dr. Lake P. Gill and Mr. Stuart Andrews of the U.S. Dept. of Agriculture, Bureau of Plant Pathology, conducted their annual studies on the check plots of giant saguaros on monument lands. They indicated that some plants in the 30 to 40 year age group had grown an average of ten inches since the study was undertaken.

Cooperating Non-Government Agencies

The Tucson Gem and Mineral Society has indicated that they would be happy to prepare an exhibit showing samples of various rocks found in Saguaro National Monument with the geological history of each. This exhibit will be displayed at monument headquarters.

[illegible]

—The author of this article is a member of the editorial board of the *Journal of Management Education*.

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of California:

THE TOWNSHIP OF LINDSEY, ILLINOIS, HAS A
WELL KNOWN AND REPUTED SCHOOL SYSTEM
AND IS A DESIRABLE PLACE FOR A HOME.
THE TOWNSHIP IS A RICH AND FERTILE
ONE AND THE LANDS ARE WELL CULTIVATED.

Accessions

New supplies and materials such as pack pads, saddle blankets, and horseshoes were purchased during December. Normally, these materials would not be needed until next spring, but due to the tenuous world situation they might be scarce by that time.

Interpretive Services

A total of 1194 persons in 402 parties were given interpretive services at headquarters. This amounted to 90 hours for an average of 13.5 minutes per party.

Marvin Frost Sr. gave an illustrated lecture on December 11 to one-hundred members of the Tucson Audubon Society. Introductory remarks were made by the Superintendent.

Research and Observation

Three white-tail deer were observed near Manning Camp on November 28 and December 1.

Visitors reported seeing various groups of Javalines throughout the month with the largest group of 25 observed on December 17.

Four Mule Deer were observed on the loop-road on December 15.

Decrease in Travel

A total of 2289 persons visited Saguaro National Monument in December. This represents a decrease of 819 visitors as compared to last month, but an increase of 520 visitors over the corresponding month one year ago.

Visitors

- Nov. 26- 19 members of the Tucson Camera Club escorted by Marvin Frost.
- Nov. 29- Dr. Brooks and 11 members of invertebrate mammology class, Univ. of Arizona.
- Dec. 5- Dr. Lake S. Gill and Mr. Stuart Andrews, Bureau of Plant Pathology, Santa Fe, New Mexico.
- Dec. 9- Assistant Superintendent Lon Garrison and family, Grand Canyon National Park.
- Dec. 10- Regional Director and Mrs. M.R. Tillotson, Santa Fe.
- Dec. 14- General Superintendent Davis, Landscape Architect Miller, and Highway Engineer Smith, Santa Fe.
Messrs. Ben Hersch, Les Nettenstrom, Fritz Lang, Hal Mohr, William Ihnen, and Pam Blumenthal Jr. of Fidelity Pictures Inc., Hollywood, California.
- Dec. 16- Mrs. Jane Serrano, Tucson, Arizona.

Ranger Service

Superintendent King spent several days in the Tucson Medical Center to have a kidney stone removed. He first noticed the pain while returning from Manning Camp on December 16. The trip down the mountain was a slow one with frequent stops being made along the way. On December 19, the stone was removed.

Mr. James W. Shirley was appointed as seasonal park ranger for the coming travel season.

Miscellaneous

On December 14 a group of movie-men from Fidelity Pictures Inc., Hollywood California, toured the area and expressed interest in using the monument as background for several scenes of a "western" which is supposed to star Marlene Dietrich.

Samuel A. King
Superintendent

On October 12, 1954, the following information was received from the Central Intelligence Agency regarding the activities of the Soviet Union in the Far East:

It was stated that the Soviet Union was continuing its efforts to expand its influence in the Far East, particularly in the area of Manchuria.

SECRET

On October 13, 1954, the following information was received from the Central Intelligence Agency regarding the activities of the Soviet Union in the Far East:

SECRET

TONTON NATIONAL MONUMENT
ROOSEVELT, ARIZONA

28 December 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, Tonto.
Subject: Narrative Report, December 1950

Weather: Continued warm and dry. No precipitation, diurnal temperature ranged from 40° minimum to 51° maximum. Moderate rain on 31 December.

Approach Roads: Rougher than a cob, due to drought. State Grader-man Sanders bladed monument road December 29. Construction between Miami and Superior affected travel here adversely.

Personnel: Robert H. Viklund entered on duty as seasonal ranger December 27. E.E. Guide A. J. Cosner worked a few days while Archaeologist Pierson took leave.

Visitors: Artist Paul Coxe, of Pasadena, California. John Tretheway, seasonal ranger from Supetki. Paul Russ, uncle of ranger Viklund, from Flagstaff. Lee, Lynn, and Mrs. C.C. Sharp, Compton Calif., and Robert Sharp, Lincoln, Nebraska, and E.B. Lash, Houston, Tex. for the holidays with Capt. Sharp.

Inspections: General Superintendent Davis, Engineer George Smith, Architect Charles Carter, and Landscape Architect Jerome Miller, were in on December 15 for a brief inspection of the monument.

Water Supply: Chlorination with HTH supplied by the Arizona State Department of Health, cleared up the contamination in the water supply and recent tests have indicated no contamination.

Powerplants: One Guan undergoing a major overhaul, the other one received a quick valve spring replacement to keep it going. Area without electricity several days. Archaeologist Pierson will soon qualify for an additional degree in motor maintenance.

[illegible]

1. The first step is to identify the problem or goal. This involves understanding the current situation and what needs to be achieved.

DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

Travel: December showed the usual moderate but increasing travel, with 1202 visitors as of Dec. 25. This was an increase of 49 over December of last year. Travel increased heavily immediately after Christmas, as usual.

Wildlife: None of the wild buckwheat (*eriodromum fasciculatum*) commenced to bloom out of season the first part of December. A new bird, the evening grosbeak, was added to the checklist. A spotted skunk has usurped Vicklund's garbage can for a domicile.

Publicity: A full page feature article with pictures and the story of the cliff dwellings appeared in the Sunday, November 23, Arizona Republic. Result was a noticeable increase in travel that day.

General: With the addition of Bob Vicklund to the staff, progress on nature trail design, easel display stands, etc., will be rapid, and we expect to complete the job of making an interpretive trail out of the path to the cliff dwellings, this month. Cooney and Pierson finished a nice display case for local publications.

Charles C. Sharp
Supervisor.

- Trailways - Since there are several trails, the following are listed:
- 11/20 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/21 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/22 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/23 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/24 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/25 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/26 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/27 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/28 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/29 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.
 - 11/30 - Mr. and Mrs. J. H. Smith, 1000 N. 1st St., Phoenix, Arizona, to the Mesa Verde Nat. Monument, and back via the same route.

NATIONAL PARK SERVICE

Tumacacori National Monument
Tumacacori, Arizona

December 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Tumacacori
Subject: Superintendent's Monthly Narrative Report for December, 1950

Weather: The drowth continues. Only .01 inches instead of the average .91 inches for the past twelve years. That brings the total precipitation for the calendar year up to 8.39 inches. Unless Mother Nature sees fit to give us some more in the next few days, that total will be 4 to 5 inches below normal. Temperatures ranged from a maximum of 88 on November 26 & 27 to a minimum of 25 on the night of December 5.

Visitor Travel: Travel again exceeded all past Decembers. A total of 2,468 visitors came to the Monument this month. That figure compares with the previous December high of 2,301 in 1949. Each of the past seven months has set a new travel record for its respective period.

Interpretive Service: 1,091 persons went on the 206 guided trips that went thru the mission church and grounds. The trips averaged 37.45 minutes. 2,407 persons received combined Information and Interpretation Service, and 2,357 saw the museum and patio garden.

Visitors: Among those who visited the area were:

- 11/30 - Mrs. Sam King and son Gordon from Saguaro National Monument. With them were Mrs. L.M. Conroy and her son John A. Townsley who is from Yosemite National Park.
- 12/2 - Ranger and Mrs. "Slim" Maybery and child. From Lassen National Park.
- 12/2 - Tucson Indian School. A group of 33 pupils and teachers.
- 12/3 - Dr. C. C. McCown, Archaeologist and expert on Palestine. He is a consultant on filming of "David and Bathsheeba" which is taking place not far from Nogales.
- 12/7 - Regional Director M. R. Tillotson brought a group of 15 members and wives of the Colorado River-Great Basin Field Committee.
- 12/8 - Charles Franklin Parker of Prescott. A writer on National Park Service subjects.
- 12/10 - Chief Ranger and Mrs. Sadler, Richardson of State Park, California.
- 12/13 - Arizona Desert School of Photography - group of 7 students took photo studies most of the day.
- 12/18 - Sally Brewer, former Ranger here at Tumacacori, now in the Region Three Office at Santa Fe.

Inspections: General Superintendent John Davis, Landscape Architect Charles D. Carter, Regional Landscape Architect Jerome C. Miller and Highway Maintenance Engineer George D. Smith were here for most of the day on December 15. They came here to confer with Mr. Kelly Moore and Mr. Connie Clare of the Arizona Highway Department about the proposed highway widening. After the conference, other problems of the Monument were discussed.

Personnel: On December 5, James W. Shirley entered on duty as Seasonal Ranger. Ranger Shirley comes to us from Organ Pipe Cactus National Monument where he has worked for the past six months. With him are his wife Lorraine and two children, Mike and Marilyn.

Education: On the evening of November 27 Superintendent Jackson was suddenly called on to give a lecture to the Pimeria Alta Historical Society in Nogales, Arizona. About two hours later he gave a 45 minute lecture on the history of Tumacacori to the 100 members and guests.

Education works both ways. Rangers Henson and Shirley got some too. They made a trip to San Xavier Mission at Tucson to learn all they could from that Mission in order to better interpret this area.

Museum: Two cases in the Museum were switched around in order to make them assume a more logical sequence. Numbers were cut out of masonite, painted white and placed above the cases in place of the temporary numbers that had been placed there. A large arrow with "Case No. 1" lettered on it was installed in order to get people to start at the beginning of the museum displays. We thought it was going to work too. Earl saw one man go right past the first room and into the west room where the arrow directs. We were very proud of our arrow until we found he was just looking for his wife.

The two large doors between the Lobby and the Museum itself were removed and stored. Due to the nature of the entranceway to the museum, the doors left only a rather narrow passageway.

Several changes and additions of signs were made in and around the museum. The sign in front of the museum building was altered and the small sign on the information desk revised to include the information previously given on that sign. Signs were placed over the doorways to the Museum and the Patio Garden so visitors would be sure and see all we have to offer. In the winter time with the door to the Patio Garden closed part of the day, many seemed to assume that passage through that door was "off Limits".

Maintenance: Routine maintenance was kept current. More Bondex painting of the Museum building and Patio Garden wall was done. The staining of outside woodwork on the Ranger residence was continued as well as the staining of gates and doors in and around the Patio Garden. The weather station was given two coats of the paint sent to us by the Weather Bureau. A brick ~~retaining~~ retaining wall was built up on either side of the walk from the parking area to the door of the museum. Dirt was placed behind it and now, if it ever rains again, the water won't all collect on the walk and perhaps run into the museum as it has done in the past.

Accidents: On November 28 a car turned over several hundred feet south of the Monument. Mrs. Jackson was called out of bed in the wee hours of the morning to administer first aid. One of the persons in the car apparently had a rather serious back injury. He was taken to the hospital.

On the morning of December 7, a highway department pick-up turned

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the People of the South (CLPS) in the United States. The Commission is therefore unable to determine whether the CLPS is a legitimate organization or a subversive group.

and several of these first-class men were very intelligent.

At the winter line with the help of the women I found out the names of the men who had been in the service of the Government and the names of the men who had been in the service of the Government.

He told me that he was in the service of the Government and that he was in the service of the Government.

Two or three days later I found out the names of the men who had been in the service of the Government and the names of the men who had been in the service of the Government.

and several of these first-class men were very intelligent.

[illegible]

On the morning of December 7, a heavy rainstorm began. The wind was from the north, and the rain was very heavy. The temperature was about 40 degrees Fahrenheit. The rain continued until about 10:00 AM, when it stopped. The sun came out, and the temperature rose to about 50 degrees Fahrenheit. The rain was very heavy, and the wind was very strong. The rain was very heavy, and the wind was very strong. The rain was very heavy, and the wind was very strong.

into the driveway about 10 feet south of the south monument entrance. A car, also southbound attempted to pass just at that time and slammed into the side of the pick-up. The car was damaged quite a bit. The driver of the car suffered a scratch on the forehead. Ironically, our First Aid sign again was knocked down by the accident.

Three days later a minor accident occurred directly in front of the parking area. Amidst a screeching of tires, a southbound car tangled fenders with a northbound car which was turning into the gas station across the road from the monument.

General: The annual Christmas Eve party, held on the mission grounds by the community to provide Christmas stockings and a sure-nuff Santa Claus for the younger children, was again a success, and again there was no publicity.

Happy New Year!

Albert G. Henson

Albert G. Henson
Acting Superintendent

There were later a number of other persons who were in the vicinity of the building at the time of the explosion. These persons were all in the vicinity of the building at the time of the explosion. These persons were all in the vicinity of the building at the time of the explosion.

Warranted by the State of New York

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE

TUZIGOOT NATIONAL MONUMENT
CLARKDALE, ARIZONA

December 25, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Acting Superintendent, Tuzigoot
Subject: Report lml, December 1950

There follows a narrative report of activities in this area.

TRAVEL AND TRENDS

818 visitors in 265 cars. 710 visitors in 235 parties were contacted and given orientations in the museum. 711 visitors in 238 parties made the trip thru the ruins. Although weather has been ideal for travel in this part of Arizona with above normal temperatures prevailing and no precipitation, the first three months of the travel year show a slight decline of 3% in visitation compared with last year. A decreasing trend in travel-for-pleasure is noted, probably reflective of the national emergency, prospective rationing and shortages, and uncertain outlook generally. One factor which may also be affecting travel to the Verde Valley is the poor condition of the upper end of the Black Canyon Highway, causing a slowdown of traffic from Phoenix and Southern Arizona.

N.P.S. VISITORS

Superintendent and Mrs. Everett Bright of Canyon de Chelly on November 27.

General Superintendent Davis, Architect Miller and Engineer Smith on December 9. Discussions were held and decisions reached on the following subjects: design of new road signs, men's room plumbing, trail relocation and repair, museum prospectus, and broken sewer line. The new handrails and signs recently installed at the museum were approved. We feel that this visit by our Regional Officers was particularly constructive, enjoyable, and mutually beneficial.

Art White, Archeologist, Montezuma Well, on December 13.

Superintendent and Mrs. John Cook, Montezuma Castle, on December 15.

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE
WILSON NATIONAL MONUMENT
COLUMBIA, MICHIGAN

December 12, 1930

Memorandum

To: General Superintendent, National Monument
From: Acting Superintendent, Trailway
Subject: Report No. 1, December 1930

There follows a narrative report of activities in this area.

TRAIL AND TRAILS

The visitors in this area, 710 visitors in the winter, were contacted and given information in the winter. The visitors in the winter made the trip from the monument. The weather has been ideal for travel in this part of the winter. Above normal temperatures prevailing and no precipitation, the first three months of the winter year were a slight decline of 35 in visitation compared with last year. A decrease in visitation in travel-for-pleasure is noted, probably reflective of the local emergency, prospective visitation and construction, and the certain outlook generally. The winter when was also in the winter travel to the trail which is the poor condition of the upper end of the Black Canyon Highway, causing a decrease in traffic from Colorado and Southern Arizona.

W. F. S. TRAIL

Superintendent and Mrs. Everett Smith of Denver in 1930 on November 12. General Superintendent Smith, President Miller and William Smith on November 12. The visitors were held and decisions made on the following subject: design of new road signs, new signs, new planning, trail relocation and repair, winter maintenance, and broken down sign. The new planning and signs were installed at the same time. The new signs were approved. The trail was installed by our National Officers and particularly maintenance, safety, and actually beneficial. Mr. White, Inspector, National Monument, on November 12. Superintendent and Mrs. John Cook, National Monument, on December 12.

OTHER FEDERAL AGENCY VISITORS

Mr. and Mrs. H. B. Reed, Bureau of Internal Revenue, on December 6.

REPORTWORTHY VISITORS

Catharine and Bill Wilson of Rainbow Lodge on December 7.

Mr. Harold Butcher, President of the Yavapai County Archeological Society, on December 9. Mr. Butcher informs us that his organization received an archeological permit from the Department of Agriculture to excavate three sites in the Groom Creek district of the Prescott National Forest. It is quite possible that this project will shed some light on the little-known Patayan Culture. The Museum of Northern Arizona is making the pottery identifications, acting in a consultative capacity, and lending technical advice.

PERSONNEL

Superintendent Brewer is on annual leave from December 14 to January 2, during the latter part of which he and Mrs. Brewer will visit relatives and spend the holidays in California. WAE Guide Steve O'Brien assumes duties on the Acting Superintendent's lieu days.

Superintendent Brewer on November 29 and Archeologist Richert on the 30th assisted at Montezuma Castle while the Nat Holt Company shot color movie.

IMPROVEMENTS

The metal butane cabinet was moved to a new location along the southside of the museum so that it now conforms with the safety regulation that it be situated the proper distance from a window or opening; at the same time it was given two coats of paint.

The flagpole was dismantled, painted an aluminum color, and set up again.

Fiber glass filters were installed in the three warm air registers in the museum. Necessary adjustments to combustion having been previously made on the furnace burner, our museum heating plant now operates at its maximum efficiency, better than in any recent years.

New screen was placed on the front entrance door to the museum.

An Arvin Forced Air electric space heater was purchased for use in the bathroom of the quarters.

NEW CONSTRUCTION

Work is now progressing satisfactorily on construction of the men's room. With the aid of a Barco hammer, kindly loaned by Walnut Canyon, excavations through the cement floor were completed for the plumbing. A very favorable estimate was received from a local contractor on the plumbing which has now been roughed in and the floor re-cemented. Necessary materials in the way of plaster, rock lath, etc. have been purchased and the remainder of the project will be completed by force account.

Mr. Brewer should be admired and complimented for donating the major part of his annual leave which he spent in constructing a neat and convenient breakfast nook in the quarters consisting of a built-in table, seats, shelving above, and a uniquely modernistic shadow box on the wall.

We want to thank Mr. Hastings, Walnut Canyon, for his generosity in transferring considerable surplus supplies to Tusigoot, such as 2" by 4" lumber, masonite board, window glass, iron sewer pipe and fittings, and 60' of vitrified sewer tile.

COOPERATION WITH OTHER AGENCY

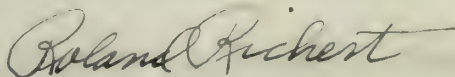

A new, routed sign titled POST OFFICE, COTTONWOOD, ARIZONA, was made at this area with lumber donated by the Cottonwood Lumber Co., and presented to the Postmaster of that town.

SPECIAL TALK

On December 7, Archeologist Richert gave a talk to 25 members of the Jerome-Clarkdale Rotary Club at their noonday luncheon meeting at King's Cafe, Clarkdale, on the subject: "History and Policies of the National Park Service".

GENERAL

This is to wish everyone a happy and successful 1961, with the fervent hope that we are enjoying not our last post-war (or is it pre-war) Holiday Season.

Roland Richert
Acting Superintendent

UNITED STATES
DEPARTMENT OF THE INTERIOR
NATIONAL PARK SERVICE

Walnut Canyon National Monument
Flagstaff, Arizona

December 28, 1950

To: General Superintendent
From: Superintendent, Walnut Canyon
Subject: Monthly Narrative Report, December, 1950

Visitors this month 704; travel year to date 3867.

Weather There has been no snow this month and the small amount that had fallen on the San Francisco Peaks has almost disappeared. The forest has become so dry that there is some fire danger and several fires in the Coconino National Forest have been extinguished during the past month.

Administration On December 9 Ranger Leding transferred to Organ Pipe Cactus where ~~he~~ was promoted to the position of District Ranger. He was replaced on December 12 by Lawrence D. Wilde, Jr. who transferred from Carlsbad Caverns. We are glad to be able to welcome Larry's return to the Monuments. Some time has been spent in acquainting Mr. Wilde with the area and his new job. A trip was made to Flagstaff on December 22 to acquaint him with "key" people there.

All water meters on our line were read. Kellam's meter No. 2 had to be dug out so that moisture under the dial glass could be removed.

A new sign using plaster letters was completed for the publications display case.

Volumes of Arizona Highways Magazine for 1948 - 49 were returned from the bindery where they were bound at the expense of Southwestern Monuments Association.

Our annual inventory was taken after the arrival of Ranger Wilde so that he could become familiar with the equipment.

All publication stocks and records were checked before the departure of Ranger Leding.

Use of Monument Facilities by the Public Our travel count was 338 visitors or 87 per cent more than the 376 counted last December. Dry weather and good road conditions have provided this unusual increase. There were 704 visitors who came in 264 cars. Visitors contacted totaled 304 in 110 groups. There were 684 visitors in 257 groups in the museum. Our percentage of contact is low due to changes in rangers and to annual leave being taken by the Superintendent.

There were 8 picnic parties including 37 people.

Maintenance and Improvements On December 6 1000 gallons of diesel oil for furnace fuel was delivered - the first such delivery to this area. The furnaces have been installed at both residences and are complete except for the outer jacket of the one at Residence No. 2. Considerable difficulty is being encountered in getting them adjusted to where they will respond properly to thermostatic control.

Coal bins at both residences were cleaned out and the coal storage space at Residence No. 2 removed to provide more room.

The bathroom and kitchen floors at Residence No. 2 were refinished.

Supplies and Equipment A truck load of heavy timbers, cable, wire, and reinforcing iron was transferred to Navajo and a pick-up load of sewer tile and scrap lumber to Tuzigoot.

Two truck loads of scrap lumber were sawed for use on the picnic ground next summer.

The Barco jack hammer was taken to Canyon de Chelly on a personal trip there.

Wildlife On December 14 the carcass of a fawn, nearly a yearling, was discovered between the entrance road and Residence No. 1 and only about 50 yards from the house. Tracks and paw marks made it appear that the deer had been killed by a lion and buried by the big cat. Later the carcass had been moved a short distance, probably by a bobcat seen in the vicinity.

On 10/10/1964, the following information was received from the Bureau of the Census, Washington, D.C.:

[illegible]

...and the

1. The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of Nevada:

Two types of wing length were measured for each sex.

THE ABOVE IS A SUMMARY OF THE INFORMATION CONTAINED IN THE ATTACHED DOCUMENTS.

1. The first of these is the fact that the Commission has not yet received any information from the Government of the United States regarding the activities of the Committee for the Liberation of the Americas (CLA) in the United States. The Commission is therefore unable to determine whether the CLA is a legitimate organization or a subversive one.

December 21, 1950

Memorandum

To: General Superintendent, Southwestern National Monuments
From: Superintendent, White Sands
Subject: Superintendent's Monthly Narrative, Report No. 141

ELC - END TRAVEL, 1950

TRAVEL FROM TO DATE

Visitors, 6,612 Cars, 1,784

Visitors, 26,009 Cars, 6,334

GENERAL

December, as is becoming customary, surpasses any like month in our history. Six thousand six hundred and forty-two people, in seventeen hundred and eighty-four cars, is quite a number for an off season month. Ole Man Winter, however, has not put in his appearance, as yet, and an open month always helps our visitor count.

No snow or storms of any consequence have occurred during the month. A few chilly nights have just added that snap to the days that is needed to make us realize winter is here.

SPECIAL ACTIVITIES

A trip was made to El Paso in connection with our roof and wall repairs. A trip was made to White Sands Proving Ground, and several trips were made to Holloman Air Base in connection with Monument matters.

INSPECTIONS

No inspections were made outside the monument, but routine patrols and work inspections were frequent, due to activity of our area. An inventory of all monument equipment was made and forwarded to the Regional Office. Lists of Survey Reports were made for items to be picked up and disposed from our records.

[illegible]

GENERAL PUBLICITY

No complaints can be registered against our publicity. Commander Scott, on the regional program, gave White Sands, along with Carlsons, a remarkably accurate account for such type programs. This program was broadcast on a nation-wide hook up on December 1.

The last issue of "Holidays" carried a nice picture of White Sands by Ansel Adams. The "Traveler Post", in a holiday edition, gave a nice article and picture of White Sands, with Mrs. Ben Levin adding an additional touch to the picture. Local papers have carried many items more local in nature.

COMPLAINTS

No complaints have been registered in this office on either our service or that of our Public Service Operator.

REPAIRS

Much has been accomplished along these lines, and much remains yet to be done. A leaky water line in our parking area revealed an old water line we thought was removed years ago.

Oil tanks for both the electric plant and the road patrol were installed above ground, painted, and put into use. Barrels and other storage has been abandoned and their area cleaned up. Our gasoline pump and fire hydrant boxes have been repainted, adding a fine touch to our work.

Several days have been expended on a parking area available to cars coming out of the Sands area, and we feel this will be a great improvement. Garages were cleaned out, better arrangements made for storage, and a general cleanup of our utility areas was conducted, all of which adds to our pride in the area.

ROADS AND TRAILS

Wonderful progress is being made on the Cloudcroft road, and the open weather has assisted materially. Bids are being prepared, according to the press, on U.S. 54 being paved in its entirety through New Mexico. Bids are also being let on improvements on U.S. 50 west of the monument.

PUBLIC MEETINGS

This phase has held up very well, but slightly under last December; to date at least. A letter on new rates has been submitted for approval, to cover growing costs. I fear our famed five-cent "board" will soon be a thing of the past.

1. The first part of the report is a summary of the work done during the year. It is a brief statement of the facts and figures, and is intended to give a general impression of the work done.

© 2000 Blackwell Science Ltd, *Journal of Internal Medicine* 247: 361–368

1. The first step is to identify the problem or goal. This involves understanding the current situation and what needs to be achieved.

1. The Commission has been informed that the Government of the United Kingdom has agreed to provide a grant of £100,000 to the Commission for the purpose of carrying out a study of the effects of the proposed changes on the economy of the United Kingdom.

[illegible]

1. The following information is being furnished to you for your information only. It is not intended to be used for any other purpose. It is not to be distributed outside your organization. It is not to be used for any other purpose. It is not to be distributed outside your organization. It is not to be used for any other purpose. It is not to be distributed outside your organization.

1. The first step is to identify the problem or goal. This involves understanding the current situation and what needs to be achieved.

COORDINATING CIVIL & NON-CIVIL ACTIVITIES

Several talks have been made with City and Government officials as regards our water contract. It is believed that nearly all the wrinkles have been ironed out and we have hopes of submitting a new agreement for approval.

MUSEUM ACTIVITIES & EXHIBITS

Correspondence has been carried on with your office in regard to obtaining specimens of Trinitite from the Atomic Bomb Site for exhibition purposes, and also on the improvement of our general orientation map.

INCREASE IN TRAVEL

Weather, we feel, has been instrumental in our gain. Our travel has been remarkably wide in scope with New Hampshire being the only state not represented, and Washington D. C., Mexico, Hawaii, Canada, Holland, and Alaska represented by vehicles registered.

VISITORS

Mr. M. J. McCollin and family, Region Three Office
Mr. Lon Garrison and family, Grand Canyon N.P.
Mr. Hugh Miller, Region Three Office
Mr. Matt Lodge, Region Three Office
Mr. Glen Boyland and wife, Mesa Verde N.P.

We were also honored by a visit from Congressman Van Sant, who has been on active Navy duty at White Sands Proving Ground for a short period of time.

RANGER SERVICE

Ranger Chittum returned from a couple of weeks of annual leave and is back in the routine of duties. Ranger Dan Davis has taken leave to visit both his parents and those of his wife in Iowa.

Both Chittum and Davis have been helping a lot on general problems dealing with repairs and maintenance. Our 3,000 gallon water storage tank has a nice fresh coat of paint and Ranger Davis a lot of painting experience.

ACCIDENTS

No accidents were reported, although several hours were spent in hunting for two young men supposed to be lost in the White Sands. The boys turned up in Alamogordo about 11:00 p.m., but only after several trips were made into the sands area to check on their whereabouts.

Subject's telephone call with FBI Chicago was made confidential. However,
the above said handling is not appropriate under the standard as
applied. It must also be noted that the subject's wife, who is still
living, is not being interviewed.

DEPARTMENT OF THE INTERIOR

An all time paper also called up this office regarding a party searching in the mountain area of the White House National Monument for the remains of Sud Mountain supposedly slain some 40 years ago.

No such party was ever in the monument and it turned out that several researchers did take a trip into the monument, but without results.

RECEIVED Superintendent, Seattle

The Superintendent resigned as President of the Alano Lodge Chapter of Commerce, due to the absence of Mayor Sullivan and Ben Davis for the balance of the year and the volume of duties connected with the Chamber of Commerce work at this time of the year.

The Board, however, accepted the resignation and the (Jan-June) will automatically relieve me of the post.

As President of the Chamber of Commerce, I was chosen to give the welcoming address at a dinner given in honor of Governor-elect, held in Alano Lodge. A large crowd was present and the dinner was declared a big success by all who attended.

Mayor Davis has gone to Iowa to spend the holidays and plans to leave for Tucson on the 23d, also to celebrate the 4th anniversary of the 19th Amendment.

Our Christmas greetings to all of our fellow workers, and to all a happy New Year.

I am, Sir, very respectfully,
Your obedient servant,
John W. Davis

Very truly yours,
John W. Davis, Superintendent.

I am, Sir, very respectfully,

John W. Davis

UNITED STATES
DEPARTMENT OF THE INTERIOR

NATIONAL PARK SERVICE
Wupatki National Monument
Flagstaff, Arizona

Dec. 24, 1950

To: Office General Superintendent

From: Superintendent, Wupatki

Subject: Monthly Narrative Report for Wupatki and Sunset Crater

Weather. Things at Wupatki-Sunset Crater in the weather department are going from bad to worse. In October and November we recorded a trace of moisture, but December was unable to muster even a trace.

Inspections. Mr. John Davis accompanied by Mr. Jerome Miller and Mr. George Smith, visited Sunset Crater and Wupatki on Dec. 6. The day was spent in discussing present maintenance and road problems as well as future development possibilities.

Maintenance. During the report period a tool rack was constructed in the quonset hut. The two 270 gallon fuel oil tanks obtained from White Sands were placed at the Heiser Spring residences. This doubles the fuel oil storage on the area and saves considerable time and work since the oil company can now deliver direct to each residence.

Monument Roads. Due to the extremely dry weather, roads are very dry and washboarded. During the month 4 days were spent blading the loop road to Sunset Crater and another 25 yards of clay patching was hauled. The Sunset Crater - Wupatki road is now the best it has ever been when bone dry. Also this is one of the few years when it has been open in December.

Work was started on the rough, narrow one-half mile between Deadman Wash and the foot of Doney and is about 75% complete.

Interpretive Service. At Wupatki Ruin 110 visitors in 34 parties were contacted for an average of 30 minutes. A total of 197 people used the self-guide trail. 94 visitors made the self-guide tour at the Citadel.

Travel. A small increase this month. It is estimated that well over one-half of the visitors came down the back road from Sunset Crater. If, as in other years, Sunset Crater had been blocked with snow, Wupatki would evidently have had a considerable decrease.

NATIONAL PARK SERVICE

Visitors. Dec. 6 Mr. John Davis Santa Fe
 Mr. Jerome Miller " "
 Mr. George Smith " "

Wildlife. For the first time since the poisoning program conducted by the Fish and Wildlife Service one year ago, a coyote was observed near Wupatki Ruin.

Personnel. Laborer Leadman Viklund was terminated on Dec. 9. He has accepted the position of temporary ranger at Tonto this winter.

Joe Bean returned from annual leave on Dec. 3.

Ranger Walker is recovering rapidly and should return to duty from sick leave about Jan. 2.

Spring Flow. Wupatki 540 GPD
 Heiser 3800 GPD

The spring flow is less than this time last year - no doubt a reflection of the extremely dry fall.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE
 OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER
 TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE
 SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER
 INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT
 ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATION
 OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED
 INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATION
 RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES
 DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE
 THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND
 WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS
 USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES,
 TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE
 PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES
 NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED
 BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF
 INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE
 AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE
 TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS
 USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT
 OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD
 NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE;
 ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE
 SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE
 RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD.
 COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL
 IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE
 REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING
 SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE
 EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

*INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

REMARKS: _____

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

Ray B. Rinzenbach,

TITLE Superintendent

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs", "closed for season", "naturalist on sick leave", etc.)

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

NAME

TITLE

Superintendent

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.

TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICE TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

REMARKS: (Please note below any factors influencing interpretive service, such as:
museum closed for repairs", "closed for season", "naturalist on sick leave", etc.

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of trip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).

 days off permitting uninterrupted interpretive and protective services.

SERVICES FURNISHED VISITORS ON A UNIFORM BASIS FOR ALL N.P.S. AREAS.

EXPLANATION OF TERMS USED

"INTERPRETIVE" PERSONNEL ARE NATURALISTS OR RANGER NATURALISTS, HISTORIANS, AND HISTORICAL AIDES.
 "ADMINISTRATIVE" ARE SUPERINTENDENTS, ASST. SUPERINTENDENTS, ETC., CALLED ON TO ASSIST WITH INTERPRETATION.
 "OTHER" ARE RANGERS, CLERICAL PERSONNEL, AND THE LIKE WHO MAY BE CALLED IN TO HELP INTERPRET THE AREA.
 "CONTACT" IS A CONNECTION, INTERPRETIVE IN CHARACTER, BETWEEN A PERSON AND A NATIONAL PARK SERVICE EMPLOYEE OR A PARK INTERPRETIVE DEVICE, EXCLUSIVE OF RADIO, BOOK, PAMPHLETS, AND THE LIKE.

CONDUCTED TRIPS: CARAVAN OR HIKING TRIPS CONDUCTED BY N.P.S. PERSONNEL FOR GENERAL FIELD ACTIVITIES.
 TRIPS SPECIFIC TO RUINS AND HISTORICAL HOUSES SHOULD BE REPORTED ON LINE 3. BE SPECIFIC UNDER OTHER TRIPS AS TO TYPE OF CONDUCTED TRIP SUCH AS BOAT, SKI, OR OTHER ORGANIZED ACTIVITY.

TALKS: REGULARLY SCHEDULED TALKS WITHIN SERVICE AREAS PRESENTED EITHER BY SERVICE PERSONNEL OR BY OUTSIDE SPEAKERS UNDER SERVICE SPONSORSHIP. NOT TO INCLUDE ANY TALKS MADE AS PART OF A CONDUCTED TRIP OR OTHER INTERPRETIVE DEVICE.

ATTENDED INTERPRETIVE STATIONS: ACTUAL COUNT OF PERSONS USING THE STATION (LIBRARY, CONTACT STATION, EXHIBIT ROOMS, STUDY COLLECTIONS, ETC.), COUNT BEING MADE BY SERVICE PERSONNEL IN ATTENDANCE. CHECKING STATIONS OR OFFICES DISPENSING INFORMATION RATHER THAN INTERPRETIVE SERVICE SHOULD NOT BE CONSIDERED AS ATTENDED INTERPRETIVE STATIONS.

INFORMATION IS FACTUAL MATTER RELATIVE TO PHYSICAL DEVELOPMENTS, PHYSICAL FACILITIES, GEOGRAPHIC LOCATIONS, RULES AND REGULATIONS OF THE AREA, AND THE UTILIZATION OF THESE FACILITIES BY THE PUBLIC. IT INCLUDES DATA ON ROUTES AND ROADS, HOTEL ACCOMMODATIONS, BUS AND TRAIN SCHEDULES, AND SIMILAR MATTERS OUTSIDE OF THE AREA REGARDING WHICH VISITORS INQUIRE.

INTERPRETATION IS AN ACCURATE EXPLANATION OF THE MANIFESTATIONS OF NATURAL HISTORY AND HUMAN HISTORY FOUND WITHIN THE AREA.

UNATTENDED INTERPRETIVE DEVICES: UNDER THIS HEADING SHOULD BE ESTIMATED AS ACCURATELY AS POSSIBLE ALL VISITORS USING EXHIBITS-IN-PLACE, ORIENTATION STATIONS, AND OVERLOOKS, WAYSIDE SHELTERS HOUSING INTERPRETIVE DEVICES, TRAILSIDE EXHIBITS, SELF-GUIDING NATURE TRAILS AND AUTO CARAVAN ROUTES, AND THE LIKE AT WHICH SERVICE PERSONNEL IS NOT ON DUTY. HISTORICAL AREAS WILL FIND IN MANY CASES THAT THIS SECTION OF THE FORM DOES NOT APPLY.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: THIS INCLUDES ALL INTERPRETIVE ACTIVITIES PERFORMED OR PROVIDED BY SERVICE PERSONNEL OUTSIDE THE AREA.

INSTRUCTIONS FOR FILLING IN THE FORM

(FILL IN ONLY THOSE BLOCKS THAT APPLY)

COLUMN 1 RECORDS THE NUMBER OF TRIPS CONDUCTED DURING THE MONTH, THE NUMBER OF TALKS MADE, AND THE NUMBER OF INTERPRETIVE STATIONS AND DEVICES OPEN TO THE PUBLIC. THE NUMBER OF DAYS THE STATIONS AND DEVICES WERE AVAILABLE MAY BE INDICATED UNDER "REMARKS".

COLUMN 2 INDICATES THE TOTAL ATTENDANCE OF VISITORS AT EACH CLASS OF TRIP, TALK, STATION, OR DEVICE. PLEASE TOTAL EACH COLUMN IN EACH BLOCK. SPACE FOR A TOTAL OF ALL INTERPRETIVE CONTACTS IS PROVIDED.

COLUMN 3 SHOWS THE AVERAGE AMOUNT OF TIME OF EACH CLASS OF SERVICE, OR THE AVERAGE TIME SPENT BY VISITORS IN USING EACH INTERPRETIVE DEVICE. SOME STUDY OF VISITOR HABITS MUST BE MADE WITH PERIODIC CHECKING AT OCCASIONAL INTERVALS.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA ARE INCLUDED ON THIS FORM AS A MATTER OF RECORD ONLY. THEY SHOULD NOT BE INCLUDED IN THE TOTALS. GIVE TYPE OF ACTIVITY; SUCH AS TALK, BROADCAST, EXHIBIT, ETC.; DATE; ATTENDANCE; AND OTHER DATA NECESSARY TO DESCRIBE THE ACTIVITY.

TOTALS: TOTAL ATTENDANCE SHOWS THE ACTUAL NUMBER OF VISITORS WHO TOOK ADVANTAGE OF THE VARIOUS INTERPRETIVE SERVICES OFFERED. SINCE EACH VISITOR MAY USE SEVERAL DIFFERENT INTERPRETIVE DEVICES, THIS ATTENDANCE MAY RECORD A TOTAL CONSIDERABLY IN EXCESS OF THE VISITORS REGISTERED IN THE AREA DURING THE SAME PERIOD. FOR COMPARISON, THE TOTAL NUMBER OF VISITORS TO THE AREA DURING THE MONTH SHOULD BE SHOWN.

GOVERNMENT PUBLICATIONS: (FOR HISTORICAL AREAS) INDICATE BY NAME OR NUMBER THE COPIES SOLD AND ON HAND.

THIS REPORT DUE: FROM ALL NATIONAL PARK SERVICE AREAS PROVIDING INTERPRETIVE SERVICES. RETAIN ORIGINAL IN AREA FILES. IN AREAS EMPLOYING NATURALIST THIS REPORT TO BE ATTACHED TO HIS MONTHLY NARRATIVE REPORTS. IN OTHER AREAS IT SHOULD BE PRESENTED AS A SEPARATE REPORT WITH COPIES FOR COORDINATING SUPERINTENDENT, REGIONAL DIRECTOR AND DIRECTOR FORWARDED THROUGH ADMINISTRATIVE CHANNELS. DATE DUE EACH MONTH IN ACCORDANCE ADMINISTRATIVE MANUAL, VOL. 15, CHAPTER 8 (REPORT 8M3) AND 9 (REPORT 9M3).

TITLE Supt.

REMARKS: (Please note below any factors influencing interpretive service, such as: museum closed for repairs, "closed for season", "naturalist on sick leave", etc.)

INSTRUCTIONS FOR FILLING OUT THIS FORM ON OTHER SIDE. Please read them carefully.

Fill in Only Those Blocks That Apply

EXPLANATION OF TERMS USED

"INTERPRETIVE" Personnel are Naturalists or Ranger Naturalists, Historians, and Historical aides.

"ADMINISTRATIVE" are Custodians, Superintendents, etc., called on to assist with interpretation.

"OTHER" are Rangers, Clerical Personnel, and the like who may be called in to help interpret the area.

CONDUCTED TRIPS: Trips conducted by N.P.S. personnel in the field or through ruins, to Historic structures, or other features of the area.

TALKS: Regularly scheduled talks within Service areas presented either by Service Personnel or by outside speakers under Service sponsorship. Not to include any talks made as part of a conducted trip or other interpretive device.

ATTENDED INTERPRETIVE STATIONS: Actual count of persons using the station (Library, contact station, exhibit rooms, study collections, etc.), count being made by Service personnel in attendance. Checking stations or offices dispensing INFORMATION rather than interpretive service should not be considered as attended interpretive stations.

INFORMATION is factual matter relative to physical developments, physical facilities, geographic locations, rules and regulations of the area, and the utilization of these facilities by the public. It includes data on routes and roads, Hotel accommodations, bus and train schedules, and similar matters outside of the area regarding which visitors inquire.

INTERPRETATION: is an accurate explanation of the manifestations of Natural History and Human History found within the area.

UNATTENDED INTERPRETIVE DEVICES: Under this heading should be estimated as accurately as possible all visitors using exhibits-in-place, orientation stations, and overlooks, wayside shelters housing interpretive devices, trailside exhibits, self-guiding nature trails and auto caravan routes, and the like at which Service Personnel is not on duty. Historical areas will find in many cases that this section of the form does not apply.

INTERPRETIVE ACTIVITIES OUTSIDE THE AREA: This includes all interpretive activities performed or provided by Service personnel outside the area. Number of replies in response to written requests for interpretive data should be indicated.

INSTRUCTIONS FOR FILLING IN THE FORM

COLUMN 1 Records the number of trips conducted during the month, the number of talks made, and the number of interpretive stations and devices open to the public. The number of days the stations and devices were available may be indicated under "REMARKS".

COLUMN 2 Indicates the total attendance of visitors at each class of tip, talk, station, or device. Please total each column in all blocks.

COLUMN 3 Shows the AVERAGE amount of time of each class of Service, or the average time spent by visitors in using each interpretive device. Some study of visitor habits must be made with periodic checking at occasional intervals.

INTERPRETIVE ACTIVITIES OUTSIDE OF THE AREA are included on this form as a matter of record only. They should not be included in the totals in the lower right-hand corner of the form.

TOTALS: A summary of interpretive services furnished visitors within the area is provided for in the lower right-hand corner. Total Attendance shows the actual number of visitors who took advantage of the various interpretive services offered. Since each visitor may use several different interpretive devices, this attendance may record a total considerably in excess of the visitors registered in the area during the same period. For comparison, the total number of visitors to the area during the month should be shown.

THIS REPORT DUE: From all National Park Service areas providing any interpretive services. Send two copies to the Regional Director who will forward one to the Director. One copy should be retained by the superintendent or custodian of the area in which the report originates. Coordinating superintendents also should be provided with a copy. Date due in accordance with instructions in Administrative Manual, Vol. 15, Chapters 8 (Report 8m3) and 9 (Report 9m3).
